Passings of Employees

Deepening our work right now

Early Literacy in the Kennedy Corridor. We are exploring work with all Kennedy Family Elementary schools to deepen our focus on Early Literacy. We will create a networked approach to instruction and professional learning community around Early Literacy.

Staff Recruitment. We are in full force currently to recruit the best and brightest for the district. We are currently traveling the state and nationally to recruit and using more forms of social media to get the word out.

SBAC Testing. When we return from break, we go into testing season. Although this is only one indicator of our work, will all be supporting our schools and students to stay calm, give great effort and do their best on our state exams.

Closing the Loop

~~Community Coffees~~-Continued Input around Communication, Facilities and Substitutes.

~~Lake~~-Rash of thefts and vandalism and we are working with the Lake team to find solutions

~~Serra~~-We continue to work with the Adult Ed. program to make sure core Adult Ed. programs can stay in tact at Serra.

~~Mandarin~~-We have application in to fill our first two classes and will be working diligently on our third class.

~~Welding Lab at Kennedy~~-Ready for the Fall!

Data Focus

Teacher Retention:

Focus on the Kennedy Family of Schools as data is showing this is our area of highest need.
