

May 10, 2021

To: LSA COVID Test Patients

From: LSA Labs  
3376 S Eastern Avenue  
Las Vegas, NV 89169

To Whom It May Concern;

LSA's sole compensation will be through insurance reimbursement for as long as the federal Public Health Emergency and the CARES act is in effect. No student, staff, family member and/or school will receive a bill from LSA for copays, cost sharing, or balance billing.

The only instance in which an individual may receive a bill is in the event that their insurance carrier issued a check directly to the individual instead of LSA Labs for the testing service provided. It is expected that individuals would endorse or remit a check to LSA for the exact amount of the check they received from their insurance carrier. LSA will make attempts to contact the patient by phone call, letter, or email to resolve this with the patient directly before taking the action of sending a bill to the patient.

You may contact Pily Marquez at LSA Labs at 702-685-6777.

Thank you,

*Brad Miedema*
