## School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

### DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

### Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

## School Facility Conditions and Planned Improvements

WCCUSD takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

## B. Pupil Outcomes

### State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

#### CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	39.0%	37.0%	35.0%	36.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	31.0%	33.0%	25.0%	24.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

The Lupine Hills PTA works together with the school and aligns with the school's goals and objectives. This partnership has proven to be an added value to our school! This has resulted in a closer relationship between the school and the community, which greatly benefits our students and families. Our PTA plans many community activities throughout the school year. General PTA meetings are held approximately monthly. Our PTA works with our teacher liaisons and principal to ensure coordination and alignment.

Parents also participate as classroom volunteers, field trip drivers and/ or chaperones, and campus supervisors (all volunteers secure WCCUSD identification badges and are to follow established district protocol).

School Site Council (SSC) meetings are scheduled monthly. The SSC has five parent member positions who work together with staff and the community in order to plan and monitor goals and budgetary decisions.

ELAC (English Learner Advisory Committee) gathers to advise on matters pertaining to students and families of English Learners.

## Professional Development

Lupine Hills Elementary continues to focus on two major areas of professional development for the 2018-2019 school year: positive school climate and the workshop model of instruction. Staff members have collaborated to establish school-wide discipline procedures, norms, and expectations, focused on positive, preventative, proactive, and restorative practices. Roles, zones, and attention signals have been established for the cafeteria, play yard, and other common areas.

Teachers have also agreed to adopt Teachers College Writing Program and are committed to a robust series of professional development opportunities in this area. These areas of PD focus were determined based on discipline data, ELA student performance, and staff member desire to provide the best educational opportunities for our students.

Additional professional development is provided through regular collaboration between staff members, district and non-district conferences, the Teacher Induction Program, additional mentoring opportunities, and coaching from the principal.
