Staff requests approval from the Board of Education to accept Contracts for Placement of Student Teachers as detailed dated June 3, 2009.

Comment:

Routine personnel changes include actions to hire, promote, or terminate classified employees in accord with appropriate laws, established policies and procedures.

Fiscal Impact: None

**\*CI C.8 Ratification and Approval of Engineering Services Contracts**

Comment:

Contracts have been initiated by staff using previously qualified consulting, engineering, architectural, or landscape architectural firms to assist in completion of the referenced projects. Many of the firms are already under contract and the staff-initiated work may be an extension of the firm's existing contract with the District. Public contracting laws have been followed in initially qualifying and selecting these professionals.

Recommendation: Ratify and approve contracts

Fiscal Impact: Total for this action: \$110,730. Funding sources as noted.

**\*CI C.9 Ratification and Approval of Negotiated Change Orders**

Comment:

Staff is seeking ratification of Change Orders on the following current District construction project: Dover Elementary School Ph. 2 Sitework. Change Orders are fully executed by the District upon signature by the Superintendent's designee. Board ratification is the final step required under state law in order to complete payment and contract adjustment.

In addition to normal ratification, approval of the noted Change Orders for the DeAnza High School Fieldhouse and the DeAnza High School Demolition and Site Utilities projects is required by the Board, with special findings as noted below, because these are in excess of the Public Contract Code limit of 10% of the original contract value. In accordance with Public Contract Code 20118.4, the Board, by approving and ratifying these Change Orders, finds that it would have been futile to publicly bid the work in question because of the tight time frames to complete this work without affecting the operations of the District, and that the public is best served by having this work completed by the contractor on the project.

Recommendation: Ratify negotiated Change Orders as noted

Fiscal Impact: Total ratification and approval by this action: \$79,100.65.

**\*CI C.10 School Consolidation Modulars Contract Award**

Comment:

The District needs additional classroom space to handle school consolidation from the three schools being closed this year. This contract will provide one building each for 6<sup>th</sup> grade adds at Chavez, Coronado, and Wilson. In addition, five buildings are anticipated to be added at Fairmont. WLC Architects is providing architectural and engineering services for the Fairmont project. The District needs to purchase the buildings due to all existing District-owned building stock having clouded Division of State Architect ("DSA") approval history, which could delay the project at DSA. These buildings must be installed by

August. Subsequently, the District will bid out the construction, utilities, and miscellaneous work needed to complete the replacement at the site.

The action proposed by this award will be a “piggyback” contract award to the modular building vendor, Mobile Modular Management Corporation. The Franklin McKinley School District has conducted a public bid process and has referenced other school districts in the state which, under law, may then award contracts as a “piggyback” on the Franklin McKinley contract. This contract award is for the new modular buildings, transportation and installation at the site.

Recommendation: Award contract to Mobile Modular Management Corporation under the terms of the Franklin McKinley School District Piggyback Contract.

Fiscal Impact: \$248,496. Funded from Special Reserve for Capital Outlay, Fund 40.

**\*CI C.11 DeAnza High School Fitness Center Modulars Sitework & Utilities Project Award of Contract**

Comment:

The DeAnza High School project has included the demolition of the school’s existing gymnasium and indoor PE spaces. The new gym will not be completed for 2-3 more years. During that time, the District needs to provide indoor PE spaces, similar to what was provided at the El Cerrito Temporary campus during that site’s construction. This contract includes the sitework, paving, utilities hookups and installation of modular buildings which will accommodate the new Fitness Centers. The modular building contracts have been previously approved by the Board.

DLM Architects has prepared plans and specifications for the DeAnza project. The District conducted a public bid of the project. Bids were opened on Thursday, May 14, 2009. Eight Contractors submitted bids. They are as follows: Terra Nova Engineering \$328,000; Evans Brothers \$287,800; W.R. Forde \$257,000; Trinet Construction \$233,000; Dan Electric \$217,000; Bruce Carone Grading \$208,000; ERA Construction \$199,160; and, Bay Cities Paving and Grading \$188,278. The lowest responsive, responsible bidder is Bay Cities Paving and Grading at \$188,278.

Recommendation: Award contract to the lowest responsive, responsible bidder

Fiscal Impact: \$188,278. Funded from the Measure J Bond.

**\*CI C.12 DeAnza High School Fitness Equipment Award of Contract**

Comment:

During the reconstruction of DeAnza High School, there will be no gym or Physical Education facilities on campus, with the exception of the new Fieldhouse locker and shower buildings. In order to provide for basic PE facilities, the District is installing two modular buildings adjacent to the new Fieldhouse buildings which will be used as workout, fitness rooms. In order to provide an appropriate PE program on the site, the District has initiated the purchase of fitness equipment for these rooms. The equipment proposed includes treadmills, stairmasters, elliptical cross trainers, and a full range of weight machines. This is similar to the equipment provided for the temporary campus at El Cerrito High School. This equipment will be used during the DeAnza construction in temporary facilities and then transferred into the new fitness rooms in the future gym building. The District conducted a public bid process for this

equipment. Bids were opened on Tuesday, May 26, 2009. Three Contractors submitted bids. They are as follows: Fitness Concepts \$179,032.85; Optifit \$149,891.90; and Gym Doctors \$148,428.10. The lowest responsive, responsible bidder is Gym Doctors at \$148,428.10.

Recommendation: Award contract for DeAnza fitness equipment to the lowest responsive, responsible bidder.

Fiscal Impact: \$148,428.10. Funded from the Measure J Bond.

**\*CI C.13 Community Advisory Committee (CAC) for Special Education**

Comment:

The Community Advisory Committee (CAC) for Special Education is a state mandated parent/community advisory group. The members are composed of special education parents, members of the community, teachers and other staff members who are interested in participating. The CAC advises the special education department and reviews the Special Education Local Plan.

The CAC By-Laws stipulate that “The CAC shall submit names of nominees to the Superintendent for approval. Formal appointment shall be made by the School Board” (CAC By-Laws, November, 2002).

The nominees provided are to serve as members of the CAC Membership for 2009-11. Also provided, are the current members who are serving from 2008-10.

Recommendation: Board Approval

Fiscal Impact: None

**\*CI C.14 Modification of Board Policy 1340 - Access to District Records**

Comment:

Periodic updates to Board Policy are necessary to reflect changes in law. The modifications to Board Policy 1340 reflect the laws regarding public access to district records under the California Public Records Act Government Code 6252-6270).

Recommendation: That the Board approves the changes to Board Policy 1340 - Access to District Records.

Fiscal Impact: None

**D. AWARDS, RECOGNITIONS, AND REPORTS**

\* **D.2 Recognition of Ford and Washington Elementary Schools – State Title I Academic Achievement Awards (AAA) Program**

Comment:

The purpose of the Academic Achievement Awards (AAA) Program, pursuant to Section 1117(b) of the No Child Left Behind Act, is to recognize Title I schools that exceeded Adequate Yearly Progress for two or more consecutive years and significantly closed the achievement gap among numerically significant subgroups. In order to receive this award, elementary schools need to attain or surpass the API median growth score of 779 and must demonstrate the achievement level of twice their API growth target.

Of the more than 6,000 Title I schools in California, only 200 schools received this award for 2008-09. Ford and Washington Elementary Schools were the only winners in Contra Costa County.

The awards were presented at the Title I AAA Awards Banquet in Anaheim on April 28. Principals Barbara Penny-James and Lisa Levi accepted the awards on behalf of the hard work of students, staff members, families and the community in closing the achievement gap.

\* **D.5 Recognition of WCCUSD National Board for Professional Teaching Standards Teachers**

Comment:

The National Board for Professional Teaching Standards (NBPTS) focuses on establishing high and rigorous standards for what accomplished teachers should know and be able to do. NBPTS advances the quality of teaching by developing professional standards for accomplished teaching and creating a system to certify teachers who meet those standards.

Cinda Rapp from Tara Hills Elementary School will introduce the five district National Board Certified Teachers (NBCTs) and then present a certificate to the newest candidate to receive the recognition as a National Board Certified Teacher, Marie Serrano. The six teachers are Cinda Rapp, Mary Angel and Marcella McClinton-Jamerson from Wilson, Gay Grieger-Lods from Grant, Mary Ann Lafosse from Chavez and Marie Stephanie Serrano from Castro.

Recommendation: For Recognition Only

Fiscal Impact: None

\* **D.6 Families in Transition – Homeless Education Program**

Comment:

The Homeless Education Program has attracted the attention of Congressional leaders, including Congressman George Miller, as well as national experts who have acknowledged the expertise developed in the West Contra Costa Unified School District. The lynchpin to the program's success is the on-the-street outreach and provision of services to homeless youth and families from diverse populations. Since 2006, the homeless numbers have begun to increase, 560 in 2006- 2007, 721 in 2007-2008 and upwards of 853 this year. Clearly, the economic downturn, coupled with the foreclosure crisis is driving this phenomenon.

By leveraging resources with community based agencies, such as Opportunity West, Greater Richmond Interfaith Program (GRIP), Contra Costa Office of Education and the County Homeless Program, the District's Families in Transition Program is able to expand and increase services to homeless children and youth and their families in the West County community.

The homeless program is funded under 2 funding streams: a CDE grant under the McKinney-Vento Homeless Assistance Program and a Title 1 Part A Homeless set aside. The program provides enrollment assistance, transportation assistance, advocacy, books and school supplies, personal hygiene products, school uniforms, referrals to social services, mental health and physical health services, tutoring, parent education, transfer of records and retrieval of necessary documents for families such as immunization records. These strategies and services have helped to maintain attendance rates, improve academic performance and produce noticeable stabilization in classroom behavior of impacted students.

\* **D.7 Richmond Tales: The Lost Secrets of the Iron Triangle**

Comment:

In partnership with the West County Reads collaborative, WCCUSD applied for and received a generous grant from the Creative Work Fund to develop and publish a non-fiction piece of literature that reflects our student population. As a result, the prolific author, Summer Brenner, wrote Richmond Tales-The Lost Secrets of the Iron Triangle. Ms. Brenner has based the book upon the experiences of two key characters, Mario and Maisha as they travel through time in Richmond, California.

The book, written for fourth and fifth graders, is sure to appeal to a wider audience as the characters learn the history of Richmond, experience cultural differences, and explore the possibilities of Richmond's future. Literature rarely reflects the local experiences of our students in WCCUSD. This work seeks to provide relevancy and strengthen a student's connection to our community. Undoubtedly, the story of Mario and Maisha reaffirms that our community is powerful and that our students' potential is unlimited.

Comment:

The District would like to take time to recognize the contributions of members of our school community who have passed away. The District requests the community to submit names to be reported as a regular part of each agenda.

Oscar Hernandez, a student at De Anza High School, passed away on May 16, 2009. Oscar was very loved by his fellow students and known for going out of his way to make them smile. He was a talented artist and rapper. Oscar had just recorded a rap song to be played in his honor at a lunchtime memorial May 29th.

Our thoughts go out to the family and friends in the loss of their loved one.

\* **F.5 Resolution No. 95-0809: Adoption of Notice and Hearing Schedule Pursuant to Education Code §44955.5**

Comment:

During the time period between five days after the enactment of the Budget Act and August 15 of the fiscal year to which the Budget Act applies, if the governing board of a school district determines that its total revenue limit per unit of average daily attendance for the fiscal year has not increased by at least 2 percent, Education Code section 44955.5 provides a school district with the ability to decrease the number of probationary or permanent certificated employees.

Recommendation: Recommend Adoption of Resolution

Fiscal Impact: To be determined

\* **F.6 Preliminary Planning for Demolition of Gompers High School and Adams Middle School**

Comment:

At its meeting of May 13, 2009, the Board's Facilities Subcommittee recommended that the District consider implementing a planning process for the demolition of Gompers High School and Adams Middle School. This recommendation is in the context of the severe deterioration and known seismic deficiencies of the sites. The recommendation reflects the closure of Adams Middle School.

This preliminary planning would focus on developing cost estimates and potential timelines for the work. It would include needed relocations. For example, at the Gompers site the District would need to relocate the Continuation High School, warehouse facilities, and maintenance facilities. This preliminary work could be a part of the upcoming Facilities Master Plan.

Any demolition of these District sites would be completed in accordance with the District's adopted Collaborative for High Performance Schools ("CHP's") standards. These green building standards require salvage of usable materials and full recycling of all major building components.

Recommendation: Board Facilities Subcommittee recommends approval

Fiscal Impact: Not known at this time. Preliminary planning would be funded from the Measure J Bond.

**Subject:** Ratification and Approval of Negotiated Change Orders

**Background information:**

Staff is seeking ratification of Change Orders on the following current District construction project: Dover Elementary School Ph. 2 Sitework. Change Orders are fully executed by the District upon signature by the Superintendent's designee. Board ratification is the final step required under state law in order to complete payment and contract adjustment.

In addition to normal ratification, approval of the noted Change Orders for the DeAnza High School Fieldhouse and the DeAnza High School Demolition and Site Utilities projects is required by the Board, with special findings as noted below, because these are in excess of the Public Contract Code limit of 10% of the original contract value. In accordance with Public Contract Code 20118.4, the Board, by approving and ratifying these Change Orders, finds that it would have been futile to publicly bid the work in question because of the tight time frames to complete this work without affecting the operations of the District, and that the public is best served by having this work completed by the contractor on the project.

**Recommendation:** Ratify negotiated Change Orders as noted

**Fiscal Impact:** Total ratification and approval by this action: \$79,100.65.

**Subject:** School Consolidation Modularity Contract Award

**Background Information:**

The District needs additional classroom space to handle school consolidation from the three schools being closed this year. This contract will provide one building each for 6<sup>th</sup> grade adds at Chavez, Coronado, and Wilson. In addition, five buildings are anticipated to be added at Fairmont. WLC Architects is providing architectural and engineering services for the Fairmont project. The District needs to purchase the buildings due to all existing District-owned building stock having clouded Division of State Architect (“DSA”) approval history, which could delay the project at DSA. These buildings must be installed by August. Subsequently, the District will bid out the construction, utilities, and miscellaneous work needed to complete the replacement at the site.

The action proposed by this award will be a “piggyback” contract award to the modular building vendor, Mobile Modular Management Corporation. The Franklin McKinley School District has conducted a public bid process and has referenced other school districts in the state which, under law, may then award contracts as a “piggyback” on the Franklin McKinley contract. This contract award is for the new modular buildings, transportation and installation at the site.

**Recommendation:** Award contract to Mobile Modular Management Corporation under the terms of the Franklin McKinley School District Piggyback Contract.

**Fiscal Impact:** \$248,496. Funded from Special Reserve for Capital Outlay, Fund 40.

**Subject:** DeAnza High School Fitness Center Modulars Sitework & Utilities Project Award of Contract

**Background Information:**

The DeAnza High School project has included the demolition of the school's existing gymnasium and indoor PE spaces. The new gym will not be completed for 2-3 more years. During that time, the District needs to provide indoor PE spaces, similar to what was provided at the El Cerrito Temporary campus during that site's construction. This contract includes the sitework, paving, utilities hookups and installation of modular buildings which will accommodate the new Fitness Centers. The modular building contracts have been previously approved by the Board.

DLM Architects has prepared plans and specifications for the DeAnza project. The District conducted a public bid of the project. Bids were opened on Thursday, May 14, 2009. Eight Contractors submitted bids. They are as follows: Terra Nova Engineering \$328,000; Evans Brothers \$287,800; W.R. Forde \$257,000; Trinet Construction \$233,000; Dan Electric \$217,000; Bruce Carone Grading \$208,000; ERA Construction \$199,160; and, Bay Cities Paving and Grading \$188,278. The lowest responsive, responsible bidder is Bay Cities Paving and Grading at \$188,278.

**Recommendation:** Award contract to the lowest responsive, responsible bidder

**Subject:** DeAnza High School Fitness Equipment Award of Contract

**Background Information:**

During the reconstruction of DeAnza High School, there will be no gym or Physical Education facilities on campus, with the exception of the new Fieldhouse locker and shower buildings. In order to provide for basic PE facilities, the District is installing two modular buildings adjacent to the new Fieldhouse buildings which will be used as workout, fitness rooms. In order to provide an appropriate PE program on the site, the District has initiated the purchase of fitness equipment for these rooms. The equipment proposed includes treadmills, stairmasters, elliptical cross trainers, and a full range of weight machines. This is similar to the equipment provided for the temporary campus at El Cerrito High School. This equipment will be used during the DeAnza construction in temporary facilities and then transferred into the new fitness rooms in the future gym building. The District conducted a public bid process for this equipment. Bids were opened on Tuesday, May 26, 2009. Three Contractors submitted bids. They are as follows: Fitness Concepts \$179,032.85; Optifit \$149,891.90; and Gym Doctors \$148,428.10. The lowest responsive, responsible bidder is Gym Doctors at \$148,428.10.

**Recommendation:** Award contract for DeAnza fitness equipment to the lowest responsive, responsible bidder.

**Background Information:**

The purpose of the Academic Achievement Awards (AAA) Program, pursuant to Section 1117(b) of the No Child Left Behind Act, is to recognize Title I schools that exceeded Adequate Yearly Progress for two or more consecutive years and significantly closed the achievement gap among numerically significant subgroups. In order to receive this award, elementary schools need to attain or surpass the API median growth score of 779 and must demonstrate the achievement level of twice their API growth target.

Of the more than 6,000 Title I schools in California, only 200 schools received this award for 2008-09. Ford and Washington Elementary Schools were the only winners in Contra Costa County.

The awards were presented at the Title I AAA Awards Banquet in Anaheim on April 28. Principals Barbara Penny-James and Lisa Levi accepted the awards on behalf of the hard work of students, staff members, families and the community in closing the achievement gap.

Educational Services  
**Subject:** Families in Transition – Homeless Education Program

**Background Information:**

The Homeless Education Program has attracted the attention of Congressional leaders, including Congressman George Miller, as well as national experts who have acknowledged the expertise developed in the West Contra Costa Unified School District. The lynchpin to the program's success is the on-the-street outreach and provision of services to homeless youth and families from diverse populations. Since 2006, the homeless numbers have begun to increase, 560 in 2006- 2007, 721 in 2007-2008 and upwards of 853 this year. Clearly, the economic downturn, coupled with the foreclosure crisis is driving this phenomenon.

By leveraging resources with community based agencies, such as Opportunity West, Greater Richmond Interfaith Program (GRIP), Contra Costa Office of Education and the County Homeless Program, the District's Families in Transition Program is able to expand and increase services to homeless children and youth and their families in the West County community.

The homeless program is funded under 2 funding streams: a CDE grant under the McKinney-Vento Homeless Assistance Program and a Title 1 Part A Homeless set aside. The program provides enrollment assistance, transportation assistance, advocacy, books and school supplies, personal hygiene products, school uniforms, referrals to social services, mental health and physical health services, tutoring, parent education, transfer of records and retrieval of necessary documents for families such as immunization records. These strategies and services have helped to maintain attendance rates, improve academic performance and produce noticeable stabilization in classroom behavior of impacted students.

**Background Information:**

In partnership with the West County Reads collaborative, WCCUSD applied for and received a generous grant from the Creative Work Fund to develop and publish a non-fiction piece of literature that reflects our student population. As a result, the prolific author, Summer Brenner, wrote Richmond Tales-The Lost Secrets of the Iron Triangle. Ms. Brenner has based the book upon the experiences of two key characters, Mario and Maisha as they travel through time in Richmond, California.

The book, written for fourth and fifth graders, is sure to appeal to a wider audience as the characters learn the history of Richmond, experience cultural differences, and explore the possibilities of Richmond's future. Literature rarely reflects the local experiences of our students in WCCUSD. This work seeks to provide relevancy and strengthen a student's connection to our community. Undoubtedly, the story of Mario and Maisha reaffirms that our community is powerful and that our students' potential is unlimited.

The District would like to take time to recognize the contributions of members of our school community who have passed away. The District requests the community to submit names to be reported as a regular part of each agenda.

Oscar Hernandez, a student at De Anza High School, passed away on May 16, 2009. Oscar was very loved by his fellow students and known for going out of his way to make them smile. He was a talented artist and rapper. Oscar had just recorded a rap song to be played in his honor at a lunchtime memorial May 29th.

Our thoughts go out to the family and friends in the loss of their loved one.

# West Contra Costa Unified School District

## 2008-09 3rd Interim Report Executive Summary

Prepared by: Sheri Gamba, Associate Superintendent of Business

# **West Contra Costa Unified School District 2008-09 Third Interim Report Executive Summary**

## **Introduction**

Two Interim Financial Reports are routinely required by the California Department of Education each year. Districts must submit each completed report for review to the County Office of Education who then submits them to the State. When a District submits a qualified or negative certification for the Second Interim Report, it must submit a Third Interim Report in accordance with Education Code 42131(e).

*The governing board of each school district filing a qualified or negative certification for the second report required under Section 42130, or classified as qualified or negative by the county superintendent of schools, shall provide to the county superintendent of schools, the Controller, and the Superintendent of Public Instruction no later than June 1, financial statement projections of the district's fund and cash balances through June 30 for the period ending April 30. The governing boards of all other school districts are encouraged to develop a similar financial statement for use in developing the beginning fund balances of the district for the ensuing fiscal year.*

California school district revenues and expenditures are subject to constant change. School district budgets are not static documents, but instead are constantly being revised to respond to decisions at the state and federal level, as well as to the expenditure needs of the local agency. The Third Interim Report's financial projections have been updated to reflect new information received and board action taken since the original budget adoption on June 30, 2008 and as of April 30, 2009.

The Executive Overview is a summary of the financial data reported in the SACS Third Interim Report. It is provided to assist the reader in understanding the information being reported on the SACS forms.

# **General Fund Unrestricted**

## **Revenue Summary**

### **Revenue Limit**

Revenue Limit funding is based mainly upon student attendance. Revenue Limit funding is the dollar amount for each child that is in attendance on average during the course of the school or fiscal year. Revenue limits are the prime component of every school district's budget.

The Average Daily Attendance (ADA) funding or "Revenue Limit" is reported in both the restricted and unrestricted revenues of the District because certain ADA, such as for students in Special Education, are earned by the ADA generated in restricted programs.

The West Contra Costa Unified School District is currently considered a declining enrollment district. As such the Revenue Limit funding is based on the prior year 07/08 P-2 Average Daily Attendance. This provision is considered a "hold harmless" for districts as they adjust to the decline.

Student Attendance is estimated to generate \$161,169,141 of which \$9,026,043 is restricted. The balance of \$152,143,098 is 85% of the District's General Fund Unrestricted Revenues for the 2008/09 fiscal year. This is a decrease in revenue by more than \$4.6 million.

### **Other State Revenue**

Other State Revenue Unrestricted includes K-3 Class Size Reduction, State Lottery and Supplemental Instruction. The District expects to receive \$14,964,484 this year.

## Other Local Revenue

Local Revenue consists of the local parcel tax, interest earnings and other miscellaneous revenues.

Declining cash balances due to the State deferral of revenues coupled with low interest rates have caused interest income to decline in the District. Last year's earnings were over \$2.4 million. This year we expect a decline in interest earning of \$1.7 million.

## **Expenditure Summary**

The projections reflected in the Third Interim Report are a result of the analysis of year-to-date expenditures against the adopted budget and the Second Interim Report.

## **Analysis of Unrestricted Ending Fund Balance**

The District's 2008/09 projected unrestricted ending fund balance is \$14,482,672. This balance has certain funding designations which are locally recognized as well as the designation for economic uncertainty.

<u>Designations</u>	
Revolving Cash	\$ 70,000
Stores	\$ 230,000
Economic Uncertainty 3%	<u>\$ 9,337,382</u>
<u>Total Designations</u>	\$9,637,382
<u>Unappropriated Balance</u>	<u>\$4,845,289</u>

## General Fund Restricted

The General Fund is the operating fund of the District. It is used for all financial resources except those required to be accounted for in another fund. The General Fund is used to account for the day-to-day operations of the District. The fund is divided into two sections, unrestricted and restricted. Restricted funds are monies received by the District that are categorical in nature, i.e., they can only be used for the purposes allowed by the funding agency or source.

Restricted revenue funding is recognized in two different ways. For funding subject to deferred revenue, the revenue is only recognized once it is spent. This means that any funds received and not spent, with carryover provisions, are deferred into the next fiscal year. For funding subject to ending fund balance, the revenue is recognized in the year received and any funds remaining at the end of the year are recorded as a restricted ending fund balance.

	Original Budget	Third Interim Projection
Revenue Limit Sources	\$ 8,871,888	\$ 9,026,043
Federal Revenue	24,340,440	33,244,170
Other State Revenue	50,173,845	53,609,984
Other Local Revenue	<u>7,587,072</u>	<u>8,884,867</u>
Total Revenues	\$90,973,245	\$104,765,064

The Third Interim Report revenues and expenses differ from the original adopted budget because of the carryover of prior year funds. This change is reflected in the restricted revenue and expense. Restricted budgets are updated based on prior year restricted fund balances. This carryover is then appropriated to the expenditure accounts according to grant or source guidelines and school site plans.

## Final Notes

The School Board is required to review the Third Interim financial statements in accordance with Education Code 42131(e) in order to ensure that cash and fund balances will be positive for year end.

The impact of mid-year cuts to the 2008-09 budget is included in this 3<sup>rd</sup> Interim. However, because the 3<sup>rd</sup> Interim reflects information as of April 30, it does not take into account the further loss of revenues resulting from the defeat of propositions 1A through 1E or the growing State deficit as outlined in the Governor's May Revision.

Therefore, according to the information available as of April 30, the West Contra Costa Unified School District will meet its financial obligations this year. The general fund will have a positive ending fund and cash balance and the balance will be sufficient to meet the required 3% reserve for economic uncertainty.

**Subject:** Preliminary Planning for Demolition of Gompers High School and Adams Middle School

**Background Information:**

At its meeting of May 13, 2009, the Board's Facilities Subcommittee recommended that the District consider implementing a planning process for the demolition of Gompers High School and Adams Middle School. This recommendation is in the context of the severe deterioration and known seismic deficiencies of the sites. The recommendation reflects the closure of Adams Middle School.

This preliminary planning would focus on developing cost estimates and potential timelines for the work. It would include needed relocations. For example, at the Gompers site the District would need to relocate the Continuation High School, warehouse facilities, and maintenance facilities. This preliminary work could be a part of the upcoming Facilities Master Plan.

Any demolition of these District sites would be completed in accordance with the District's adopted Collaborative for High Performance Schools ("CHP's") standards. These green building standards require salvage of usable materials and full recycling of all major building components.

**Recommendation:** Board Facilities Subcommittee recommends approval.

**Fiscal Impact:** Not known at this time. Preliminary planning would be funded from the Measure J Bond.
