School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018—19)

Washington School is the oldest school in the district. Currently, there are 19 regular education classes, 1 special education class and one state preschool class. The staff includes 21 classroom teachers, a resource specialist, and a speech therapist. The student population is very diverse: 67% Latino, 12% African American, 15% White, 3% Asian, Native American 1% and 2 or more races 2%. Students come from the communities of Point Richmond, North Richmond, and San Pablo. Many students who attend Washington have intra-district permits.

Washington was awarded the California State Gold Ribbon Award for the Dual Language Immersion program in 2016. Washington's Spanish/English Dual Language Immersion Program is available in grades K-6. The staff at Washington School is committed to providing a standards-based, comprehensive instructional program that uses research-based teaching strategies. The staff strives to create an environment that is student-centered, safe, and motivational. Students receive opportunities to explore and examine issues that are relevant to their immediate community and beyond. Washington's program is aligned with the district focus on literacy.

Washington School offers a site based After School Program for students in grades 1 - 6. The After School Program provides homework help, tutoring and enrichment activities to program students on a daily basis. An on-site Y-Care provides both before and after school care for students in grades K - 6. Washington's staff pursues the development of partnerships with industry, other educational entities and parents/guardians.

Washington School places students at the core of its community. Decisions are made based on the belief that students' needs are the number one priority. Each teacher builds a community within the classroom, which contributes to the school community as a whole. Staff and the school community work together to support the academic achievement and character development of all students.

School Facility Conditions and Planned Improvements

WCCUSD takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

Subject	School 2016—17	School 2017—18	District 2016—17	District 2017—18	State 2016—17	State 2017—18
English Language Arts / Literacy (grades 3-8 and 11)	27.0%	19.0%	35.0%	36.0%	48.0%	50.0%
Mathematics (grades 3-8 and 11)	27.0%	19.0%	25.0%	24.0%	37.0%	38.0%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and Mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3-Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

PARENT INVOLVEMENT PROGRAMS:

- Dual Language Immersion parent meetings .

- School Site Council (SSC): The role of the SSC is to give parents, faculty and staff site decision making capacity. The SSC's role is to develop the school plan with budgets and monitor the implementation of that plan. Every Elementary school must have a School Site Council composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852).

- English Learners Advisory Committee (ELAC) meets monthly with the Principal to discuss matters of importance to the families of English language learner students and provides input on the school plan. Meetings are typically conducted in Spanish.

Classroom Volunteers are always welcome to assist in classrooms and on study trips.

More information regarding parental involvement opportunities can be obtained by calling the school at (510) 231-1417.

School Safety Plan (School Year 2018—19)

Last revised: Sept. 30, 2018 by Safety & Emergency Preparedness Department staff and site administration.

WCCUSD'S Safety & Emergency Preparedness' mission is to develop school safety plans and a district-wide disaster preparedness plan focusing on mitigation, preparedness, response and recovery to minimize loss of life and property, which will be achieved through planning, training, exercising and establishing an emergency information system.

The District provides all staff with the basic training for emergency preparedness and safety for school campuses in collaboration with Contra Costa Community Awareness Emergency Response (CAER), Red Cross Bay Area, Ready.gov, and Contra Costa County Community Warning System Alerts.

Professional Development

The staff attends targeted professional development offered at Washington and in the district, as well as grade level meetings and monthly Instructional Leadership Team meetings. Quality instruction and instructional leadership are at the heart of the district's achievement efforts. To ensure this, the Academic Support Division engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. Principals, in turn, provide support to teachers through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards based curriculum content areas. Beyond the content areas, professional development is provided in English Language Development, differentiated instruction and educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams in meeting the needs of all students. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.
