

Crespi Middle School Community School Health Services

► Who We Are

Our Mission is to develop a coordinated system of support services for all students in order to foster well-being and academic achievement.

The Crespi Middle School Wellness Center was established during the 2016/17 school year in collaboration with the YMCA of the East Bay as a part of the West Contra Costa Unified School District's Full Service Community School initiative. The Wellness Center provides students with the support needed to face the challenges in their lives while working closely with faculty, administration, parents, and community to build a strong and positive school culture and support success for all students.

► Service Data

Coming in 2017/18!

Crespi Middle School Community School Health Services

▶ Student Impact

The RYSE Center facilitates the Young Men's and Sister Circles at Crespi Middle School. These groups cultivate a positive sense of agency, empower youth to be leaders in their communities, and promote an increase in academic performance through fun and engaging activities.

2016/17 Young Men's Circle Participants

▶ Special Acknowledgement for our Partners
