EXECUTIVE SUMMARY

In 2013, the California State Legislature changed more than 40 years of schools funding calculations known as the “Revenue Limit.” The change resulted in what is now known as the Local Control Funding Formula (LCFF). The LCFF eliminated most “categorical” programs—restricted funds that could be used only for specific purposes. LCFF provides three types of funding: base, supplemental, and concentration. LCFF base funding is calculated by student attendance.

Supplemental & concentration funds are calculated based on the unduplicated number of students who are English learners, low income, and/or foster youth (every student is counted once for funding – even if he or she falls into more than one of these three categories). Districts with more than 55% unduplicated students receive supplemental and concentration funding to improve learning outcomes for these students, and have greater flexibility to allocate supplemental and concentration funds for districtwide programs and services. West Contra Costa Unified School District has 28,637 students, of which 75% are unduplicated.

The State Legislature developed the Local Control Accountability Plan (LCAP) for districts to show how LCFF supplemental and concentration funds will be allocated to improve student outcomes and performance for all students - especially English learners, low-income students, and foster youth. Districts with more than 55 percent of students in these three categories have greater flexibility to allocate supplemental and concentration funds for districtwide programs and services.

Similarly, schools with more than 40 percent of unduplicated English learner, low income students, and foster youth students have flexibility to fund schoolwide programs and services with money allocated from supplemental and concentration grants. One thing to note: many of the programs and instructional methodologies that have proven effective in improving outcomes for the targeted student groups have been demonstrated to benefit all students.

Districts can distribute supplemental and concentration funds through:

- **Districtwide Programs:** programs that benefit all, but have benefits that help close the achievement gap closing for English learner, low income and foster youth students.
- **Schoolwide Programs:** (a) services at schools with 100% eligible students or (b) programs that primarily benefit English learner, low income, and foster youth students.
- **Targeted Student Services:** one-to-one services which only benefit English learner, low income or foster youth students.

Districts must develop LCAP goals that cover eight state priorities; each goal must align to a priority. The eight state priorities are basic services, academic standards, parent involvement, student achievement, student engagement, school climate, course access, and other outcomes. These eight priorities fall under three categories: pupil outcomes, conditions of learning, and engagement.

West Contra Costa Unified School District’s 2016-17 LCAP includes five goals:

2016-17 WCCUSD LCAP Executive Summary

1. **Improve student achievement for all students and accelerate student learning increases for English learner and low income students.** This goal aligns to the following state priorities: Student Achievement, Course Access, and Other Outcomes.
2. **Improve instructional practice through professional development and professional learning communities at schools and recruiting and retaining high quality teachers and principals.** This goal aligns to the state priority of Academic Standards.
3. **Increase parent and community engagement, involvement, and satisfaction.** This goal aligns to the state priority of Parent Involvement.
4. **Improve student engagement and climate outcomes, and allocate services to English Learner (English learner) and Low Income (low income) students.** This goal aligns to the state priorities of Student Engagement and School Climate.
5. **Provide basic services to all students, including facilities, access to materials and technology.** This goal aligns to the state priority of Basic Services.

Each LCAP goal includes **actions and services**, **budgeted expenditures**, and **measurable outcomes**. **Actions and services** are programs or processes, such as expanding full-day kindergarten to all schools. **Budgeted expenditures** show the amount of money allocated to each action/service. **Measurable outcomes** are targets for improvement based on data, such as increasing the graduation rate.

DEMOGRAPHICS AND LCFF FUNDING

During the 2015-16 school year, West Contra Costa Unified School District served 28,637 students from pre-kindergarten to twelfth grade. Seventy-five percent of these students were English language learners, low-income, and/or foster youth. The table below shows how these students are distributed across elementary, middle, high, and alternative schools.

Distribution of Low Income, English Learner, and Foster Youth by School Level

	Low Income	English Learner	Foster Youth	Unduplicated	Total Enrollment
Elementary	11,534	7,103	76	12,543	16,482
Middle	2,793	977	18	2,901	3,838
High	4,813	1,484	41	5,131	7,284
Alternative	647	200	18	712	1,033
District Total	19,787	9,764	153	21,287	28,637

For the 2016-17 school year, WCCUSD will receive a base grant of \$211 million, plus \$45.7 million in supplemental and concentration grants. WCCUSD is scheduled to receive consistent increases in funding until 2020-21 when LCFF will be fully funded by the state. The table below shows LCFF Base, Supplemental, and Concentration funding for 2015-16 and 2016-17.

2016-17 WCCUSD LCAP Executive Summary

ENGAGEMENT AND STAKEHOLDER INPUT

The LCAP is completed with input from various stakeholders including parents and guardians, community members, students, local bargaining units, and educators. The [District Local Control Accountability Parent \(DLCAP\) Committee](#) plays an important role in stakeholder engagement. It was formed in 2014 to advise the Board of Education on the LCAP, and convenes parents/guardians of WCCUSD students from each high school family, students from each high school, bargaining units, district committees, and representatives from community organizations who are also parents or guardians of District students.

WCCUSD provided regular updates to the Board of Education, hosted five DLCAP committee meetings, six training sessions for various stakeholder groups, and five Town Hall meetings with 462 attendees: one conducted in Spanish; two for the general community; one for partner organizations and one for students. The District also conducted an anonymous online LCAP Survey in English and Spanish. All of these outreach efforts resulted in more than 1,300 suggestions for the 2016-17 LCAP.

The District has included tools in the LCAP to assist stakeholders:

- Major Revisions to the LCAP (Appendix A)
- School Service Matrix shows the LCAP services available at each school site (Appendix B).
- One-page budget summaries provide detail on programs and additional funding (Appendix C)
- Definitions and Acronyms defines terms used throughout the LCAP (Appendix D)

In the LCAP template, program numbers for Supplemental/Concentration spending has been included for each Action and Service in order to help stakeholders find LCAP expenditures in the District budget.

Changes to the LCAP based on stakeholder feedback are outlined in Section 1 of the LCAP. In addition, changes made to the LCAP based on formal recommendations are highlighted throughout Section 2 of the LCAP template: DLCAP Committee recommendations in blue, MDAC orange, and Youth Commission green.

2016-17 WCCUSD LCAP Executive Summary

The District also developed a variety of additional resources available at www.wccusd.net/lcap and in the District office to help stakeholders understand the LCAP and the process: Data Dashboard, District Infographics, Site Infographics, Interactive LCAP, and 8 Steps to Mastering the LCAP.

MAJOR CHANGES FOR 2016-2017

The 2016-17 LCAP reflects structural and programmatic changes which were made because of the changing guidance from state and county officials, as well as significant input from local stakeholders. Major changes are detailed in Appendix A, and include:

- LCFF base unrestricted (general fund) and restricted grant funding for each goal is included in this Executive Summary, and as additional line items in Section 2 of the LCAP template.
- Budget summaries for each program and service were developed and included as Appendix C.
- New or increased actions and services:
 - Practices for African American Student Support and Success for students, parents, and teachers (Goal 1, Action 15; Goal 2, Action 6; Goal 3, Action 3)
 - WCCUSD is contracting for Evaluations and Program Monitoring services to help authentically evaluate and progress monitor the LCAP actions and services for Goals 1 – 5. (Goal 5, Action 3)
 - Increase funding to foster youth. Provide trainings, and add a Social Work Specialist (Goal 4, Action 12)

Please view other major changes to the 2016-17 LCAP in Appendix A.

2016-2017 GOALS AND BUDGETED EXPENDITURES

Some \$334,323,835 from the general fund supports the five goals enumerated in the LCAP. *Goal 1: Student Achievement for All Students* is supported by 15 percent of the general fund. *Goal 2: Professional Development and Recruitment of High Quality Staff* is supported by 4 percent. *Goal 3: Parent and Community Engagement* is slated to receive 1 percent of the general fund. *Goal 4: Student Engagement and Climate* is supported by 28 percent. Finally, *Goal 5: Basic Services* is supported by 52 percent of the general fund. These figures are illustrated in Table 3: LCFF Expenditures by Goal. They are presented this

2016-17 WCCUSD LCAP Executive Summary

way in order to give stakeholders a more complete look at the resources available to support each goal and to better communicate the District’s budget decisions.

It is important to understand that budget adjustments will be necessary throughout the school year as activities are more fully planned and staff is hired. There are also a number of variables that will change the funding calculation for the Supplemental/Concentration funding that are not known until the school year is underway. For instance, the overall enrollment for each grade span level, the number of students qualified through free and reduced lunch or English Language Learner status as well as factors generated through legislation such as the percentage of progress made toward funding at the State level (known as the gap percentage).

The tables below show how each LCAP Goal is funded, including LCFF Supplemental/Concentration funding, LCFF base funding, and restricted funding.

GOAL 1: Improve student achievement

Total Expenditure - \$51,088,667

GOAL 2: Improve instructional practice

Total Expenditure - \$12,438,143

GOAL 3: Increase parent and community engagement

Total Expenditure - \$3,903,841

GOAL 4: Improve student engagement and climate outcomes

Total Expenditure - \$92,936,795

GOAL 5: Provide basic services to all students

Total Expenditure - \$173,956,389

LEA: West Contra Costa Unified Contact: Nicole Joyner, Director Accountability, njoyner@wccusd.net, 510-307-4502

LCAP Year: 2016-17

Local Control and Accountability Plan and Annual Update Template

The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.

For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.

For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.

Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.

The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans

(including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.

For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.

State Priorities

The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.

A. Conditions of Learning:

Basic: *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

Implementation of State Standards: *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

Course access: *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

Expelled pupils (for county offices of education only): *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

Foster youth (for county offices of education only): *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

B. Pupil Outcomes:

Pupil achievement: *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

Other pupil outcomes: *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

C. Engagement:

Parental involvement: *efforts to seek parent input in decision making at the district and each school site, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

Pupil engagement: *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

School climate: *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

Section 1: Stakeholder Engagement

Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.

Instructions: Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?

- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<p>Details of Meeting Dates and Stakeholder group:</p>	<p>Over 30 district-wide and site-based meetings were organized to reach parents, students, community organizations, central office personnel, local bargaining units, and the community at large. Additional tools and materials were created, translated, and shared to better engage all stakeholders. LCAP progress updates were presented at Board meetings, management meetings, and DLCAP meetings to inform the community about progress toward our indicator goals and major activities completed.</p> <p>The stakeholder engagement process informed the development and refinement of the LCAP and served as an example of how the District includes and involves parents, community organizations, and the community at large in the decision-making process. The stakeholder engagement process was highly focused on informing stakeholders about the LCAP, reporting district and site-level strategies for LCAP funds, and collecting input and feedback. Updates to the 2016-17 LCAP Based on Stakeholder Feedback are available on pages 7-11.</p>

Section 2: Goals, Actions, Expenditures, and Progress Indicators

Instructions:

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school's budget that is submitted to the school's authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal. Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

Goal: Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site.

Related State and/or Local Priorities: Identify the state and/or local priorities addressed by the goal by placing a checkmark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

Identified Need: Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

Schools: Identify the school sites to which the goal applies. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

Applicable Pupil Subgroups: Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate “all” for all pupils.

Expected Annual Measurable Outcomes: For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the school site level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

Actions/Services: For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

Scope of Service: Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

Pupils to be served within identified scope of service: For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a checkmark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a checkmark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupil subgroup(s) as defined in Education Code section 52052.

Budgeted Expenditures: For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

Guiding Questions:

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?

- 3) What are the LEA's goal(s) to address state priorities related to parent and pupil "Engagement" (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA's goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA's goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual school sites?
- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific school sites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA's budget?

Please note: changes made to the template based on stakeholder feedback to the Board of Education are highlighted throughout this section:

- DLCAP Committee blue
- Youth Commission green
- MDAC orange

Annual Update

Annual Update Instructions: For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

Guiding Questions:

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

If the District does not spend the entirety of the \$4.3 million of supplemental and concentration funds in the 2015-16 school year, the District will reflect that unspent portion in its annual update for the 2016-17 school year, and will allocate those remaining funds for one-time supplemental and concentration expenditures in the 2016-17 school year in addition to the District's 2016-17 supplemental and concentration spending otherwise calculated in accord with the relevant laws and regulations.

The one time 2015-16 carryover funds will be allocated using the priorities developed through the DLCAP committee process on May 12, 2016 and will be reported to the school board in September along with the District's unaudited actuals. The top three priorities identified by the DLCAP, MDAC, and public were: decentralize funds to schools based on the schools unduplicated count; additional training for certificated and classified staff; visual and performing arts equipment and supplies; and books and materials.

The top three priorities identified by the DLCAP, MDAC, and public were: decentralize funds to schools based on the schools unduplicated count; additional training for certificated and classified staff; visual and performing arts equipment and supplies; and books and materials.</p>		

Section 3: Use of Supplemental and Concentration Grant funds and Proportionality

- A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or school wide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	\$45,718,403
<p>As a district with an estimated unduplicated student count of 74.68%, WCCUSD will, by necessity, offer a variety of school-wide and district-wide programs and supports designed to accelerate student learning increases. Programs and services offered school wide are predominantly targeted to sites that have an unduplicated student count of 70% or higher. Making an impact on the learning environment and the climate of the school as a whole will have the most positive impact on students who are English learners, low income, re-designated fluent English proficient students, and foster youth.</p> <p>The LCAP designates supplemental/concentration funds which include:</p> <ol style="list-style-type: none"> 1. \$17.8 million to improve student achievement for all students and accelerate student learning increases for English learner and low income students 2. \$8.9 million to improve instructional practice through professional development and professional learning communities at schools and recruiting and retaining high quality teachers and principals 3. \$2.8 million to increase parent and community engagement, involvement, and satisfaction 4. \$14.9 million to improve student engagement and climate outcomes, and allocate services to English learner and low income students 5. \$1.3 million to provide basic services to all students, including facilities, access to materials and technology <p>It should be noted that supplemental/concentration funding is not the sole source of funding for many of the programs and initiatives iterated in this document. The Executive Summary provides charts detailing the amount of funding supporting each goal from LCFF Supplemental/Concentration, LCFF Base Unrestricted/Function, and Restricted Grant Funding. In addition, Appendix C provides detailed descriptions of programs and funding for all five goals.</p> <p>The use of these funds is the most effective use on a district wide and school wide basis based on District’s analysis, experience and good educational practice. All expenditures are aligned with WCCUSD’s LCAP goals and address the needs of the District’s English learners, low income students and foster youth. These expenditures afford a significant opportunity to improve the educational outcomes of these students</p>	

and reduce the achievement/service gap by improving and/or increasing instructional programs and student support programs that ensure access to services and reduce and eliminate barriers to student success.

B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

22.16	%
-------	---

In order to identify the percentage by which services for unduplicated pupils must be increased or improved, pursuant to 5CCR 15496 (a), the district must first make the calculation of proportionality.

The seven step formula for the calculation is a part of the LCFF calculator provided by the State through FCMAT. These figures represent the data and factors available to the District as of the 2016 January Governor's Budget and Second Interim Report for the District and are subject to change.

Step 1: Determine total revenue from supplemental and concentration grants at Target LCFF funding -Target Supplemental and Concentration Grants for 2016-17 = \$52.5 million.

Step 2: Estimate prior year expenditures to support unduplicated pupils - Estimated expenditures 2015-16 = \$37.4 million (figures will not be final until year-end closing)

Step 3: Calculate the gap between prior year expenditures and Target Supplemental Concentration grant funding (Step 1 minus Step 2): \$52.5 million - \$37.4 million= \$15.1 million (gap).

Step 4: Calculate the increase in estimated Supplemental Concentration grant funding for 2016-17. Multiply the gap number in step 3 by the Dept. of Finance estimate of gap closure funding (estimated at 54.84%): \$15.1 X 54.84% = \$8.3 million.

Step 5: Calculate the total estimated Supplemental Concentration funding for 2016-17: Add the gap reduction number from step 4 to the past year expenditure number in step 2 - \$8.3 million+\$37.4 million = \$45.7 million.

Step 6: Calculate the Base funding for 2016-17: Estimate the amount attributable to the Base by subtracting the amount calculated in step 5 from the total amount of estimated LCFF funding for 2016-17: \$256.7 million – \$45.7 million = \$211 million (the \$211 million includes \$4.7 million in Transportation and TIIG grant funding).

Step 7: Calculate the minimum proportionality percentage. - Divide the estimated amount of Supplemental Concentration grant funds by the estimated Base grant funds, less the Transportation and TIIG grant for 2015-16. This calculation will result in the percentage by which services for students must be increased or improved (step 5 divided by step 6): \$45.7 million ÷ (\$211- \$4.7) million = 22.16 %.

The unduplicated student count in WCCUSD is estimated to be 74.68% in the 2016-17 school year. Programs and services that are district wide and school wide are offered predominantly at schools that have a percentage of unduplicated student count over 55%. In addition, schools with a percentage of unduplicated student count of over 70% were considered more prominently for programs and services. A portion of supplemental and concentration funds were allocated to all schools for school site level decision making based upon each school's percentage of students qualifying.

To meet the minimum proportionality percentage for growth and services for unduplicated students, the district has added the following actions and services (as detailed in Section 2 above, the following new services were added this year to increase and improve services to unduplicated students:

- Implementing Efficacy framework at Peres Elementary to help adults improve student performance by offering a practical, research-oriented approach focused on Mission, Mindset, and Method.
- Reading support and additional classroom teacher time to support Read 180 program. Read 180/System 44 is the secondary reading intervention program for the district. This program is a comprehensive, research-based intervention that uses a blended learning model.
- Implement Practices for African American Student Support and Success (PAASSS) - African American Male Pipeline Project, African American Support Collaborative Student workshops, Efficacy training, Afterschool program for Richmond Steelers, Growth Mindset/Brainology, Rising Scholars, African American Honors Gala
- Puente Counseling Program supports English learner (EL) students to engage in leadership and cultural activities including college visits.
- Practices for African American Student Support and Success (Staff Efficacy training, Mindset Works training, and Growth Mindset Teacher Leader development and coaching).
- Practices for African American Student Support and Success (Parent Efficacy Trainer of Trainer Model, African American Parent Group, and African American Support Collaborative)

As detailed in Section 2 above, the following actions/services were expanded this year to increase and improve services to unduplicated students:

- STEM opportunities

- Full-day kindergarten
- Psychological services at highest need middle and high schools
- Secondary Class Size Reduction - Staffing at middle and high schools to improve learning of targeted students at high need schools
- Whole School Intervention (expanded to one additional school)
- Site Funding to Implement Single Plan for Student Achievement (SPSA) toward LCAP goals
- Teacher and staff professional development
- School Community Outreach Workers for targeted schools
- Technology coaches
- English Language Learner master plan
- Social Work services
- Restorative Justice, BEST, Toolbox & Mindful Life and Selena Jackson Practices
- Visual and performing arts
- Physical education and athletics
- Services targeting special education students who are also low income, English learner, and/or foster youth.

LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
 - (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
 - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
 - (3) Divide (1) by (2).

- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.

- (c) "High school dropout rate" shall be calculated as follows:
 - (1) The number of cohort members who drop out by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(d) “High school graduation rate” shall be calculated as follows:

(1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where “cohort” is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.

(2) The total number of cohort members.

(3) Divide (1) by (2).

(e) “Suspension rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was suspended during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

(f) “Expulsion rate” shall be calculated as follows:

(1) The unduplicated count of pupils involved in one or more incidents for which the pupil was expelled during the academic year (July 1 – June 30).

(2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).

(3) Divide (1) by (2).

Efficacy Work	\$95,534	School Wide	1	Student Achievement for All
Description:				
<p>Peres Elementary currently implements the Efficacy framework to help adults improve student performance by offering a practical, research-oriented approach that focuses on the following three key areas: Mission: Academic proficiency and strong character for all students, Mindset: You aren't born smart; you get smart, and Method: Effective use of data as feedback to drive improvements. Peres has been continuously improving student achievement over the last 7 years, and school stakeholders know they have more work to do. One additional teacher is being hired to support the Peres work.</p>				
Recommendation:				
<p>Continue to support the Peres program and examine ways to replicate the success at more schools in the district.</p>

Program 4170	2016-17 Proposed Allocation	Level of Service	Total Jobs Included (FTE)	Goal 1.10
EL Master Plan	\$1,577,226	District	19.05	Student Achievement For All

Description: We will continue to implement the six components of the Master Plan for English Learners (MPEL).

- **Identification, Assessment, and Program Placement**– Staff determines EL student placement by reviewing the following: Home Language Survey (HLS), CELDT score, District curriculum embedded placement essay (Inside/Edge placement test at secondary), state approved achievement test, teacher recommendation, and parent input. Placement changes are determined by several indicators of progress toward English fluency, including: a change in student's CELDT level, a next level score on an on-demand writing prompt, and (at secondary) achieving a mastery-level score on an end-of-level test.
- **Instructional Programs**– Elementary level programs are: English Language Development (ELD), Structured English Immersion (SEI), Transitional Bilingual Education (TBE), and Dual Language Immersion (DLI) classrooms. Secondary Level programs are: SEI Sheltered Content Classes and Secondary English Language Development (ELD). The instructional focus, aligned to CA ELD Standards, emphasizes research-based strategies. *Inside* (MS) *and Edge* (HS) are the programs used in secondary schools. The focus is on rigorous daily instruction, Integrated & Designated Instruction language development, Saturday EL Enrichment, and After School tutoring. In addition, our Newcomer hubs at Helms Middle and Richmond High Schools will continue to support students enrolled fewer than 12 months.
- **Monitoring of Student Progress and Reclassification**–English Learners are assessed annually with state-mandated and District-adopted assessments to determine the student's language proficiency level, growth in English language development, and academic performance. The following assessments are used to identify students' progress and/or areas of need: CELDT, ELD Benchmarks, District identified ELD Placement Tests, Pathway to Reclassification and Seal of Bi-literacy.
- **Staffing and Professional Development**– WCCUSD EL services are provided by CLAD & BCLAD certified teachers & administrators, EL Coaches, content & language development EL Consultants, Bilingual Grad Tutors, and a Project Assistant. Professional development is provided in various areas ranging from Elementary Integrated and Designated ELD, CA ELA/ELD Standards, content embedded Specially Designed Academic Instruction (SADIE) and ELD for Secondary, with strategies to support newcomers/immigrant students in all trainings. Student performance data is also used to determine PD offered to staff. Other supports included ELD Coaching and support, an ELD Train–the-Trainer model to build capacity, targeted EL writing strategies, online ELD Benchmarks and online Report Card workshops. Teachers, staff and administrators attend conferences and seminars on the CA ELA/ELD Standards, Long Term English Learners (LTELs), ELs with Disabilities, etc. through the SCCOE Learning Circle Network, CCCOE, CABE, etc.
- **Parent and Community Involvement**– The EL K-12 staff and the Community Engagement office provide district and school site presentations and professional development on EL students programs, EL student language proficiency levels, academic performance, and technical assistance on instructional program decision-making to parents (i.e., ELAC, MDAC, MPEL Advisory, etc.).
- **Evaluation and Accountability**– We provide teacher and administrator support to access online tools to monitor EL student performance data through: Illuminate, CELDT scores, ELD Benchmarks and EL writing assessments, Report Cards, IDRL (K-1), STAR Reading Assessment (in Spanish), ELA Benchmarks (in Spanish) and ELA Writing Benchmarks (in Spanish).

Recommendation:

Provide additional teaching staff for instructional program to keep class sizes in TBE small with no combination grades and provide a hub for the program at Bayview.

Reading Support	\$484,052	School Wide	5.14	Student Achievement For All
Description:				
<p>Read 180/System 44 is the secondary reading intervention program for the district. This program is a comprehensive, research-based intervention that uses a blended learning model.</p> <p>Classes are available to mainstream, special education (RSP, NSH, and SH), and EL students and are run at reduced class size with a maximum of 24 students in a mainstream push-in class. The program was updated and expanded starting in 14-15 as a required component of the middle school Project Read grant. Formal mid-year and end-of-year data reviews are completed by Scholastic/Houghton Mifflin Harcourt.</p> <p>Teachers participate in ongoing professional development with peer observation and goal planning, known as “cadre days”.</p>				
Recommendation:				
<p>Increase the number of classes offered so that the program can be fully implemented at all middle and high schools. This program was not broken out before, but has been offered. The District is creating a new program number for it so it can be tracked separately.</p>

Restricted/Grant Funding 6264	2016-17 Proposed Allocation	Level of Service	Jobs Included (FTE)	Goal 2
Educator Effectiveness	\$286,962	District	2.60	PD & Recruitment of High Quality Staff

Description:

California’s SB-77 Section 58 provides new funding for professional learning for every district, county office of education, charter school, and state special school throughout the state. This funding source is referred to as *Educator Effectiveness* monies.

The state requires that these funds be spent in the following four ways:

- Beginning teacher and administrator support and mentoring, including, but not limited to, programs that support new teacher and administrator ability to teach or lead effectively and to meet induction requirements,
- Professional development, coaching, and support services for teachers who have been identified as needing improvement or additional support by local educational agencies,
- Professional development for teachers and administrators that is aligned to the state content standards, and
- To promote educator quality and effectiveness, including, but not limited to, training on mentoring and coaching certificated staff and training certificated staff to support effective teaching and learning.

The funding must be spent over 3 years (2015-16, 2016-17, 2017-18). The board approved spending these monies in the following areas: Teacher Induction Program (TIP), new teacher training, WCCAA mentor program, PAR, on-line personalized learning platform, professional learning on the California Standards, EL standards, and NGSS standards, integrating technology into daily practice, growth mindset, leadership, data analysis and action, and developing a culture of high expectations.

The maintenance department is responsible for the routine maintenance of all school sites throughout the district. The employees are mainly journey level craftsperson with specialties in areas such as plumbing, electrical and carpentry.

This program is set up as a restricted category due to Education Code 17070.75 which requires all school districts that accept funds through the State School Building Program to set aside funding each year to for the purpose of providing ongoing and major maintenance to its buildings.

There is an allowance by the State to make alternative calculated contribution amounts during the period that the LCFF is implemented, with the understanding that a full 3% must be in place no later than 2020-21. Based upon this allowance the District can reduce the annual contribution in 2015-16 and 2016-17 while still building a deferred maintenance program. The first interim figures include carry over from prior year.

Recommendation:

The flexibility provided by the State allows the district to adjust the contribution over the next two years. Therefore, the contribution will be reduced as compared to the normal 3% requirement.

Maintenance and Recreation District (MRAD) - 9200

Restricted/Grant Funding 9200	2016-17 Proposed Allocation	Level of Service	Jobs Included (FTE)	Goal 5
MRAD	\$5,604,624	District & School	.67	Basic Services for All
Description:				
<p>In 1994 an effort to raise and sustain funding for the school district the District formed a Maintenance and Recreation District. In 1996 the formation of MRAD was followed by an election to continue these levies. This allows the District to levy taxes to support the maintenance and operations of fields and outdoor areas for the purpose of public use.</p> <p>The FTE for MRAD are charged to the general fund, which is reimbursed by MRAD fund.</p>

LCAP Glossary

STATE PRIORITY: BASIC SERVICES

Teacher Misassignments - The placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

Student Access to Standards Aligned Instructional Materials - Every school is required to provide sufficient textbooks, or other instructional materials, for all students in core subject areas. These instructional materials must be aligned to the content standards. Core subject areas include English language arts (including English Language Development), mathematics, history/social science and science. Students enrolled in a foreign language or health course must also be provided sufficient instructional materials and adequate science laboratory equipment must be available for science courses in grades 9-12.

Facilities in Good Repair – ‘Facilities in Good Repair’ is a rating on the Williams’ report. The facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction. The Williams’ case states that all students equal access to instructional materials, quality teachers, and safe schools. School districts must assess the safety, cleanliness, and adequacy of school facilities, including any needed maintenance to ensure good repair.

Williams Act - In 2000, several civil rights groups sued the state, arguing that California was denying thousands of students their fundamental right to an education by failing to provide them with the basic tools necessary for that education. Four years later, the suit was settled and new laws were established to ensure that: All students have textbooks and instructional materials; schools are clean, safe, and functional; and students have qualified teachers.

STATE PRIORITY: IMPLEMENTATION OF COMMON CORE STATE STANDARDS

California Standards (formerly Common Core State Standards) - In 2010, California’s Board of Education adopted the Common Core State Standards for K-12 schools, joining 44 other states and the District of Columbia. The CCSS are learning goals in math and language arts for every grade level. These standards are aimed at ensuring that every student graduates from high school prepared for college and careers. They are generally more rigorous than the former California Content Standards and require more critical thinking, writing and problem-solving.

STATE PRIORITY: COURSE ACCESS

Course Access - Student enrollment in a broad course of study that includes, if applicable:

- Grades 1-6: English, Mathematics, Social Sciences, Science, Visual and Performing Arts, Health, Physical Education, and other studies as prescribed by governing board.
- Grades 7-12: English, Social Sciences, Foreign Language, Physical Education, Science, Mathematics, Visual and Performing Arts, Applied Arts, Career Technical Education, Automobile Driver Education, and other studies as prescribed by governing board.

STATE PRIORITY: STUDENT ACHIEVEMENT

CAASPP - The California Assessment of Student Performance and Progress (CAASPP) System includes Smarter Balanced Summative Assessments, Interim Assessments, and Digital Library. Summative Assessments are administered in grades three through eight and eleven for English language arts/literacy (ELA) and mathematics. CAASPP assessments include computer-based and paper-pencil assessments. The computer-based assessments are the Smarter Balanced English language arts/literacy (ELA) and mathematics tests. The paper-pencil assessments include the science assessments—the California Standards Tests (CSTs) for Science, the California Modified Assessment (CMA) for Science, and California Alternate Performance Assessment (CAPA) for Science—and the optional Standards-based Tests in Spanish (STS) for Reading/Language Arts (RLA).

PSAT - The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) is a program cosponsored by the College Board and National Merit Scholarship Corporation (NMSC). It's a standardized test that provides firsthand practice for the SAT. It also gives students a chance to enter scholarship programs and gain access to college and career planning tools.

UC/CSU Required Courses – The UC/CSU Required Courses or “A-G” Requirements are a sequence of high school courses that students must complete (with a grade of C or better) to be minimally eligible for admission to the University of California (UC) and California State University (CSU). They represent the basic level of academic preparation that high school students should achieve to undertake university work.

Career & Technical Education (CTE) – CTE is a program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers.

English Learners (ELs) or English Language Learners (ELLs) – English learners are those students for whom there is a report of a primary language other than English on the state-approved Home Language Survey AND who, on the basis of the state approved oral language (grades kindergarten through grade twelve) assessment procedures and literacy (grades three through twelve only), have been determined to lack the clearly defined English language skills of listening comprehension, speaking, reading, and writing necessary to succeed in the school's regular instructional programs.

CELDT - The California English Language Development Test (CELDT) is the California state exam of English language proficiency. It is administered each year as an initial assessment (IA) to newly enrolled students whose primary language is not English, as indicated on a home language survey, and as an annual assessment (AA) to monitor the progress of EL students identified previously. The CELDT test assesses Listening, Speaking, Reading and Writing skills using performance-based and multiple choice formats. Grade levels tested: K-12.

English Learner Reclassification – Once an English learner reaches full proficiency in English and attains grade-level academic performance he/she exits the English Learner Program successfully and is identified as a reclassified Fluent English Proficient (R-FEP) student. WCCUSD has developed student reclassification policy and procedures based on criteria set forth by California Department of Education guidelines.

Advanced Placement Exams - AP Exams are rigorous, multiple-component tests that are administered at high schools each May. Students can choose from 34 different exams in English, Math, Science, Social Studies, Foreign Language, and Fine Arts. AP Exam scores are reported on a 5-point scale as follows: 5 (Extremely Well Qualified), 4 (Well Qualified), 3 (Qualified), 2 (Possibly Qualified), and 1 (No Recommendation). Students scoring 3 or above is considered 'passing.' Grade levels tested: 9-12.

Early Assessment Program (EAP) - The Early Assessment Program is a project of the California State University system designed to gauge college-readiness among high school students. In their junior year, high school students have the opportunity to take the Early Assessment Program tests in math and language arts. High scores allow students to skip CSU placement testing. English scores are based on the 15 EAP multiple-choice questions, selected questions from the grade 11 CST test, and the EAP Essay. Math scores are based on the 15 EAP multiple-choice questions, plus selected questions from the Algebra 2 or Summative High School Math CST. Grade level tested: 11.

STATE PRIORITY: OTHER STUDENT OUTCOMES

Physical Fitness Test - The Physical Fitness Test (PFT) for students in California schools is the FITNESSGRAM. The test has six fitness areas including: 1) Aerobic Capacity, 2) Abdominal Strength and Endurance, 3) Upper Body Strength and Endurance, 4) Body Composition, 5) Trunk Extensor Strength and Flexibility, and 6) Flexibility. The PFT provides information that can be used by (1) students to assess and plan personal fitness programs; (2) teachers to design the curriculum for physical education programs; and (3) parents and guardians to understand their children's fitness levels. Grade levels tested: 5, 7, and 9.

STATE PRIORITY: PARENT INVOLVEMENT

Efforts to Seek Parent Input - Include families as participants in school and district decisions, governance, and advocacy through ongoing training and meetings that will develop the skills and knowledge parents need to engage with decision-making processes focused on understanding the educational system, tools and skills to organize their actions and planning when participating in district and school advisory and governance committees.

Promotion of Parent Participation – To ensure student success, parents and schools need to work together, to establish asset-based relationships between the home and school. This is critical. Some of our strategies to increase two-way communication to enhance relationships between the home and school include:

- Home Visits: Non-academic home visits designed to enhance the relationship between the teacher/s and family.
- Using technology tools such as smartphone capabilities (texting, e-mail, tablet and mobile friendly district websites) to keep parents informed of student progress, attendance and support ongoing classroom-home communication.
- Training teachers on how to establish asset-based partnerships with the families they serve.
- Developing welcoming school environments that communicate to all parents they are welcomed and recognized as an asset.
- Strengthening the ability of families to support learning at home by understanding how the educational system works, increase awareness of what the grade level expectations are, and what grade level student work should look-like.

Parent Advisory Committees – The following lists district parent committees:

- Multilingual District Advisory Committee: The MDAC is a district wide committee on English learner education, that advises the district's local governing board (e.g., in person, by letter/reports, or through an administrator) on programs and services for English learners.
- District Advisory Committee: DACs are required to certify that the LEA's Consolidated Application for specified categorical funds, including, but not limited to school-based coordinated categorical programs, compensatory education programs, and EIA programs, is developed with review and advice from the committee.
- School Site Councils: A committee made up of parents, classroom teachers, school staff, and the principal that develops, implements and monitors the Single Plan for Student Achievement (SPSA also known as School Plan).
- English Learner Advisory Councils: a committee made up of parents of English learners that advise the SSC on how to best support the needs of English learners.
- Community Advisory Committee for Special Education (CAC): A mandated committee whose purpose is to advise the district on the unique requirements of individuals with exceptional needs.
- Local Control Accountability Plan (LCAP) Parent Committee: Advises the Board on the LCAP.

STATE PRIORITY: STUDENT ENGAGEMENT

Annual Student Attendance Rates – Total days attended / Total days of membership within student group categories using ADA rules (if a student is not marked absent one period, they are considered present for the day).

Chronic Absenteeism – A chronically absent student is defined as one who misses 10% or more of the school year using ADA rules (if a student is not marked absent one period, they are considered present for the day).

Middle School Dropout – A student who was enrolled in grades 7 or 8 at some time during the previous school year AND left school prior to completing the school year AND has not returned to school as of Information Day OR student who did not begin attending the next grade (7, 8) in the school to which they were assigned or in which they had pre-registered or were expected to attend by Information Day.

Adjusted Cohort Dropout Rate - This is the rate of students that leave the 9-12 instructional system without a high school diploma, GED, or special education certificate of completion and do not remain enrolled after the end of the 4th year. The formula is similar to the formula listed in 1.2, but the numerator is replaced with the number of students in the 4-year cohort that dropped out by the end of year 4 of the cohort.

Cohort Graduation Rate - The four-year graduation rate is calculated by dividing the number of students in the 4- year adjusted cohort who graduate in four years or less with either a traditional high school diploma, an adult education high school diploma, or have passed the California High School Proficiency Exam (CHSPE) by the number of students who form the adjusted cohort for that graduating class.

STATE PRIORITY: SCHOOL CLIMATE

Suspensions and Expulsions – Suspension and expulsion data is obtained from CALPADS, which started collecting discipline data in 2011-12. The California Longitudinal Pupil Achievement Data System (CALPADS) is the foundation of California's K-12 education data system that allows for tracking a student's academic performance over time.

CHKS - The California Healthy Kids Survey (CHKS) is a comprehensive youth health risk and resilience data collection service sponsored by the California Department of Education (CDE). The California Healthy Kids Survey (CHKS) is the largest statewide survey of resiliency, protective factors, and risk behaviors in the nation. Grades levels surveyed: 5, 7, 9, 10, 11, and 12.
