School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Dover School is a place where every student:

- is a leader in service to their school and community.
- works together with teachers and families to achieve their highest academic potential.
- is engaged in rigorous, exciting instruction.
- is preparing for university and career.
- is a critical thinker and problem solver.
- feels safe to learn and take risks.
- is self-motivated, developing into a lifelong learner.
- is an advocate for themselves and others.

Dover is a vibrant, collaborative community working continuously towards the achievement of our Vision of academic success for every student. Our primary focus is to maintain and extend our culture of high expectations and to promote our students' problem-solving and critical thinking skills. Dover is a Full Service Community School Phase 1. Dover utilizes a Multi-Tiered Support Systems approach to intervention (MTSS), formerly known as Response to Intervention (RTI) which offers differentiated instruction for each student based on their individual needs.

Literacy: Dover focuses on reading and writing with an additional emphasis on Academic Language. During data analysis and team meetings our teachers, the English Language Development Coach and Principal pay particular attention to student results in these areas. In reading we are providing struggling students with 45 minutes of daily small group reading intervention instruction. All grades require students to read independently as part of their daily homework. In writing we are focusing on teaching students the writing process, tailoring instruction in each step to meet their needs. Our faculty is committed to implementing Guided Language Acquisition Design (GLAD) strategies to support our English learners in achieving and exceeding grade level standards. In Academic Language we are using instructional resources from Treasures, focusing on vocabulary development and reading in ELD, and providing more guidance to students on developing academic discourse structures in speaking and in writing.

Math: Dover will maintain our emphasis on guided practice and small group work using the Everyday Math program, supplemental materials, and teacher created materials. We will continue to focus on implementation of math games to support the students' acquisition of math skills. Based on data, our 4th grade students continue to use our computer-based math support program called ST Math and Study Island. School-wide Dover is focusing on development of number sense, academic discourse, and using multiple methods to learn, understand, and prove reasoning in order to support the California Common Core State Standards.

ELD: ILT created a SMART Goal for ELD, and decided that this subject will be the main focus at Dover this year. Dover has a large population of English Language Learners and our academic program is structured to meet their needs. Grades K - 6 block students to teach a class based on their CELDT level. ELD is the main professional development focus of our ELD/ELA Coach. Our Learning Center staff work with ELL students in small groups to develop their English language skills in listening, speaking, reading and writing. Targeted students have a graduate tutor working with them in small groups to help them improve their English language skills in order to make annual growth on the California English Language Development Test (CELDT). Newcomer students have additional time to work in small groups to further support their instruction.

Science/Social Studies/Physical Education: 5th grade blocks four days a week for Science, Social Studies & Physical Education

Important elements to the academic success of Dover:

- 1st grade blocks daily to allow for 50 minutes of differentiated instruction/intervention in ELA
- Regrouping for daily ELD/ALD five days a week (45 minute block).
- Bell-to-bell instruction - more time on critical tasks
- Builds collegiate support for 1st - 3rd grade teams
- Fluid regrouping of students with ongoing monitoring
- Full implementation of My Math, the Learning Center Model, ELD/ALD, and MTSS
- A structured, standards-based day
- A positive school climate and improved student behavior based on Restorative Justice Practices
- Teachers collaborate during Release Days as grade levels to plan differentiated instruction based on data

Dover School is located in San Pablo, California, a city that has a large population (704 students). Dover School was built in 1964 and feeds into Helms Junior High School. It was rebuilt six years ago, and Dover students, parents, and staff is grateful to the community for our beautiful, modern new buildings. In addition to our program for students in grades kindergarten through grade 6, we have one transitional kindergarten classroom and two preschool classes (am/pm). Dover relies heavily on categorical funds to serve its student population. Funding currently at Dover School includes: T-1, LCFF, and the ASES After School Grant.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Dover was built in 1958. Portable classrooms were added in 1965, the late 1980s, and in 1997.

We have several new murals on campus, and two wonderful gardens which are used by students and staff regularly. The gardens are integrated into the curriculum, and nutritional education is part of our after-school program. To prevent graffiti, students have designed imitation stained glass windows. School facilities are cleaned daily. For repairs, safety concerns are given the highest priority, followed by work that impacts the educational program. Dover School was rebuilt with a new facility which opened in 2010 and was fully completed in 2011.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

- Parental Education through the Dover Parent Group
- Adult English as a Second Language (ESL) Class: Dover School hosts an adult ESL class 4 days a week (Monday - Thursday). Babysitting is provided.
- Parent Learning Meetings: The Parent University & Financial Workshops through Sparkpoint provides parents with strategies to support their children's academic success. We're the only school in WCCUSD that has held three cohorts in one year in the past. We're holding two cohorts this year.
- San Pablo Police Department Parent Project Workshops
- Kid Power Workshops for parents
- 1st and 2nd grades offer workshops for parents on how to help their children with reading at home
- Literacy Night
- Play Day for parents, students, teachers, and staff
- Clean-up Day
- Common Core/Math Night
- Back to School Night
- Open House
- Mother's Day and Volunteer Day held each May

PARENT GROUP: The Dover Parent's Club main role is to plan school events, increase parent participation in the classroom, and provide fundraising activities. They meet every Friday morning. Major activities include:

- Winter Carnival
- African-American History Celebration
- Scholastic Book Fairs
- Multicultural Fair and Assemblies
- Cinco de Mayo Parade

AFRICAN AMERICAN GROUP: The African American Group meets on Thursdays at 8:30 a.m.

- Career Day Assembly in which professionals were invited to encourage students to go to college and they spoke in an panel about the struggles to get there and how they attained their goals.
- African-American History Assembly
- In order to celebrate African American History Month, there will be a "Read In" in each classroom in which African American professionals will read books from A.A. authors. The City of San Pablo is sponsoring this event by purchasing books for the event.

ENGLISH LANGUAGE ADVISORY COMMITTEE (ELAC): Every elementary school must have an English Language Advisory Committee composed of parents and school staff that reviews and advises on the instructional program for students who are English Language Learners.

SCHOOL SITE COUNCIL (SSC): Every elementary school must have a School Site Council composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852).

Contact Information for Parental Involvement: Staff Community Engagement Office - 510-307-4526

State Priority: School Climate

School Safety Plan (School Year 2016-17)

Approved January 2015 by Elizabeth MontesNation - Coordinator, Disaster Preparedness and Safety

Dover prides itself on being a strong community and safe school. Our PlayWorks program and counseling program give students tools and strategies for playing together and solving problems. Students learn about responsibility, self-control, and teamwork in small group counseling. In addition, Dover provides support to students through Restorative Justice Practices to have deeper conversations with teams of students and small groups to address conflict mediation and problem solving strategies. Dover's Climate Committee meets monthly to discuss and address situations that arise as a team. Beyond the school day, Dover actively works to maintain a safe campus. An on-going focus is on traffic safety and ensuring that parents drop-off and pick-up their children in designated areas. In order to address traffic safety, there are two Drop-Off Zones, one on 19th St. and another one on Dover Street. This has helped alleviate the number of children being dropped off and picked-up in designated areas by grade level. Also, the Kindergarten schedule was adjusted this school year to allow 100 students to arrive 15 min. earlier to alleviate traffic and make it safer for student pick up and drop off.

The School Safety and Emergency Preparedness Team coordinate all emergency and safety plans. All students, teachers, and staff participate in monthly fire drills, California Shake-Out, and surprise lock down procedures. The School Safety and Emergency Preparedness Team updates the following as needed:

- Facility review
- Earthquake plan
- Fire plan
- Toxic spill plan, intruder
- Green folder updated with emergency procedures

The District's Campus Safety Officer presented to Dover Staff at the December Staff Meeting a review of his safety walk through as we prepared for our Lockdown Drill.

Professional Development (Most Recent Three Years)

Quality instruction and instructional leadership are at the heart of the district's achievement efforts. To ensure this, the Academic Support Division engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff Professional Development days in which teachers have opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards based curriculum content areas. Beyond the content areas, professional development is provided in English Language Development, Gifted and Talented Education (GATE), differentiated instruction and educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams in meeting the needs of all students. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.

At Dover, teachers have many opportunities for professional development. There is an Instructional Leadership Team (ILT) comprised of a teacher from each grade level, our ELD/ELA Coach, the Academic Subcommittee Representative, our Vice Principal, and Principal. The ILT meets once a month for 1.5 hrs. We have set a SMART Goal to discuss data for a minimum of 30% of the designated meeting time, plans professional development, and supports team planning. During our Staff Meetings, an ILT member reports to the whole staff a brief summary of our monthly meetings. Teachers are also given release time for GLAD Training & Restorative Justice Trainings. A Multi-Tiered Support System (MTSS) Lead Team helps coordinate professional development and a district math coach works with our teachers in grades 5-6. We bring in district experts as special guests to provide professional development to our teachers: Some of them include: Math Department, ELD Department, Growth Mindset, Special Ed Department, High Expectations, Math, and Coordinator of Disaster Preparedness and Safety. We also provide professional development from our own teachers who attend training, who in turn bring in the information to share with the rest of our faculty.
