EXECUTIVE SUMMARY

West Contra Costa Unified School District

**2020-21 Budget
Executive Summary
Board Meeting
June 10, 2020 Public Hearing
June 10, 2020 Adoption**

Every year by June 30th, financial reports are routinely required by the California Department of Education to adopt the budget. Districts must submit their completed reports for review to the County Office of Education who then submits the report to the State.

California school district revenues and expenditures are subject to constant change. Given this, our budget is not a static document, but instead is constantly being revised to respond to decisions at the state and federal levels, as well as to our local expenditure needs. This budget presents financial projections which have been updated to reflect the May budget proposal by the Governor. At the time of this publication the State budget has not yet been adopted and it is anticipated that there will be changes throughout the summer that may require the District to adopt a revised budget in the Fall due to the COVID-19 Pandemic.

This summary includes an overview of the financial data reported in the Standardized Account Code Structure (SACS). It is provided to assist the reader in understanding the information being reported on the SACS forms. The SACS forms also include supporting reports such as, Average Daily Attendance estimates, Criteria and Standards and the Multi-Year Projection report.

With each financial report, the District is asked to project our general fund financial status through year-end, which is June 30, 2020. The Multi-year projection is then required to determine if the District will be financially solvent for two subsequent years, in this case through the 2022-23 fiscal year.

This budget is based upon the Governor's Budget Proposal and the assumptions of significant reductions to the Local Control Funding Formula as directed by the Contra Costa County Office of Education with the guidance shared on the common dartboard that is approved by FCMAT.

High-Level Indicators & State-level Guidance:

- The LCFF Base grant is funded with a 2.31% COLA and then reduced by 10% which results in a 7.92% deficit factor in the revenue assumption for the 2020 – 2021 school year.
- STRS and PERS employer costs are reduced slightly based upon the Governor's Proposal.
- Specific categorical programs are also earmarked for reductions in the Proposal and the two out years in the projection are budgeted with a 0% COLA
- We also note that utilization of one-time funding, including the use of a second year of the OPEB transfer to directly pay for retiree benefits.
- The Federal one-time CARES act funding is included in the Revenue portion of the budget for the District direct payment as well as the amount that will come through the State for Special Education students. Additional CARES funding for at-risk students is not yet included in the budget.

District Budget Planning

The 2020 - 2021 budget conforms to State requirements which include the Local Control Funding Formula (LCFF) model. Since that time the Department of Finance has updated its information for schools, and likewise, we have reviewed assumptions for budget development and updated our information accordingly. Staff has also undertaken steps to tighten and refine the budget to be accurate.

This year the LCAP is not being approved until December which will allow the District to complete greater outreach effort to school communities and their stakeholders in order to inform and solicit input regarding the changing priorities and needs as a result of the COVID-19 Pandemic. The desired result is greater accountability for school districts and better results for students.

Major Fund Types

General Operating – Fund 01: Local Control Funding Formula (LCFF)

The primary source of revenue is determined by the LCFF. LCFF collapsed the majority of State funding streams and established a funding model with supplemental and concentration add-ons. The LCFF model was fully funded at the targeted levels for the 2019-20 school year. The Governor's Proposal eliminates most of the gains from LCFF in one year. LCFF includes funding amounts based upon grade span and supplemental funding for specific student groups. Supplemental funding is provided based on the percentage of English Learners (EL), Foster and Homeless Youth (FY) and Low Income (LI) students as compared to total enrollment. Concentration funding is provided in the case that these student groups exceed 55% or more of the student population. Base Grant and Grade Span Adjustments determine the amount of funding received in LCFF from the state. This formula determines funding levels but does not require that funding formula components follow factors for specific programming. Annually, the state determines whether to apply a Cost of Living Adjustment (COLA) to the base factors which is at 2.31% for this year although the funding with have a deficit factor of 7.92%.

2020 - 2021 Targeted Per Pupil Funding (Governor's Proposal) Current Estimates					
Per Pupil Funding Rate					Total Per Pupil Allocation accounting for S & C Allocation
Grade	Base	Grade Span Adj.	Supplemental	Concentration	
TK-3	\$7,092	\$738	\$1,566	\$3,915	\$9,575
4-6	\$7,199		\$1,440	\$3,600	\$8,803
7-8	\$7,412		\$1,482	\$3,706	\$9,063
9-12	\$8,590	\$223	\$1,763	\$4,406	\$10,777

It is estimated the District will receive a total of \$262,312,453 in LCFF during the 2020-21 school year (a reduction of \$24.7m from the previous year). The funding consists of

base funding in the amount of \$215,282,203 and Supplemental and Concentration funding in the amount of \$47,030,260. The assumptions used for this projection include:

- Funded average daily attendance: 26,639
- District unduplicated student count 71.12%

Other Significant State and Local Revenues

- State Lottery estimate: \$153 per pupil
- Mandated Block Grant estimate: \$1 million
- Local Parcel Tax: \$9.8M (unchanged, expires in '26-'27 – see Appendix A)
- MRAD: \$5.6M (unchanged, funding for maintenance of outdoor facilities with public access)

Restricted and Unrestricted Funds

Revenues to the district are grouped into “buckets” or types. Generally speaking, revenues are either restricted or unrestricted. Restricted or unrestricted describes the type of expense for which the revenue may be utilized. Unrestricted funds are utilized for any appropriate educational operational expense of the district whereas restricted funds are utilized specifically for the purpose(s) for which they are given to the district by the funding agency. Examples of restricted funds include the local Parcel Tax, various Federal funds, MRAD funds, and funds provided by various state grants. Restricted funds are received and utilized throughout the school year as various grants and projects are awarded or spent out and are often referred to as categorical revenue sources. Appendix B contains a list of the current restricted categorical funds.

The General Fund is the operating fund of the District used to account for day-to-day operations. The fund contains both unrestricted and restricted revenues.

Local Control Accountability Plan (LCAP)

Beginning in 2014-2015, the district began to align district outcomes to dollars budgeted and spent in the LCAP. These efforts are described in the LCAP and are subject to a public hearing and adoption by the Board. LCAP is funded in the unrestricted general fund budget and the plan components for 2020 - 2021 are paid for through Supplemental and Concentration Grant dollars. This year, the District is aligning base funding and restricted grant funding to the five major goal areas in order to help the public understand how all of the funding sources fit together. Through the LCAP, the district is expanding funding directly to the purview of site principals and their associated Site Councils. This enables sites to make financial decisions locally in a manner determined to be most effective in addressing local school issues. The LCAP will be revised during the Summer of 2020 based upon the new priorities of school in the midst of the COVID-19 Pandemic and will be approved by the Board in December.

Services and activities are aligned to the eight State priorities and organized by the District's five major goal areas and the District's Roadmap 2022. For a comprehensive

review of the District's LCAP, its associated and aligned activities and Roadmap 2022, please access the District's webpage at <http://www.wccusd.net>

Other Major Funds Monitored in Budget: (no significant changes)

Adult Education – Fund 11

The Adult Education program is funded through a consortium grant coupled with fee-based classes. The Adult Education program can expand upon the grant program through local initiatives and can charge fees for classes. While many districts eliminated this program during the economic downturn, the WCCUSD Board maintained the program in recognition of the support it provides to families of our students and the community at large. The program is now expected to be self-sufficient, as it was in the pre-recession period.

Capital Facility Funds

Capital Facility Funds consist of the Building Fund (21), Capital Facilities Fund (25), County School Facilities Fund (35), and Special Reserve for Capital Outlay (40). The Building Fund is where the bond funds and projects are accounted for; the Capital Facilities Fund contains developer fees, the County School Facilities Fund consists of funding received through the State School Building Program and the Special Reserve for Capital Outlay housed the former Redevelopment Agency (RDA) funds.

Other Funds

In addition to the General, Capital Outlay and Adult Funds, the District operates six additional funds. These include the Child Development Fund (Pre-School), the Cafeteria Fund, Bond Interest and Redemption Fund (County level bond debt payments), Debt Service Fund (COP), Self-Insurance Fund (Property, Liability, Dental and Vision), and Retiree Benefit Fund. These funds all have projected positive fund balances with the exception of the Cafeteria Fund that requires an ongoing contribution from the General Fund.

Special Reserve – Fund 17

The Special Reserve fund has been used to house various reserves set aside by the Board since 2011-2012 during the recession. The Special Reserve Fund contains the districts required 3% reserve. Previously the Board has directed the District to maintain an additional 6% reserve above the required reserve for economic uncertainties. The District utilized this excess reserve during the 2019 – 2020 school year depleting Fund 17 to a balance slightly above the required 3%. The Special Reserve fund includes:

Special Reserve Fund	
January 31, 2020 Balance	\$14,618,076
3% Required for Economic Uncertainties	\$12,187,847
6% Add'l for Econ. Uncert. Brd Approvd	\$0
Unassigned/Unappropriated	\$2,430,229

Looking Ahead – WCCUSD Budget in the Near Future

In this section we look ahead at major budgetary components that will significantly affect the district's budget in subsequent years. Each of the areas briefly discussed in this section are having or will have a major impact that will need to be carefully considered and planned for.

Multi Year Projection

The multi-year projection for the adopted budget utilizes the County Office of Education recommended assumptions. These assumptions are published by the California Department of Finance, School Services of California and the Fiscal Crisis Management Team for the development of revenue projections. Expenditure projections include estimated step and column increases as well as staffing changes based upon enrollment or expiration of one-time funding. Supply and service expenditures utilize the California Consumer Price Index as an estimate for cost increases.

Retirement System Employer Contribution Increases

The combined cost related to the retirement rate increases for 2020 - 2021 is projected to be decrease \$3.3 million in the coming year due to the Governor's proposal to buy down the rate, for 2021 - 2022 it is projected to increase \$0.6 million due to the same buy down. When the buy down proposal expires in 2022 – 2023 the total increase is projected to be \$3.4 million and then similar increases are projected for each year thereafter.

Deficit Spending

During budget development it is important to plan toward eliminating deficit spending if deficits are anticipated in the coming years. Deficit spending can be tracked by monitoring the ending fund balance each year. Strictly speaking it is the comparison of current year revenues to current year expenses. It is reflected in the State reports and is described as the net decrease in fund balance.

The fund balance had been carefully monitored to make sure the appropriate funds are in place for the state required 3% reserve. The following table illustrates the unrestricted ending fund balance for each year end closing plus the projections for fund balance which are included in the multi-year projection.

Fund Balance Summary				
Multi-Year Projection	June 2020	June 2021	June 2022	June 2022
	projected	projected	projected	projected
Fund Balance	\$27.3	\$9.7	-\$28.5	\$---
Net Difference (+/-)	-	-\$17.6	-\$38.2	-\$---

The District, like almost all districts in California is projected to have a negative fund balance at the end of the 2021 – 2022 school year unless a projected \$44 million in reductions are adopted. The District will then need to identify and additional \$18 million in reductions for the 2022 – 2023 school year based upon the COVID-19 impact to State funding for K-12 Education.

Summary

Projected reductions are needed for 2020 - 2021 and the two subsequent years. Prior to COVID-19 the District completed \$29.9 million in reductions that are part of the 2020 – 2021 budget. The district may only be able to begin staffing reductions in FY 2021-22 however due to bargaining agreements stipulations. Discussions have begun and planning is underway; this will allow us to address and negate future structural deficits. These actions will allow us to maintain positive ending operating balances, and assist us with challenges such as declining enrollment, increased costs, and possible reductions to our base revenue with a changing economy. Staff will continue to work on cost containment for the 2020 - 2021 school year and beyond to accomplish additional savings to help us sustain fiscal solvency.

Part I - General Administrative Share of Plant Services Costs

California's indirect cost plan allows that the general administrative costs in the indirect cost pool may include that portion of plant services costs (maintenance and operations costs and facilities rents and leases costs) attributable to the general administrative offices. The calculation of the plant services costs attributed to general administration and included in the pool is standardized and automated using the percentage of salaries and benefits relating to general administration as proxy for the percentage of square footage occupied by general administration.

Part II - Adjustments for Employment Separation Costs

When an employee separates from service, the local educational agency (LEA) may incur costs associated with the separation in addition to the employee's regular salary and benefits for the final pay period. These additional costs can be categorized as "normal" or "abnormal or mass" separation costs.

Normal separation costs include items such as pay for accumulated unused leave or routine severance pay authorized by governing board policy. Normal separation costs are not allowable as direct costs to federal programs, but are allowable as indirect costs. State programs may have similar restrictions. Where federal or state program guidelines required that the LEA charge an employee's normal separation costs to an unrestricted resource rather than to the restricted program in which the employee worked, the LEA may identify and enter these costs on Line A for inclusion in the indirect cost pool.

Abnormal or mass separation costs are those costs resulting from actions taken by an LEA to influence employees to terminate their employment earlier than they normally would have. Abnormal or mass separation costs include retirement incentives such as a Golden Handshake or severance packages negotiated to effect termination. Abnormal or mass separation costs may not be charged to federal programs as either direct costs or indirect costs. Where an LEA paid abnormal or mass separation costs on behalf of positions in general administrative functions included in the indirect cost pool, the LEA must identify and enter these costs on Line B for exclusion from the pool.

A. Normal Separation Costs (optional)

- Enter any normal separation costs paid on behalf of employees of restricted state or federal programs that were charged to an unrestricted resource (0000-1999) in funds 01, 09, and 62 with functions 1000-6999 or 8100-8400 rather than to the restricted program. These costs will be moved in Part III from base costs to the indirect cost pool.
Retain supporting documentation.

B. Abnormal or Mass Separation Costs (required)

- Enter any abnormal or mass separation costs paid on behalf of general administrative positions charged to unrestricted resources (0000-1999) in funds 01, 09, and 62 with functions 7200-7700. These costs will be moved in Part III from the indirect cost pool to base costs. If none, enter zero.

Part IV - Carry-forward Adjustment

The carry-forward adjustment is an after-the-fact adjustment for the difference between indirect costs recoverable using the indirect cost rate approved for use in a given year, and the actual indirect costs incurred in that year. The carry-forward adjustment eliminates the need for LEAs to file amended federal reports when their actual indirect costs vary from the estimated indirect costs on which the approved rate was based.

Where the ratio of indirect costs incurred in the current year is less than the estimated ratio of indirect costs on which the approved rate for use in the current year was based, the carry-forward adjustment is limited by using either the approved rate times current year base costs, or the highest rate actually used to recover costs from any program times current year base costs, if the highest rate used was less than the approved rate. Rates used to recover costs from programs are displayed in Exhibit A.

A. Indirect costs incurred in the current year (Part III, Line A8)	<u>24,747,072.08</u>
B. Carry-forward adjustment from prior year(s)	
1. Carry-forward adjustment from the second prior year	<u>(3,070,233.73)</u>
2. Carry-forward adjustment amount deferred from prior year(s), if any	<u>0.00</u>
C. Carry-forward adjustment for under- or over-recovery in the current year	
1. Under-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus (approved indirect cost rate (6.18%) times Part III, Line B19); zero if negative	<u>0.00</u>
2. Over-recovery: Part III, Line A8, plus carry-forward adjustment from prior years, minus the lesser of (approved indirect cost rate (6.18%) times Part III, Line B19) or (the highest rate used to recover costs from any program (6.25%) times Part III, Line B19); zero if positive	<u>(1,748,641.06)</u>
D. Preliminary carry-forward adjustment (Line C1 or C2)	<u>(1,748,641.06)</u>
E. Optional allocation of negative carry-forward adjustment over more than one year	
Where a negative carry-forward adjustment causes the proposed approved rate to fall below zero or would reduce the rate at which the LEA could recover indirect costs to such an extent that it would cause the LEA significant fiscal harm, the LEA may request that the carry-forward adjustment be allocated over more than one year. Where allocation of a negative carry-forward adjustment over more than one year does not resolve a negative rate, the CDE will work with the LEA on a case-by-case basis to establish an approved rate.	
Option 1. Preliminary proposed approved rate (Part III, Line D) if entire negative carry-forward adjustment is applied to the current year calculation:	<u>6.07%</u>
Option 2. Preliminary proposed approved rate (Part III, Line D) if one-half of negative carry-forward adjustment (\$-874,320.53) is applied to the current year calculation and the remainder (\$-874,320.53) is deferred to one or more future years:	<u>6.30%</u>
Option 3. Preliminary proposed approved rate (Part III, Line D) if one-third of negative carry-forward adjustment (\$-582,880.35) is applied to the current year calculation and the remainder (\$-1,165,760.71) is deferred to one or more future years:	<u>6.37%</u>
LEA request for Option 1, Option 2, or Option 3	<u>1</u>
F. Carry-forward adjustment used in Part III, Line A9 (Line D minus amount deferred if Option 2 or Option 3 is selected)	<u>(1,748,641.06)</u>

Approved indirect cost rate: 6.18%
 Highest rate used in any program: 6.25%

Note: In one or more resources, the rate used is greater than the approved rate.

STANDARD: Projected local control funding formula (LCFF) revenue for any of the budget year or two subsequent fiscal years has not changed from the prior fiscal year by more than the change in population, plus the district's gap funding or cost-of-living adjustment (COLA)¹ and its economic recovery target payment, plus or minus one percent.

For basic aid districts, projected LCFF revenue has not changed from the prior fiscal year by more than the percent change in property tax revenues plus or minus one percent.

For districts funded by necessary small school formulas, projected LCFF revenue has not changed from the prior fiscal year amount by more than the district's gap funding or COLA¹ and its economic recovery target payment, plus or minus one percent.

¹ Districts that are already at or above their LCFF target funding as described in Education Code Section 42238.03(d) receive no gap funding. These districts have a COLA applied to their LCFF target, but their year-over-year revenue increase might be less than the statutory COLA due to certain local factors and components of the funding formula.

4A. District's LCFF Revenue Standard

Indicate which standard applies:

Analyze the status of all employee labor agreements. Identify new labor agreements, as well as new commitments provided as part of previously ratified multiyear agreements; and include all contracts, including all administrator contracts (and including all compensation). For new agreements, indicate the date of the required board meeting. Compare the increase in new commitments to the projected increase in ongoing revenues, and explain how these commitments will be funded in future fiscal years.

If salary and benefit negotiations are not finalized at budget adoption, upon settlement with certificated or classified staff:

The school district must determine the cost of the settlement, including salaries, benefits, and any other agreements that change costs, and provide the county office of education (COE) with an analysis of the cost of the settlement and its impact on the operating budget.

The county superintendent shall review the analysis relative to the criteria and standards, and may provide written comments to the president of the district governing board and superintendent.

Bond Fund Issuance June 3, 2020

- On June 3rd, 2020, West Contra Costa Unified School District successfully issued \$130 million in “new money” general obligation bonds. The issuance comprised of \$65 million from 2010 Measure D and \$65 million from 2012 Measure E, marking the final issuance from both measures.
- The 2010 Measure D and 2012 Measure E bonds were issued as current interest bonds with a combined interest cost of approximately 2.60% over a 30-year repayment term.
 - **The combined rate at 2.60% marks the lowest borrowing cost for any “new money” series of general obligation bonds previously issued by 2010 Measure D and 2012 Measure E.**
- Timing of the sale was extremely favorable as interest rates in the municipal bond market are at historically low levels. The bonds were met with strong investor demand from many major institutional investors including Black Rock, Goldman Sachs, Mackay Shields, Vanguard and Wells Capital Management.

Governor's May Revision

- The Governor's May Revision includes significant cuts to education due to a projected \$54 billion deficit due to COVID-19 which equates to a **reduction of funding under Proposition 98 of \$19 billion since the January proposal**
 - Reverses \$6.1 billion in K-12 program expansion and spending increases
 - Spends down \$16.2 billion in the Budget Stabilization Account
 - Borrows \$4.1 billion in special funds
 - Utilizes \$8.3 billion in federal CARES Act (including the school share)
- While utilizing some one-time solutions, the Proposal is for a 10% reduction to LCFF funding for the 2020 – 2021 school year
- The proposed budget also includes apportionment deferrals of \$1.9 billion from 2019 – 2020 and an additional \$5.4 billion from 2020 - 2021
 - The Governor essentially requested a Federal bailout to fund K-12 education for the upcoming school year
 - The District must publish our budget prior to the State finalizing the budget for 2020 – 2021 which will likely require a 45-day revise to be completed

Take-Aways from Governor's Budget

- The COVID-19 Pandemic has created a massive budget deficit at the State level that erases 3 years of LCFF growth overnight.
- The State of California does not have a solution to the economic impact from COVID-19 and is formally requesting help from the Federal Government
- 2021 – 2022 will likely be worse than 2020 – 2021 economically
- It will be necessary for the Educational Community to advocate for relief to be able to provide even the basic services
 - The State eliminated all new programs from the January budget proposal
 - School Districts will not be in a financial position to add programs or services and will in fact be forced to make significant reductions in existing programs

State Legislature Has a Different Budget Strategy

- Major changes to the Governor's May Revision:
 - Rejects \$8.1 billion of proposed cuts to Proposition 98 funding this includes rejecting cuts to:
 - K-12 Local Control Funding Formula;
 - K-12 Categorical programs, including the After School Education Safety Program and Career Technical Education Programs (CTEIG and Strong Workforce);
 - State Preschool and Child Care reimbursement rates; and
 - Community Colleges, including career technical education.
- Includes no Proposition 98 cuts, instead if federal funds do not materialize \$5.3 billion of school funding will be converted to a deferral.
- Provides an Average Daily Attendance (ADA) hold harmless for in the 2020-21 fiscal year and **requires distance learning** in the event of school closures.

The Governor Still has the most Power

- This is the update from the Bob Blattner who is a key Sacramento Budget Expert:
 - First, even with the Legislature united, this is a three-way chess game – every move and counter-move needs to be taken in light of its potential impact on a prospective bailout package out of Washington, D.C., which is the preferred solution for everyone.
 - Remember (again) that the California State Budget isn't nicknamed "The Governor's Document" for nothing. Newsom has the authority to blue-pencil individual items he doesn't like, or even veto the entire package, as Jerry Brown did in 2011 when he deemed the Legislature's product "unbalanced."

The County Office and FCMAT Required 2020 – 2021 Budget Adoption Assumptions

- The Contra Costa County Office Of Education directed school districts to utilize the Governor's Proposal of a 2.31% COLA which is then **reduced by 10%** for all LCFF Funds along with additional Categorical reductions
 - The next two years are then budgeted with a 0% COLA
 - This is the common message guidance outlined by FCMAT
- The County Office anticipates that school districts will need to revise their budgets in the Fall as new information is finalized
 - The County has recommended that Districts go forward with the public hearing and budget adoption in the same meeting due to the changes that will occur after budget adoption
- It is very likely that we will not have clarity of options or solutions until later in the summer or early in the fall

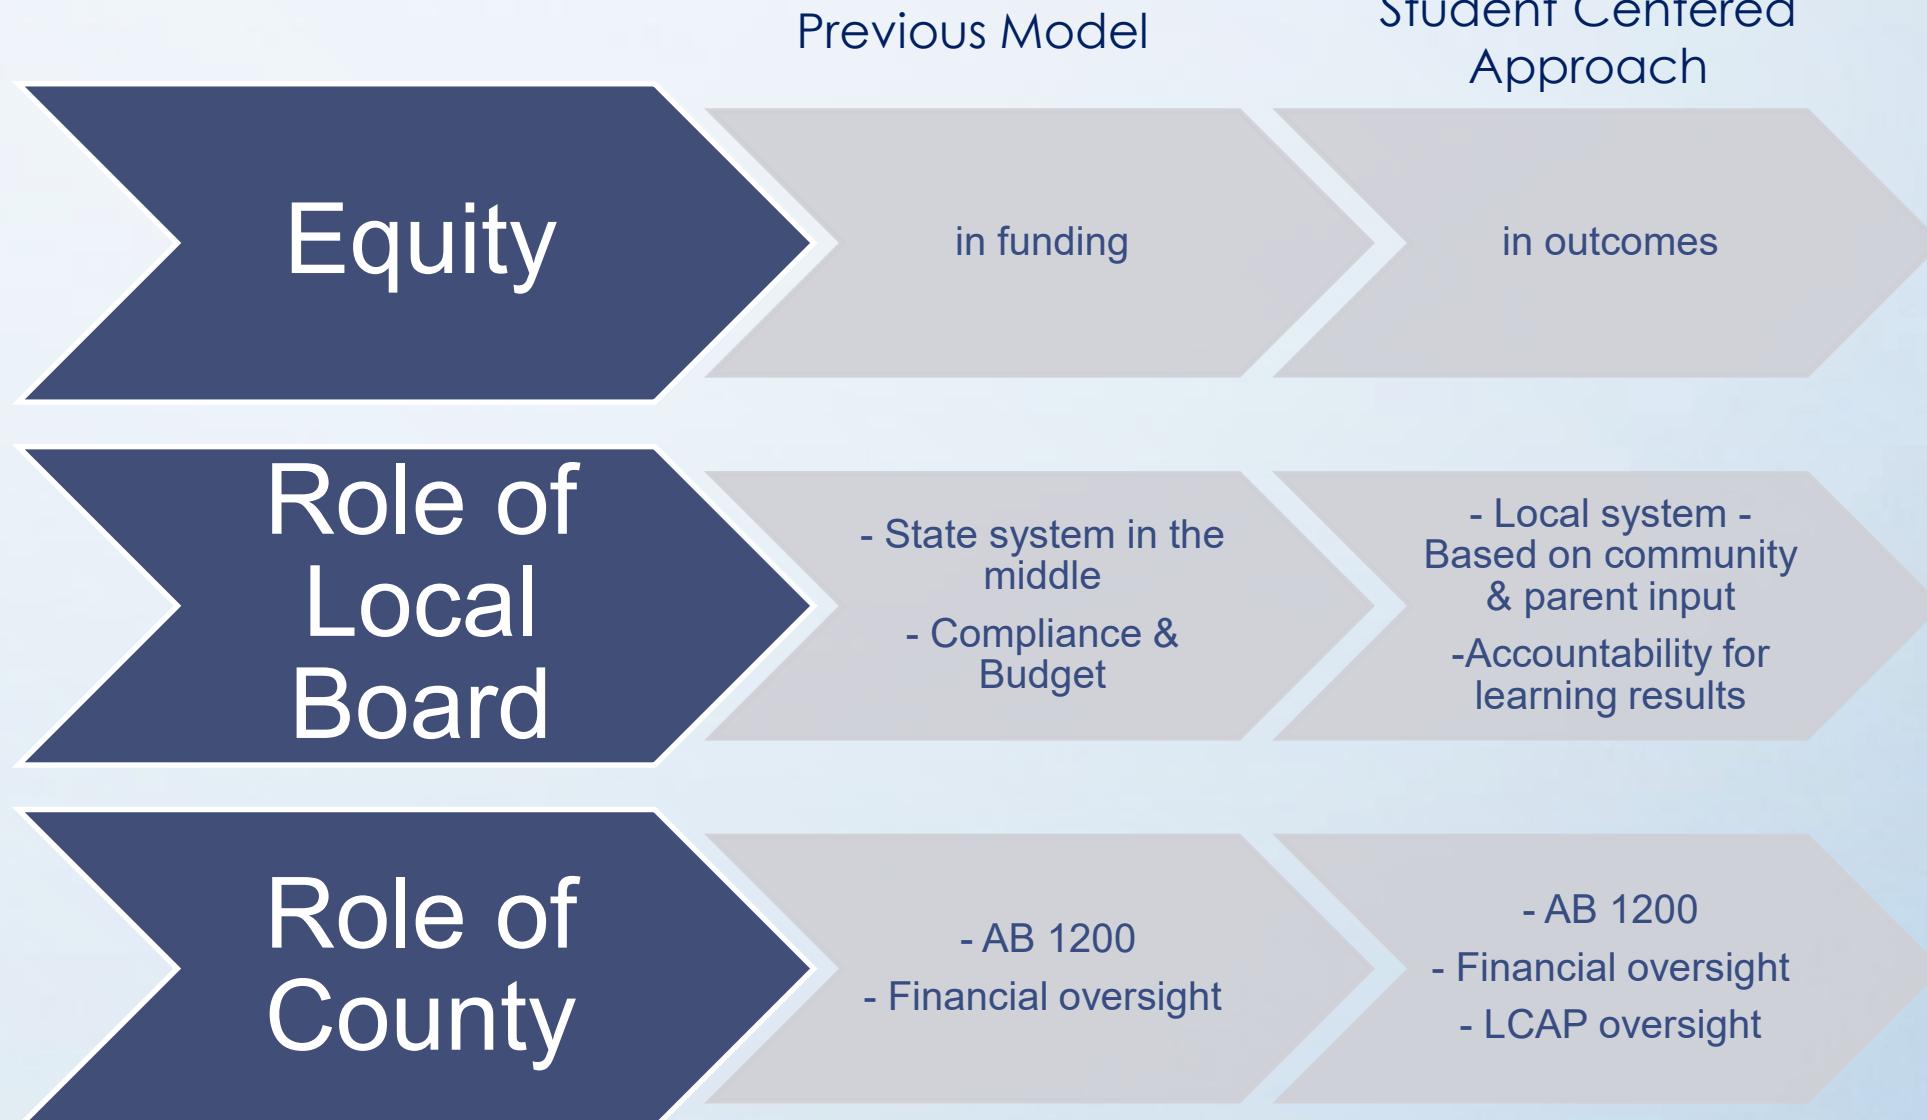

2019 – 2020 Board Budget Priorities

- Roadmap 2.0
- English Language Arts program elementary schools
- Dual language immersion program
- Support for African American students
- Positive school climate
- Stege Elementary School
- *Make necessary reductions to maintain a positive certification for the 2019 – 20 and two subsequent years budgets*

DLCAP Budget Recommendations

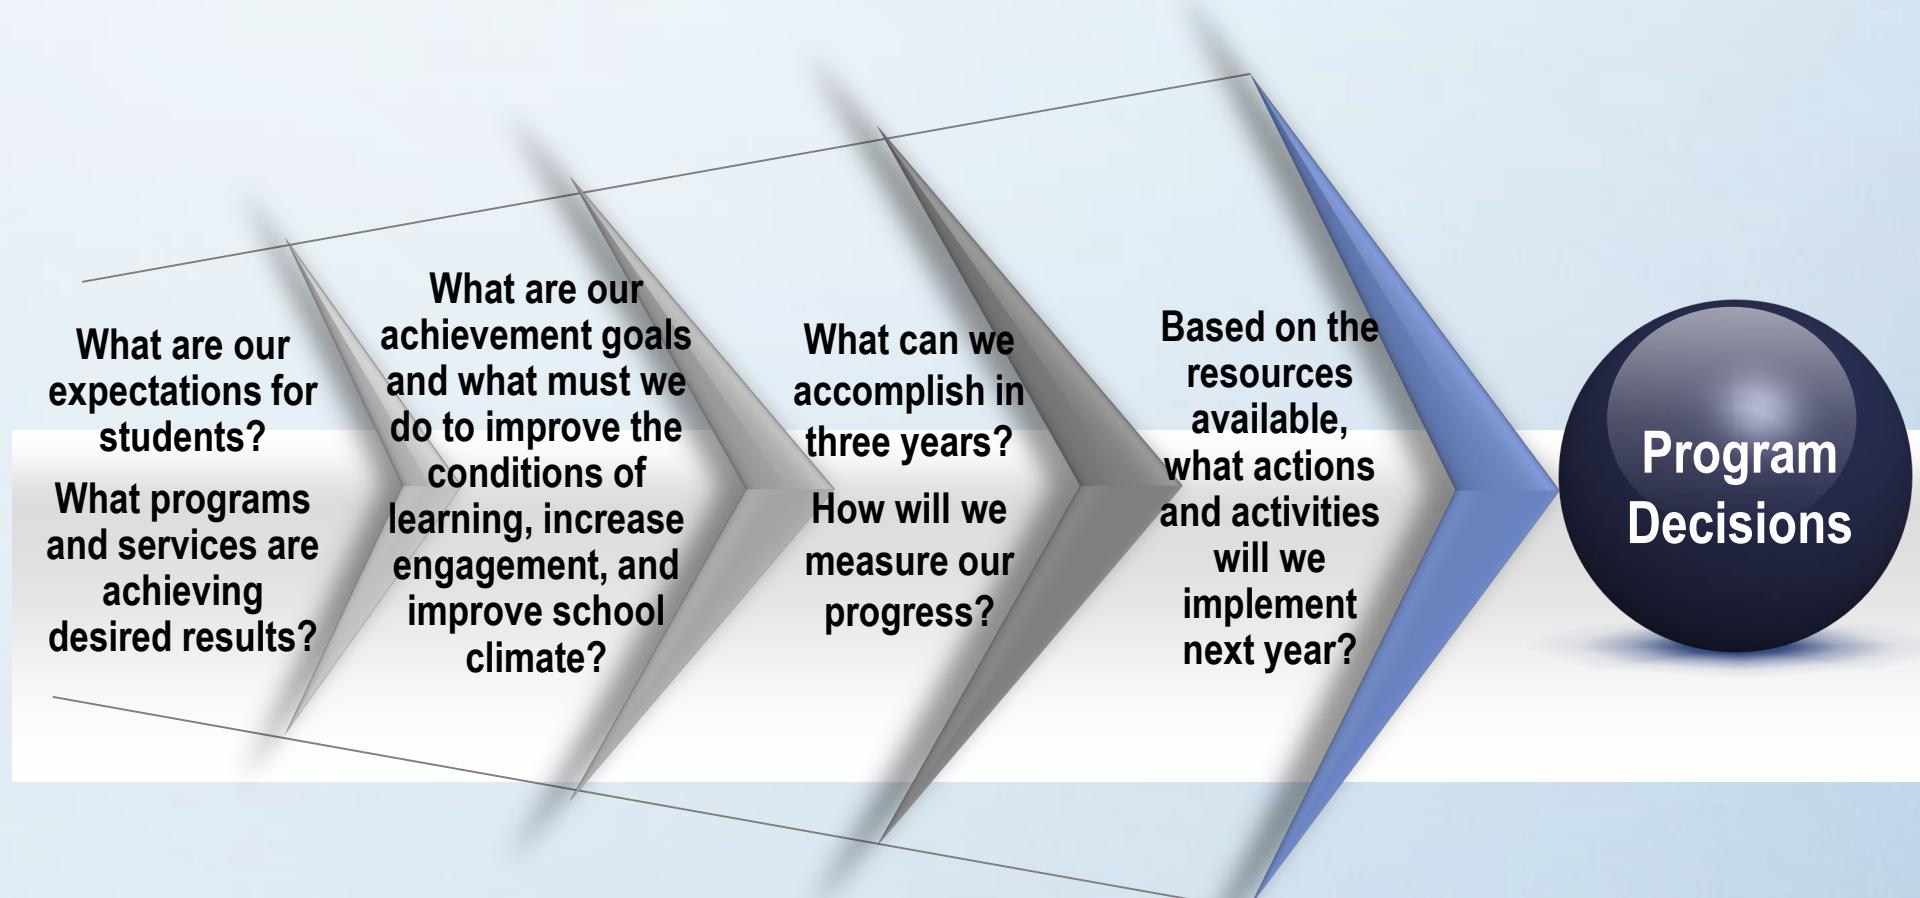

- All base funding shall be included in the LCAP
- Cuts to Supplemental funded programs should be proportional to the cuts the District needs to make
- Utilize an evaluation tool to evaluate all direct service programs funded by LCAP. Programs which fail to provide timely, adequate data be immediately reviewed and defunded, and those funds reallocated to other direct-services LCAP programs.
- Create a concrete plan to address the dire need for mental health services.

LCFF Budget Development System Shifts

A New Way of Budget Thinking

- The new system requires us to think first about outcomes
- No longer are you limited by what you can afford to do in a single year – start thinking about what you could accomplish in three years

Budget Building Blocks

- The District must be able to demonstrate that it can meet its financial obligations for the budget year + 2 out years under AB1200.
 - The District must also maintain adequate reserves
 - Recommended reserve levels are approximately 2 months of payroll, or 17%
- In a balanced budget:
 - Revenue – Expenditures = a positive number and reserves increase

Budget Development in the COVID-19 Era

- The way “School” is delivered has changed dramatically and will be ever changing over the next year due to the Pandemic
- New requirements, services, instructional delivery methods, groupings, and training are all going to be necessary
- This will require a shifting of resources, and likely new resources, to be able to implement necessary programs and services for students
- We will need to reassess all district priorities to respond to the impact of COVID-19

State Guidance On Reopening “School”

State Superintendent Tony Thurmond released a comprehensive guiding principles document about areas that Districts will need to consider as they plan on how to reopen school next year

- The next couple of slides contain several excerpts from within that document and we have a summary of the issues and costs that may need to be considered as we move forward in our planning
- **None of the costs that are associated with these concepts and needs are currently included in the budget**

State Guidance On Reopening “School”

Forward from State Superintendent Tony Thurmond

- “I will continue to passionately advocate every student having the opportunity to have access to a quality public school education, whether that is in a physical classroom or in a distance learning environment.”
- “We encourage all LEAs to keep the emotional well-being of all at the forefront of their decision making. This is also a time to reflect on systems that may not have worked for every child, and we encourage you to please continue to eliminate the barriers to student success that existed before the closure.”

State Guidance On Reopening “School”

- While the checklist focuses on statewide guidance, **the final decision to reopen will be made by each LEA** working in close collaboration with local health officials and community stakeholders, including families, staff, and labor partners.
 - Items in the checklist will likely require collaboration between labor and management groups and in some cases a revisit of existing bargaining agreements.
- As we return to “School”, it will be critical to leverage the Local Control and Accountability Plan (LCAP) concentration funds, supplemental federal Title I, Title III, and federal flexibilities on programs and supports to accelerate learning
- Engaging parents and the community in this acceleration can be done with a parent liaison who facilitates family engagement.

State Guidance On Reopening “School”

- Recommends the designation of a COVID-19 coordinator.
- Have adequate supplies for both employees and students including soap, hand sanitizer, and tissues.
- Ensure gloves, masks, disposable aprons, and other supplies are readily available.
- Provide at least six feet of physical distancing between groups or tables by increasing table spacing, removing tables, marking tables as closed, or providing a physical barrier between tables.
- Determine student and staff capacity of each school meeting six-foot physical distancing objectives.

State Guidance On Reopening “School”

- Active Screening. Engage in symptom screening as staff enter worksites, consistent with public health guidance, which includes visual wellness checks and temperature checks with no-touch thermometers.
- As recommended by the CDC, all staff should wear face coverings.
- Ensure staffing levels are sufficient to meet unique facility cleanliness, physical distancing, student learning, and health and safety needs to address COVID-19.
- Limit access to campus for parents and other visitors.
- The CDC recommends cancelling all field trips and intergroup events.

Examples of Unfunded Mandates

- The implementation of “School” requires multiple personal safety items to be purchased and provided. The following slides illustrate some of the potential costs associated with reopening.
- **None of the costs are currently within the Budget.**

Student Needs Drive Our Budget

- The COVID-19 Pandemic and the call for Social Justice has fundamentally changed the lives of our students, staff, and community. This change requires new thinking about our priorities and services to address:
 - Lost learning and the need for rapid remediation
 - Support for student groups that are chronically underachieving
 - Social and emotional impact of trauma
 - Inequities with respect to access to technology
 - Impact of second language learners ability to reach fluency
 - Safety provisions for staff and students
 - Staff development for teachers and support staff to be able to provide high quality impactful instruction in a distance learning environment
- With the adoption of the budget the District has a plan to create a multi-tiered approach to tackling these challenges through Board study sessions and community engagement

Conditions for Reopening “School”

Budget Development Timeline Changes

- In past years the development of the LCAP drove the final budget.
 - With the LCAP timeline shifted to December the District has placed a “hold” on LCAP expenditures that are not connected to ongoing staffing or essential services
- The LCAP timeline change allows the Board to utilize a process over this summer to analyze the existing priorities and make adjustments and shift resources to the new priorities that have emerged based upon our new reality
- After adoption of the Budget an appropriate two-way dialogue with stakeholders should occur to ensure that resources are directed to the appropriate priorities by the Board

AASAT Resolution

- District Staff has been working to shift a variety of Resources to support African American Student Achievement
- Since many of our budgets are tied to personnel costs including over 84% of our Supplemental and Concentration Funds we had to utilize multiple different resources
- The Resolution called for approximately \$7.2 million in support. Based upon the Governor's and Legislatures proposals the amount of Supplemental and Concentration Funding will **decrease between 5% to 14%** reducing the amount to a range between \$6.2 and \$6.8 million using the ratios
- The District plans to utilize the summer to work collaboratively to review all aspects of the District's budget to identify additional resources to redirect to our most critical needs for "School."

Cash Flow

- In both the Governor's and Legislative Budget Proposals deferrals are key component for the State to avoid more reductions
- The District receives Property Tax and State Apportionment for the bulk of our revenue
 - Property Taxes are fairly consistent and do not change significantly year over year
 - State aid makes up the difference between what is received in Property Taxes and what is required from the LCFF formula – This is what would be deferred
- When the State has had budget issues in the past they have deferred revenue from one month to a later month
 - The State has proposed a \$1.9 Billion deferral from June 2020 into 2020 – 2021
 - The State also proposed a \$5.4 billion deferral from 2020 – 2021 into 2021 -2022

Cash Flow and Deferrals

- The proposed deferrals in the May Revision are illustrated as follows:

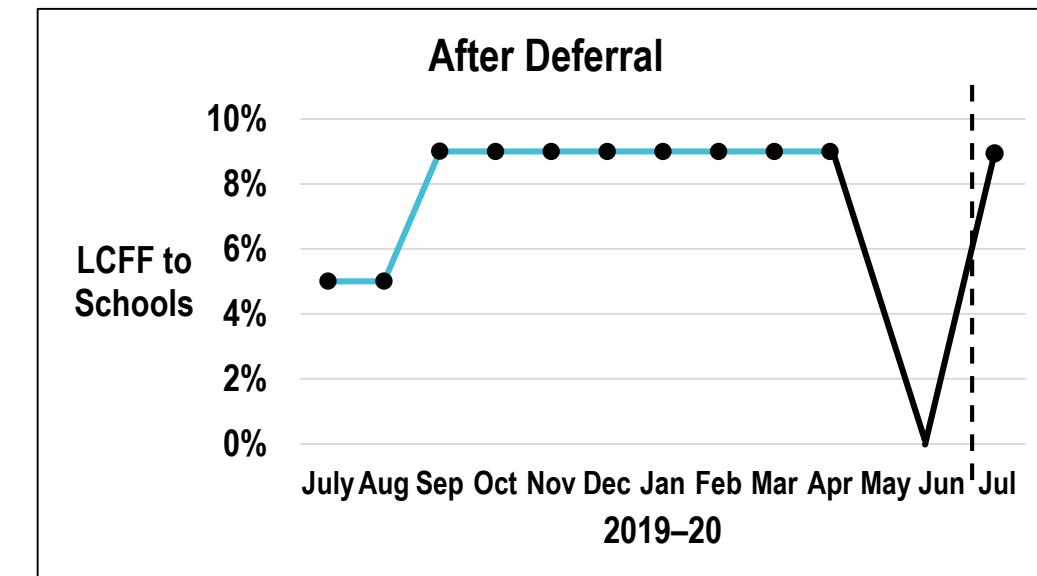

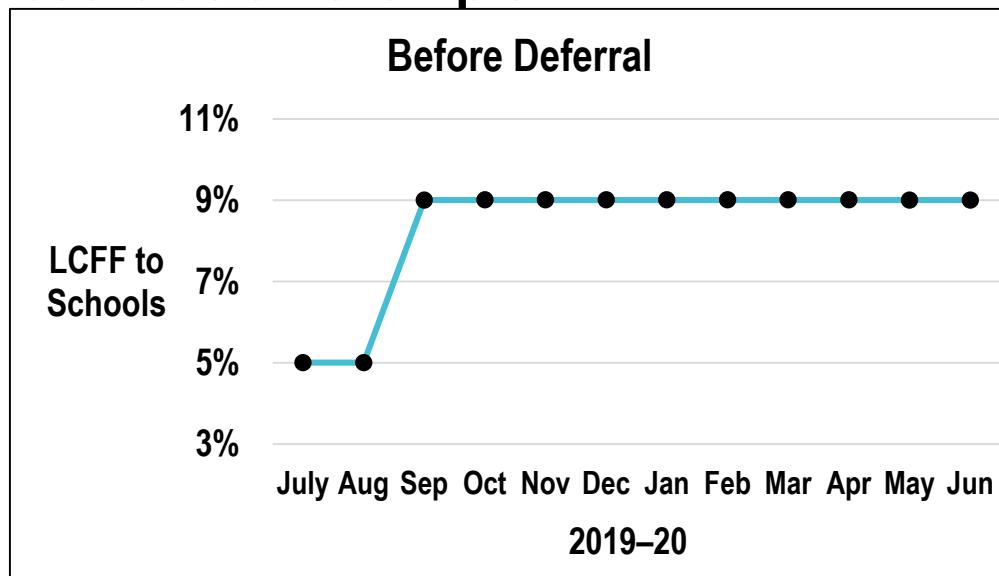

- The May Revision proposes a process for local school agencies to apply for an exemption from any or all of the April, May, and June 2021 deferrals due to financial hardship

Cash Flow and Deferrals

- Normally local school agencies receive state apportionment cash based upon the statutory schedules in EC §14041(a)(2), (7), or (8), depending on local characteristics that existed decades ago
 - ◆ Most are on the EC § 14041(a)(2) schedule, also referred to as the 5-5-9 schedule
- The cash deferrals proposed in the Governor's May Revision have this effect, using the 5-5-9 schedule as an example:
