California Healthy Kids Survey (CHKS)

The Accountability and Assessment department will be sending notification letters to all grades 5, 7, and 9-12 parents. Grade 5 Parents must return the permission forms indicating they want their child to participate.

CHKS Site Coordinators will receive their survey links and login information mid January.

District-wide Practice Test!

The SBAC practice test for WCCUSD schools will be administered the week of **1/23 - 1/27**.

Our goals for administering the test include: 1) to give staff and students practice with testing interface and technology, 2) to practice scheduling students through labs, and 3) to test our technology.

Students and staff will have a chance to experience the technology components and testing formats. Although the operational assessment system will be computer adaptive, the Practice Tests follow a fixed-form model. Students and teachers will not receive reports or scores from the Practice Tests.

National Assessment Educational Progress (NAEP)

The NAEP is a measure of student achievement that allows you to compare student performance in California with that of students across the nation. The NAEP tests students in grades four, eight, and twelve in subjects such as reading, writing, math, and science. Schools are randomly selected by the state and a sample of students are tested at the school site by NAEP staff. This year, the following schools were selected: Harding, Pinole MS, Helms MS, Madera, Riverside and Shannon.
