Occasionally, principals or teachers may receive a request from a parent for a student to be removed from EL instruction. When that occurs, please review with the parent the benefits of your school's EL program, along with the student's CELDT results, CST scores, current classwork, and progress toward reclassification. If the parent continues to request removal from EL instruction, please contact RAP Center Program Assistant Nellie Smith at 307-4590 with the student's name/ID # and parent's name and phone number. English Learner Services will contact you regarding the next steps. While students can not be removed from EL Services, parents can request that the student be removed from SEI to ELM settings.
