The Home-School Partnership

HAPPY NEW YEAR!

In this New Year, let us renew and strengthen our home/school and parent/teacher partnership. As parents, you are your child's first teacher. Please continue your active role in assisting your child with homework each day and by reading with your student every night. Also, communicate with your child's teacher if you have concerns about the educational program.

Nutrition at School

Stege provides a free full breakfast and lunch program each day for every Stege student. If you chose to send a lunch to school with your child, **please limit sugary treats and snacks.** Our student's ability to concentrate and focus is closely related to the diet that they consume. Sugary snacks affect children's ability to concentrate.

Announcing: First Fridays Coffee Club at Stege

On February 5th, we will host a coffee club each month at Stege. Please join us for beverages and morning refreshments and get to know your Stege Community as we discuss our school program and share ideas.

We welcome all parent volunteers! There are many ways to get involved in our school. We have an active SSC working as partners to create wonderful experiences and resources for students and families. We want to encourage each of you to become actively involved in our school community. Please call the office, if you are interested in volunteering with our staff.
