ADAMS MIDDLE SCHOOL SITE

GEOTECHNICAL AND GEOLOGIC SUMMARY

- The site is on an active fault zone.
- To build on the site would require approval from the Division of the State Architect and California Geological Society.
- Since the original school construction, earth has been moved and infill soil present creating landslide deposits.
- Further construction on the site would require test borings and ground water conditions to identify slope related concerns.

DECLARATION OF RESTRICTIONS
SUBDIVISION 3610

WHEREAS the undersigned is the owner of that certain real property situated in the County of Contra Costa, State of California, described as follows:

The tract of land designated on the map of Subdivision 3160, filed in County records, Map Book , page , Contra Costa

WHEREAS, it is the desire of said undersigned owner to impose upon said real property and the present and future owners, thereof, the restrictions and covenants hereinafter set forth.

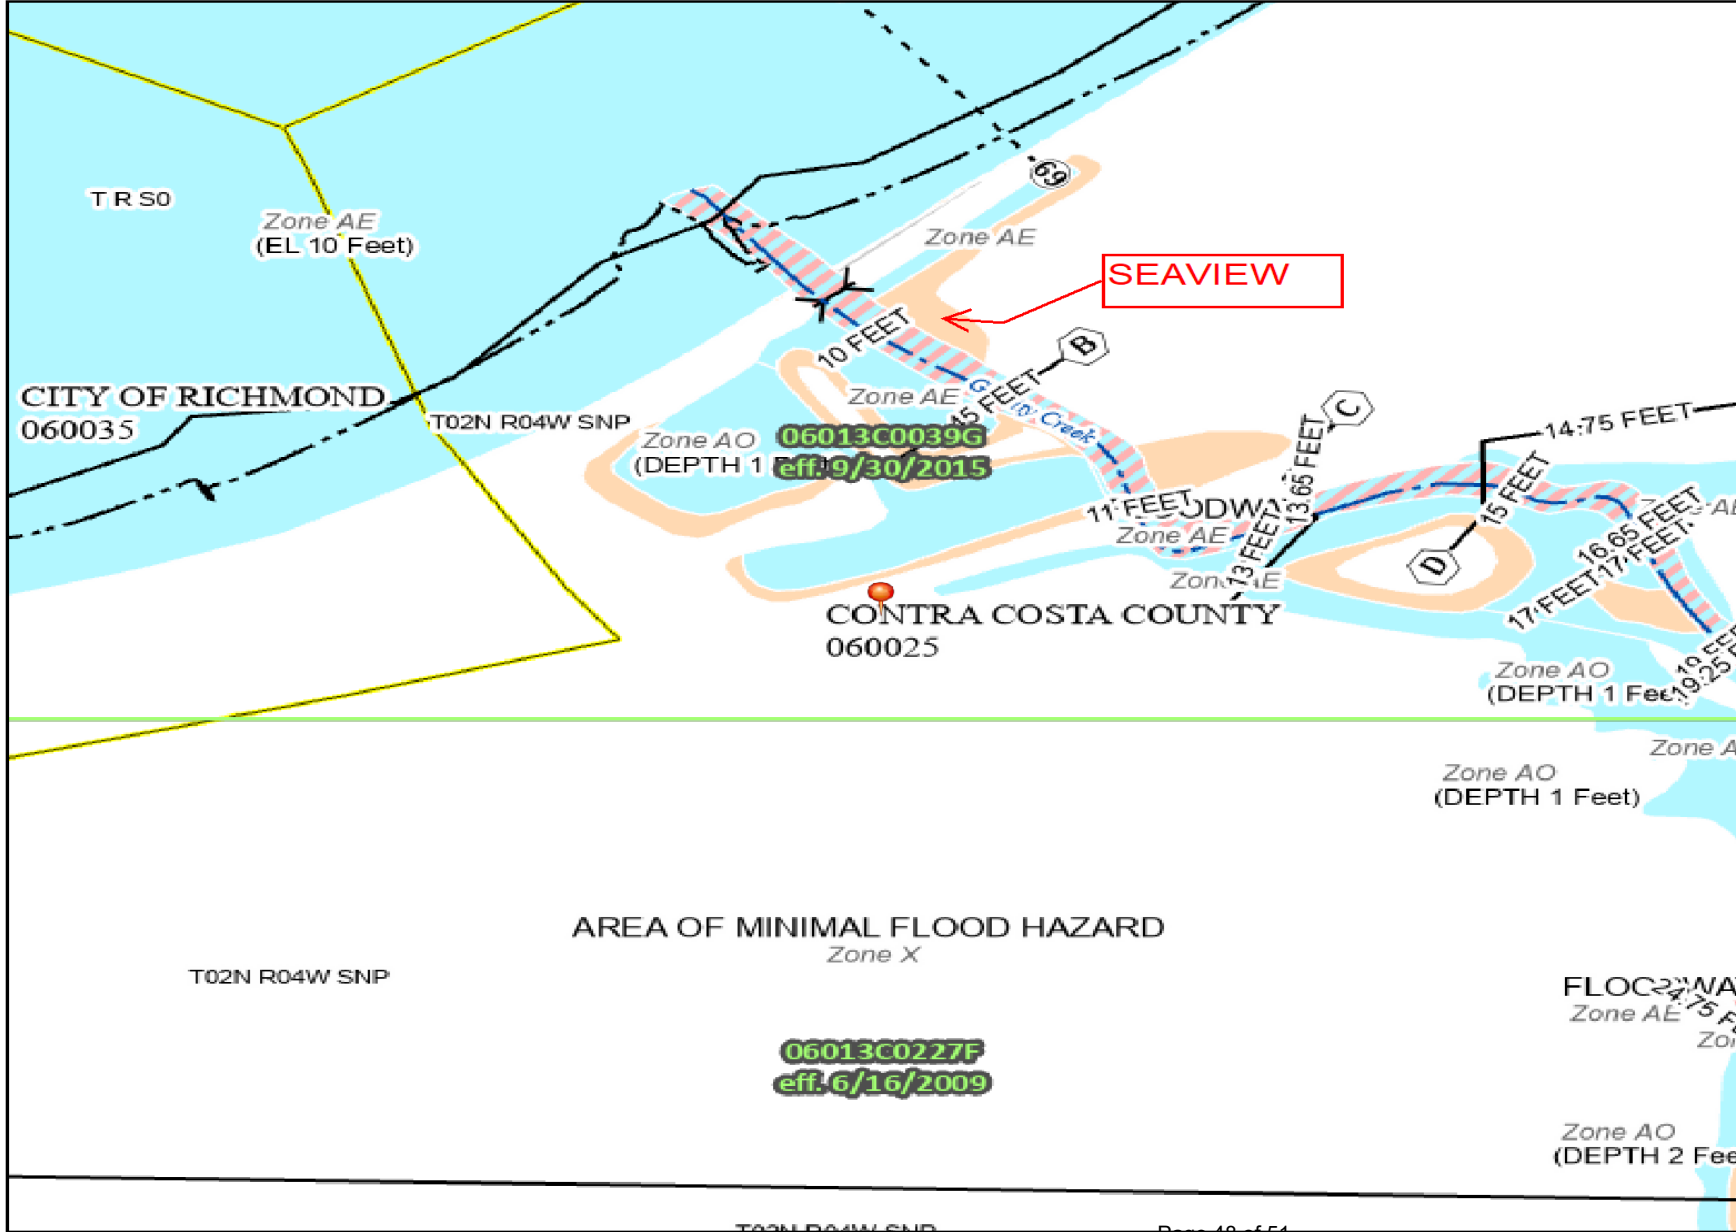

NOW, THEREFORE, said undersigned owner does hereby declare that each lot shall be held and conveyed subject to the conditions, restrictions and covenants hereinafter contained as follows:

- 1- No building other than one detached single-family dwelling or necessary buildings used in connection with said dwelling shall be erected or maintained on any lot and no use whatsoever shall be made of any lot except its use and improvement as a single family private residence.
- 2- No dwelling shall be permitted on any lot at a cost of less than \$10,000.00 based upon cost levels prevailing on the date these covenants are recorded, it being the intention and purpose of the covenant to assure that all dwellings shall be of a quality of workmanship and materials substantially the same or better than that which can be produced on the date these covenants are recorded at the minimum cost stated herein for the minimum permitted dwelling size. The ground floor of the main structure, exclusive of one-story open porches and garages, shall be not less than 1050 square feet for a one-story dwelling, nor less than 850 square feet for a dwelling of more than one story.
- 3- (a) No structure or any part hereof shall be erected upon any lot or lots nearer than 20 feet from any street or streets adjacent thereto. No dwelling (including garage or other structure physically a part of such dwelling) shall be erected on any lot nearer than five (5) feet from side line thereof, but each lot shall have an aggregate of 15 feet in side yards.
(b) No building shall be located nearer than 15 feet to an interior lot line. No dwelling shall be located on any interior lot nearer than 15 feet to the rear lot line.
(c) For the purposes of this covenant, eaves, steps and open porches shall not be considered as a part of a building, provided, however, that this shall not be construed to permit any portion of a building, on a lot to encroach upon another lot.
- 4- Not more than one dwelling unit shall be erected on any building plot. No resubdivision of any lots shall result in a lot of less than 6000 square feet.
- 5- No trailer, garage, or other outbuilding shall be used as a temporary or permanent residence nor shall any residential structure be moved to any lot from any other location. When the erection of any structure is begun, the work thereon must be prosecuted diligently and said structure must be completed within a reasonable time.
