***CI C.23 Acceptance of Contracts for Placement of Student Teachers**

Comment:

Teachers in this district provide supervision and evaluation for students at California State University, East Bay, seeking credentials to teach in California public school classrooms. These arrangements are made between the institution of higher education and the individual classroom teacher at no cost to the district.

Staff requests approval from the Board of Education to accept Contracts for Placement of Student Teachers as detailed on the attached sheet dated October 19, 2011.

Recommendation:

Recommend Approval

Fiscal Impact:

None

***CI C.24 Ratification and Approval of Engineering Services Contracts**

Comment:

Contracts have been initiated by staff using previously qualified consulting, engineering, architectural, or landscape architectural firms to assist in completion of the referenced projects. Many of the firms are already under contract and the staff-initiated work may be an extension of the firm's existing contract with the District. Public contracting laws have been followed in initially qualifying and selecting these professionals.

Recommendation:

Ratify and approve contracts as noted

Fiscal Impact:

Total for this action: \$428,780. Funding sources as noted.

***CI C.25 Ratification and Approval of Negotiated Change Orders**

Comment:

Staff is seeking ratification of Change Orders on the following current District construction projects: Mira Vista ES Portables, Portola MS Fencing & Drainage, Ford ES New School, Nystrom Elementary

School Multipurpose Room, El Cerrito HS Multi-Use Sports Field and De Anza HS New Campus. Change Orders are fully executed by the District upon signature by the Superintendent's designee. Board ratification is the final step required under state law in order to complete payment and contract adjustment.

In addition to normal ratification, approval of the noted Change Order for the Mira Vista ES Portable projects are required by the Board, with special findings as noted below, because these projects are in excess of the Public Contract Code limit of 10% of the original contract value. In accordance with Public Contract Code 20118.4, the Board, by approving and ratifying these Change Orders, finds that it would have been futile to publicly bid the work in question because of the tight time frames to complete this work without affecting the operations of the District, and that the public is best served by having this work completed by the contractor on the project.

Recommendation:

Ratify negotiated Change Orders as noted

Fiscal Impact:

Total ratification and approval by this action: \$299,782.15

***CI C.26 Approval of updated District Standards for Middle School Renovations and Reconstructions**

Comment:

The District has completed one full middle school reconstruction at Helms Middle School. Pinole Middle School is currently under construction. Portola Middle School is in design phase for reconstruction. As a part of every District project, there are standards which cover basic spaces in every school, from administration to classrooms. These standards include lighting, finishes, cabinets/storage, presentation materials, and all other elements needed to design the spaces. The standards are the basis of each school that undergoes renovation or reconstruction and are provided the Architects of Record for their use. The District Standards have continued to evolve over time and it is appropriate to update them at this time. The District retained HY Architects for this update. Their work reflects lessons learned over the course of construction of the first projects, including feedback from teachers, staff, and District Administrators. The updated standards also are appropriate as the Board has adopted the Collaborative for High Performance Schools ("CHPS") Standards. These are the "green building standards" for schools in California and reflect the District's commitment to sustainable design.

The standards were presented to the Facilities Subcommittee at their meeting of October 11, 2011. The Facilities Subcommittee recommends approval by the full Board.

Standards are provided for review under separate cover.

Recommendation:

Adopt updated District Standards for High School Renovations and Reconstructions.

Fiscal Impact:

Project budgets include design to the referenced standards.

***CI C.32 Bond Litigation Expenses: Resolution No. 69-1112**

Comment:

Certain legal expenses incurred by the District are appropriately paid from bond proceeds. This Resolution, if approved by the Board, authorizes the use of bond proceeds to pay legal expenses arising from the Orrick litigation (Case No. 10-00317) and the KND litigation (Case No. 09-02462). The actual payment of fees and expenses from the two legal matters would still be reviewed and approved by the

Board and staff under the same procedures as are currently in place. The Resolution provides the basis for a potential future court application leading to an order authorizing the use of bond proceeds in the manner described in the Resolution.

Recommendation:

Recommend Approval

Fiscal Impact:

***CI C.33 Board Policy 3100 – Revision**

Comment:

Last January the California Department of Education provided a letter that stated:

“The Governmental Accounting Standards Board (GASB) has issued Statement 54 (GASB 54), *Fund Balance Reporting and Governmental Fund Type Definitions*, that considerably alters the categories and terminology used to describe the components that compose fund balance. These changes are intended to enhance how fund balance information is reported and to improve its usefulness by establishing new fund balance classifications that are easier for users to understand and apply. The new standard also clarifies the definitions of certain governmental funds.

The new standard does not change the actual amount of fund balance reported, and does not change most aspects of day-to-day accounting.”

Subsequently the California School Board Association (CSBA) began revising the board policies which correspond to this new accounting standard. This revision reflects an update to Board Policy 3100 in accordance with the new standard. The financial statements for 2010-11 include the new terminology for fund balance classifications.

***CI C.34 NCLB Supplemental Educational Services (SES) Tutoring Contracts**

Comment:

The No Child Left Behind (NCLB) Act of 2001 requires school districts to set aside an amount equivalent to 20% of the Title I entitlement for the purposes of providing Transportation for Choice and Supplemental Educational Services (SES). In WCCUSD 20% of the entitlement is \$1,743,319. Of this amount, \$100,000 is needed for Transportation for Choice leaving \$1,643,319 available for SES tutoring.

Federal guidance regarding Supplemental Educational Services was released on January 14, 2009. The guidance specifies the roles and responsibilities of the U.S. Department of Education, the State Board of Education and the Local Educational Agency. The guidance has been used to inform the

implementation of this initiative in WCCUSD. Each year the Department of Education sets the official per pupil allotment (PPA) for each district, which represents the maximum amount to be expended per participant. The official rate for 2011-12 is \$1,262.54 per student; therefore, approximately 1,301 eligible students may be served.

Parent/guardians of all students participating in the free and reduced lunch program at the 19 Title I schools in year 2 and beyond of NCLB Program Improvement were informed of the opportunity to receive these tutoring services. An informational catalog and application were created in English and Spanish with descriptions of the programs offered by the State-approved providers. These materials were mailed to all eligible families in August. In addition, catalogs are available in the front office of all participating schools. Furthermore, many of the participating schools host provider fairs for their school communities.

Permission is requested of the Board of Education to approve contracts between the District and named State-approved SES providers per parental choice for the period of October 1, 2011 through June 30, 2012 per the provided list.

Recommendation:
Recommend Approval

Fiscal Impact:
Appropriate expenditure of Title I SES reservation

* **F.5 Special Education Annual Service Plan Revision and Public Hearing**

Comment:

Due to a court case out of Los Angeles County, the California Department of Education (CDE) is requiring Special Education Local Plan Areas (SELPA's) to revise their 2011-12 Annual Service Plan to include students identified as special education who are in county jails. To document these services, all service plans must contain evidence that the SELPA has arranged for services, as needed, in community, court schools and county jails. SELPA's retain responsibility for services for all identified students to age 22 regardless of the student's placement.

Even if the SELPA does not currently have any students in county jails or any other program mentioned above, each SELPA needs to have a plan in place to serve the students.

The Annual Service Plan must include a complete detailed description of Special Education Services provided by each district and/or SELPA. The description must include the nature of the services, including related services and the physical location where the services are provided.

The Service Plan description must demonstrate that all individuals with exceptional needs have access to services and instruction appropriate to meet their needs as specified in their individual education program.

Accordingly, the West Contra Costa Unified School District SELPA's Annual Service Plan has been updated and revised, as required by CDE.

Complete copies of the Local Plan including the Annual Service Plan are available at www.wccusd.net under the Special Education Department website.
