

Getting Started

How safe do students feel at school?

How many students graduate from high school?

How many students pass the California High School Exit Exam (CAHSEE)?

How can I check the district's progress on Local Control Accountability Plan (LCAP) measures?

Go

Open <http://www.wccusd.net/dashboard>

Explore

Choose a dashboard category from the dash menu.

Select

Use tabs to move easily between subtopics.

Filter

Use interactive filters to select data.

Hover

Hover over chart elements for more information.

Navigate

Use navigation icons to return to the dashboard menu page, view quick start information, or access a full glossary of terms.

Identify LCAP Measures

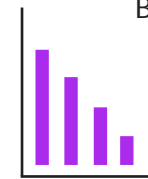

Look for this icon to identify Local Control Accountability Plan (LCAP) Measures.

Download data

Use this icon to download data as a worksheet or a PDF.

Data Dashboard

Build your own report.
Explore school data.
It's simple.

What are dashboards?

Dashboards are visual displays that organize and present information in a way that is easy to read and interpret.

Web-based and interactive, dashboards use simple graphics including charts and tables to show key metrics.

Student Achievement Dashboard

WCCUSD's Dashboards

- Publicly share data
- Offer easily-accessible information on critical metrics
- Provide simple ways to track progress on Local Control Accountability Plan (LCAP) measures
- Show data with graphics so that numbers are easier for everyone to understand
- Provide historical data on district progress

Explore 8 Categories

The WCCUSD dashboard topics page offers access to information across eight categories:

Demographics Dashboard

1) Demographic Data

Includes Enrollment by Ethnicity, Student Groups, and City

2) Student Achievement

Includes test results: Advanced Placement (AP), CAHSEE, CELDT and Reclassification, Early Assessment Program (EAP), PSAT, ReadStep, UC/CSU Completion, and STAR Early Literacy

3) Student Engagement
