## School Accountability Report Card

### Reported Using Data from the 2014-15 School Year

### Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

#### DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### School Description and Mission Statement (Most Recent Year)

The mission of Wilson school is to provide a safe and nurturing learning environment where students receive high quality instruction in all content areas. Students engage in a rigorous standards based, Common Core aligned curriculum. We provide a high quality education that enables all students to make positive life changes, strengthen our community, and successfully participate in a diverse and global society. Our school delivers excellent learning and teaching experiences in safe student-centered learning environments. We develop and maintain productive community partnerships through individual and collective accountability. Our goal is to be inclusive of all members of the school community as we strive to provide equitable opportunities for success. All staff members engage in a multitude of professional development workshops and training that support and enhance teaching and learning.

## A. Conditions of Learning

### State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

### Teacher Credentials

Teachers	School			District
	2013-14	2014-15	2015-16	2015-16
With Full Credential	20	18	21	21
Without Full Credential	1	2	2	2
Teaching Outside Subject Area of Competence (with full credential)	0	0	0	0

### Teacher Misassignments and Vacant Teacher Positions

Indicator	2013-14	2014-15	2015-16
Misassignments of Teachers of English Learners	0	0	0
Total Teacher Misassignments *	0	0	0
Vacant Teacher Positions	0	0	0

Note: "Misassignments" refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc.

\* Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

### Core Academic Classes Taught by Highly Qualified Teachers (School Year 2014-15)

Location of Classes	Percent of Classes In Core Academic Subjects	
	Taught by Highly Qualified Teachers	Not Taught by Highly Qualified Teachers
This School	100.0	0.0
All Schools in District	96.9	3.2
High-Poverty Schools in District	96.8	3.2
Low-Poverty Schools in District	97.1	2.9

Note: High-poverty schools are defined as those schools with student eligibility of approximately 40 percent or more in the free and reduced price meals program. Low-poverty schools are those with student eligibility of approximately 39 percent or less in the free and reduced price meals program.

### School Facility Conditions and Planned Improvements (Most Recent Year)

Wilson School was built in 1954. It is an outside campus, all classroom entries are from the open grounds. The school facility is large and has ample playground space. All student restrooms are located outdoors, near the playground. Portable classrooms were added in 1989, 1997, and 2009. In 2006, Wilson School used MRAD funds for a parking lot and a school sign. During the 2011-2012 school year the Facility Inspection Tool listed Wilson's site in "Good" condition. Wilson School is currently on the remodeling list.

### School Facility Good Repair Status (Most Recent Year)

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

#### California Assessment of Student Performance and Progress Results for All Students (School Year 2014-15)

Subject	Percent of Students Meeting or Exceeding the State Standards (grades 3-8 and 11)		
	School	District	State
English Language Arts/Literacy	24	32	44
Mathematics	15	22	33

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

## C. Engagement

### State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

### Opportunities for Parental Involvement (Most Recent Year)

PARENT INVOLVEMENT PROGRAMS: The school involves parents by informing them of the programs offered at the school site. Each month parents are offered opportunities to attend Coffee Chats and other meeting forums to gain educational information related to student learning. To date we offer the following:

- Back-to-School Night, Parent Teacher Conferences and Open House.
- Monthly parent education meetings (topics include: Common Core, College/Career Preparedness, Understanding the New Report Card, Multiple Method Math Instruction, School Wide Data Review...)
- Family Literacy Night
- Family Math Night
- Family Science Night
- Test-Prep Workshop for parents
- Focus Groups based on parent need i.e. literacy workshops, testing skills workshops, effective parent-teacher conference workshops, math workshops, homework workshops, Parent University, and a series of educational parent workshops

SCHOOL SITE COUNCIL (SSC): The role of the SSC is to give parents, faculty and staff more on-site decision making ability by giving individuals the opportunity to work together in planning school program improvements. Every elementary school must have a School Site Council composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852).

ELAC: The ELAC Committee advises the SSC on needs of English Learners and consults the SSC regarding school plans and budgets.

We also offer parents the opportunity to attend English Learner classes four mornings per week. This program is offered through Adult Education. The African American Advisory Committee meets monthly to review data and deliver input on programs and needs.

### State Priority: School Climate

The SARC provides the following information relevant to the School Climate State Priority (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety.

#### Suspensions and Expulsions

Expulsions	0.00	0.00	0.00	0.04	0.03	0.02	0.13	0.10	0.09

#### School Safety Plan (Most Recent Year)

Wilson school makes sure the school's safety plan is updated annually. The staff participates in the district Safety Emergency Management System (SEMS) program. The principal and teachers are CPR certified. The safety team (principal, custodian, secretary, and clerk) makes sure the school conducts monthly drills for fire and earthquake. The team meets regularly to review climate issues and discuss safety procedures. Wilson school also participates in the county wide "Shelter-in-Place" drill in October. Students are provided information and told how to respond at school and at home. We will partner with the American Red Cross as they offer the "Pillowcase Project" to students in 3rd through 6th grade. The Pillowcase project teaches children about safety preparedness and guides them in organizing individual safety kits. Teachers and parents will also receive safety preparedness training in meeting forums and workshops.

### Professional Development (Most Recent Three Years)

The primary areas of focus for staff development are derived from district goals in accordance with student needs.

The data used to determine the pertinent needs of our student population include:

- STAR and Early Literacy Assessment for reading
- English Language Arts district benchmarks
- English Language Development district benchmarks
- Math district benchmarks
- Ongoing common assessment data at each grade level

Wilson school goals include the following:

- School wide commitment to implement the teaching of multiple methods in the math curriculum.
- School wide commitment to implement the use of collaborative conversations throughout all areas of the curriculum.
- Within the scope of these goals, student progress and need will be consistently and continuously monitored through Data Driven Instruction (DDI) cycles.

Professional developments to address these goals include:

- Ongoing workshops delivered by the math department on multiple method instruction and collaborative conversations during math instruction.
- Ongoing workshops delivered by the ELD department on the use of collaborative conversations in ELD instruction.
- Common Core workshops (district and on site).
- Accelerated Reader Training (district and onsite).
- Grade level planning days (onsite) .
- Collaboration days to analyze data using the DDI cycle of inquiry (onsite).
- Instructional Rounds: Teachers from the ILT observe the above strategies in classrooms through a specific lens (as they relate to the school wide goals) as a way to gauge the effectiveness of the implementation. The ILT then revisits the goals with all staff to determine next steps.
- Collaborative study groups that meet and discuss educational books and articles (Mindset).
- Efficacy training for ILT members.
- Teachers in their first three years of teaching receive professional development and support through BTSA (Beginning Teacher Support Assistance).
- Teachers also have opportunities to attend conferences such as the California Association of Bilingual Education (CABE).

Quality instruction and instructional leadership are at the heart of the district's achievement efforts. To ensure this, the Academic Support Division engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards based curriculum content areas. Beyond the content areas, professional development is provided in English Language Development, Gifted and Talented Education (GATE), differentiated instruction and educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams in meeting the needs of all students. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.
