Bayview Elementary School
School Accountability Report Card
Reported Using Data from the 2014-15 School Year
Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest
DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access
Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):
- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

B. Pupil Outcomes

State Priority: Pupil Achievement
The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):
- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

• School Site Council (SSC): Bayview Elementary's School Site Council is composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852). The SSC collaborates with Instructional Leadership Team (ILT) to develop the school plan and budget.
• English Learner Advisory Committee (ELAC): Parents of students learning English as a second language advise the principal and plan parent involvement events.
• Principal's Coffee Chats are monthly meetings to encourage parent and community collaboration/involvement.
• Volunteers: The annual volunteer recognition tea recognizes parents and community members who have volunteered during the school year.
• Family Math Night: Math training is given to parents and families through evening math activities/workshops.
• Family Literacy Night: These evenings provide parents with activities and techniques for teaching reading and writing at home.
• ESL English Classes for parents

Professional Development (Most Recent Three Years)

Bayview School provides staff with training and professional development to differentiate instruction by implementing the workshop model. Grade levels collaborate weekly by reviewing data, designing instructional strategies to support students to excel and grow. These areas were determine by using data such as teacher surveys, math, ELD and Language Arts from district benchmarks.

Professional Development is delivered through various means. First, we have 2 site professional development; literacy coaches support staff with training to implement workshops, support grade-level collaboration and use of data to inform instruction. Second, one of the coaches provides BTSA training sessions every Tuesday for the year to support a large group of new teachers. This training provides new teachers with individualized support from a mentor and coach.

In addition, the principal evaluates and provides individual coaching for teachers being evaluated.

Furthermore, staff and active parents are encouraged to attend outside workshops in 1) Language Arts, 2) English Language Development, 3) Math and use of multiple methods for instruction, 4) use of data to inform instruction and lastly, 5) to facilitate collaborative discussions.

Lastly, teachers are supported by coaches and principal during implementation of academic initiatives through in class coaching, grade-level collaboration support, review of student achievement data after each benchmark administration.
