How to make a pizza:

First get the dough. Roll it flat and make a circle. Put the sauce and cheese on. Bake it in the oven for 45 minutes. Not too long. Take it out and slice it. Then you get to eat it.

Aaron

How to make a sandwich:

You need to get bread, cheese, lettuce, tomato and ham out of the refrigerator. Put one bread on the top and one on the bottom. Put all the ingredients in the bread. Bake the bread. Then you EAT the sandwich.

Christina

How to make a pizza:

First you need dough. Roll it and put it into a circle shape. Add tomato sauce. Buy some pepperoni, nobody knows how to make that stuff! Turn the oven on. Put cheese and pepperoni on the dough and some sauce if you want it. Put it in the oven, it is way too big for the microwave. Bake it for almost an hour and take it out. Slice it and then eat the pizza.

Sofia

How to build a snowman:

First go outside to where there is snow and make sure you bring the clothes for the snowman. Next, build two balls of snow and put them in a line. Then make the face of the snowman and put the clothes on him. Put on his hat and make sure he is done.

Jose

First get milk. Then make the milk hot.
Add chocolate and stir it up. Put
marshmallows and drink the hot
chocolate.

Yamilet

How to clean a room:

First you need a vacuum, then you clean with the vacuum. Then you have to pick up the trash from the floor. Then you wash the clothes. Then you need a wiping of the window. That is how you clean a room!

Marisol

How to make a Christmas tree:

Go and get a tree from the tree place. Bring it home. First put the ornaments. Then put the lights. Then put the star on the top. Then you are done.

Pedro

How to build a snowman:

First you grab some snow and roll it into a ball. Then you roll it on the floor to make a bigger ball, but not too big. Then you do the same thing, but make it a little smaller. Do it again a third time and make the ball smaller than the last one. You will have a big, medium and small ball. Then you stack them up. When you are done you get a stick and some buttons, but only three and get a carrot. Put the carrot and buttons on the head and one button on the hip and make the sticks go into the sides for arms. Now you have a snowman.

Title Finland is fun

it's hard to get booked to Finland because there aren't roads because
Finland is flooded and in Christmas the flood freezes and it snows to get
books to Finland you need a boat ~~Finland is really really really really~~
temples all kinds

Finland is cool & has ice 🧊. It's like a paradise of fun if you
don't wanna go to Finland then you don't know what's
going on they have all kinds of fun-stuff do you even
get to swim sometimes in the-water because it's
flooded in Finland

Finland is one of the coolest places on earth other than the popular
place is in California Richmond everyone wants to go to the popular
places even I want to go to like a popular place but Finland is one of
the greatest places on the earth

Library's are important because people need to learn or else it would've
been the Stone Age

Finland is the most happiest place on earth the most married
romantic place on earth is Paris they're kind of like the same
but a little bit different in there on the other side of the earth
but the places are fun everyone one wants to go

If they had super spicy
peppers I would be
happy

Finland is fun it's cold and chilly like me
and it is one of the best places to be
sincerely Gianni author Gianni

Jonathan

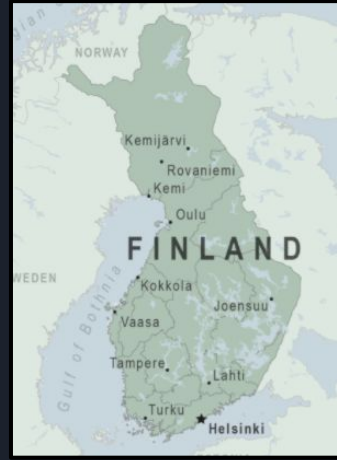

Finland has rocks and boats.

Librarians use boat too give too ppl

There are so much isalands .

Finland has ice and a lot .

Finland is fun.

So in Finland the kids couldn't get books because the cars can't
drive on snow so they had to use boats to get them but if cars
could drive on snow then that would be crazy 100

Lanyiah, Allison, Jonathan, Isa, Gianni,
Jazmine, London, Aniya, Rayshawn, and
Na'Riyah,

Finland has a lot of rocky islands and because Finland has extreme snowy winter some islands only have summer visitors.

Finland speak both Finnish and Swedish since 1976. The people of these islands buy books from a boat. Since winter is severe in Finland the boat goes out only from May to October.

It's hard to get books in Finland cause they have no cars. they use boats to bring books. libraries are important so you can learn and learn how to read.

Finland has a population of 5,156,000. The capital of Finland is Helsinki. Finland is well known for many lakes. There is a water called Gullkrona, meaning Golden Crown. It's the name given by Queen Blanka. The queen let her crown sink into the waves. The water is now called Gullkrona Bay. Finland as a boat library, a librarian and an assistant, and they make ten stops around the island. The book boat is called: Bokbat in Swedish or Kirjastovene in Finnish. It carries 600 books.

It is hard to get books in Thailand there is a lot desserts in Thailand. Librarians use elephant to books to kids in Thailand. It is very hot in Thailand on November and December it is kind of cold. Library's are very important because they give the kids knowledge and if you don't have books you won't learn about nothing if you don't know how to read you won't be smart. 🇹🇭 🇹🇭

The children in Thailand learn by elephants . Elephants bring books, the elephants travel from North Thailand it takes elephants 18 to 20 days to to complete a round trip.

Getting books in Thailand because it is hot and they use elephants and it probably hurts the elephants

Joey, Charlene, Ezme, Akilah, Amari, Nehemiah, Shaunique, Caliste, Sean, Mi'Chaela, Mar' John, Liberty, and Truly

Elephant is a library in Thailand The kids in Thailand that can't really change

Thailand is far away. Thailand has people. There are teens. There are kids. There are babies in Thailand. There is corona in Thailand.

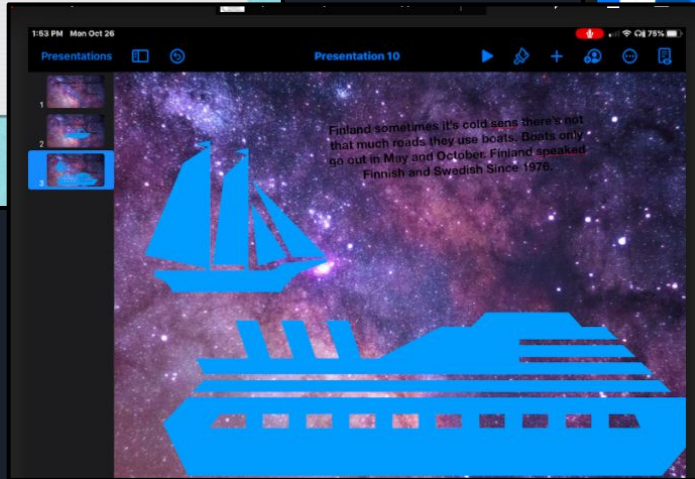

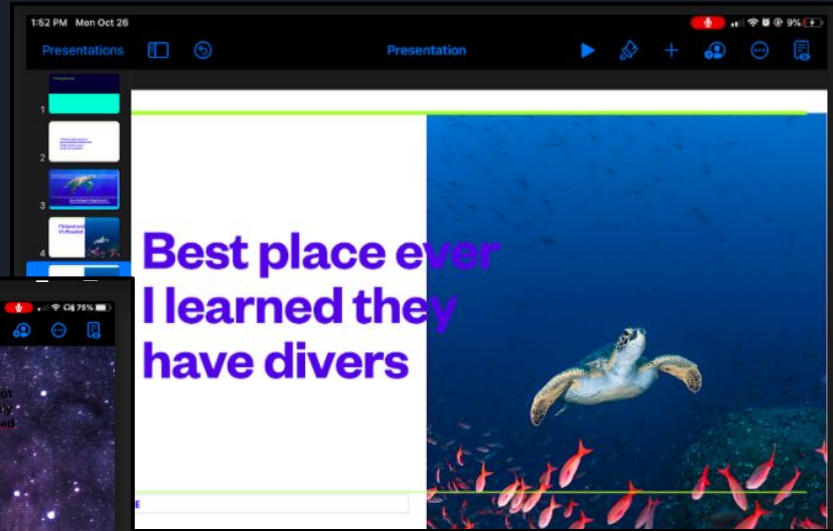

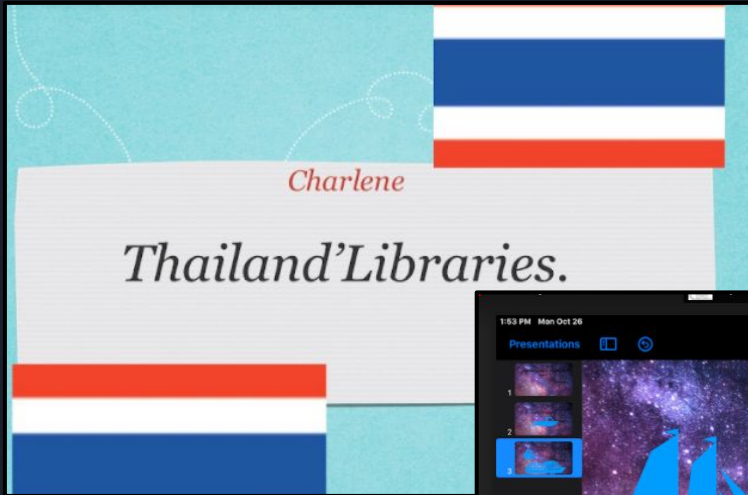

There are windows. There are walls. There are houses. Thailand has cars. There are stores. There is electricity in Thailand.

Getting books was hard in Thailand because there weren't enough roads. Librarians use elephants. It is hot in Thailand. Thailand has lots of jungles.

In Thailand there are trees. There are hills. There is grass. There are flowers.

I think Thailand is fun.

Last year. Me and my mom went to Walmart. We were looking for a Halloween costume. We found a costume that I wanted but we didn't know if it will fit me so we looked for a other costume. I found a Pennywise costume but I didn't know if I would like it. My mom showed me the Pennywise costume and then I got it. And then we went home. A few days later. On a Halloween day I wore my girl Pennywise Halloween costume. Everybody was staring at me but not rudely. Someone said Pennywise! And I enjoyed the attention that everybody gave me. And then we had a Halloween party in the classroom. It was so fun I wish it could happen again. A few hours later. The whole family went trick-or-treating. And that's the end of my story

Title of story: The lunch

One summer day we went on a field trip to a science place we all split into groups I was in with my friends, Aniaha, Geneva and Aniaha's mom. There were so many things to explore, we first went to the earthquake room before you go in and watch a video about earthquakes. There was a small earthquake, then a medium earthquake, then the biggest earthquake I ever went through.

Next we looked at the crocodiles. There also was an albino crocodile. It was white had pink eyes. It looked supper cool.

Then it was 12:00 o'clock....

It was lunch time we went to see if we could find a place to eat lunch but the lunch place was full, the ground wasn't a good option so we kept looking, looking and looking then we found the perfect place to eat.

The aquarium why you might ask well, we still can explore because we haven't looked at the aquarium so we walked there, when we were there we also saw another group of my friends Emmaline,

Cambrie, and Emmaline's mom. After we all ate, we went to the rainforest where we learned about animals and plants. We could also see the animals. I saw a parrot and it landed on my hand. I was so surprised.

Kayla needs a car to get to the testing. This is important to solve because you don't want to get sick or other people sick.

My car will have fast engine and a shift with a nice back and it will be a red car.

My car will have curves. My car will drive underwater and flight and will be super speedy.

5th Grade Narrative Writing

Have you ever bumped into a wall or other things when you're still learning to ride a bicycle? Well that happened to me when I was 9 years old. It was about to be my birthday and I got a bicycle. I had mixed feelings about riding my bicycle but, I was tumbling slide ways. In a minute I fell down hitting a large rock bumping into a brick wall.

Once there was a little girl. She was walking down the street to her friends house to study! Then these bully's were sneaking around her. Then they throw tomatoes at her. She was so scared she didn't know what was going on! Then they left and she ran so fast. Mind you she was by her friends gate.

There was this one day my cousin was playing with play dough. He grabbed some and put it in my hair. I thought it didn't get stuck in my hair but i realized weeks later a piece was in my hair. I tried to comb it out but didn't come out. I tried taking a shower so the water can flow through my hair and get it out but nope didn't work. I didn't know what to do so I just let it sit there for a while.

But it kept coming to mind so I went outside and forgot about it. I came back inside. I sat on my couch and my dog kept scratching my head. Then it came to my mind again.

Why does nobody understand me? I well come back I well come back huh what's that voice? Where is it coming from? This town is weird. I am stuck in this town and I am actually not dead and I saved the world but some mystery person said he saved the world.

On a dark and stormy night a girl named storm was out trick or treating and she was wearing her favorite costume, catwoman she adored catwoman, when suddenly something flew overhead and cackled ..and she got so spooked she didn't stay to find out what it was and she dropped all her candy she got.

DECODING (alphabetic principle,
spelling-sound correspondences)

SIGHT RECOGNITION
(of familiar words)

Tips for supporting students learning to read Upper Grade 3-6

Language comprehension:

1. Keep a Vocabulary journal, wall, iPad note, etc.
2. Watch something together and have a conversation about it
3. Ask your student to help you solve problems at home, big or small
4. Read or listen to a book together and discuss it
5. Have your student call a friend or family member to have a conversation

Tips for supporting students learning to read Upper Grade 3-6

Word Recognition:

1. Practice the English Phonemes in isolation
2. Encourage and model decoding with patience
3. Have students listen to audiobooks while following along with the words
4. Have students practice verbal word work
5. Make sure they are reading at or near their level or they know to ask for help

What questions do you have?

A decorative graphic on the right side of the slide, consisting of a series of dark grey, 3D-style rectangular blocks arranged in a staircase pattern that descends from the top right towards the bottom right. One block in the middle of the staircase is highlighted in a light green color, and another block further down is highlighted in a bright blue color.
