School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Nestled in the hills of El Cerrito, overlooking the San Francisco Bay, Madera Elementary School is a high-achieving school within the large West Contra Costa Unified School District. Madera serves a diverse population of approximately 500 students, in grades K-6. Ethnic, cultural, linguistic and academic diversity is one of the many characteristics we love about our school. We have more than 13 ethnic groups represented, with no group comprising more than 40% of the total population. Many students speak a language other than English at home and within their cultural communities. In each class, there is a wide range of ability, with students who far exceed grade level expectations, others for whom schoolwork is a challenge, and everything in between. We have a full-inclusion program, supporting children with autism spectrum disorders and other disabilities. This tapestry of people reflects the broader community in which we live and contributes much to helping us become people who are more compassionate and understanding.

Madera strives to give all students access to a high-quality education that will prepare them with the skills needed to be successful in future academic endeavors and as global citizens who make a positive contribution to their communities and world. We are becoming a true learning community in which teachers, staff, parents and students are working, learning and growing together to create a school that fosters creativity, high level thinking, and thoughtful interactions. We acknowledge and respond to students' unique strengths and needs by providing engaging, challenging curriculum that addresses individual differences and develops academic competence and confidence. The Madera Elementary Foundation raises funds needed to support our many school programs that directly benefit students, programs such as a whole-school morning running club, weekly music classes, a substantial garden program, art classes, assemblies, technology, and classroom field trips and materials. Our school community supports our collective effort to provide opportunities for inquiry and integrated, experiential learning, indoors and out, sharing the belief that children need to explore, interact with and learn to appreciate the world around them.

With a shared vision and collective effort, we are, as our motto states, "One school, one community, one team: learning and growing together."

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

Parents are a valued, integral part of the Madera school community. There are many, many opportunities for parent and community involvement at the school, both in the classroom and out, in ways large and small. We rely on parents to drive or chaperone on field trips, provide supervision on the playground at lunchtime and to help with projects, specific lessons, and for adult support during enrichment programs such as art and library.

Our active Parent Teacher Association (PTA) hosts events throughout the year including monthly membership meetings that serve to maintain and build upon our long-standing, strong sense of community. Parents also serve on the Madera Elementary Foundation (ME!) that works to provide needed financial resources to provide school programs that directly benefit our students.

The Dad's Club is another vital organization within the school. This group raises funds, helps with audio/visual technology, provides assistance for set-up and clean-up of events, hosts work parties and helps with various other school building projects. They are instrumental in helping to foster the highly participatory community that we enjoy.

Our School Site Council (SSC) is composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852). This leadership team oversees the educational program and school site budget as outlined in the Madera School Site Plan.

All parents are invited to share their time and talents as they are able, as active participants who contribute to the overall well-being and high success of our children.

School Safety Plan (School Year 2016-17)

Approved January 2015 by Elizabeth MontesNation - Coordinator, Disaster Preparedness and Safety

The West Contra Costa Unified School District incorporates requirements of all legislative mandates into a single Emergency Preparedness Plan that is updated annually. Along with a committee of school staff and parents, the principal manages the site Emergency Plan which is reviewed and revised annually. The District and school site work closely with local police and fire departments to develop and revise comprehensive safety plans. Further, annual faculty training and monthly drills help all persons become familiar with proper procedures and individual responsibilities required in the event of an emergency.

Professional Development (Most Recent Three Years)

Quality instruction and instructional leadership are at the heart of the district's achievement efforts. To ensure this, WCCUSD's Educational Services Department engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards based curriculum content areas. Beyond the content areas, professional development is provided in English Language Development, Culturally and Linguistically Responsive Pedagogy, differentiated instruction and educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams in meeting the needs of all students. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.

At the site level, professional development is planned on an annual basis. Given the wide range of abilities and needs present in every classroom at Madera, along with the shift in implementation of the Common Core State Standards, our school currently focuses on pedagogy around workshop models for reading and writing; integration of science, technology, engineering, arts and mathematics (STEAM); and, child development and social-emotional learning. Teachers actively learn collaboratively through book study, workshops, conferences and visits to neighboring schools within and outside our district.
