Citizens' Bond Oversight Committee

Meeting Agenda and Packet for October 11 , 2021

1400 Marina Way South Richmond, CA 94804

NORMS OF BEHAVIOR

Every team has two components that team members must keep in mind if the team is going to succeed.

- The team must pay attention to the Committee's purpose.
- The team must also carefully shape and monitor the team process it uses to accomplish its purpose.

Team process includes:

- How team members interact with and communicate with each other
- How team members will be responsible and accountable for accomplishing the CBOC's purpose

These team norms or ground rules are established with all members of the team participating equally:

- Recognize cross-disciplinary interaction requires patience and openness to diverse perspectives
- All views are important
- Participation needs to be equitable and balanced
- Expect, respect, and accept disagreements
- Reducing defensiveness is the responsibility of all
- Be tough on issues not on each other
- Place cell phones on silent
- Read agenda packet before the meeting

CBOC Chair John Anderson can be reached at:

email janorwoodpark@gmail.com

CBOC members are requested to contact the chairperson if they are unable to attend a CBOC meeting

WCCUSD

CITIZEN'S BOND OVERSIGHT COMMITTEE

BASIC PARLIAMENTARY PROCEDURES

THE CBOC CONDUCTS THEIR AFFAIRS USING ROBERTS RULES OF ORDER

All discussions and actions go through the Chair.

All actions require a MOTION and a SECOND before proceeding.

- Once a MOTION has been seconded, it then belongs to the body.
- There is no such thing as a friendly (or unfriendly) amendment. Amendments are made and seconded, discussed and then the amendment is voted on for acceptance or rejection.
- If an amendment is passed, then the AMENDED MOTION is voted on.

Motions and amendments need to be clear and concise in what is being discussed and voted on. The CBOC does not vote on general ideas—they vote on specific language. Words matter.

A MOTION TO END DEBATE must be seconded and requires a 2/3 majority for passage.

- A MOTION TO TABLE is used to postpone the vote on an issue until a later date.
- A MOTION TO TABLE **cannot** be used as a means to kill a motion—only postpone it.
- When a MOTION TO TABLE is made, it must also be stated when the item is to be removed from the table for a vote.

Motions require a simple majority (50%+1 of those voting) for passage.

An ABSTENTION does not count as a 'YES' or a 'NO' vote. An ABSTENTION is used to validate that a quorum exists.

A quorum (50%+1 of the total number of CBOC members) must be present to vote on any issue.

A MOTION TO ADJOURN is always in order.

Lake Elementary School Rebuild

The Lake Elementary School project consists of fully rebuilding the campus in a phased approach while the campus is still operational. New buildings, utility connections and play areas will be constructed utilizing a design build process.

Riverside Elementary School

The purpose of the Critical Needs Project is to reinforce soil adjacent to Wildcat Creek. Additionally, the project will include repaving the parking lot, building a new trash enclosure, and removing trees along the creek. This project is an investment in our community through the use of taxpayer bond dollars.

Utility Connections

Pinole Valley HS Fields, Fieldhouse, and Press Box

The project will convert the temporary campus area to a combination baseball/softball field and restore the tennis and basketball courts. The project also includes building a field house, home side bleachers including a press box, and resurface the stadium field and track. This project is an investment in our community through the use of taxpayer bond dollars.

*** 2016 FMP scope and budget for Hercules MS & Hercules HS is for a singular project so the combined budget will be reported under Hercules HS on various financial reports

Definition of ROM¹

Five percent inflation has been applied from mid-2016 to the scheduled midpoint of construction, compounded yearly, to account for inflation. These "Rough Order of Magnitude" (R.O.M.) cost estimates, which are based on general cost per square foot, do not include market-based contract escalation (if any) above 5% annual inflation.

Additionally, the cost of temporary housing has been included where it was known to be required at the time of the Master Plan (e.g., at Lake Elementary). It has not been included where it was not anticipated prior to the release of the Master Plan (e.g., at M Obama Elementary).

Note that further Architectural and Engineering studies are required, including scoping and budgeting, for all Critical Needs.

*In June 2016 the Board approved \$181,800,000 FMP since then the following budget revisions have been approved by the Board:

- Harmon Knolls \$250,000 and Valley View \$150,000 on 08/09/17; Grant <\$688,533>, Harmon Knolls <\$101,565>, Lake <\$352,499>, Ohlone <\$176,115>, & Valley View <\$58,553> on 07/25/18; Richmond \$3,900,000 on 11/14/18; Crespi \$2,200,000 on 03/20/19; Chavez <\$572,153> on 06/26/19; Richmond \$2,000,000 on 11/06/19; Olinda <\$206,753.35> on 02/26/20, Crespi <\$130,402.83> on 12/16/20

Bond Program Management Plan Update

October 2021

Bond Program Management Plan: Background

- Bond Program Management Plan (PMP) was adopted by the Board in June 2021
- Bond Program Management Plan available on the District website <https://www.wccusd.net/Page/13520>
- We believe the strength of the Plan lies in the ability to implement the Plan. Therefore, this Bond Program Management Plan is a living document that is intended to be updated and refined over time to reflect emerging decisions, improvements, and best practices needed to guide the program.

Program Management Plan Updates: Ongoing Implementation & Improvement

- ✓ Updates are posted online, highlighted in Friday Memo & presented to CBOC
- ✓ Adaptive to Evolving Implementation
- ✓ Annual Certification

P) CHAIRPERSON REPORTS

Don Gosney reported that there was no chairperson's report to the WCCUSD Board of Trustees meeting as the Board President has asked standing committees to present any issues during the public comment segment (90 seconds) of the meeting or to the Facilities Committee.

Q) STATUS OF KENNEDY HIGH SCHOOL CRITICAL NEEDS AND REBUILD

02.08.21 Status of Kennedy HS Critical Needs Project

There is a concern by the CBOC relative to a lack of information available to the public, CBOC and the school board. Staff indicated that there is presently no movement on this activity because there is no place for the Kennedy students to go during construction. The updating of the Facilities Master Plan should be able to provide a roadmap for this project.

R) REQUESTS, ADVICE AND COMMENTS

**i) Report #1 Bond Program Summary, December 31, 2020
(Revised February 8, 2021)**

The reference document will be used in the CBOC Annual Report 2020 as it is for the period January 2020 to December 2020—the calendar year rather than the fiscal year which is the period from July through June the following year.

ii) K-12 School Facility Program (SFP) Audit Overview

When will Peres, Gompers and Coronado be ready to audit?

WCCUSD
CITIZENS' BOND OVERSIGHT COMMITTEE

How will the auditor be selected?
Will the CBOC have audit entrance and exit conferences?
Will audit reports be presented to the CBOC for review?

Ms. Payne and Ms. Romo will pass these questions on to the appropriate personnel.

iii) Measure R Bonding Capacity Waiver Approved by State Board of Education on January 13, 2021

In the waiver request the District represented to the State Board of Education that the CBOC had “No Objections” to the request. Actually, the CBOC took no action to this waiver request.

Mr. Gosney will write a letter to WCCUSD Board and cc the State Board of Education indicating that the “no objections” statement in the letter is not correct and that the letter should say “no action” was taken by the CBOC.

B. DISCUSSION ITEMS

1. Presentation of the Bond Financial Audit as of June 30, 2020

Michael Ash, partner with Christy White, thanked the Board and staff for the assistance during the audit process, as well as access to CBOC members to meet and review the audit report was also appreciated. He acknowledged the committee's input for ideas to improve the audit report and process. He provided a presentation of the report of the financial audit for the bond measures, acknowledging the legal requirement of financial and performance audits until funds were expended. He pointed out that this audit looked at financial statements, balances, and activity for year ended June 30, 2020. He announced the auditor's unmodified opinion, in all material respects, that the audit was fairly stated, and that state required government audit standards were used. Mr. Ash noted no findings of compliance matters and was available for questions.

Board questions included asking for an example of material weakness, any differences in post COVID from pre COVID audits, focus on facilities, pursuit of additional funds, types of audit opinions that might be given, and aspects of both CBOC and board member involvement in audits.

Public Comment:

Discussion / Comment:

Ms. Smith-Folds inquired about any red flags regarding the District on this part of the financial audit. Mr. Ash affirmed that his firm stood behind the independent auditor's opinion that the statements were fairly stated in all material aspects and did not come across any internal control over financial reporting deficiencies or material weaknesses.

Chairperson Gosney provided comments about content, formatting and accuracy of the report. He continued with recommendations and noted several items of concern.

After hearing no further comments, President Phillips concluded the item and moved on to the next item on the agenda.

2. Presentation of the Bond Performance Audit as of June 30, 2020

Nathan Edelman of Eide Baily LLP presented the statutory required bond performance audit regarding use of the bond funds. He said that the presentation of the document followed by discussion with the Board and Committee were necessary to finalize the audit. He noted the objective of focus to ensure bond construction funds spent on allowable construction projects. Mr. Edelman spoke about construction industry regulations and

operations noting the areas of review and methodology. He pointed out a finding regarding time documentation for salary between bond compliant construction projects and routine everyday facilities administration expenses but noted the overall conclusion that the results of the auditors' tests indicted, in all significant respects, the district had appropriately accounted for the expenditures held in the bond measure funds and met the compliance requirements. Ms. Payne provided clarification noting documentation processes implemented in March 2020 regarding time study of district employees working on bond related expenditures that include a salary monthly reconciliation.

Board questions included any need for in-depth procedures due to previous year's findings, the use of transactions over \$100,000 for evaluating vendors, review of processes and expectations for the June 30, 2021 audit to validate implemented processes. Other questions included school construction projects running over budget, the draft form of the audit and subsequent final document, and types of performance audits. Mr. Edelman and Ms. Payne responded with information for clarification.

Committee members clarifying questions included audits aligned with the facilities master plan, clarification of a remark regarding unreliable information, auditors ease in accessing the CBOC website, any recommendations for website maintenance, and review of change orders.

Committee member DeWitt left the meeting for the evening at 5:26 PM.

Discussion/Comment:

At 5:30 PM, Ms. Smith-Folds pointed out the 5:30 PM adjournment noted in the agenda.

MOTION: Ms. Reckler motioned to extend the meeting an additional 30 minutes. Mr. Christian seconded. Mr. Christina, Ms. Reckler, Ms. Smith-Folds, Student Representative Leung (advisory vote only), and President Phillips voted yes with Mr. Gonzalez Hoy and Student Representative Emiliano absent. Motion carried 4-0-0-1.

Ms. Reckler spoke about tying the performance audit to the facilities master plan. She also asked that time management concerns be given prompt attention due to the seriousness.

Chairperson Gosney addressed Mr. Christian's question about projects in years

past and reminded everyone that this audit was for the one-year period with only the Wilson campus under construction. He also spoke about ballot language being purposely vague and over expansive to give opportunity for the District's discretion in use of funds. He also said he took exception to the reduced scope of this audit.

Ms. Humes spoke about the bond management program resulting from the effectiveness proficiency audits and the forensic accounting investigation that made excellent recommendations addressing policies and procedures. She thought these audits something for the Board to consider continuing.

Mr. Anderson said he concurred with previous remarks from Mr. Gosney and Ms. Humes.

President Phillips thanked everyone for their comments.

C. COMMENTS FROM THE BOARD PRESIDENT AND CBOC CHAIRPERSON

Chairperson Gosney thanked everyone involved for opportunity to hold this joint meeting as indicated by board policy. He expressed concern about items for discussion and issues of scheduling conflicts. He said he wanted it on record of his disagreement regarding staff's recommendation and Board approval of this bare-bones compliance performance audit, arguing it should be a compliance, effectiveness and results audit in order to restore trust of the public. He continued to speak about assurance that tax dollars were spend appropriately and the need for the CBOC and auditors' ability to work independently. He spoke about the performance auditors having to work through staff for the documents provided, and voiced concerns that could making taxpayers wonder about problem corrections. He advocated for a partnership working toward the same goal.

President Phillips spoke to Mr. Gosney about his concerns and urged him to submit a written complaint about any individual that he did not believe to be honest and above board to the Superintendent or the Board President.

A.6 Agenda Review and Adoption

President Phillips asked both the Board and Committee for a motion to approve the agenda.

Public Comment: None

MOTION: Trustee Reckler moved approval of the agenda. Student Representative Leung seconded. Trustees Christian, Reckler, Smith-Folds, Student Representative Leung (advisory vote only), and President Phillips voted yes, with Gonzalez Hoy and Emiliano absent. CBOC Members Anderson, DeWitt, Enllana, Gosney, and Humes voted yes, with Camacho and Cole absent. Motion carried.

A.7 Public Comment

Anton Jungherr spoke on his membership on the CBOC with specific emphasis on what he believed to be what he claimed to be his illegal removal from the Measure R CBOC created by Board resolution on April 8th, 2020. Mr. Jungherr said that to avoid litigation over this, the Board should return him to the CBOC.

Board questions included asking for an example of material weaknesses, any differences in post COVID from pre COVID audits, focus on facilities, pursuit of additional funds, types of audit opinions that might be given, and aspects of both CBOC and Board Member involvement in audits.

Trustee Smith-Folds inquired about any red flags regarding the District on this part of the Financial Audit. Mr. Ash affirmed that his firm stood behind the independent auditor's opinion that the statements were fairly stated in all material aspects and did not come across any internal controls over financial reporting deficiencies or material weaknesses.

Trustee Christian asked whether this audit covered only the period of the previous fiscal year or whether it covered a span of several years. Mr. Ash explained that this audit only covered the one year period.

Trustee Reckler asked several clarifying questions about state funded grants, types of audit opinions, suggestions from the CBOC and

WCCUSD

CITIZENS' BOND OVERSIGHT COMMITTEE

questions that the Board should ask for adequate oversight of the Bond Program.

Chairperson Gosney provided comments about content, formatting and the accuracy of the report. He continued with recommendations and noted several items of concern including whether this was a DRAFT or a FINAL version, the names of the CBOC members during the audit period, the correct name of the CBOC, why the audit doesn't address the effectiveness of the District's internal controls, and the effective date of the audit (more than two months prior to when it was presented to the Board and the CBOC).

After hearing no further comments, President Phillips concluded the item and moved on to the next item on the agenda.

B.2 Bond (2010 Measure D and 2012 Measure E) Performance Audit for Year Ended June 30, 2020

Board questions included any need for in-depth procedures due to previous year's findings, the use of transactions over \$100,000 for evaluating vendors, review of processes and expectations for the June 30, 2021 audit to validate implemented processes.

Other questions included school construction projects running over budget, the draft form of the audit and subsequent final document, and types of performance audits. Mr. Edelman and Ms. Payne responded with information for clarification.

Ms. Payne explained that under the new internal controls created in October of 2016 staff created the Site Budget Authorization Form that identifies the project budget. Ms. Payne explained that, once approved by the Board, that staff cannot make any change to the budget—either up or down—without approval from the Board. Even if the cost is below what was budgeted, Ms. Payne explained that the Board must approve of this decrease and must approve returning the excess funds to the Bond Fund for allocation to other projects.

Public Comment: Anton Jungherr reminded the Board and the CBOC that for the fourth year in a row the time management system has not been fully implemented or audited. He also pointed out that there is no results and effectiveness performance audit for 2020. He reminded the Board that even though the CBOC had recommended a results and effectiveness performance audit, this recommendation was rejected by the Board.

Committee member DeWitt left the meeting at 5:26 PM.

At 5:30 PM, Trustee Smith-Folds pointed out the 5:30 PM adjournment noted in the agenda.

MOTION: Trustee Reckler motioned to extend the meeting an additional 30 minutes. Trustee Christian seconded. Trustee Christian, Trustee Reckler, Trustee Smith-Folds, Student Representative Leung (advisory vote only), and President Phillips voted yes with Trustee

Questions / Discussion / Comment:

Committee members' clarifying questions included audits aligned with the Facilities Master Plan, clarification of a remark regarding unreliable information, auditors' ease in accessing the CBOC website (compared with the public's ease in accessing the CBOC website), any recommendations for website maintenance, and review of change orders.

Trustee Reckler asked whether Mr. Edelman considered this performance audit to be a "bare bones" audit. He explained that Eide Bailey went far beyond the minimum scope as required by state standards and he would not consider the performance audit they had conducted as being "bare bones".

Ms. Payne tried to explain that in the previous three years the performance went beyond the statutory requirement and was also a results and effectiveness audit. When Trustee Reckler asked about a timeline when the District might return to a results and effectiveness performance audit. Ms. Payne replied that she had no knowledge of a future results and effectiveness performance audit.

Trustee Reckler spoke about tying the Performance Audit to the Facilities Master Plan. She also asked that time management concerns be given prompt attention due to the seriousness.

Chairperson Gosney addressed Trustee Christian's question about projects in years past and reminded everyone that this audit was for the one-year period with only the Wilson campus under construction.
