Lake Elementary School
School Accountability Report Card
Reported Using Data from the 2014-15 School Year
Published During 2015-16

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.

- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.

- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at http://dq.cde.ca.gov/dataquest/ that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (Most Recent Year)

Lake Elementary School is a TK-6 school located in the city of San Pablo. Lake is housed in an older building, built in 1957. Lake is a Title 1-Program Improvement School. Lake is part of the City of San Pablo's Community Schools Initiative. Of our 430 students, a large number are English Learners – approximately 67%. We have a 100% free and reduced lunch rate. Lake is an RTI (Response to Intervention) School, which means that we offer academic and behavior support to all students.

At Lake, we believe in our students and their potential. Our mission is to work in partnership with our parents and the city of San Pablo to expose our students to possibilities and opportunities for success during their school years and beyond. We also work to instill in our students confidence and a belief in themselves and their abilities. While students are at Lake, we hold high expectations for academic achievement and provide support services, as needed, to order to create and maintain an optimal learning environment. Support services include academic intervention and the development of behavior and social/emotional skills. Study trips are encouraged in order to provide exposure to academic opportunities outside the school. The YMCA runs our after school program for students in grades 1-6 by providing homework help, academically-aligned lessons and enrichment activities.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the Basic State Priority (Priority 1):
- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair.

School Facility Conditions and Planned Improvements (Most Recent Year)

Lake Elementary has limited addition space for assemblies,the band program, and conferences. For example, many district personnel visit the school and require a private, quiet space for testing students and meeting with parents. The playground space is adequate in size, but the basketball and kickball areas have not been maintained. We have allocated MRAD funds to develop these playground areas including a soccer field for students. We also have allocated MRAD funds and created a pathway for community members to use during the school day so that the playground is safe and enclosed for students. Parents have played a very active role in improving our facilities this includes painting the exterior of the school and painting the multi-purpose room with district support. We plan to continue this partnership to beautify Lake School for our students. We are working with the district for the repairs necessary for an older structure.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):
- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP], Science California Standards Tests); and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

C. Engagement

State Priority: Parental Involvement
The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (Most Recent Year)

PARENT INVOLVEMENT PROGRAMS
- School Site Council (SSC): The SSC develops and monitors the implementation of the School Plan for Student Achievement (SPSA) and budgets.
- English Language Advisory Council (ELAC): The ELAC Committee monitors programs, services and budgets for EL students.
- The Parent Club: Fundraising and supports school improvement activities for students, parents and teachers. The Parent Club meets monthly.
- ESL Classes: Adult Education provides ESL classes. Parents are taught English.
- Parenting Classes: Parents learn parenting strategies.

- School Success Team (SST): Parents, teachers and other school professionals meet as a team to problem-solve solutions to individual student issues re: academics, behavior and/or attendance.
- Parent/Teacher Conferences: Parents meet with teachers on Parent/Teacher Conference Days and during conferences throughout the year as requested by either teachers or parents.
- Translators provided as needed.
- Parent Volunteers: Parents volunteer in classrooms and for school-wide activities i.e. The Winter Festival, The Food Festival and Clean-Up Days.

School Safety Plan (Most Recent Year)

The Lake Safety is reviewed annually with the collaboration of the district's safety and disaster preparedness department. Safety concerns are addressed at staff meetings, as needed. Fire Drills and Disaster Drills are conducted monthly. Students are supervised before school, during morning and lunch recesses, and after school. Visitors are required to sign in at the office and wear a visitor's badge while on the premises. Specialized bells sound in the event of an emergency. Lake uses the BEST (Building Effective Schools Together) program school wide for positive discipline procedures.

Professional Development (Most Recent Three Years)

Lake teachers participate in professional development in a variety of ways. The core of our program is guided by the Instructional Leadership Team which meets once a month to plan and/or review upcoming professional development. Leadership is provided by the principal and various teachers who have gone to district training. Teachers use the cycle of inquiry to monitor student learning and guide instruction. Teachers also receive on-site training on strategies for English language arts, math or ELD to support student learning. Teachers meet in grade level teams, look at student work, and plan the implementation of the instructional program. Teachers also participate in district wide literacy and math training and English Language Development training.

Quality instruction and instructional leadership are at the heart of the district's achievement efforts. To ensure this, the Academic Support Division engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards based curriculum content areas. Beyond the content areas, professional development is provided in English Language Development, Gifted and Talented Education (GATE), differentiated instruction and educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams in meeting the needs of all students. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.
