Committee updates:

Local Control Accountability Plan (LCAP) Committee -

Work sessions were held April 18, and May 1st. Data was incomplete at the first meeting. The second session was to review. Superintendent Duffy presented his roadmap, introducing 3 categories. May 29th will be the last meeting of the school year.

Medi-Cal – At the last meeting, larger departments want to use funds to bring in consultants while smaller departments want to attend conferences. We are switching to a new billing company next year.

Transportation – First student is looking for an Operations Manager. Royce Wood is the interim supervisor. He and a dispatcher met with the summer school principals.

Drivers do not have emergency info on the buses because of confidentiality. In an emergency, drivers must call into the dept.

Transition Fair – On April 28 Approximately 250 attendees, up from previous years. Using Blackboard Connect and advertising on local websites made a difference. Many day program providers did not attend. Not sure if it was due to expecting a lower turnout or if they don't have openings.

We will look into why.

Legislative Info Sharing Day – Attended on May 2. Excellent speakers in the a.m. and receptive legislators during our appointments. The parent presenter was from the Fremont area, and was responsible for the change in insurers covering Applied Behavior Analysis. (ABA). We asked if she was available for our parent conference. She declined.
