***CI C.7 Ratification and Approval of Engineering Services Contracts**

Comment:

Contracts have been initiated by staff using previously qualified consulting, engineering, architectural, or landscape architectural firms to assist in completion of the referenced projects. Many of the firms are already under contract and the staff-initiated work may be an extension of the firm's existing contract with the District. Public contracting laws have been followed in initially qualifying and selecting these professionals.

Recommendation:

Ratify and approve contracts

Fiscal Impact:

Total for this action: \$3,605,249. Funding sources Fund 40, Measure J Bond and Measure D-2010 Bond.

***CI C.8 Ratification and Approval of Negotiated Change Orders**

Comment:

Staff is seeking ratification of Change Orders on the following current District construction projects: Bayview ES Exterior Walls & Roof Repairs; Ohlone ES Phase I New Classroom. Change Orders are fully executed by the District upon signature by the Superintendent's designee. Board ratification is the final step required under state law in order to complete payment and contract adjustment.

In accordance with Public Contract Code 20118.4, the Board, by ratifying these Change Orders, finds that it would have been futile to publicly bid the work in question because of the tight time frames to complete this work without affecting the operations of the District, and that the public is best served by having this work completed by the contractor on the project.

Recommendation:

Approve negotiated Change Orders as noted

Fiscal Impact:

Total approval by this action: \$51,035.24

***CI C.9 Annual Financial Audit of District Bond Program**

***CI C.13 Proposition 39 Final Offers of Space to Caliber Beta Academy and Richmond Charter Academy Middle School**

Comment:

Pursuant to Proposition 39, a school district is required to provide facilities to a charter school that is operating within the school district and that, by November 1 of the fiscal year preceding the year for which facilities are requested, submits a legally sufficient request for facilities. A school district is required to accommodate a charter school's in-district students in conditions reasonably equivalent to those in which the students would be accommodated if they were attending other public schools of the school district. Whether the conditions of the proposed school site are reasonably equivalent is determining by analyzing a comparison group of school district operated schools with grade levels similar to those of the charter school. Additionally, a school district is required to make reasonable efforts to provide the charter school with facilities near to where the charter school wishes to locate.

Caliber Beta Academy

On November 1, 2013, Caliber Beta Academy (“Caliber”) submitted a legally sufficient request for Proposition 39 facilities for the 2014-2015 school year. Caliber projected an in-district classroom average daily attendance (“ADA”) of 256.5 for grades Kindergarten through 3 and grade 6. The West Contra Costa Unified School District (“District”) accepted Caliber’s in-district classroom ADA projection for the 2014-2015 school year. Caliber wishes to locate in the area of Richmond, California.

On or before April 1, 2014, the District is required to submit, in writing, a final notification of the space offered to Caliber for the 2014-2015 school year. District staff recommends providing Caliber with a co-location of space at Stege Elementary School (“Stege”). Stege has sufficient space to accommodate Caliber’s total in-district classroom ADA for the 2014-2015 school year. Additionally, District staff conducted a comparison group schools analysis (included herein) and determined that Stege has conditions that are reasonably equivalent to those of Caliber’s comparison group of District operated schools. Stege serves the same grade levels as Caliber and is located in Richmond, the area in which Caliber specifically requested to locate. District staff recommends providing Caliber with exclusive use classrooms sufficient to accommodate Caliber’s total in-district Classroom ADA and shared use of Caliber’s proportional share of specialized and non-teaching station space at Stege, as required by Proposition 39.

Richmond Charter Academy Middle School

On November 1, 2013, Richmond Charter Academy Middle School (“RCA”) submitted a legally sufficient request for Proposition 39 facilities for the 2014-2015 school year. RCA projected an in-district classroom ADA of 230.7. The District objected to RCA’s projection because RCA failed to provide documentation supporting its projected substantial increase in in-district classroom ADA, as required by California Code of Regulations, title 5, section 11969.9, subdivision (c)(1)(C). Based on the documentation provided by RCA, the District projected an in-district classroom ADA of 201.4 for the 2014-2015 school year, which it considers reasonable for RCA. In its facilities request, RCA stated that it wishes to locate at Adams Middle School (“Adams”) or in its proximity.

On or before April 1, 2014, the District is required to submit, in writing, a final notification of the space offered to RCA for the 2014-2015 school year. District staff recommends providing RCA with a co-location of space at Juan Crespi Middle School (“Crespi”). Crespi has sufficient space to accommodate RCA’s total in-district classroom ADA of 201.4 for the 2014-2015 school year. Additionally, District staff conducted a comparison group schools analysis (included herein) and determined that Crespi has conditions that are reasonably equivalent to those of RCA’s comparison group of District operated schools. Furthermore, Crespi serves the same grade levels as RCA. Although RCA requested to locate at Adams, the District cannot locate RCA at this site. As Adams is a closed school site, the conditions of Adams are not reasonably equivalent to those of RCA’s comparison group of District schools. To make the Adams campus operative would require significant time and expenditures. The Proposition 39 regulations do not require school districts to pay to modify closed school sites in this manner. Crespi is the closest school site to where RCA wishes to locate with the requisite space to meet RCA’s facilities needs. Therefore, District staff recommends providing RCA with exclusive use classrooms sufficient to accommodate RCA’s total in-district classroom ADA of 201.4 and shared use of RCA’s proportional share of specialized and non-teaching station space at Crespi, as required by Proposition 39.

Recommendation:

On or before April 1, 2014, provide a final notification of space to Caliber at Stege, including exclusive use classrooms sufficient to accommodate Caliber’s total in-district classroom ADA and shared use of Caliber’s proportional share of specialized and non-teaching station space at this location. On or before

April 1, 2014, provide a final notification of space to RCA at Crespi, including exclusive use classrooms sufficient to accommodate RCA's total in-district classroom ADA and shared use of RCA's proportional share of specialized and non-teaching station space at this location.

Fiscal Impact:

The District must furnish, equip, and make the space available for occupancy by Caliber and RCA ten (10) working days prior to the charter schools' first day of instruction. The District will charge Caliber and RCA a pro rata share of its facilities costs for the use of the facilities at Stege and Crespi, as permitted by California Code of Regulations, title 5, section 11969.7. The District reserves the right to seek a monetary reimbursement amount from Caliber and RCA for over-allocated space pursuant California Code of Regulations, title 5, section 11969.8.

***CI C.14 Hosted VoIP to standardize and upgrade communication systems for all District sites ("Project")**

Comment:

Our District ERATE consultant, Infinity Communications and Consulting, Inc, prepared plans and specifications for the Project. The Project consists of providing a managed Cisco VoIP solution for all District sites. Currently, the District's communication system is outdated, rapidly losing its utility and is incompatible among the various sites. The upgraded communications solution will provide the District with the latest in communication technology. For example, voicemail will be integrated with email.

The District solicited competitive bids for the Project. The Request for Proposals was advertised on January 11, 2014 and closed February 14, 2014. Four telecommunication companies submitted proposals with pricing based on a five-year contract as follows:

1. AT&T: \$415,699.08 per year with one time installation fees of \$65,212.55 (Erate eligible) and one time installation fees of \$62,246.58 (Erate ineligible);
2. Broadcore: \$530,038.68 per year with one time installation fees of \$38,681.40;
3. NWN: \$716,576.76 per year with one time installation fees of \$75,000; and
4. Jive: \$792,420 per year with one time installation fees of \$148,650.00.

Pursuant to Public Contract Code section §20118.2, the District may consider, in addition to price, factors such as performance reliability, standardization, life-cycle costs, support logistics, fitness of purchase and similar factors in the award of contracts for technology.

The District evaluated the proposals based on the Selection Criteria set forth in the RFP and price. Based on this evaluation, it was determined that NWN proposed both the lowest price for the services and received the highest score on the selection criteria. Jive was the second low responsive bidder.

Both AT&T and Broadcore were deemed nonresponsive. Although AT&T's proposal included a lower price, it did not provide a form of service provider contract as required by the RFP, nor did AT&T provide for several required contract clauses as indicated by the RFP. The RFP specifically provided that a proposal which did not include these provisions would be considered non-responsive. Additionally, AT&T's proposal did not include a price for the costs of the classroom and administrative phones as required by the RFP. Broadcore was also deemed nonresponsive because its proposal took exception to the RFP terms and conditions. In addition, Broadcore did not provide a plan to incorporate the District's existing infrastructure into the proposed system.

It is therefore recommended that NWN be awarded the contract.

Recommendation:

Ratify the award to the lowest responsive, responsible bidder: NWN

Fiscal Impact:

\$75,240.56 per year after ERATE and CTF discounts and \$15,750 installation fees for the first year.
Funded from General Funds.

***CI C.15 Assessment System for Common Core State Standards**

Comment:

The District currently uses the Edusoft solution for the purpose of assessment. This system is a database containing State and District assessment results and specializes in providing informative reports to assist teachers and administrators in making data-driven decisions to support student learning. Staff feel that Edusoft has outlived its useful life. In order to comply with the direction provided in our LCAP and Strategic Plan, the District began the search for a new assessment system which would allow all staff the ability to input and extract data, in an easily-readable format, to better make decisions regarding student learning.

The District began the search by soliciting information from other districts. From the information gained, the District selected four systems to investigate. These systems were: Educator's Assessment Data Management System (EADMS), School City, Mastery Connect and Illuminate Education. It was found that Illuminate Education's system best met the needs of the District and would assist the District in meeting the objectives of the Common Core State Standards.

Corona-Norco Unified School District advertised for an assessment system through RFP which closed on March 19, 2013. The winning vendor was Illuminate Education. Illuminate Education's response used language indicating that any district in California could purchase off their contract. We are taking advantage of this piggyback option.

The Technology Subcommittee approved Illuminate Education's assessment system March 11, 2014.

Recommendation:

Approve Illuminate Education's assessment system

Fiscal Impact:

\$169,500 yearly. Funded from CCSS.

***CI C.16 High School Physical Education Exemption Process and Physical Fitness Testing**

Comment:

During the Federal Program Monitoring for the WCCUSD Physical Education Exemption policy, it was discovered that WCCUSD was not in compliance with the state's Physical Education Exemption process and the monitoring and tracking of students receiving Physical Education Exemptions.

With extensive review, revisions and support the Physical Education Exemption Process guidelines, Physical Education Exemption Request Form and the Physical Fitness Testing (PFT)/Physical Education Exemptions Monitoring and Tracking system were revised to meet California Department of Education requirements.

We are requesting the Board to approve the Physical Education Exemption Process, and the Physical Fitness Testing (PFT)/Physical Education Exemption Monitoring and Tracking system for Physical Education Exemptions and Physical Fitness Testing (PFT). The monitoring and tracking system and application process will be implemented at all WCCUSD High Schools beginning in the 2014-15 school year.

Comment:

The West Contra Costa Physical Education Department has provided the proposed Physical Education Core 9 through 12 Course Descriptions. During the Federal Program Monitoring for the WCCUSD Secondary Physical Education Curriculum, it was discovered that the WCCUSD was not in compliance with state standards. With extensive review, revisions and support the Physical Education Core 9 through 12 Course Descriptions were revised to meet California Department of Education requirements.

The courses will be implemented at all WCCUSD High Schools beginning in the 2014-15. We are requesting that the Board approve the proposed courses.

***CI C.19 Board Approval of Single Plans for Student Achievement (SPSAs) and Title I Parental Involvement Policies**

Comment:

The Single Plan for Student Achievement serves as a vehicle for communicating information about a school's vision, initiatives to improve academic achievement, as well as a description of how supplemental categorical funds from the Consolidated Application are used to support these efforts. School plans describe legally-mandated requirements and comprehensive programmatic information that includes:

- a description of how parents are involved in the school program;
- Adequate Yearly Progress (AYP) data analysis and assessment of student learning;
- an action plan for improving student achievement and closing the achievement gap;
- a plan to improve attendance
- a plan to promote a safe, welcoming and disciplined learning environment; and
- Title I Parent Involvement Policies, as needed for Title I schools.

Training and support are provided to assist schools in using the template, analyzing data and completing the SPSAs. The plans are developed and approved by the School Site Councils (SSCs). The plans are available for review on the District website and at the Educational Services Department located at the Vista Campus.

Recommendation:

Recommend Approval

Fiscal Impact:

Categorical revenue

***CI C.20 Approval of District Local Control Accountability Plan Parent Committee Nominees**

Comment:

On January 29, 2014, the Board approved the guidelines for the selection of the members of the District Local Control Accountability Plan Parent Committee. Letters seeking recommendations for nominees were sent to the heads of each organization listed. Principals solicited parent participants through flyers, phone calls and at School Site Councils and other meetings. The application was also posted on the District's web site. Each high school attendance area family of principals met to review the applications received at their individual schools and agreed by consensus on the nominees presented below. High school principals also nominated sophomore and junior level students to serve as ex officio members.

At the March 12, 2014 meeting the Board approved 33 members for the community. Additional members nominated by community organizations include: Kaniesha Parker from Building Blocks for Kids, Lucretia Bobo from the Richmond NAACP, and Kimberly Chamberlain from School Supervisors Association.

Recommendation:

That the Board approve the additional members of the District Local Control Accountability Plan Parent Committee for 2014 and 2015.

Fiscal Impact:

D. AWARDS, RECOGNITIONS, AND REPORTS

*** D.1 Recognition of Schools Selected by California Business for Education Excellence for Prestigious Honor Roll**

Comment:

Schools receiving this distinction from the California business community have demonstrated consistently high levels of student academic achievement, improvement in achievement levels over time and reduction in achievement gaps among student populations. For high schools, the Honor Roll recognition also includes measures of college readiness.

The CBEE Honor Roll is comprised of “Star Schools Award (1,022 schools) and “Scholars Schools” Award (1,077) schools. CBEE Star schools are those with significant populations of socio-economically disadvantaged students that have shown a significant increase in grade-level proficiency over time. CBEE Scholar Schools are school that show significant levels of academic achievement, but do not have a significant socio-economically disadvantaged student population.

Over time, CBEE has identified a common set of success factors in higher performing Honor Roll schools and districts. These include high expectations for all students; ongoing collaboration among teachers to improve practice, targeted use of data to pinpoint challenges and monitor progress; continual intervention for struggling students; and mastery of content knowledge and pedagogical practices.

We would like to recognize Middle College High School, Montalvin Elementary School and Olinda Elementary School for receiving the Star Schools Award and Hanna Ranch Elementary School, Kensington Elementary School and Madera Elementary School for receiving the Scholars School Award.

G. DISCUSSION ITEMS

* **G.1 Strategic Plan / Local Control Accountability Plan Update**

Comment:

West Contra Costa Unified is in a unique position in implementing Local Control Funding Formula (LCFF) for the 2014-15 school year. During the time that the Legislature was shaping the LCFF in 2013, the District was engaged in developing the 2014-2019 strategic plan. In October of 2013, the Governor signed the legislation that authorized the LCFF and its accountability mechanism, the Local Control Accountability Plan (LCAP). In November 2013, the WCCUSD Board of Education accepted the 2014-19 Strategic Plan report. The LCAP requires that the Board approves a three-year plan that includes goals, activities, and budget that addresses eight state priorities areas listed in the statute. The strategic plan includes six overarching strategies, 35 objectives and 134 tactics. While there's a great deal of alignment between the state priorities and the strategic plan strategies, there are areas in each that are not addressed in the other.

At a workshop meeting on February 26, 2014, the Board reviewed the initial draft that incorporates the Local Control Accountability Plan into the framework of the strategic plan. Board members asked questions and provided feedback and suggestions. Those suggestions have been incorporated into the second draft. The first draft provided actions and budget amounts for the 2014-15 school year. The second draft includes actions and budgets for 2014-15, 2015-16 and 2016-17. After the Board reviews and provides feedback on the second draft, a third draft will be presented to the District Local Control Accountability Plan Parent Committee. The Parent Committee will review the plan and advise the Board on changes to better align the plan with the parameters of the LCAP and the strategic plan report. The plan will then be revised and brought back to the Board for public hearing in May and ultimately for adoption with the 2014-15 budget in June.

Recommendation:
