Parent/Guardian: The West Contra Costa Unified School District has a Parent-Student Handbook which reflects important policies for our schools. Those policies are designated to guide our students through successful school experiences by governing attendance, tardiness, classwork, homework, discipline, dress, grading, promotion, and retention.

We are requiring that all parents return this cover sheet acknowledging that this document has been received and read.

We also encourage parents to contact their school's principal with comments and questions about our Parent-Student Handbook. To make sharing your thoughts easier, convenient "feedback" forms are provided with this packet.

I have received and read a copy of the Parent-Student Handbook of the West Contra Costa Unified School District, and I understand that if I have any questions about the handbook, I may consult the principal.

Dear Parents and Guardians:

All of us want our children and young people to be successful in school. To help them achieve that success all of us need to continuously give three important messages to our students.

This is Important

Learning is important; school is important. It seems so obvious. Yet, some young people get the opposite message from our society, from peers, and even in school that it is not. Parents, grandparents and other relatives can help drive the *'this is important'* message home in many ways from seeing to it that children get to school on time and go to school every day, to creating a place for and a focus on homework, and by contacting teachers or other staff when they have questions or concerns. Our children and young people need to hear this message *'this is important'* from everyone in the community and at every opportunity so that they apply themselves fully to what's before them to learn.

You can do it.

Learning is hard work and not all learners get it at the same time, or in the same way, or with the same amount of effort. With all our students, we need to constantly affirm the message *'You can do it.'* Students who believe in themselves and who know that hard work is what makes them successful, are not only successful in school, they also do well outside of school and in the workplace, too. Underneath the message *'you can do it'* is a foundational belief that effort and persistence are, by far, the most important qualities in any endeavor.

I won't give up on you.

The third message is arguably the most important. "I won't give up on you," means that even if our students fail the first 20 times they try, we'll continue to provide support, encouragement. For some students learning the multiplication tables by age 10 may simply be impossible. Yet nearly all of those students will learn them. It just takes longer and it takes much more support than it does for the student who learned them as age 8. Too many students give up on themselves and feel they can never learn, "smart people learn and I'm too dumb."

I believe that we as thoughtful, caring adults can use these three messages to make a tremendous impact on the lives all the children and young people in our lives. With all the mixed messages that society sends to young people, we need to be the ones who relentlessly empower students. These three messages are worth committing to memory because they come in handy in many situations:

This is important. You can do it. I won't give up on you.

Bruce Harter
Superintendent

Access to free public education is both a right and a privilege. A positive learning environment can only be sustained through adherence to basic rules and regulations that provide the necessary measures to ensure an orderly and creative learning environment and, at the same time, respect individual rights and differences. To that end, the West Contra Costa Unified School District Board of Education asks students, parents and staff to adhere to the following District Basic Commitment Program and join in the effort to guarantee that a rewarding educational experience will be provided to every student at each individual school site.

DISTRICT MISSION STATEMENT

We provide the highest quality education to enable all students to make positive life choices, strengthen our community, and successfully participate in a diverse and global society.

We provide excellent learning and teaching experiences; safe, student-centered learning environments; and support for all students and employees. We develop and maintain productive community partnerships and individual and collective accountability.

We believe: Public Education provides the opportunities and experiences that enrich us all and is essential to the future and success of our community.

We believe we must:

- Treat everyone with courtesy, dignity, and respect.
- Provide safe and nurturing environments in which to learn, teach, work, and participate.
- Serve our students by working as partners with our community to develop well-rounded, life-long learners and contributing members of a global society.
- Take responsibility for our behavior and performance to ensure the highest possible achievement of all students, employees, and our school community.
- Provide equitable and essential communication and support for successful learning, teaching, working, and participating.
- Respect, celebrate, and welcome the diversity, uniqueness, and contributions of all members of our school community.

Accordingly, it expects time at school to be devoted to teaching and learning and intends to protect this time from unnecessary disruptions. At the same time, the school district recognizes that because of its obligation to serve the community and the school district's respect for the valuable work that external organizations contribute toward preparing young people to be successful and satisfied citizens, the district should assist those agencies in making student and parents aware of additional opportunities for growth and development. The following is an overview of the procedures for distributing/posting flyers within our district establishments. PARENT/GUARDIAN INVOLVEMENT

State Board of Education Policy #89-01

A critical dimension of effective schooling is parent involvement. Research has shown conclusively that parent involvement at home and in their children's education improves student achievement.

Furthermore, when parents are involved at school, their children go further, and they go to better schools.

Important facts:

1. Families provide the primary education environment.
2. Parent involvement improves student achievement.
3. Parent involvement is most effective when it is comprehensive, supportive, long-lasting, and well planned.
4. The benefits of parent involvement are not limited to early childhood or the elementary level; there are continuing positive effects through high school.
5. Involving parents in supporting their children's education at home is not enough. To ensure the quality of schools as institutions serving the community, parents must be involved at all levels in the schools.
6. The extent of parent involvement in a child's education is more important to student success than family income or education.
7. We cannot look at the school and the home in isolation from one another; families and schools need to collaborate to help children adjust to the world of school. This is particularly critical for children from families with different cultural and language backgrounds.

Parent Involvement Policy: The WCCUSD recognizes that, when schools and parents form strong partnerships, our children's potential for educational success improves significantly. Teachers and school administrators become more aware of parent and community expectations and may implement their suggestions regarding programs and operations. Parents learn the scope of the school's instructional program and set high expectations for their children. As a result, schools can better focus on student growth and success. Schools have the responsibility to involve parents in this partnership. Therefore, the WCCUSD supports a variety of parent-involvement programs that require schools to involve parents at all grade levels in a broad range of roles. **For more information about Parent Involvement, please contact the Community Engagement Department (510-307-4526).**

SPECIAL EDUCATION

This information provides you as parents, legal guardians, persons authorized to make educational decisions, and surrogate parents of children with disabilities from three (3) years of age through age twenty-one (21) with an overview of your educational rights, also called the Notice of Procedural Safeguards and Parents' Rights. This notice is also provided for students who are entitled to these rights at age eighteen (18). The Individuals with Disabilities Education Improvement Act of 2004 ("IDEA") requires that a copy of the Notice of Procedural Safeguards and Parents' Rights be given to you once a year. An additional copy must be given to you upon an initial referral or parental request for an evaluation for special education, the first time you file a state or due complaint in a school year, each time you are provided with an assessment plan, when the decision is made to make a disciplinary removal that constitutes a change in placement, and when you ask for a copy. A complete copy of the Notice of Procedural Safeguards and Parents' Rights may be accessed through the West Contra Costa Unified School District's ("District") website. (20 U.S.C. § 1415(d), (k); 34 C.F.R. § 300.504; Ed. Code § 56301(d) (2); § 56341.1 (g) (1))

You have the right to refer your child for special education services. You must be given opportunities to participate in any decision-making meeting regarding your child's special education program. You have the right to participate in individualized education program ("IEP") team meetings about the identification (eligibility), assessment, educational placement of your child, and other matters relating to your child's receipt of a free appropriate public education ("FAPE"). (20 U.S.C. § 1414(b), (c), (d); 34 C.F.R. § 300.321; Ed. Code § 56341(b), § 56343 (e))

You also have the right to participate in the development of your child's IEP, to be informed of the availability of a FAPE, including all program options, and all available alternative programs, both public and nonpublic. You have the right to electronically record an IEP team meeting with an audio tape recorder if you notify the District at least 24 hours prior to meeting that you intend to record the meeting. (20 U.S.C. § 1401(3); § 1412(a) (3); 34 C.F.R. § 300.111, Ed. Code § 56301, § 56341.1 (g)(1), § 56506)

Problem Solving: Federal and state laws contain several methods for resolving issues with the District. While the law contains more formal methods of dispute resolution, the District has less formal means of addressing your concerns, which we encourage you to use. When you have a concern about your child's education, it is important that you call or contact your child's teacher or school-site administrators to talk about your child and any problems you see. Staff in the Special Education Department of the District can also answer questions about your child's education as well as your rights and procedural safeguards. When you have a concern, this informal conversation often solves the problem and helps maintain open communication. Additional resources, including how to file a formal complaint, are listed at the end of Notice of Procedural Safeguards and Parents' Rights posted on the District's website.

Students with Disabilities/Medical Conditions Under Section 504

Section 504 of the Rehabilitation Act of 1973 (Section 504) is a federal law that prohibits discrimination against individuals with disabilities in programs and activities that receive financial assistance from the U.S. Department of Education. Discrimination/harassment in any form toward individuals on the basis of their actual or perceived disability is unacceptable and will not be tolerated. The District will promptly investigate all complaints of disability-based discrimination/harassment and take reasonable actions to stop future incidents of discrimination/

harassment.

Section 504 also requires that eligible students with disabilities be provided a free and appropriate public education. For students who are not eligible for special education services, but meet the federal definition of disabled under Section 504, a Section 504 Plan is developed which indicates the accommodations, supplementary aids and/or services which can be provided through the general education program. Parents or guardians will be notified in writing of any District decisions which concern the identification, evaluation, and/or educational placement of students and their right to participate in, and/or appeal these decisions under Section 504.

For further information and/or assistance in filing a complaint regarding Section 504, contact (510) 307-4651

Detailed information about Special Education is available in the *'Special Education Parent Rights'* handbook. For more information, please contact our Special Education Department at (510) 307-4630

1. Compulsory Attendance -

Compulsory attendance is mandated by the State of Education Code 48200. For admission into kindergarten, a child must have his/her 5th birthday on or before November 1 of the current year. The legal age for leaving school prior to graduation is eighteen (18) years; students cannot voluntarily quit before age eighteen (18). Full time school attendance is compulsory for California students between the ages of six (6) and sixteen (16). Minimum attendance standards require students who are at least sixteen (16) years of age, but less than eighteen (18) years of age who are not enrolled in a traditional program attend a Continuation High School or Regional Occupational Program. If students are employed, a minimum schedule program is permitted. Students sixteen (16) years of age or older or who have completed the tenth grade can be exempted from compulsory attendance by passing the California High School Proficiency Examination.

2. Truant: A student is classified as a truant upon his/her third unexcused absence or tardy in excess of thirty (30) minutes.

3. Chronic Truant: Any student who continues to be absent without a valid excuse will be considered a "chronic truant."

5. Board Policy 5113 (b): Indicates that medical verification may be requested by the principal and/or District Administrator for students with continued excessive absenteeism.

6. Actual Attendance: School districts do not receive funding from the State of California for pupils who are absent from school. This includes all absences, even those related to illness, medical or dental appointments, or for the purpose of attending funeral services of a member of the immediate family.

In other words, schools will receive State funding only for students who actually attend school. If you find it necessary to keep your child out of school for reasons other than illness, you are encouraged to send your child to school for at least part of the day; then your child will not be counted absent for the day and will not miss important school

assignments.

You are also encouraged not to take vacations or family trips during school days. If you must keep your child out of school, please contact the school regarding a temporary "Independent Study" contract.

7. Communication: The Education Code requires parents to communicate with school by phone or note as to the reason for a student's absence. Although the school district will receive no funding for all-day absences, the following are considered excused absences for the purpose of Compulsory Attendance laws (see number 1 above) and laws related to Cal Works:

- (a) Illness or quarantine
- (b) Medical, dental, optometric or chiropractic appointments

- (j) Interview for college or university
- (k) Approved extra-curricular activities, including athletics

Absences must be cleared within five (5) school days of the date of the absence. After five (5) school days, an un-cleared absence will be counted as unexcused. Unexcused absences include suspension or absences not verified by a parent according to the above criteria.

8. Make-Up Work: Students with excused absences may be allowed to complete all missed assignments and tests that can be reasonably provided. Upon satisfactory completion and within a reasonable time limit as determined by the teacher, the student shall receive credit.

The teacher of any class from which a student is suspended may require the suspended student to complete all assignments and tests missed during the suspension which can reasonably be provided. Upon satisfactory completion and within a reasonable time limit as determined by the teacher, the student shall be given full credit.

9. SART: The School Attendance Review Team (SART), Student Study Team (SST) or some other body at the school site reviews cases of truancy and, when necessary, refers to the District's Student Welfare and Attendance Team (SWAT).

10. SARB: A School Attendance Review Board (SARB) is composed of the District attendance administration and representatives from the community, protective services probation and local police departments. The function of this Board shall be to consider cases of persistent absenteeism and to send, if necessary, those cases that cannot be resolved on the District level to the judicial system.

11. SWAT: The Student Welfare and Attendance Team (SWAT) is a truancy reduction program operated by the West Contra Costa Unified School District in conjunction with city and county law enforcement agencies. Open enrollment transfer requests will be considered according to the following priorities [BP 5116.1]:

1. **“No Child Left Behind Act of 2001”:** Transfers for those students who are attending a Title I, Program Improvement school, a school that has not made adequate yearly academic growth for two consecutive years as determined by the California Department of Education may request a transfer to a school that is **not in Program Improvement. Note to Kindergarten parents: In order to submit an Intra-district transfer application residency needs to be established by registering your child at the resident school. Transfer application will not be processed if students are not registered in the district.

Open Enrollment Selection Process

Once priority is established, a random, unbiased selection process is used to select students to fill the spaces available.

Open enrollment transfers are subject to space availability at the requested site. WCCUSD anticipates that not all schools will have space for open enrollment requests. Transfer not awarded before the school year begins will remain active for the duration of that school year only; after which, re-submission of an Open Enrollment application will be required during the Open Enrollment period for the upcoming school year.

Students awarded an Open Enrollment Intra-district transfer **(with the exception of NCLB transfer approvals)** must maintain the specified criteria:

1. Maintain a minimum attendance rate of 95% for each grading period.
2. Maintain appropriate school behavior as outlined in the Student Handbook and Code of Conduct.

Open Enrollment Transfer Renewals

Open Enrollment Intra-district transfers require yearly renewal and are subject to **space availability**. Though not currently anticipated, students on transfer may be subject to displacement to their resident school due to excessive enrollment.

2. Maintain appropriate school behavior as outlined in the Student Handbook and Code of Conduct.

Policy WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT
 adopted: June 6, 2007 Richmond, California

The principal/designee shall oversee the maintenance of each school's technological resources and may establish guidelines and limits regarding their use. He/she shall ensure that all students using these resources receive training in their proper use as well as copies of related district policies and regulations. Students, users, and parents should be aware that access to, and use of, technology is a privilege and not a right.

Computers, On-line Services, Networks, and the Internet: User Obligations and Responsibilities: Students are authorized to use the district's computers and on-line services in accordance with user

obligations and responsibilities as specified below once the student and parent/guardian signs the document and returns it to the school. This Acceptable Use Policy is a valid contract and will remain in effect for the time that the student is enrolled at this school.

1. The student in whose name a network or on-line services account is issued (if applicable) is responsible for its proper use at all times. Students shall not post personal account numbers, passwords, pictures (unless authorized), home addresses, telephone numbers, or other personal or private information on any school or district computer system, network, or Internet web page. All users shall use the system only under their own login or account.
2. The system shall be used only for purposes directly related to education. Commercial, financial gain, political activism, gaming, chat rooms (unless authorized and supervised by the instructor), and/or personal use of the district's system is strictly prohibited. WCCUSD uses active Internet filtering and monitoring technology and reserves the right to monitor and view any on-line communications, files, or documents to maintain system integrity and insure that users are using the system responsibly. Students and users understand that work or email accessed or stored on district computer systems and servers are not private.
3. Users shall not use the system to encourage the use or sale of drugs, alcohol or tobacco, nor shall they promote unethical practices or any activity prohibited by law or district policy.
4. Users shall not create or transmit material that is threatening, obscene, disruptive or sexually explicit, or that could be construed as harassment or disparagement of the others based on their race, national origin, language gender, appearance, sexual orientation, age, disability, religion or political beliefs.
5. Copyrighted material may not be placed on the system without the author's permission. Unless specified otherwise, users may download copyrighted material for their own educational or instructional use. However, such material shall not be distributed or duplicated without the author's written permission.
6. Vandalism or blatant misuse will result in the cancellation of user privileges. Vandalism includes uploading, downloading or creating computer viruses, unauthorized installation of any software, and/or any malicious attempt to harm or destroy district equipment, materials or data of any other user.
7. Users shall not read other users' mail or files without permission; they shall not attempt to interfere with other users' ability to send or receive electronic mail, nor shall they attempt to read, delete, copy, modify or forge other users' mail or files.
8. Password sharing and account trespassing are strictly forbidden and such acts will result in disciplinary action. The sharing of documents and data (unless authorized by the teacher), selling, or purchasing of term papers, book reports and other forms of student work is strictly prohibited.
9. Students and users will not participate in any acts related to credit card fraud, online transactions, electronic forgery, and other forms of illegal and unacceptable behavior. The school and the district will not be responsible for unauthorized costs incurred by students or users, nor will the school or district vouch for the accuracy of information obtained through the Internet, nor will the school or district be responsible for students' or users' negligence, acceptable use policy violations, or mistakes.
10. Users are expected to keep all network and email messages brief and use appropriate language and decorum.

11. Users shall report any security problem or misuse of the computers and networks to the teacher or principal.
12. Resources do not allow at this time for the issuing of email accounts to students.

Note: Violations of the above regulations and policies in the current school year will result in some form of disciplinary action(s). Disciplinary measures are listed below. **The school or the district will determine final dispensation.**

Note: Any violation that is determined to be illegal may result in criminal prosecution. Parents may be held financially responsible for costs incurred as a result of their student's act of intentional vandalism or damage to software, computers, or related hardware.

Technology Resources

First violation: Depending on the severity of the act, disciplinary action will include parent/guardian notification, and may include detention, writing assignment, denied access to computer usage for duration of no more than one quarter (45 days) and/or suspension from school. The school and/or district reserve the right to dispense the final disciplinary action(s).

Second violation: Depending on the severity of the act, disciplinary action will include parent/guardian notification, denied access to computer usage for the duration of no more than one semester (90 days), and may include detention, writing assignments and/or suspension from school. The school and/or district reserve the right to dispense the final disciplinary action(s).

Subsequent violations: Parent/Guardian will be notified that the user will not be allowed to use school or district computer systems for the remainder of the school year and may include suspension from school. The school and/or district reserve the right to dispense the final disciplinary action(s).

Parents are asked to sign the Acceptable Use Policy, distributed at the beginning of the school year, for student use of technology.

Possession of Cell Phones, Smart Phones, Tablets, and Other Mobile Communications Devices

No student shall be prohibited from possessing or using an electronic signaling device that is determined by a licensed physician or surgeon to be essential for the student's health. The use of which is limited to health-related purposes. [Ed. Code 48901.5]

During an emergency declared by the school, students may use their cell phones at the discretion of staff to contact parents/guardians.

The Superintendent or designee shall develop a comprehensive plan to regulate and restrict the use of electronic signaling devices that includes involvement of parents/guardians, with the coordination between staff and parents/guardians. A progressive consequence procedure will be established. The Superintendent or designee shall clearly communicate to all students, staff and parents/guardians the district's policies, regulations and school rules related to the use of electronic signaling devices on school campuses during school hours. This policy shall be disseminated through the Student Handbook, Parent Rights Handbook, district's website, and every school's main office. The Board expects staff to conduct themselves in accordance with the district's policy related to use of electronic signaling devices. Staff should help

students see themselves as responsible partners in efforts to maintain a safe and positive learning environment.

5. Strategies for Improving Behavior

Discipline is training that enables children to make appropriate choices in a climate of warmth and support. It is proof that we care. When children make good choices, positive consequences occur. It is as important to acknowledge good behavior as it is to punish misbehavior. Positive guidance and support must come from both the school and the home. Some possible strategies for encouraging positive student behavior are:

School Environment:

- 1. Grant rewards.
- 2. Give recognition
- 3. Award certificates.
- 4. Assign school responsibilities such as clerk, flag monitor, messenger, cafeteria helper, library aide.
- 5. Assign classroom responsibilities.
- 6. Conduct positive student conference.
- 7. Send positive notes to parents.
- 8. Refer to the school administrator for recognition.
- 9. Provide opportunities for student input in planning school and classroom rules.
- 10. Provide instruction in problem-solving techniques.
- 11. Define school and classroom rules clearly and enforce them fairly and consistently.
- 12. Use behavior contracts.
- 13. Present citizenship awards.

SCHOOL SAFETY AND CODE OF CONDUCT

Safe schools are priority ONE for the District. The Board of Trustees has identified three (3) steps to make our schools safer:

1. Required Wearing of Lanyards (For Secondary Students Only)

All students and staff at each secondary school are required to wear and display an identification badge attached to a lanyard. (A lanyard is a light, cloth material worn about the neck, allowing the student's identification card to be seen at a distance.) The cards will show the student's picture, school name, student's class, school colors and logo. Students will be given the initial badge and lanyard, but will be responsible for replacements. The card has multiple uses including: checking out text and library books, serving as a student body card, and student identification on campus. Student body ID pictures will be taken at each school's "walk-through" day in August. The lanyard and ID badge is MANDATORY, must be worn by each student in order to receive his or her class schedule, and MUST be displayed at all times while on campus.

2. Parent/Guardian Participation on Campus

As another component of our focus on safety, we are inviting parents/guardians to participate at your student's campus. We need parents/guardians to be visible on each of our school campuses. Parents can be very helpful as a "presence" on campus. Please see your school administrator to sign up as a volunteer.

3. Code of Conduct

Parents/Guardians and Students: Please read the following Code of Conduct. A signed copy of the Code of Conduct, indicating that you have read the document and understand your rights and responsibilities must be returned to school on your registration day. For secondary students, it will be required in order for a student to receive his or her ID badge and lanyard.

Code of Conduct [Reference BP5131 (A)]

It is the mission of West Contra Costa Unified School District, in partnership with staff, parents, students, and the community, to provide a quality educational program for all students. We strive to help students develop the knowledge, skills, abilities, and values they need to flourish and reach their full potential.

4. Consequences

Without a safe and orderly learning environment, it is difficult if not impossible, to offer a positive climate for productivity and success. When determining the consequence, the following circumstances should be taken into consideration:

- 1. Age and/or grade level of student.

We have two purposes in establishing a district discipline plan: (1) to promote learning and growth for students as they develop self-discipline; and (2) to provide a caring and respectful environment for all. Only in such an environment can our children become responsible young adults of the future.

To achieve these goals, students must understand their rights and adhere to their responsibilities.

Student Rights:

- To be safe. We need to guarantee that students have the best environment conducive to learning.
- To be respected and treated with compassion, courtesy, and dignity regardless of race/ethnic background, gender, age, national origin, religion, physical/mental disability, sexual orientation, family structure, political beliefs, physical appearance, or financial status.
- To hear and be heard. To express opinions, ideas, and feelings without infringing on the rights of others. Communication is essential to support learning, teaching, working and participating.
- To have their property respected.
- To have privacy.
- To be informed about what is expected of them.
- To have fun and enjoy their school years.

Student Responsibilities:

- To take advantage of the academic opportunities offered and to strive for high achievement.
- To follow district and school rules and to demonstrate knowledge of all student rights and responsibilities delineated in this and related school documents. If a rule or policy is unclear, request a

faculty member to explain its meaning.

- To attend school regularly and be in class in your seat or assigned station with materials out, and ready to work when the tardy bell rings.
- To be considerate, respectful, and non-disruptive in classrooms, hallways, study areas, libraries, cafeterias, and on public transportation.
- To abide by the authority of teachers, administrators, and classified employees who have student supervisory assignments with respect to student behavior during school activities.
- To respect private, school, and district property, i.e. no littering, no graffiti, no stealing, no extortion, etc.
- To refrain from using electronic devices including CD players, cell phones, games, etc., at school, except before and after school and during lunch. To comply with the WCCUSD rule that the use of electronic equipment during class time and passing times is strictly prohibited.
- To stay off other school campuses, other than your own, unless you have explicit written permission from your principal or your principal's designee.
- To abide by the school uniform/dress policy of your school site.
- To understand and accept that the following are not tolerated on any campus:
 - * Harassment of students or staff, including bullying, intimidation, so-called "cyber bullying," hazing or initiation activity, ridicule, extortion, or any other verbal, written, or physical conduct that causes or threatens to cause bodily harm or emotional suffering.

Cyber bullying includes posting of harassing messages, direct threats, social cruelty, or other harmful text or images on the Internet, social networking sites, or other digital technologies, as well as breaking into another person's account and assuming that person's identity in order to damage that person's reputation or friendship.

- * Sexual harassment of any individual;
- * Committing an obscene act or engaging in profanity or vulgarity;
- * Alcohol, tobacco, and other drugs;
- * Weapons or other dangerous items;
- * Fighting, as well as encouraging or instigating a disruption or fight; spreading harmful rumors or falsehoods that result in a student conflict; leaving class or campus to watch a disruption; or refusing to respond to requests to leave the scene of a conflict.
- (For Secondary Students) To wear safety ID's around the neck, visible at all times, while on campus, and to refrain from altering the safety ID's and lanyards. To dress according to the dress code defined in the school planner. This means no garments exposing the torso; no strapless tube tops; no vests without shirts; no short shorts; no garments with obscene or inappropriate words or pictures; no hats or other head coverings; no gang affiliated or related clothing; no see-through blouses or shirts; no low cut dresses; no sunglasses in class unless prescribed, etc.

Parent/Guardian Responsibilities:

- To read, understand and follow District and school rules and regulations.
- To support all students in reaching their full potential by making sure they are in school daily and completing all required homework on time.
- To ensure that students understand their rights and their responsibilities.
- To help school promote the basic values listed above, and to provide the students with what they need to succeed.

- To work with District and school staff to modify and correct inappropriate student behavior.
- To respond to District and school staff in a manner that shows individual respect.
- To protect and nurture all students demonstrating the true meaning of community spirit.

Teachers' Responsibilities:

- To support and enforce all school rules and regulations fairly within classrooms, halls and campus.
- To communicate with and respond to students and parents in a manner that shows individual respect.
- To suggest conferences with parents, counselors, and administrators concerning students with serious behavioral problems.
- To report to the principal, assistant principal, or counselor all serious or willful acts of misconduct by students and other individuals.
- If desired, give detentions for tardiness, class cutting, or minor behavior infractions or institute other appropriate consequences for these kinds of behaviors.

Administrators' Responsibilities:

- To inform teachers, based on Education Code Section 49079, of each pupil who has engaged in any of the acts described in any of the subdivisions, except subdivision (h), of Education Code Section 48900, or in Section 48900.2, 48900.3, 48900.4, or 48900.7. Administration shall provide the information to teachers based upon any records that the district maintains in its ordinary course of business or receives from a law enforcement agency.
- To communicate with and respond to students and parents in a fashion that shows individual respect.
- To issue detentions for those students who demonstrate unacceptable behavior and who fail to honor this policy.
- To give suspensions from one (1) to five (5) days to students when other means of correction fail to bring about good conduct or when the action of that student presents a danger to persons or property or threatens to disrupt the educational process.
- To monitor at-risk students with ten (10) or more days of suspension, and keep parents informed about corrective actions being instituted to assist students to improve behavior.
- To recommend expulsion to the assistant superintendent for conduct violations listed in Education Code Section 48900, when other means of correction are not feasible or have failed to bring about proper conduct, or when the presence of the student causes a continuing danger to the physical safety of the student or others.

School Site Responsibilities:

- To develop, communicate and implement discipline procedures contained in the school-wide discipline plans consistent with California Education Code Sections 48900, 48900.2, 48900.3, 48900.4, 48900.7, and 48915.

If the principal or designee does not promptly remediate a situation involving harassment, a uniform complaint form can be filed in accordance with administrative regulations. The superintendent or designee shall determine which complaint procedure is appropriate.

In cases where the complainant expressed reasonable concern that disclosure of the complaint to the complainant's parent(s) or guardian(s) may endanger the complainant's safety in any manner, the principal or designee shall provide for investigation and resolution of the complaint in a manner that does not endanger the complainant's safety.

The school may provide students with separate shower rooms and sex education classes. In physical education, when objective standards have an adverse effect on students because of their sex, gender identity/expression, race, ethnic group, or disability, other standards shall be used to measure achievement and create comparable educational opportunities. The faculty must be especially sensitive in guarding against unconscious sex and gender identity/expression discrimination and stereotyping in all school operations.

Sexual Harassment: Education Code section 212.5 provides: "Sexual harassment" means unwelcome sexual advances, requests for sexual favors, and other verbal, visual, or physical conduct of a sexual nature, made by someone from or in the work or educational setting, under the following conditions:

- (d) Submission to, or rejection of, the conduct by the individual is used as the basis for any decision affecting the individual regarding benefits and services, honors, programs, or activities available at or through the educational institution.

Prohibition of Sexual Harassment: The Governing Board prohibits the unlawful sexual harassment of any student by any employee, student, or other person in or from the district. Teachers shall discuss this policy with their students in age-appropriate ways and should assure students that they need not endure any form of sexual harassment.

- Reprisals: Make threatening reprisals after a negative response to sexual advances.

Consequences for Sexual Harassment: A pupil in grade four and above may be suspended or expelled if the superintendent or the principal of the school in which the pupil is enrolled determines that the student has committed sexual harassment. [Ed. Code § 48900.2]

Complaint Procedures: Any student who feels that he or she being harassed should immediately contact the principal or designee at his or her school. If a situation involving sexual harassment occurs, a complaint can be filed see BP 1312.3 and pages 47-49 of this Handbook for Uniform Complaint procedures – Complaints Concerning School Personnel or SR 5145(c). The principal or designee shall determine which procedure is appropriate. The District prohibits retaliatory behavior against any complainant or any participant in the complaint process. Each complaint of sexual harassment shall be promptly investigated in a way that respects the privacy of all parties concerned.

DRESS AND UNIFORM POLICY

The Board of Education has determined that certain gangs (also known as criminal gangs or street gangs) are operating in and around schools within the West Contra Costa Unified School District. In light of this fact, the governing board has also determined that the wearing of gang-related clothing on school premises or during school-sponsored activities threatens the health and safety of the students and

impairs the school environment accordingly. Students may not wear, possess, use, distribute, or display any clothing, color, jewelry, emblem, badge, symbol, colored bandana, or sash which represents or associates membership or affiliation with any gang or promotes gang-related activity. Clothing which has been deemed through collaboration between West Contra Costa Unified School District and the local law enforcement or other experts to be gang-related is prohibited. The Richmond Police Department has notified us of the presence of the following gangs within Contra Costa County: Hot Boyz, One-ways, Mainline, Bay Boyz, VSP – Vadio San Pablo, MOB, SWAG Team, Central North Richmond, and FAM or any reasonable derivations of those identified groups (i.e. derivations that use portions of those names or initials); hair nets, bandanas, doo-rags, or shower caps; t-shirts with creased sleeves, or creased down the center, and pants with split cuffs.

Because gang-related apparel changes frequently, the District and its school sites may change this list, and will provide notice by updating their websites and posting the changes in the school site offices.

Specific clothing or hats determined to be gang-related or otherwise inappropriate/associates under Board Policy and this regulation are prohibited. Each school site may provide parents with a site-specific hat policy that may be more restrictive than the items listed within this regulation, and prohibited headgear will be specified. These restrictions are subject to periodic review. Upon consultation with local law enforcement agencies, or other experts, additional rules that restrict gang-associated dress may be instituted by the school principal at any time with notice to students and parents.

WCCUSD historically has had a policy that allows school sites to adopt a school uniform policy at the school site in accordance with State laws concerning such adoptions. Under this policy, some schools have already adopted uniforms.

Many parents and community members have urged the District to adopt a district wide uniform policy as a means of countering the influence of gangs, minimizing disruption and improving the learning environment. After researching such policies in other districts, the WCCUSD Board of Education has found that use of school uniforms enhances school safety, improves the learning environment, reduces ethnic and racial tensions, bridges socioeconomic differences between children, promotes good behavior, improves children's self-respect and self-esteem, and produces cost savings for participating families. Accordingly, the Board of Education has decided to spread the benefits of the programs throughout the District by adopting a district-wide uniform policy in accordance with the Education Code of the State of California. This policy was adopted on April 5, 2006.

Commencement of the Uniform Policy:

The uniform policy took effect October 9, 2006. All WCCUSD Elementary and Middle Schools have implemented a site uniform policy within the parameters set forth in the Board adopted district wide uniform policy. **For the 2013 – 2014 school year, the uniform policy shall be in place as of the first day of school.**

Specific School Uniforms:

A list of the specific uniforms for each school may be found on the District web site. In addition, this information can be found by calling the school in question. Students are required to wear the school uniform unless they have received a 'Uniform Waiver' from the policy as outlined below.

Information Dissemination:

1. District and school support staff shall adequately communicate to parents information common to all school sites, including general guidelines for enforcement of the uniform policy.
2. District administrators will collaborate with school committees and administration to facilitate a clear understanding of the policy at

the school site level, assist in the implementation of the policy, clarify procedures and provide financial assistance programs (see Section V below).

3. This information shall be communicated by one or more of the following: District newsletters; mailings to parents, District website, school newsletters; parent forums; telephonic notification or a telephone hotline; PTA meetings and newsletters; parent advisory meetings; television, radio, and/or newspaper announcements; posters displayed at school and in the community; registration materials.
4. Each school site, under the direction of site administration, shall adequately communicate to parents information specific to that school site, including description of the required site uniform, guidelines for enforcement of the uniform policy, waiver policy and financial assistance guidelines. District administrators will provide schools with template and other support materials to facilitate this communication. District administration will also work with schools to facilitate implementation of financial assistance.

Financial Support Considerations:

1. No student shall be denied attendance to school, penalized, or otherwise subject to compliance measures for failing to wear a uniform due to financial hardship.
2. Families needing financial assistance can apply for aid at the school site level using processes developed by the district.
3. Information and guidelines for providing financial assistance will be provided to all school administrators.
4. The District shall designate a central administrator to coordinate efforts and information regarding the availability and sources of financial assistance.
5. The District shall compile and maintain a list of community agencies, uniform retailers, organizations and individuals willing to assist families in need. The District shall also create procedures to link identified uniform resources with participating schools.
6. Prior to the commencement of the uniform policy the district shall:
 - a. Develop a procedure and criteria to identify families in need of financial assistance;
 - b. Determine the form and type of financial assistance that will be offered;
 - c. Designate a specific staff member to assist those families in need of assistance;
 - d. Collaborate with business and community agency partners to identify resources for assisting families;
 - e. Prepare a flyer that:
 - Describes in detail the default uniform and lists the range of costs for each competitively priced item of clothing as provided by a variety of vendors.
 - States that in cases of severe financial hardship, parents may contact the designated district office by phone, mail or in person to request assistance.
 - f. This information is available at each school site

Uniform Waiver Process: Parents/Guardians should be aware that the required uniform policy is effective the first day of school. Parents/Guardians may request a 'Uniform Waiver' from the district wide uniform policy requirements. To do so they follow these steps:

1. Obtain a Waiver Request form from your local school or by downloading the form from our district website.
2. Complete the Waiver Request form and return it to the principal of the school where the student is enrolled.
3. Attend a waiver-processing meeting with the principal of the school where the request is filed. These meetings will be held at the school where the waiver request is filed. In cases of hardship, the District will make a reasonable effort to schedule a phone conference or home visit. If you have children covered by this waiver request attending other WCCUSD schools, the uniform program will send the other schools copies of the signed waiver form and acknowledgment

of your review and understanding of the dress code.

A school administrator will contact the parent/guardian to schedule a meeting to process the waiver request. A meeting will be scheduled within ten (10) school days of receiving the request for waiver.

If the parent fails to attend the scheduled meeting, they will be contacted and the meeting will be rescheduled. A second failure to attend a meeting will constitute a withdrawal of the waiver request. If a parent contacts the school to reschedule a meeting before the date of the meeting, this will not constitute a failure to attend. Meetings may be rescheduled twice.

Elementary and Middle/High School Dress Code: All elementary and middle/high school students must still follow the Board adopted dress code even if the students have received a waiver under the uniform policy. The dress code is as follows:

Students must dress appropriately at all times. Inappropriate dress is defined as any attire that causes a disruption, or a safety concern on campus. Clothing must be clean, neat and appropriate to an educational setting. Shoes must be worn for safety. The following items are not appropriate:

- Garments where the torso is exposed.
- Strapless and sleeveless tops-Shirts or blouses must have sleeves that cover the shoulders.
- Vests without shirts.
- Short shorts or short skirts. Shorts and skirts must be no shorter than the tips of fingers when arms are held at the person's sides.
- Clothing or buttons that have obscene or other inappropriate words or pictures, swear words, sexually suggestive statements or display prohibited substances.
- Hats, other hair covering or hair curlers worn inside of the school building, unless such items are a cultural or religious requirement.
- See-through blouses, low cut shirts or dresses.
- Clothing worn in a manner that exposes the student's underwear.
- Pants must be worn at the natural waist level. The inseams of pants may not be longer than the heels of the person's shoes. (Pants may not be worn "sag or drag")
- Gang affiliated or related clothing and paraphernalia. Wearing of gang colors or other paraphernalia will result in immediate referral to the office.

Please note that school faculties, in conjunction with the site administration and School Site Councils, may establish additional dress regulations that are within the guidelines specified in the California Education Code.

Students' and Parent/Guardians' Responsibilities:

1. Be aware of what clothing is considered appropriate and inappropriate.
2. Abide by the dress policy.

Teachers' Responsibilities:

1. Be aware of what clothing is considered appropriate and inappropriate and contact the parent and site administrator if the student is wearing inappropriate clothes.
2. If necessary, refer the student to the appropriate counselor, assistant principal or principal for action if a conference with the student and parent contact does not yield sufficient results.
3. Be aware of and enforce the requirement for identification lanyards at middle and high school.

Administrators' Responsibilities:

1. Supervise implementation of this policy.

2. Notify the student and the parent of the action that may occur if the student wears inappropriate dress:

- 1st Infraction: Contact the parent and allow the pupil to change the inappropriate dress.
- 2nd Infraction: Parent contact and student detention.
- 3rd Infraction: Parent contact and student detention warning of possible student suspension for defying District policy.
- 4th Infraction: Parent conference-suspension. At this time it must be determined if the parent is not supporting the policy. If this is the case, the parent will be asked to complete the waiver process. If the parent is in support, but the student is non-compliant, a plan for compliance will be developed in conjunction with the parent.

NOTE: Individual schools may offer further financial assistance options.

Secondary Mandatory Lanyard Policy: WCCUSD has implemented the use of identification lanyards at all secondary schools. This policy was in place at high schools during the 2005-2006 school year and began in the middle schools in the 2006 – 2007 school year. Wearing identification lanyards has proved to be advantageous to the safety of our secondary campuses. **In accordance with the immediate action steps, as defined by the Board of Education, the lanyards are to be worn and displayed at all times by all staff and students at WCCUSD secondary schools.**

A lanyard is a lightweight loop of cloth material worn around the neck that allows the identification card to be clearly seen from a distance. The cards will display the student's picture, school name, student's class (i.e. sophomore), school colors and logo. Students will be given the initial badge and lanyard but will be responsible for replacements.

The card has multiple uses including serving as a student body card, identification card and for checking out text and library books. Student body ID pictures will be taken at each school's "walk-through" day in August. The lanyard and ID badge is **MANDATORY** and must be worn by the student in order to receive his/her class schedule and **MUST** be displayed at all times while on campus.

The following discipline plan is followed at all secondary schools for students not displaying their lanyard and identification badge.

- First Time: Assist. Principal, Teacher Aides, Volunteers call home
- Second Time: Detention
- Third Time: In-School Suspension

The school sites are encouraged to use positive reinforcement such as those listed below to help students adhere to this new, parent sponsored safety policy.

- Keep complete data and consistent enforcement of policies at all schools.
- Keep a fresh approach to monitoring – do some kind of weekly check at random times.
- Provide incentives and rewards for the classrooms with high/complete compliance with new policy.

It has been determined that all students should be provided with the initial lanyard and identification badge. This will be provided at no cost to the student. If the lanyard or the identification badge needs to be replaced however, it will be the responsibility of the student or parent/guardian to incur the cost of the replacement. The costs transferred to the student should be as follows:

- \$2.00 for lanyard replacement only.
- \$3.00 for identification badge replacement only.
- \$5.00 for replacement of both lanyard and identification badge.

Again, this policy has greatly improved the safety and security of our campuses. We must be consistent in our implementation and enforcement of this policy.

TESTING AND ASSESSMENT

STATE MANDATED AND ASSESMENT

Standardized Testing and Reporting (STAR):

The Standardized Testing and Reporting (STAR) Program was authorized in 1997 by state law to measure how well students are learning the knowledge and skills identified in the California academic standards. All students in grades two through eleven take the STAR Program tests, including students who are English learners and student with disabilities. The STAR program consists of five tests:

- 1) **California Standards Tests (CST)** are developed by California educators and test developers specifically for California and aligned with state academic standards in English language arts (grades 2-11), mathematics (grades 2-11), history-social science (grades 8, 9-11), and science (grades 5, 8, 9-11). Students in grades 4 and 7 take a writing test which is part of the English-language arts CST.
- 2) **California Alternate Performance Assessment (CAPA)**, an alternative to CSTs, was developed for students with significant cognitive disabilities and is based on a subset of the state academic standards. The CAPA is administered in grades 2-11.
- 3) **California Modified Assessment (CMA)** is for students with disabilities who have an individualized education program (IEP) and meet eligibility criteria. The student's IEP identifies the content areas (s) to be tested with the CMA. The test measures student achievement in state academic standards. The CMA is administered in grades 3-11. Students in grades 4 and 7 take a writing test which is part of the English-language arts CMA.
- 4) **Standards-based Tests in Spanish (STS)** are for Spanish-speaking English learners in grades 2-11 who either receive instruction in their primary language or who have been enrolled in a U.S. school less than 12 months. It measures achievement in state academic standards for reading-language arts and mathematics. Students assessed with the STS must also take a CST and/ or CMA appropriate to grade level.

California State University Early Assessment Program (CSU-EAP):

The CSU-EAP is a voluntary program for grade 11 students who are interested in an early evaluation of their readiness for college-level work.

California High School Exit Examination (CAHSEE): State law, enacted in 1999, authorized the development of the California High School Exit Examination (CAHSEE). All California public school students, except eligible students with disabilities, are required to pass the CAHSEE and meet all other state and local requirements to earn a high school diploma. The CAHSEE assesses two subject areas-English-language arts and mathematics. All students are required to take the CAHSEE for the first time in the tenth grade. Students who do not pass one or both parts of the CAHSEE in the tenth grade will be given up to two additional opportunities to take the test in grade 11 and five opportunities in grade 12. Students retake only the part(s) of the exam not passed. Schools provide remediation for students who do not pass the test. Parents should receive test results 9-10 weeks after the CAHSEE is administered.

California English Language Development Test (CELDT): State law enacted in 1999, requires school districts to assess all English learners (ELs) and of new enrollees in California public schools who may be ELs in order to determine each student's level of English proficiency in listening, speaking, reading and writing. The CELDT is administered to students who are already identified as English learners in the fall semester between July 1 and October 31. For new enrollees who have a home language other than English, the CELDT must be administered within 30 days of enrollment in a California public school.

National Assessment of Educational Progress (NAEP): also known as the "Nation's Report Card," is the only nationally representative and continuing assessment of what America's students know and can do in various subject areas. Since 1969, assessments have been conducted periodically in reading, mathematics, science, writing, U.S. history, civics, geography, and the arts. Each year, schools are randomly selected.

Physical Fitness Test (PFT): State Law requires school districts to administer the Physical Fitness Test (PFT) annually to all students in grades five, seven, and nine. The state-designated PFT is the FITNESSGRAM®, developed by the Cooper Institute. The FITNESSGRAM® is a set of tests designed to evaluate health-related fitness and to assist students in establishing lifetime habits of regular physical activity. The complete FITNESSGRAM® test battery measures student performance in the following areas: a) aerobic capacity, b) abdominal strength and endurance, c) body composition, d) upper body strength and endurance, e) trunk extensor strength, and f) flexibility. Teachers and administrators are responsible for preparing students to do their best on the test by providing instruction and appropriate practice in the skills and abilities that are tested. It is recommended that schools should provide students appropriate practice as part of the regular physical education (P.E.) program throughout the year. Students are tested between February and May. Parents should see that their children participate in a regular program of physical activity and nutrition.

COLLEGE ENTRANCE EXAMS

In addition to National and California State assessments, WCCUSD administers optional college entrance exams throughout the school year.

Colleges and Universities have different entrance exam requirements. For example, the University of California requires that all applicants take the SAT or the ACT Plus Writing exam, in addition to two SAT Subject exams in two different areas. The California State University requires that all applicants take the SAT or the ACT (does not require writing component).

The following exams are available to our students:

ReadiStep is a middle school assessment that measures Critical Reading, Writing, and Math skills. Readistep is the first step on the College Board's College Readiness Pathway (a series of assessments that includes the PSAT/NMSQT and the SAT). All WCCUSD 8th grade students will take Readistep free of charge at their middle schools in **October 2013**. For more information, please visit the College Board website at: <http://readistep.collegeboard.org/>.

The **Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT)** is a standardized test that provides practice for the SAT. The PSAT/NMSQT measures critical reading, math, and writing skills. On **Wednesday, October 16, 2013**, all 9th, 10th, and 11th grade students will take the PSAT at their high schools free of charge. Students may pick up their PSAT Official Student Guide from their high school counselor in September. The PSAT is generally administered in grades 9-11. For more information, please visit the College Board website at: <http://www.collegeboard.com/student/testing/psat/about.html>.

The **SAT (formerly SAT Reasoning Test)** measures critical reading, math, and writing skills. Taking the SAT will cost the student \$51 and they may register for the test online. The SAT is administered on various Saturdays throughout the year at El Cerrito High School. The SAT is generally administered in grades 11-12. For more information ,

please visit the College Board website at: <http://sat.collegeboard.org/home>

The **ACT Assessment** and **ACT Assessment Plus Writing** assesses high school students' general educational development and their ability to complete college-level work. The multiple-choice tests cover four skill areas: English, mathematics, reading, and science. The optional Writing Test measures skill in planning and writing a short essay. Taking the ACT Plus Writing will cost the student \$52.50 and they may register for the test online. The ACT is administered several Saturdays throughout the year at El Cerrito High School. The ACT is generally administered in grades 11-12. For more information, please visit the ACT website at: <http://www.actstudent.org>.

The **SAT Subject Tests** measure students' knowledge and skills in particular subject areas. There are 20 separate subject tests in 5 academic areas: English, History, Math, Science, and Languages. Students pay \$51 per test (language tests cost more) and register online. SAT Subject Tests are administered on various Saturdays throughout the year at El Cerrito High School. The SAT Subject Tests are generally administered in grades 10-12. For more information, please visit the College Board website at: <http://sat.collegeboard.org/home>.

Advanced Placement (AP) Exams are a culmination of the corresponding, year-long AP course—though you do not need to have taken the course in order to take the exam. AP Exams are administered at each WCCUSD comprehensive high school during the first two weeks of May. AP Exams cost approximately \$89 each and students sign up for the exams with their AP Teacher and/or Counselor. The AP Exams are generally administered in grades 9-12. For more information, please visit the College Board website at: <http://sat.collegeboard.org/home>

Fee waivers are available to eligible students for the SAT, SAT Subject Tests, ACT, and AP Exams. Students should contact their high school counselor for more information about fee waivers. Generally students participating in the free and reduced lunch program qualify for a few waiver.

To find out more about Testing and Assessment, please contact our Assessment Department at (510) 307-4515.

GRADING AND MARKING POLICY

District Policy: All Students are capable of learning. Students learn at different rates and in different ways. Teachers and Parents must work together to assure grade level mastery of standards and content and provide additional support where necessary.

ELEMENTARY

Time Sequence – A student who transfers from a school outside the District fifteen (15) days or less before the end of the trimester will not receive a report card for that trimester.

Grades K-6 – Report cards are issued three times a year to students in elementary school. Parent conferences are held in November.

Schools issue report cards at the following times:

| | Progress Re-ports | Trimester End Dates | Distribution Dates* |
|-------------------------|--------------------------|----------------------------|----------------------------|
| First Trimester | October 23, 2013 | November 07, 2013 | November 21, 2013 |
| Second Trimester | February 14, 2014 | March 7, 2014 | March 21, 2014 |
| Third Trimester | May 23, 2014 | June 6, 2014 | June 20, 2014 |

*These are recommended dates for report cards to be sent home with students. Principals should collaborate with their staff to determine the exact distribution dates for the first and second trimester distribution and notify parents if these are different from the ones listed above.

1. Report Card Marks in Subject Areas: All elementary schools use a standards-based report card. All parents should use the November Parent Conference to learn what Standards are emphasized in Language Arts and Mathematics and how student progress toward Standards mastery will be measured and marked.

- a) Marks in Language Arts and Mathematics indicate the following:
 - 4 = Consistently meets and at times exceeds the standard.
 - 3 = Regularly meets the standard with limited errors.
 - 2 = Beginning to meet the standard.
 - 1 = Experiencing significant difficulty in meeting the standard.
 - / = Box marked with a slash has not been addressed.
- b) Marks in English Language Development, Social Studies, Science, P.E., Health, Art and Music indicate the following:
 - E = Excellent
 - S = Satisfactory
 - N = Needs Improvement
 - = Not Applicable
- c) Marks in Life-long Learning Skills indicate the following:
 - E = Excellent
 - S = Satisfactory
 - N = Needs Improvement
- d) Standards-based report cards and progress reports written specifically for the Alternative Primary Language (APL) Program are used by teachers of APL classes.
- e) Progress reports and report cards are available in Spanish.

2. Progress Reports: In grades K-3 teachers have the option of sending a progress report for students receiving a mark of "1" in the areas of Language Arts or Mathematics. In grades 4-6, students receiving a mark of "1" in Language Arts or Mathematics must receive a progress report. The progress report will be issued at least fifteen (15) school days before the report is completed. A copy of the progress report will be filed in the student's cumulative folder.

3. English Learners:

- a) English learners (EL) are given 1, 2, 3, or 4 on report cards and progress reports indicating their progress in work based on the Content Area Standards just as non-English learners are. In the comments section, teachers should include an explanation that the student is an English learner and specific classroom activities are used in an effort to facilitate and expedite progress toward English proficiency.
- b) If the teacher is able to assess a student in the primary language, this information can be used to inform the report card mark.
- c) EL students receive marks based on the English Language Development (ELD) Standards indicating their progress in ELD in two places on the report card: the "Other Subject Areas" and on the back page.

4. Special Education Students: A student's IEP includes a statement of how the student's progress toward the annual goals will be measured and how the student's parents will be regularly informed of the student's progress toward those goals (by such means as periodic report cards) as often as parents are informed of their non-disabled student's progress.

5. Section 504 Students: The student's Educational Plan will determine the modifications necessary in grading. These modifications will be reflected on the student's Report Card.

Students' Responsibilities:

1. Deliver the progress report and/or the report card to the parent/guardian.
2. Return the progress report signature form and/or the signed report card response form to the teacher within one week of issuance.

Parent/Guardians' Responsibilities:

1. Review and sign the progress report signature form, if one has been issued, and see that the student returns it to the teacher within one week of issuance.
2. Request a conference or assistance in developing a plan to assist the student who is functioning below grade level.
3. Know when report cards are issued.
4. Meet with the teacher if a conference is requested.
5. Discuss the progress report and/or the report card with the student.
6. Take appropriate action to help the student.

Teachers' Responsibilities:

1. Evaluate student achievement and maintain records of student progress.
2. Consider issuing a progress report for all students in grades K-3 who receive a "1".
3. Issue progress reports to all students in grades 4-6 who are achieving at the "1" level. Place a copy of the Progress Report in the student's cumulative folder.
4. Issue report cards three (3) times a year.
5. Maintain returned progress report signature forms and report card response forms.
6. Schedule and make a reasonable effort to have a conference with the parent/guardian of each student in the class.
7. Maintain ongoing contact with parent/guardian of student as needed.

Administrators' Responsibilities:

1. Review and sign all progress reports.
2. Review all grades and marks for students in grades K-8.
3. Supervise the implementation of this policy.

SECONDARY

Report card marks given on a quarter and semester basis will be used to inform the parent/guardian and student of the academic progress of the student. In high school, marks will be used to earn credits toward graduation and to compute grade point averages.

Each school decides on the manner in which report cards are distributed (in person, by mail, etc.) and shares this with parents at walk-through registration and/or back to school night. Report cards are distributed within ten (10) school days after last day of quarter or semester. Exact dates of distribution will be provided to parents by each secondary school.

Each quarter is approximately forty-five (45) days in length. Eligibility for Report Card: Any student who is enrolled for a minimum of fifteen (15) school days of any quarter must receive marks at time of leaving. Those enrolled for fourteen (14) or fewer school days will not receive report card marks. Their marks come from the sending school.

Quarter and Semester Ending Dates:

| | |
|---------------------------------------|-------------------------|
| First Quarter | October 25, 2013 |
| Second Quarter/First Semester | January 17, 2014 |
| Third Quarter | March 28, 2014 |
| Fourth Quarter/Second Semester | June 6, 2014 |

1. Report Card Marks:

- A = Outstanding Achievement
- B = Good Achievement
- C = Satisfactory Achievement
- D = Minimum Achievement
- F = Failure Due to Unsatisfactory Achievement

2. Progress Reports: A progress report is a written report issued prior to the report card informing the parent/guardian of the student's progress to that date. Students receiving a mark of "D" or "F" must receive a progress report. The progress report will be issued at least fifteen (15) school days before the report is completed. A copy of the progress report will be filed in the student's cumulative folder.

Interim Action: After the issuance of the progress report, should a student's mark change from a passing mark to an "F", the teacher must issue another progress report signed by the principal or designee no later than ten (10) days before the end of the marking period.

Distribution: All students are to receive a progress report each quarter.

Review of Progress: A progress report is any written report of progress other than a report card.

Timeline: Progress reports indicating failure must be marked no later than twenty (20) school days prior to the end of the quarter and issued to students/parents no later than fifteen (15) days before the end of the quarter.

Purpose: The purpose of the "D" or "F" progress report is to provide a warning for the student of possible failure in sufficient time to notify the student and parent of the need to improve prior to the end of each marking period. At least three (3) comments should be made on a "D" or "F" progress report.

"F" Mark Requirement: A student cannot receive an "F" mark on the report card without being given "D" or "F" progress report.

3. Quarter and Semester Reviews and Final Examinations: All students will take semester final exams. A test of larger than average scope, covering material for a quarter, semester, or entire year, may be given but will not determine the major portion of a student's report card mark. Refer to "Teacher Responsibilities, #3" for all elements that make up a student's quarter/semester mark.

4. Repeat Course Credit: If a student wishes to improve his/her GPA (from a D to a B, in Geometry for example), the student may repeat the course **only once** with prior approval from the counselor. If a student does not receive a "C" or better in a selected sequential course, i.e., Spanish 1 to Spanish 2, (See Section 7.0) the student may only repeat the course **ONCE** for graduation requirement credit. If a student does not receive a "C" or better the second time, the student may repeat the course to ensure sequence, but with elective credit only. The Superintendent's designee must approve any exceptions. Students who fail a quarter or semester of a course need repeat only the quarter/semester, which they failed.

5. Special Education Students: A student's IEP includes a statement of how the student's progress toward the annual goals will be measured and how the student's parents will be regularly informed of the student's progress toward those goals (by such means as periodic report cards) as often as parents are informed of their non-disabled student's progress.

Students' Responsibilities:

1. Deliver progress reports, if any and the report cards upon issuance to the parent/guardian.

Parent/Guardians' Responsibilities:

1. Review the progress report and call the school within one (1) week of the issuance to discuss concerns.
2. Be aware that report card marks will be issued usually in early November, early February, mid April, and late June. Find out if report cards are mailed or issued to students to bring home.
3. Check PowerSchool website for your child's most recent report cards. Contact your child's school to receive login access.
4. Call the school to request the report card if one has not been received by the expected date.
5. Make any appeal about a quarter or semester mark by the end of the subsequent quarter.

Teachers' Responsibilities:

1. Complete progress reports with comment(s) about those students who are achieving at the D or F level no later than twenty (20) days before the end of the quarter and issued to parents no later than fifteen (15) days before the end of the quarter. All coaches/sponsors of extra-curricular activities will circulate rosters to classroom teachers at progress report time for posting of D or F marks.
2. After the issuance of the progress report, should a student's mark change from a passing mark to an F, the teachers must issue another progress report signed by the principal or designee no later than ten (10) days before the end of the marking period.
3. Issue a report card mark after considering the following:
 - (a) Performance on tests, quizzes, major exams, and projects
 - (b) Completion of homework assignments
 - (c) Attendance in class
 - (d) Make up work for absences is required
 - (e) Classroom participation
 - (f) Requirements, which are unique to the subject area, i.e., art-music project, wood project, science laboratory experiment, etc.
4. Recognize that a student who does not demonstrate appropriate achievement in one or more of the above components listed in (a) to (f) may fail.
5. Keep all marked papers and/or projects not returned to the student for a period of time no less than one quarter beyond the end of a marking period in the event that a mark is challenged.

Counselors' Responsibilities:

1. Maintain a file of the progress reports issued to his/her students.

Administrators' Responsibilities:

1. Supervise implementation of this policy.
2. Hold local Review Board/SST meetings on a quarterly basis to review the programs of students with two or more "F" marks and recommend adjustments in student programs to improve academic progress.
3. Respond during the school year to any parental appeal about a mark as soon as possible but no later than within ten (10) school days.
4. Should a student's mark be lowered to an "F" because of missing or incomplete work during the last twenty (20) days of the marking period, and if the student has not received a progress report, sign the progress report if issued ten (10) days before the

end of the quarter. Should the teacher issue a progress report after ten (10) days before the end of the quarter, do not sign the progress report unless there are valid, extenuating circumstances.

TRANSITIONAL KINDERGARTEN

A new law was recently passed in California to change the age when children can begin kindergarten. Under this new law, children must turn 5 years old on or before September 2 to enroll in kindergarten. Previously, children could be enrolled in kindergarten if they turned 5 years old by December 2. While this change of a few months may seem small, it can mean a big difference during these early years when children are rapidly growing and developing.

District Implementation of Transitional Kindergarten:

Q: Who is eligible for transitional kindergarten?

A: A child is eligible for transitional kindergarten if he or she will have their fifth birthday between:

- For the 2013—14 school year: October 2 and December 2
- For the 2014—15 school year and each school year thereafter: September 2 and December 2.

PROMOTION AND RETENTION POLICY

ELEMENTARY

The existing Promotion and Retention Policy, BP 5123, was adopted August 20, 2008. Copies are available at your student's school or at the District Office, 1108 Bissell Avenue, Richmond, CA 94801.

Students need to proceed through elementary school at a pace that allows them to acquire the basic grade level skills necessary for mastery of standards in all four (4) CORE areas, Language Arts, Math, Science, and Social Science.

Student Success Team or Subcommittee of the SST: This is the school site committee that reviews concerns about individual students. The SST serves as a regular education problem-solving process and is a forum to support classroom teachers in their efforts to provide quality classroom experience for all of their students. Parents shall be involved in this committee when their child's progress is discussed.

Promotion Policy

1. It is the policy of the WCCUSD that factors determining promotion decisions shall include report card marks, other district measures of academic achievement and other factors. *Age: Regarding chronological age, students may be considered for grade placement in:
 - Kindergarten if at least 5 years as of October 1
 - Grade 1 if at least 6 years as of December 2
 - Grade 2 if at least 7 years as of December 2
 - Grade 3 if at least 8 years as of December 2
 - Grade 4 if at least 9 years as of December 2
 - Grade 5 if at least 10 years as of December 2
 - Grade 6 if at least 11 years as of December 2
2. To determine promotion during the school year and/or before the end of the school year, the student must be reviewed at a Student Success Team meeting and the Executive Director and the Academic Intervention Office must be contacted.

Retention Policy

1. It is the policy of the West Contra Costa Unified School District to place students in instructional settings where they will be successful on a day-to-day basis. When a student in the regular classroom is being considered for retention, that decision shall be based on many factors including core academic performance, maturity, and the success of interventions employed to improve achievement.

English learner (EL) students, considered for retention, are not to be considered based solely on their English language skills: understanding, speaking, reading and writing.

In grade 1, retention consideration will be made based on report card marks and performance on district reading multiple measures.

In grades 2 and 3, retention consideration will be made based on report card marks and California Standards Test (CST) results in English Language Arts and performance on district reading multiple measures.

In grades 4-6, retention considerations will be made based on report card marks and California Standards Test (CST) results in English Language Arts and Math, and performance on district multiple measures.

2. A Student Team meeting must be held formally and a Response to Intervention (RTI) Plan recommending academic interventions must be developed.

Special Education:

Placement recommendation for the Special Education students should be made in an I.E.P. meeting based on student progress.

There is no provision for retaining a student more than one time.

Parents' Responsibilities:

1. Attend parent/teacher conferences.
2. Assist the child to improve in the areas needing remediation and provide other special assistance.
3. Attend the SST meetings. (This is a requirement)
4. Parents may appeal the decision to retain their child. Appeals are to be sent to the Academic Intervention Office.

SECONDARY

1. Middle Schools:

- a) The Local Review Board will develop an intervention program at the end of the first semester for academically unsuccessful middle school students.
- b) To determine the grade placement of academically unsuccessful 6th and 8th graders, the Local Review Board will meet to make one of four decisions after looking at the semester marks in English and Math and performance on multiple measures in these subjects:
 - The student should be retained
 - The student should attend Extended Learning as a condition for promotion
 - The student should be promoted with provisions
 - The student should be promoted with intervention requirements that are mandated
- c) In Grades 6-8, any student who receives three (3) or more semester F's during a school year shall be considered for grade failure. The Local Review Board process is to be followed.

- d) English learner (EL) students, considered for retention, are not to be considered based solely on their English language skills: understanding, speaking, reading and writing.
- e) Students new to the district may be considered for placement as follows:
 - Grade 6 is at least 11 years as of December 2
 - Grade 7 if at least 12 years as of December 2
 - Grade 8 if at least 13 years as of December 2
 - Grade 9 if at least 14 years as of December 2

2. High School Credits

A student will earn five (5) credits for every passing semester mark, A to D. A student who earns the minimum number of credits will be promoted or, if a senior, graduate in June of that year.

| <u>To Enter Grade</u> | <u>Minimum Credits</u> |
|---|------------------------|
| 10 | 55 |
| 11 | 110 |

EXTRA-CURRICULAR AND CO-CURRICULAR ACTIVITIES POLICY

Philosophy of Student Code of Behavior

Students who are selected for the privilege of participating in school extracurricular and co-curricular activities should conduct themselves as responsible representatives of their schools. The use of drugs, alcohol and tobacco is detrimental to the health of the participants and interferes with their performance. It is the intent of the Student Code of Behavior to encourage participating students to be drug, alcohol and tobacco free all of the time; however, student discipline or restrictions on extracurricular activities or co-curricular activities may be based only upon conduct of the student which occurs while on school grounds, going to or going from school, during lunch period (whether on or off campus), or during or while going to or going from a school-sponsored activity. [Ed. Code 48900 and Ed. Code 48901]

Definition of Extracurricular, Co-curricular Activity

Extracurricular or co-curricular activities include any activities that require the student to participate outside the regular school hours. Fine Arts classes that require performance as part of district curriculum standards are not considered co-curricular. Extracurricular activities include athletics, spirit squad, student government, pep squad/marching band, forensics, drama performances, and competitions. Co-curricular activities include specialty performances and competitions.

Education Code 48900

Students are not to use, possess, distribute or be under the influence of alcohol beverages, unlawful drugs, controlled substances, hallucinogens or items purporting to be any of the foregoing while on school grounds, going to or going from school, during lunch period whether on or off campus, or during or while going to or going from a school-sponsored activity.

Education Code 48901

No school shall permit the smoking or use of tobacco, or any product containing tobacco or nicotine products, by pupils of the school while the pupils are on campus or while attending school-sponsored activities or while under supervision and control of school district employees.

Disciplinary Action

Students who violate Education Code 48900 shall be suspended from school for three (3) to five (5) days, shall be required to attend a series of educational classes and/or shall be subject to expulsion. Students shall also be referred to the school CARE Team that will determine available options to assist students. These options may include a school educational intervention class and/or group meeting and/or short-term counseling (if available). A professional assessment for the student to determine the extent of alcohol or drug use may also be recommended at student and parent/guardian expense. A second violation shall result in a 5-day suspension; require attendance at a series of educational classes, and possibly a transfer to another school or alternate program or a recommendation for expulsion. A third offense shall result in immediate suspension and recommendation for expulsion. Students in extracurricular or co-curricular activities will also forfeit eligibility for participation in performance for a set period of time. Students who distribute or sell drugs will be suspended immediately and recommended for expulsion.

Students who violate Education Code 48901 may be suspended from school for one (1) to three (3) days, be referred to the school CARE Team and be required to attend educational groups or classes.

ELIGIBILITY POLICY FOR STUDENT ACTIVITIES

In compliance with Education Code 35160.5, West Contra Costa Unified School District students must earn twenty-five (25) credits in high school or pass a minimum of five (5) classes in Junior/Middle school and have earned a grade point average (G.P.A.) of 2.0 on a 4.0 scale for the most recent marking period in order to participate in extra/co-curricular activities.

Determination of Eligibility:

- All classes must be used in computing the G.P.A. except classes that earn less than 2.5 credits per quarter.
- The quarter mark will be used to compute the G.P.A.
- Eligibility must be declared on the district report card issue date.
- Summer school marks/credits shall be counted toward making up scholastic deficiencies incurred in the fourth quarter. A maximum of twenty (20) summer school credits may be applied to determine eligibility for the fall quarter. Credit for summer school courses for the purpose of determining eligibility will be calculated as follows (N.C.S. 2094):
- The grade in a summer school course that is identical or equivalent in title and content to a course taken in the preceding grading period will replace the previous grade and the grade point average will be recalculated using the same number of courses as the divisor.
- The grade in a summer school course that is different in title and content from the courses taken in the preceding grading period will be added and the grade point average will be recalculated using all grades of the previous courses plus the new grade from the summer school course(s).
- Summer school grades that are recorded as passing (P) grades will be assigned a grade point value equivalent to a C grade (2 points on a 4-point scale).

- Opportunity for Probation - One probationary period of one quarter shall be granted to students who fail to meet the eligibility requirements during their four years of high school. Middle school students shall be granted one probationary period.
- In order to qualify for probation, a student must have passed at least four (4) classes the previous marking period.
- The probationary period also applies to the following student groups:
 - Student New to State
 - Freshmen
 - Middle School 6th Grade Students
 - Middle School 7th Grade Students
- It is the intent of this policy to emphasize to each student that the student's primary responsibility is to meet the academic challenge of learning. School staff will work with students who, because of academic difficulties, lose eligibility.

Concussion Information

Please see towards the end of the book for more information on concussions.

MEDICAL AND HEALTH POLICY

1. Immunization Requirements

[Ed. Code 49403 and 48216; District Policy 5141.31]

State law requires that for unconditional admission to school, all students under eighteen (18) must be fully immunized according to requirements of the State Department of Health Services.

Immunizations required for admission to Kindergarten:

- Polio-series
- DPT-Diphtheria/Pertussis (whooping cough)/Tetanus-series
- MMR-Measles/Mumps/Rubella-2 doses
- Hepatitis B-series
- Varicella-one dose

Immunizations required for admission to 7th grade:

- MMR-2 doses
- Tdap Booster—1 dose

According to district policy, no child shall be admitted to any district school without presentation of evidence that the child has been fully immunized and evidence presented upon enrollment.

Students lacking one or more required vaccine doses but not currently due for a dose may be admitted on condition that they receive the remaining doses when due, according to the schedule provided by the State Department of Health Services. If the maximum time interval has passed, the student must be excluded until the next immunization is

obtained. If you have questions about your child's immunization record and/or admission status, please contact your child's school.

Students may be exempt from the immunization requirements for medical reasons or for personal beliefs. Parents must sign a waiver to obtain this exemption. A physician must submit verification for medical reasons, describing the medical condition of the child, the probable duration of the medical condition or the circumstances that contraindicate immunization. Such persons shall be exempt from the immunization requirement to the extent indicated by the physician's statement. (Health and Safety Code 3386). In the event of an outbreak of a disease for which the child has not been immunized, he

or she will be excluded from school for the period of communicability.

2. Health Examination Requirements

(Health and Safety Code 323-324)

State law requires parents of first grade students, upon enrollment, to provide a certificate of health examination or sign a waiver for a health exam. The health exam may be given up to eighteen (18) months before or within ninety (90) days after entering first grade. Parents are encouraged to obtain the health examination simultaneously with the immunizations.

3. Parents' Right to Waive Exam

[(Ed. Code 49451)]

"A parent or guardian having control or charge of any child enrolled in the public schools may file annually with the principal of the school in which he is enrolled a statement in writing, signed by the parent or guardian, stating that he will not consent to a physical examination of his child. Thereupon the child shall be exempt from any physical examination, but whenever there is a good reason to believe that the child is suffering from a recognized contagious or infectious disease, he shall be sent home and shall not be permitted to return until the school authorities are satisfied that any contagious or infectious disease does not exist."

4. Oral Health Assessment

[Ed. Code 49452.8]

State law requires that children entering public school for the first time, in kindergarten or first grade, are to have a dental check-up by May 31 of the first school year. The evaluation must be completed by a licensed dental professional. Oral health evaluations that occurred within the 12 months prior to school entry also meet this requirement.

Parents may obtain a waiver of this requirement if they cannot find a dental office that takes their child's insurance, cannot afford to pay for it, or the parent chooses not to have their child's oral health evaluated.

5. Vision and Hearing Tests

[Ed. Code 49452-49457]

"The governing board of any school district shall, subject to Section 49451, provide testing of the sight and hearing of each pupil enrolled in the schools of the district."

Upon first enrollment in a California school district of a child at a California elementary school, and at least every third year thereafter until the child has completed the eighth grade, the child's vision shall be appraised. This evaluation shall include tests for visual acuity and color vision; however color vision shall be appraised once and only on male children and the results of the appraisal shall be entered in the health record of the pupil. The evaluation may be waived if the child's parents so desire, by presenting a certificate from a physician and surgeon or an optometrist setting out the results of a determination of the child's vision, including visual acuity and color vision. [Ed. Code 49455]

Gross external observations of the children's eyes, visual performance and perception, as used in Education Code Section 49452, shall mean continuous observation by teachers of the appearance, behavior and complaints of pupils that might indicate vision problems. Also, periodic investigation where pupils' school performance begins to give evidence that existence of the problem might be caused by a visual difficulty. Such an evaluation shall be done in consultation with the school nurse. (CCR Title 5, 596)

When a visual defect has been noted, a report shall be made to the parent or guardian of the child, asking the parent or guardian to take such action as will cure or correct the defect.

[Ed Code 40456]

Each pupil shall be given a vision and hearing-screening test in kindergarten, second, fifth, and eighth grade. Hearing screening shall

also be done in tenth or eleventh grade and first entry into the California public school system. A school district may request a waiver of the hearing screening test for tenth and/or eleventh grade pupils once each school year.

The schools shall provide the parents or guardians of children who fail the hearing test with a written notification of the test results and recommend that a medical and audiological evaluation be obtained.

6. Screening: Special Education
(CCR Title 5, 3027)

All pupils being assessed for initial and three-year review for special education services shall have had a hearing and vision screening, unless parental permission was denied.

7. Specialized Physical Health Care Services

Individual Disability Education Act, Amended 2004
The Individual Disability Education Act extends the guaranteed right to a free and appropriate public education to include all students who are medically fragile, technology dependent, or chronically ill. Provisions are made for Specialized Physical Health Care Services in accordance with the State Guidelines as outlined in the "Guidelines and Procedures" manual of the California Department of Education (referred to as the "Green Book").

The Specialized Physical Health Care Services/Procedures provided to the students while in school must have the physician's authorization and be performed according to the standards established by the State. These services/procedures can be individualized as long as they meet the safety standards of the BRN (Board of Registered Nursing) Nurse Practice Act. Procedures that do not meet the standardized guidelines will not be performed at school.

8. Medication

Parents request for medication prescribed by a physician for a child may be administered during the school day by a nurse or other designated school personnel. [Ed. Code § 49403, 49480, 49423] Forms for administering medication may be obtained from the school secretary. Forms are also available for self-administration of prescription inhalers, epi-pens and insulin.

Parents are to notify the Principal if their child is on continuing medication. This notification shall include the completed WCCUSD Administration of Medication During School Hours form. With parental consent, the principal or school nurse may confer with the physician regarding possible effects of the drug, including symptoms of adverse side effects. The form must include the students name, parent signature, name of the medication, dosage, time and physicians signature. This form must be renewed annually or whenever the prescription changes. [Ed. Code § 49480].

9. Confidential Medical Service

For students in grades 7 through 12, the District may release a student for the purpose of obtaining confidential medical services without obtaining the consent of the student's parent or guardian. [Ed. Code § 46010.1]

10. Accident-Medical Insurance

Medical and hospital services for pupils injured at school or school-sponsored events, or while being transported, may be insured at parent's expense. [Ed. Code § 49472]

11. Medical and Hospital Services Not Provided

Districts which do not provide medical and hospital services for students injured while participating in athletic activities must notify parents in writing of this fact.

12. Contagious or Infectious Disease

[Ed. Code 48211]
A child may be sent home if, for a good reason, he or she is believed to be suffering from a recognized contagious or infectious disease. The child shall not be permitted to return until school authorities are satisfied that the student is no longer contagious or infectious. In most cases, a physician's note must be presented to the school authorities upon the child's return to school.

13. Child Health Information

Health services personnel (nurses, in particular) are not readily available on school campuses. Nurses are available on an itinerant basis to assess the health needs and supervise the healthcare of students as needed, and to administer health screenings (vision and hearing). It is important that parents fully inform the office staff and each teacher who works with their student(s) regarding any significant health problems. Be sure to complete the emergency card and return it to the school office. If your child requires specialized health care during the school day, you will need to meet with a school administrator and other school staff to design an individual plan.

14. Screening for Scoliosis

[Ed. Code 49451-49452-5]
Screening for the spinal condition, known as scoliosis, will be provided for every female pupil in grade 7 and every male pupil in grade 8. The screening shall be in accordance with standards established by the State Department of Education. The screening shall be performed by trained, credentialed teachers or by school nurses employed by the district.

COMPREHENSIVE SEXUAL HEALTH AND HIV/AIDS EDUCATION

The Board of Education feels strongly that students should receive proper HIV/AIDS education before they reach the age when they may adopt behaviors that put them at risk of contracting the HIV virus. Hence, age and grade appropriate HIV/AIDS instruction will be taught as part of the district's comprehensive health education in grades 4-12. Instruction will include information on growth and development, physical and emotional changes that occur during adolescence, the nature of HIV/AIDS and its effects on the human body, HIV transmission and prevention, community resources, decision-making and refusal skills and public health issues. The HIV/AIDS instructional program will follow the guidelines set forth by the California Education Code.

Any parent or guardian who wishes that a pupil not receive such instruction should notify the school in writing to insure that the pupil not be included in this required instruction.

Parents may inspect books and other materials used in those units that may include sex education or family life education in which reproductive organs and their functions are described, illustrated, or discussed. Words or pictures in any Science, health, or hygiene textbook are not involved in this section. Separate notification is required for pupils who take such units. Written objection by the parent or guardian to pupil participation in such a unit will be honored. [Ed. Code § 51938]

- Parent's rights are similar to those above. Parents will be notified prior to the course being offered and will be afforded an opportunity to file written objections to their child's participation in such programs. [Ed. Code § 51938]
- Pupils in grades 7 through 12 will receive instruction in HIV/AIDS prevention education. The purpose of this curriculum is to provide information to pupils to help prevent the continued transmission of a currently incurable and frequently fatal disease. You have the right to request that the District provide you a copy of laws related to Comprehensive Sexual Health and HIV/AIDS education.[Ed. Code § 51938]

- Upon written request of parent, pupil may be excused from any part of instruction in Comprehensive Sexual Health HIV/AIDS instruction that conflicts with the parent’s religious training or beliefs (including personal moral convictions). [Ed. Code § 51938]

Parents/Guardians may request copies of the Education Codes pertaining to Comprehensive Sexual Health Education and HIV/AIDS prevention instruction, as well as preview all materials that will be used for this instruction.

TOBACCO-FREE SCHOOLS AND COMMUNITIES

In order to comply with the tobacco-free schools and grounds policy [Education Code 48901 (b), California Health and Safety 24167, 39001, and Public Employees Relations Board 13 PERC 20146, No. 750], the following portion of the policy related to community must be communicated to students, parents/guardians, employees, and the public.

WCCUSD Board Tobacco-Free Schools/Smoking Policy/Community (BP 3513.3 (a), AR 3513.3). All individuals are prohibited from using tobacco products on district property and in district vehicles at all times. This prohibition applies to all employees, students, visitors and other persons at any school or school-sponsored activity or athletic event. It applies to any meeting on any property owned by the West Contra Costa Unified School District.

Visitors who are observed smoking or using tobacco products in violation of the West Contra Costa Unified School District Tobacco-Free Policy shall be asked to refrain. If the individual fails to comply with the request, his or her violation of policy may be referred to the site principal or other school district supervisory personnel responsible for the area or program during which the violation occurs. The supervisor shall make a decision on further action, which will include a directive to leave school property. Repeated violations may result in a recommendation to the Superintendent to prohibit the individual from entering district property for a specified period of time. If deemed necessary by school administration, the local law enforcement agency may be called upon to assist with enforcement of this policy.

Tobacco, Alcohol and Illicit Drugs:

The Board recognizes that use of alcohol and other drugs adversely affects a student’s ability to achieve academic success, is physically and emotionally harmful, and has serious social and legal consequences. It is the policy of the Board of Education to keep district schools free of tobacco and other drugs.

The District shall provide science-based prevention instruction that helps students to avoid the use of alcohol and other drugs. The instructional programs will help students obtain and use current and accurate information, use appropriate decision-making and refusal skills to resist involvement with drug use, and take positive actions to cope with stress.

Students possessing, using or selling alcohol or other drugs or related paraphernalia shall be subject to disciplinary procedures including suspension or expulsion and/or referral to law enforcement. In addition, students may be referred to an appropriate intervention program, and/or be restricted from extracurricular activities, including athletics.

The Board recognizes that there are students who use alcohol and other drugs that can benefit from intervention. The Board supports qualified intervention programs that include the involvement of students, parents/guardians and community agencies/organizations.

COMPLAINTS CONCERNING DISTRICT PERSONNEL PROCEDURES

The Superintendent or designee shall determine whether a complaint should be considered a complaint against the district and/or an individual employee, and whether it should be resolved by the district’s process for complaints concerning personnel and/or other district procedures.

To promote prompt and fair resolution of the complaint, the following procedures shall govern the resolution of complaints against district employees:

1. Every effort should be made to resolve a complaint at the earliest possible stage. Whenever possible, the complainant should communicate directly to the employee in order to resolve concerns.
2. If a complainant is unable or unwilling to resolve the complaint directly with the employee, he/she may submit an oral or written complaint to the employee’s immediate supervisor or the principal.
3. All complaints related to district personnel other than administrators shall be submitted in writing to the principal or immediate supervisor. If the complainant is unable to prepare the complaint in writing, administrative staff shall help him/her to do so. Complaints related to the Superintendent shall be initially filed in writing with the Board.
4. When a written complaint is received, the employee shall be notified within five days or in accordance with collective bargaining agreements.
5. A written complaint shall include:
 - The full name of each employee involved;
 - A brief but specific summary of the complaint and the facts surrounding it;
 - A specific description of any prior attempt to discuss the complaint with the employee and the failure to resolve the matter.
6. Staff responsible for investigating complaints shall attempt to resolve the complaint to the satisfaction of the parties involved within 30 days.
7. Both the complainant and the employee against whom the complaint was made may appeal a decision by the principal or immediate supervisor to the Superintendent or designee, who shall attempt to resolve the complaint to the satisfaction of the person involved within 30 days. Parties should consider and accept the Superintendent or designee’s decision as final. However, the complainant, the employee, or the Superintendent or designee may ask to address the Board regarding the complaint.
8. Before any Board consideration of a complaint, the Superintendent or designee shall submit to the Board a written report concerning the complaint, including but not limited to:

 - A copy of the signed original complaint;
 - A summary of the action taken by the Superintendent or designee, together with his/her specific finding that the problem has not been resolved and the reasons.
9. The Board may uphold the Superintendent’s decision without hearing the complaint.
10. All parties to a complaint may be asked to attend a Board meeting in order to clarify the issue and present all available evidence.
11. A closed session may be held to hear the complaint in accordance with law.
12. The decision of the Board shall be final.

Uniform Complaint Procedures

The Board of Education recognizes that the district has primary responsibility for ensuring that it complies with the applicable state and federal laws and regulations governing educational programs. The district shall follow the Uniform Complaint Procedures (UCP) when addressing complaints alleging:

Unlawful discrimination based on **race, ancestry, national origin, ethnic group identification**, religion, age, gender, **actual or perceived sex, sexual orientation**, color or physical or mental disability, a person's association with a person or group with one or more of these actual or perceived characteristics, or failure to comply with state and/or federal laws in adult education, consolidated categorical aid programs, migrant education, vocational education, child care and development programs, child nutrition programs, and special education programs.

The Board acknowledges and respects students and employee rights to privacy. Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the facts. This includes keeping the identity of the complainant confidential except to the extent necessary to carry out the investigation, as determined by the Superintendent or designee on a case-by-case basis. Complainants will be protected from retaliation.

The Superintendent shall ensure that employees designated to investigate complaints are knowledgeable about laws and programs for which they are responsible. Such employees may have access to legal counsel as determined by the Superintendent or designee.

The Board recognizes that a neutral mediator can often suggest an early compromise that is agreeable to all parties in a dispute. The Superintendent or designee shall ensure that the mediation results are consistent with state and federal laws and regulations.

COMPLIANCE OFFICER

The Board of Education designates the following compliance officer to receive and investigate complaints and ensure district compliance with the law:

Assistant Superintendent
Human Resources
1108 Bissell Avenue
Richmond, CA 94801

Telephone: 510-231-1167
Facsimile: 510-620-2074

Copies of the District's complaint procedures shall be available free of charge.

NOTIFICATIONS

Uniform Complaint Procedures are distributed to every student and family in the Parent-Student Handbooks that are sent home every year. Procedures are distributed at parent-teacher meetings, site council meetings, and to new students as part of the enrollment process. Procedures and forms are available at every school site; **from appropriate private school officials or representatives**; and from the following administrative offices: Bilingual, Transfer, Preschool, Student Welfare and Attendance, Executive Directors, and Assistant Superintendents, and to every ethnic group in the district. UCP are distributed to classified and certificated employees at their annual meetings the beginning of each school year. UCP are distributed in different languages to students of school where 15% or more students speak a primary language other than English.

The LEA will provide an opportunity for complainants and/or representatives to present relevant information to an investigator. Refusal by the complainant to provide the investigator with documents or other evidence related to the allegations in the complaint, or to otherwise fail or refuse to cooperate in the investigation or engage in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegations. [T5CCR 4631]

PROCEDURES

The LEA is to provide the investigator with access to records and/or other information related to the allegation in the complaint. To otherwise fail to refuse or cooperate in the investigation or engage in any other obstruction of the investigation may result in a finding based on evidence collected that a violation has occurred and may result in the imposition of a remedy in favor of the complainant. [T5CCR 4631]

The following procedures shall be used to address all complaints that allege a violation of federal or state laws or regulations governing educational programs. The compliance officer shall maintain a record of each complaint as required for compliance with the California Code of Regulations, Title 5, Section 4632.

1. **FILING OF A COMPLAINT**
Any individual, parent, public agency or organization may file a written complaint of alleged noncompliance. Complaints alleging discrimination must be initiated no later than 6 months from the date the alleged discrimination occurred or when knowledge was first obtained. Written complaints are filed with the compliance officer.
2. **INFORMAL PROCESS**
Within 15 days of the receipt of the complaint, the principal/department head will conduct a meeting with all parties. The purpose of the meeting is discussion and resolution with the compliance officer/designee acting as an impartial chairperson. If resolution is not reached at this level, the compliance officer will proceed with formal investigation of the complaint.
3. **FORMAL PROCESS**
Within 10 days of an unsuccessful resolution through the informal process, the compliance officer shall hold an investigative meeting with all parties and their representatives with the compliance officer/designee acting as impartial chairperson.
4. **DISTRICT'S WRITTEN RESPONSE**
The compliance officer will prepare a written report of the finding and decision within 60 days of receiving the complaint unless the complainant agrees in writing to extend the timeline. If the complainant does not accept the decision, he/she may request a review by the Board of Education within 5 days of receiving the written response. The Board may, at its own discretion, consider the request. If the Board chooses not to hear the appeal, the compliance officer's decision will be considered final. The district has 60 days to process a formal complaint.

The LEA's decision will be reported in writing, sent to the complainant within 60 calendar days of receipt of the complaint. The report will contain the following elements: [T5CCR 4631(e)]

- a. **The findings of fact based on the evidence gathered.**
- b. **Conclusion of law**
- c. **Disposition of the complaint**
- d. **The rationale for such a disposition.**
- e. **Corrective actions, if any are warranted.**

- f. **Notice of the complainant's right to appeal the LEA's Decision to CDE.**
- g. **Procedures to be followed for initiating an appeal to CDE.**

APPEALS TO THE CALIFORNIA DEPARTMENT OF EDUCATION

The complainant may appeal in writing to the California Department of Education (CDE) within 15 days of receiving the District's response. The appeal to the CDE must include a copy of the locally filed complaint and a copy of the LEA decision.

CIVIL LAW REMEDIES

Nothing in this policy precludes a complainant from pursuing available civil law remedies outside of the district's complaint procedures. Such remedies may include mediation centers, public/private interest attorneys, injunctions, restraining orders, etc. For discrimination complaints, however, a complainant must wait until 60 days has elapsed from the filing of an appeal with the California Department of Education before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the district has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint.

The complainants are protected from retaliation and that the identity of a complainant alleging discrimination will remain confidential as appropriate. [T5CCR4621]

GLOSSARY OF TERMS

Average Daily Attendance (ADA):

This is the figure used to compute the dollar amount the District receives from State and Federal tax dollars. It is the average number of students in daily attendance.

California English Language Development Tests (CELDT): This required State test is administered for initial identification to all enrolling students who have a home language other than English. The test is administered within the first thirty (30) days of enrollment and parents are notified of the results. The results determine whether the student is classified as fluent English proficient or as an English learner. Schools use the information for program placement. The CELDT is also administered on an annual basis to all identified English learners in the district. The results are used to demonstrate progress toward English Proficiency. Parents are notified of the results annually.

California Standards Test (CST): These tests have been developed by California Department of Education (CDE) to access State Standards. They are part of the State's STAR testing program.

California High School Exit Exam (CAHSEE): California requires all students completing grade 12 to pass the CAHSEE in language arts and math. This examination is aligned to the state content standards adopted by the State Board of Education. Students must pass this

examination as a condition of receiving a high school diploma, starting in 2005-06.

Cumulative File (CUM): State law requires that certain information be maintained by the school district. As required, the CUM File is the student's academic record from grades K-12.

English Language Development (ELD): ELD, also known as English as a Second Language (ESL) or English for Speakers of Other Languages (ESOL), is instruction in the ELD Standards for English learners to develop English language proficiency in Listening, Speaking, Reading and Writing.

English Learner Program: There are various programs in the District that support the development of English language skills and ensure access to grade level content for identified English learners. Structured English Immersion (SEI) is the base program until students reach Early Advanced or Advanced levels of proficiency in English, at which point they are enrolled in an English Language Mainstream (ELM) program. Parents of English learners have the opportunity annually to apply for a waiver to choose a bilingual education program. At the elementary level, we offer Transitional Bilingual Education and at the secondary level, we offer Subject Matter Bilingual Education. The District has a Dual Language Immersion Program at one elementary school. All current bilingual programs are in Spanish. As the students learn English, decreasing amounts of Spanish is used. All bilingual, SEI and ELM programs include daily English Language Development and access to core subject matter through Specially-Designed Academic Instruction in English.

Gifted and Talented Education (GATE): Students are identified as eligible for GATE through Multiple Measure Matrix Process. Based on the State GATE Standards, students' needs are to be met as part of the integral school day through differentiating the core curriculum.

Individualized Education Program (IEP): An IEP is designed by parents, teachers and administrators specifically for each student placed in Special Education to meet that student's special needs.

Linked Learning Pathway: A WCCUSD Linked Learning Pathway is a rigorous and student relevant 3- or 4-year course of study that integrates a career industry theme with several academic core subjects. Our pathways provide an array of UC/CSU a-g courses, additional student support, mentoring, and engagement in a full complement of work-based learning activities. WCCUSD pathways successfully prepare students to be college and career ready for a 4-year university, a 2-year community college, a technical/trade school, and/or the work force. Each pathway is guided by a comprehensive business and community advisory board. Above all, our pathway programs are based upon the principles of rigor, relevance, and relationships.

Parent Teacher Association (PTA): A school/community organization found at many of West Contra Costa Unified School District Elementary and Middle Schools.

Pathway: Pathways connect strong academics with CTE and real-world experiences in a wide range of career fields, using various program models, and prepare students for careers and post secondary education.

Performance Based Assessment (PBA): Yearly district administrator's assessments in writing and mathematics where student completes essays or extended exercises in problem solving.

Promotion: Advancement of a student to the next higher grade at the end of a school year is defined as promotion.

Pull-Out Program: Students may attend a Pull-Out Program at their school. This means they leave the classroom to which they are assigned

and meet with a different teacher for instruction at a different level or in a different subject.

Resource Specialist Program (RSP): If a Special Education student is successful in regular classes most of the day, he/she can be assigned to the Resource Special Teacher for part of the day.

Retention: Holding a student in his/her current grade for another year is considered as retention.

Section 504: The Actual Law Section 504 of the Rehabilitation Act of 1973: No otherwise qualified handicapped individual in the United States...shall, solely by reason of his handicap, be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance. (29 USC 794)

Self-Contained Classroom: The student who attends a self-contained classroom will meet with one teacher, and receive most of his/her daily instruction from one teacher.

Special Day Classes (SDC): If a Special Education student needs Special Education classes more than 50% of the day, he/she can be assigned to a special day class.

Special Education: Special Education services are offered to students who are identified as having a learning disability and as performing academically below their learning ability. The identification process includes information from the SST-Student Success Team and testing by a school psychologist. After appropriate interventions have been tried in regular programs, a student may be identified and placed in a Resource Specialist Program (RSP), or a Special Day Class (SDC)..

Standardized Testing and Reporting (STAR): Standardized Testing and Reporting is a statewide testing program required by state law. Under this program, all districts must administer the California Achievement Test.

Student Assistance Program (SAP): The Student Assistance Program is a systematic and comprehensive prevention and intervention program. The purpose of SAP is to identify, as early as possible, students who may need and/or desire special services in order to support and enhance their educational goals and experience.

Student Site Council (SSC): A committee of parents, teachers, and students who meet regularly at the participating school.

Student Success Team (SST): The Student Success Team is an effective way to bring together all resources, human and programmatic, to support students having difficulties in regular classes. This is a concentrated problem-solving meeting where all the needed persons, including the student and parent, are present at the same time. It is an expression of the school's concern for students and provides a supportive atmosphere for students to become actively involved in determining their own needs and in implementing strategies designed to help them.

Suspension From Classroom: A teacher may suspend a student from the classroom for the day plus the following school (Ed. Code 48925 (d)) See SUSPENSION in the Handbook.

Suspension From School: The Principal or principal designee may suspend a student for a period not to exceed five (5) days.

PESTICIDE USE LETTER AND INDIVIDUAL NOTIFICATION REQUEST

Dear Parents, Guardians and Staff,

The West Contra Costa Unified School District has adopted a policy to reduce the use of pesticides and herbicides at schools in our district. This policy, called an Integrated Pest Management Policy (IPM), will guide our staff in finding non-chemical, preventative measures to use first in controlling pests, including weeds, at our facilities. Our goal is to protect the health and safety of students and staff and to maintain school buildings and grounds both by controlling pests and by using the safest methods for people and the environment.

While we are working to reduce and eliminate the use of chemical pesticides, including herbicides, we recognize that the district may need to apply these chemicals when all other alternatives have failed. Attached is a list of pesticides and herbicides that the district **may** need to apply. Under the Healthy Schools Act of 2000, California School Districts are required to provide parents and/or guardians of students with an annual written notification of expected pesticide use on school sites. Additionally, schools will be posted for use of pesticides on a case-by-case basis as the school season progresses. The notification identifies the active ingredient(s) in each product and lists the Internet address (<http://www.cdpr.ca.gov>) for further information on pesticides and their alternatives.

Besides a general notice, parents, guardians and staff may also request prior notification of individual pesticide applications at school sites. If you would like to receive this notification, please complete the form below and mail it to:

**West Contra Costa Unified School District
Attn: Director, Maintenance and Operations
125 South 8th Street,

PESTICIDE LIST

Dear Parent, Guardian and Staff,

The Healthy Schools Act of 2000 requires all California School Districts to notify parents, guardian and staff of pesticides, including herbicides, which they **may** expect to apply during the school year. Our goal is to utilize the least toxic materials whenever possible. However, should a situation arise where a least toxic material is not adequate to control a specific infestation, the following materials **may** be used at any District site this year. If you have any questions, please contact the Director of Maintenance and Operations for West Contra Costa Unified School District at 510.620.2159.

Listed below are pesticides, including herbicides, which **may** be used during the WCCUSD 2007-08 school year and will require an annual, written notification of expected use. You can find more information regarding these pesticides and pesticide use reduction at the Department of Pesticide Regulation's website at www.cdpr.ca.gov

WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT CONCUSSION INFORMATION SHEET

Page 1

A concussion is a brain injury and all brain injuries are serious. They are caused by a bump, blow, or jolt to the head, or by a blow to another part of the body with the force transmitted to the head. They can range from mild to severe and can disrupt the way the brain normally works. Even though most concussions are mild, **all concussions are potentially serious and may result in complications including prolonged brain damage and death if not recognized and managed properly.** In other words, even a “ding” or a bump on the head can be serious. You can’t see a concussion and most sports concussions occur without loss of consciousness. Signs and symptoms of concussion may show up right after the injury or can take hours or days to fully appear. If your child reports any symptoms of concussion, or if you notice the symptoms or signs of concussion yourself, seek medical attention right away.

Symptoms may include one or more of the following:

WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT CONCUSSION INFORMATION SHEET

Page 2

What can happen if my child keeps on playing with a concussion or returns to soon?

Athletes with the signs and symptoms of concussion should be removed from play immediately. Continuing to play with the signs and symptoms of a concussion leaves the young athlete especially vulnerable to greater injury. There is an increased risk of significant damage from a concussion for a period of time after that concussion occurs, particularly if the athlete suffers another concussion before completely recovering from the first one. This can lead to prolonged recovery, or even to severe brain swelling (second impact syndrome) with devastating and even fatal consequences. It is well known that adolescent or teenage athlete will often under report symptoms of injuries. And concussions are no different. As a result, education of administrators, coaches, parents and students is the key for student-athlete's safety.

If you think your child has suffered a concussion

Any athlete even suspected of suffering a concussion should be removed from the game or practice immediately. No athlete may return to activity after an apparent head injury or concussion, regardless of how mild it seems or how quickly symptoms clear, without medical clearance. Close observation of the athlete should continue for several hours. The new CIF Bylaw 313 now requires implementation of long and well-established return to play concussion guidelines that have been recommended for several years:

“A student-athlete who is suspected of sustaining a concussion or head injury in a practice or game shall be removed from competition at that time and for the remainder of the day.”

and

“A student-athlete who has been removed may not return to play until the athlete is evaluated by a licensed health care provider trained in the evaluation and management of concussion and received written clearance to return to play from that health care provider”.

You should also inform your child's coach if you think that your child may have a concussion Remember its better to miss one game than miss the whole season. And when in doubt, the athlete sits out.

August 2013

Dear Parent/Guardian of a High School Student (Grades 9-12):

The goal of a comprehensive health education program is to empower teens to make responsible decisions regarding their knowledge, attitudes and behaviors and to encourage them to change their risk-taking and sometimes life-threatening behaviors.

While promoting abstinence as the only 100% effective means for preventing the transmission of HIV and other sexually transmitted diseases, the School Board also recognizes that some students are engaging in sexual activity and other risk-taking behaviors that can lead to increased risk of infection of HIV and other sexually transmitted diseases.

Believing all students deserve to be safe, the School Board has taken steps to prevent the spread of HIV among and by students who choose not to abstain from sexual activity by implementing a Condom Availability Program as part of HIV/AIDS Education for high school students. This program includes a required education component prior to receiving condoms. The education component shall include the following:

- Abstinence---the safest and only 100% effective choice in preventing HIV and other sexually transmitted diseases.
- Free choice in sexual decision-making and the right to change your mind.
- Risks of sexual activity.
- Sexually transmitted diseases, symptoms, treatment.
- Influence of alcohol and other drugs on decision-making and behavior.
- Proper condom use, effectiveness rates.
- Community resources for health care.
- Development of refusal and decision-making skills.

Administrative Regulation

Uniform Complaint Procedures

AR 1312.3

Community Relations

Compliance Officers

The Governing Board designates the following compliance officer(s) to receive and investigate complaints and to ensure district compliance with law:

Assistant Superintendent or Designee
Human Resources
1108 Bissell Avenue
Richmond, CA 94801

Telephone: (510) 231-1167
Facsimile: (510) 620-2074

The Superintendent or designee shall ensure that employees designated to investigate complaints are knowledgeable about the laws and programs for which they are responsible. Designated employees may have access to legal counsel as determined by the Superintendent or designee.

Notifications

The Superintendent or designee shall annually provide written notification of the district's uniform complaint procedures to students, employees, parents/guardians, the district advisory committee, school advisory committees, appropriate private school officials or representatives, and other interested parties. (5 CCR 4622)

The Superintendent or designee shall make available copies of the district's uniform complaint procedures free of charge. (5 CCR 4622)

The notice shall:

1. Identify the person(s), position(s), or unit(s) responsible for receiving complaints
2. Advise the complainant of any civil law remedies that may be available to him/her under state or federal discrimination laws, if applicable

3. Advise the complainant of the appeal process pursuant to Education Code 262.3, including the complainant's right to take a complaint directly to the California Department of Education (CDE) or to pursue remedies before civil courts or other public agencies
4. Include statements that:
 - a. The district is primarily responsible for compliance with state and federal laws and regulations
 - b. The complaint review shall be completed within 60 calendar days from the date of receipt of the complaint unless the complainant agrees in writing to an extension of the timeline
 - c. An unlawful discrimination complaint must be filed not later than six months from the date the alleged discrimination occurs, or six months from the date the complainant first obtains knowledge of the facts of the alleged discrimination
 - d. The complainant has a right to appeal the district's decision to the CDE by filing a written appeal within 15 days of receiving the district's decision
 - e. The appeal to the CDE must include a copy of the complaint filed with the district and a copy of the district's decision

Procedures

The following procedures shall be used to address all complaints which allege that the district has violated federal or state laws or regulations governing educational programs. Compliance officers shall maintain a record of each complaint and subsequent related actions, including all information required for compliance with 5 CCR 4631 and 4633.

Step 1: Filing of Complaint

Any individual, public agency, or organization may file a written complaint of alleged noncompliance by the district. (5 CCR 4630)

A complaint alleging unlawful discrimination shall be initiated no later than six months from the date when the alleged discrimination occurred, or six months from the date when the complainant first obtained knowledge of the facts of the alleged discrimination. A complaint may be filed by a person who alleges that he/she personally suffered unlawful discrimination or by a person who believes that an individual or any specific class of individuals has been subjected to unlawful discrimination. (5 CCR 4630)

The complaint shall be presented to the compliance officer who shall maintain a log of complaints received.

If a complainant is unable to put a complaint in writing due to conditions such as a disability or illiteracy, district staff shall assist him/her in the filing of the complaint. (5 CCR 4600)

Step 2: Investigation of Complaint

The compliance officer is encouraged to hold an investigative meeting within fifteen days of receiving the complaint or an unsuccessful attempt to mediate the complaint. This meeting shall provide an opportunity for the complainant and/or his/her representative to repeat the complaint orally.

The complainant and/or his/her representative shall have an opportunity to present the complaint and evidence or information leading to evidence to support the allegations in the complaint. (5 CCR 4631)

A complainant's refusal to provide the district's investigator with documents or other evidence related to the allegations in the complaint, or his/her failure or refusal to cooperate in the investigation or his/her engagement in any other obstruction of the investigation, may result in the dismissal of the complaint because of a lack of evidence to support the allegation. (5 CCR 4631)

The district's refusal to provide the investigator with access to records and/or other information related to the allegation in the complaint, or its failure or refusal to cooperate in the investigation or its engagement in any other obstruction of the investigation, may result in a finding, based on evidence collected, that a violation has occurred and may result in the imposition of a remedy in favor of the complainant. (5 CCR 4631)

Step 3: Response

Unless extended by written agreement with the complainant, the compliance officer shall prepare and send to the complainant a written report of the district's investigation and decision, as described in Step #4 below, within 60 days of the district's receipt of the complaint. (5 CCR 4631)

The report will contain the following elements: (T5CCR 4631)

- The findings of fact based on the evidence gathered.
- Conclusion of law.
- Disposition of the complaint.
- The rationale for such a disposition.
- Corrective actions, if any are warranted.
- Notice of the complainant's right to appeal the LEA's Decision to CDE.
- Procedures to be followed for initiating an appeal to CDE.

Step 4: Final Written Decision

The district's decision shall be in writing and sent to the complainant. (5 CCR 4631)

The district's decision shall be written in English and in the language of the complainant whenever feasible or as required by law.

Appeals to the California Department of Education

If dissatisfied with the district's decision, the complainant may appeal in writing to the CDE within 15 days of receiving the district's decision. When appealing to the CDE, the complainant must specify the basis for the appeal of the decision and whether the facts are incorrect and/or the law has been misapplied. The appeal shall be accompanied by a copy of the locally filed complaint and a copy of the district's decision. (5 CCR 4632)

Civil Law Remedies

A complainant may pursue available civil law remedies outside of the district's complaint procedures. Complainants may seek assistance from mediation centers or public/private interest attorneys. Civil law remedies that may be imposed by a court include, but are not limited to, injunctions and restraining orders. For discrimination complaints, however, a complainant must wait until 60 days have elapsed from the filing of an appeal with the CDE before pursuing civil law remedies. The moratorium does not apply to injunctive relief and is applicable only if the district has appropriately, and in a timely manner, apprised the complainant of his/her right to file a complaint in accordance with 5 CCR 4622.

Board Policy

Uniform Complaint Procedures

BP 1312.3

Community Relations

The Governing Board recognizes that the district is primarily responsible for complying with applicable state and federal laws and regulations governing educational programs. The district shall investigate complaints alleging failure to comply with such laws and/or alleging discrimination and shall seek to resolve those complaints in accordance with the district's uniform complaint procedures. (5 CCR 4620)

The district shall follow uniform complaint procedures when addressing complaints alleging unlawful discrimination against any protected group as identified under Education Code 200 and 220 and Government Code 11135, including actual or perceived sex, sexual orientation, gender, ethnic group identification, race, ancestry, national origin, religion, color, or mental or physical disability, or age, or on the basis of a person's association with a person or group with one or more of these actual or perceived characteristics in any district program or activity that receives or benefits from state financial assistance. (5 CCR 4610)

Uniform complaint procedures shall also be used when addressing complaints alleging failure to comply with state and/or federal laws in adult education programs, consolidated categorical aid programs, migrant education, career technical and technical education and career technical and technical training programs, child care and development programs, child nutrition programs, and special education programs. (5 CCR 4610)

Complaints related to sufficiency of textbooks or instructional materials, emergency or urgent facilities conditions that pose a threat to the health or safety of students or staff, and teacher vacancies and misassignments shall be investigated pursuant to the district's Williams uniform complaint procedure (AR 1312.4).

Complaints regarding high school exit examination intensive instruction and services for students who have not passed the exit exam by the end of 12th grade shall be investigated pursuant to the district's uniform complaint procedure. (AR 1312.4)

The Board encourages the early, informal resolution of complaints at the site level whenever possible.

The Board acknowledges and respects every individual's right to privacy. Discrimination complaints shall be investigated in a manner that protects the confidentiality of the parties and the integrity of the process. This may include keeping the identity of the complainant confidential, as appropriate and except to the extent necessary to carry out the investigation or proceedings, as determined by the Superintendent or designee, on a case-by-case basis.

The Board prohibits any form of retaliation against any complainant in the complaint process, including but not limited to a complainant's filing of a complaint or the reporting of instances of discrimination. Such participation shall not in any way affect the status, grades, or work assignments of the complainant.

The Board recognizes that a neutral mediator can often suggest a compromise that is agreeable to all parties in a dispute. In accordance with uniform complaint procedures, whenever all parties to a complaint agree to try resolving their problem through mediation, the Superintendent or designee shall initiate that process. The Superintendent or designee shall ensure that the results are consistent with state and federal laws and regulations.

Beginning with the 2013-2014 school year, Contra Costa Health Services will offer a full range of health care services for students at the Richmond High Health Center, including healthy teen exams, physicals, immunizations and sick care. A consent for medical services must be signed by a parent or guardian before a student can receive health care services. Students who have health insurance through Medi-Cal and Contra Costa Health Plan or are eligible for Medi-Cal can receive health care services. Students without health insurance may also receive services. Those students with Kaiser or other private health insurance will not be eligible for health care services but may receive assistance with obtaining care through their health care provider.

If you would like your child to be able to receive health care services at the Richmond High Health Center, please complete the attached form, Consent to Services and Conditions of Services and of Admission, and return it with your student's registration packet. More information about how to make appointments for health services at Richmond High Health Center will be available at the school's registration event.

A partir del año escolar 2013-2014, Servicios de Salud del Condado de Contra Costa ofrecerá una variedad de servicios de salud para estudiantes en el Richmond High Centro de Salud, incluyendo exámenes para adolescentes, exámenes físicos, vacunas y cuidado de enfermedades leves. Un consentimiento médico debe ser firmado por el padre/la madre o tutor antes de que el estudiante pueda recibir servicios de salud. Los estudiantes que tienen seguro médico a través de Medi-Cal y el Contra Costa Health Plan o que son elegibles para el Medi-Cal pueden recibir servicios de salud. Estudiantes que no tienen seguro médico también pueden recibir servicios de salud. Aquellos estudiantes con Kaiser u otro seguro médico privado no serán elegibles para recibir servicios de salud, pero pueden recibir asistencia para atención médica a través de su proveedor.

Si desea que su hijo(a) reciba servicios de salud en el Richmond High Centro de Salud, por favor, complete el formulario adjunto, Consentimiento para los Servicios y Condiciones de los Mismos y de la Admisión, y regréselo con el paquete de registración de su hijo(a). PATIENTS' RIGHTS

THE RIGHTS OF PATIENTS INCLUDE, BUT ARE NOT LIMITED TO THE RIGHT TO:

1. Considerate and respectful care, and to be made comfortable. You have the right to respect for your personal values and beliefs.
2. Have a family member (or other representative of your choosing) and your own physician notified promptly of your admission to the hospital.
3. Know the name of the licensed health care practitioner who has primary responsibility for coordinating your care and the names and professional relationships of other physicians and non-physicians who will see you.
4. Receive information about your health status, course of treatment, prospects for recovery and outcomes of care (including unanticipated outcomes) in terms you can understand. You have the right to participate in the development and implementation of your plan of care. You have the right to participate in ethical questions that arise in the course of your care, including issues of conflict resolution, withholding resuscitative services, and forgoing or withdrawing life-sustaining treatment.
5. Make decisions regarding medical care, and receive as much information about any proposed treatment or procedure as you may need in order to give informed consent or to refuse a course of treatment. Except in emergencies, this information shall include a description of the procedure or treatment, the medically significant risks involved, alternate courses of treatment or non-treatment and the risks involved in each, and the name of the person who will carry out the procedure or treatment.
6. Request or refuse treatment, to the extent permitted by law. However, you do not have the right to demand inappropriate or medically unnecessary treatment or services. You have the right to leave the hospital even against the advice of members of the medical staff, to the extent permitted by law.

8. Reasonable responses to any reasonable requests made for service.
9. Appropriate assessment and management of your pain, information about pain, pain relief measures and to participate in pain management decisions. You may request or reject the use of any or all modalities to relieve pain, including opiate medication, if you suffer from severe chronic intractable pain. The doctor may refuse to prescribe the opiate medication, but if so, must inform you that there are physicians who specialize in the treatment of severe chronic intractable pain with methods that include the use of opiates.
10. Formulate advance directives. This includes designating a decision maker if you become incapable of understanding a proposed treatment or become unable to communicate your wishes regarding care. Practitioners who provide care, whether in the hospital setting or in our clinics, shall comply with these directives. All patients' rights apply to the person who has legal responsibility to make decisions regarding medical care on your behalf.
11. Have personal privacy respected. Case discussion, consultation, examination and treatment are confidential and should be conducted discreetly. Dear Parent or Guardian:

This fall, your son or daughter will be offered the first part of a program called *Draw the Line/Respect the Line*. The program will be taught by Contra Costa Health Services and will include a pre-test, 5 lessons from the *Draw the Line/Respect the Line* curriculum, and a post-test. The program teaches youth how to develop personal limits, deal with peer pressure, and practice the skills needed to maintain those limits when challenged. The lessons focus on situations in which youth may be pressured to steal, use alcohol or smoke. The pre/post tests will be confidential and will be used to evaluate the program. The *Draw the Line/Respect the Line* program includes some homework activities to help parents and children talk about personal limits. The homework is voluntary.

In the spring, your son/daughter will be offered the second part of the *Draw the Line/Respect the Line* program; a separate letter will be provided to you for the second part of the program.

You are welcome to preview the *Draw the Line/Respect the Line* materials at the upcoming walk-thru/registration at your son/daughter's school in August 2013. West Contra Costa Unified School District Disaster Preparedness and Safety

The West Contra Costa Unified School District is committed to the safety and security of all students and staff. Disaster preparedness and safety procedures have been updated at every site. Each classroom, school office, and student use areas are equipped with classroom emergency guides outlining general emergency procedures. All school sites hold regular emergency drills.

WCCUSD has implemented an Emergency Information Portal (ERIP) that provides schools with best practice emergency plans and a web-based application for plan development and maintenance. It provides a common framework for planning which will assist school safety teams with vulnerability assessments and risk management. In addition, it makes school emergency plans accessible through the internet and on smart phones, laptops and similar devices. ERIP will make the plans not only accessible to school officials and their safety teams but also to first responders.

The district's disaster and preparedness plans are premised on the following four fundamental phases:

- **Prevention and mitigation** – conducting vulnerability assessments at each of the district's sites to identify and attempt to correct preventable hazards (broken locks, compromised doors, etc.)
- **Preparedness** – develop all hazards plans and procedures to natural and manmade disasters and emergencies, in collaboration with first responders (fire, police, etc.), to minimize damage to life and property and testing plans and procedures through routine drills.
- **Response** – the district and first responders taking collaborative action (s) based on the respective plans and procedures in the district and local jurisdictions.
- **Recovery** – the restoration of learning in the district, the process of healing while returning to a new level of normalcy following a disaster or emergency and providing resources and services to students, staff and families as available.

The district's website for disaster preparedness and safety will be updated periodically with information that will be useful for both school and home.
