School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018—19)

Vision: Chavez Scholars think beyond themselves and are problem solvers. They continually develop emotional intelligence and strong moral character as they gain academic proficiency and self motivation. They are on track for college and career success.

Mission: Through collaboration, reflection, transformative professional development and the use of all available resources, we are a school and community that holds high expectations for teaching and learning to support Chavez Scholars on their path to college and career success.

Theory of Action:

(Teaching & Learning) If we intentionally refine our instructional practices and sharpen the implementation of our Response to Intervention then we will see student achievement soar.

(Student Culture & Climate) If we provide students with tools to collaborate, advocate, solve conflict and communicate then we will be a safe and welcoming community.

(Adult Learning) If we develop as professional learning communities then we will provide teachers with the tools to impact student achievement.

School Facility Conditions and Planned Improvements

WCCUSD takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	19.0%	17.0%	35.0%	36.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	12.0%	10.0%	25.0%	24.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

School Safety Plan (School Year 2018—19)

Last revised: Sept. 30, 2018 by Safety & Emergency Preparedness Department staff and site administration.

WCCUSD'S Safety & Emergency Preparedness' mission is to develop school safety plans and a district-wide disaster preparedness plan focusing on mitigation, preparedness, response and recovery to minimize loss of life and property, which will be achieved through planning, training, exercising and establishing an emergency information system.

The District provides all staff with the basic training for emergency preparedness and safety for school campuses in collaboration with Contra Costa Community Awareness Emergency Response (CAER), Red Cross Bay Area, Ready.gov, and Contra Costa County Community Warning System Alerts.

Professional Development

Teachers receive professional development during faculty meetings, weekly collaborations (Wednesdays), one release day per trimester and various optional site and district provided PDs. The Instructional Leadership Team (ILT) met before the start of the school year to set SMART goals as well as to map out the Wednesday Collaboration Calendar for the school year. Based on our 2017-2018 data, the two main focuses this year is math instruction and supporting English Language Learners through instruction and DDI. Teachers are supported in math instruction through teacher-led PDs and our site math coach. Three teachers participate in a partnership with REACH and have worked to implement Number Talks and cycles of Lesson Study.

Beyond the content areas, professional development is provided in English Language Development, Data Driven Instruction, socio-emotional learning, instructional strategies, writing, technology use and various other topics. The primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.

Additionally, all teachers set and monitor a SMART goal throughout the year to continually develop as a professional educator. New teachers are supported through the district-developed TIP program and / or Teach for America.

Additional Opportunities for professional growth:

- MOU with District: for the following Committees: Technology Teacher Lead, Academic Subcommittee, Common Core State Standard Working Group.
- TAT (Teachers Assisting Teachers) Early detection of Academic or Behavioral Needs before submitting student through an SST (Student Study Team)
- District and Union provided Professional Developments on an array of topics
