School Accountability Report Card Reported Using Data from the 2017—18 School Year California Department of Education

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2018—19)

The Mission of West County Mandarin School is to prepare all students with the 21st Century skills to thrive in a globally interconnected world.

The Vision of West County Mandarin School is for all of its students to develop the following key competencies to prepare them for their future success in the global economy:

- 1) students are well rounded and developed in cognitive, academic, physiological, and social emotional dimensions, with a foundation for global competency and 21st Century Skills;
- 2) students are biliterate and bicultural in Mandarin and English (and trilingual and tricultural if the child has a home language other than English or Mandarin); and
- 3) students are open-minded and empathetic for commonality, diversity, and multiple perspectives.

In order to achieve this vision, West County Mandarin School designs and implements a standards-, research-, and performance-based Mandarin-English immersion program to enable all students to become biliterate and bicultural citizens with skills and capacity to thrive in an ever-changing world. In addition, West County Mandarin School provides excellent learning and teaching experiences through a safe, student-centered learning environment that supports all students, families, and staff.

School Facility Conditions and Planned Improvements

WCCUSD takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Professional Development

Quality instruction and instructional leadership are at the heart of the district’s achievement efforts. West County Mandarin School is strongly committed to providing an equitable program that meets the needs of ALL our students. To ensure this, the Curriculum and Instruction Department of the district engages teachers, administrators, and other personnel in ongoing professional development focused on teaching and learning. Training is provided to principals and other administrators to continuously develop their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff development activities, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards-based curriculum content areas. Beyond the content areas, professional development is provided in language development, Gifted and Talented Education (GATE), differentiated instruction, and

educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams for meeting the needs of all students. West County Mandarin School also provides specialized Mandarin language professional development and coaching to its teachers through the National Center for K-16 Chinese Language Pedagogy at UC Berkeley. In addition, West County Mandarin School collaborates with other U.S. Mandarin immersion schools in the Chinese Early Language and Immersion Network of the Asia Society in order to identify and share best practices for teaching and learning in K-8 Mandarin immersion programs. A primary goal of the professional development program of the district and West County Mandarin School is to ensure that all students are served in a nurturing school environment by skilled, highly qualified teachers and that teachers are supported by strong knowledgeable instructional leaders.
