CULTIVATING DIGITAL LITERACY TIP #2

TEACH AND PROMOTE INTERNET SAFETY

How do you teach kids to be safe in an online world?

Appreciations

Thank you to Ms. Paula for temporarily returning as one of our yard supervisors. Last June, she retired after 7 years when her grandchildren were promoted to 7th grade from Sheldon. In addition, Ms. Paula volunteers a large portion of her time to support our kindergarten teachers. We are very grateful to Ms. Paula for her hard work and dedication! We love you, Ms. Paula!

This month, the 1st Trimester REPORT CARD will go home!

Remind your child that school is important. Post school work on the refrigerator. Keep papers she is proud of in a portfolio. Explain that his report card makes a statement about him. Tell her that in your family hard work and good effort are valued most. Set goals for the 2nd Trimester and outline a plan to improve. Remind your student that grades are a measure of effort, the brain is a muscle, and we need to stretch and exercise it to grow our intelligence!

FROM THE PTA...

Congratulations to Ms. Wengell and Ms. Avalos for being the Red Ribbon door design WINNERS! Sheldon teachers decorated their classroom doors to promote drug awareness in support of the National Red Ribbon Campaign. Special thanks to our Superintendent, Mr. Duffy and Executive Director, Mr. Aurelio for being the judges. Awesome work, Teachers! #DrugFreeLifestyle #SayNOtoDrugs

reminder

Our students are expected to work on the LEXIA Program for 40 minutes every week!
