School Site Council (SSC) Recommendations and Assurances

The school site council recommends this school plan and proposed expenditures to the district governing board for approval, and assures the board of the following:

1. The school site council is correctly constituted, and was formed in accordance with district governing board policy and state law.
2. The school site council reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the school plan requiring board approval.
3. The school site council sought and considered all recommendations from the following groups or committees before adopting this plan.

English Learner Advisory Committee

Other (*list*)

4. The school site council reviewed the content requirements for school plans of programs included in this Single Plan for Student Achievement and believes all such content requirements have been met, including those found in district governing board policies and in the Local Improvement Plan.
5. This school plan is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
6. This school plan was adopted by the school site council on: **October 5, 2018**.
7. The School Site Council will monitor the implementation and effectiveness of strategies in the plan at least twice during the **2017 - 2018** school year, using the WCCUSD monitoring process.

Executive Summary

The Single Plan for Student Achievement (SPSA) has traditionally served as a vehicle for communicating information about the school's vision, initiatives to improve academic achievement, as well as describe how supplemental categorical funds are used to support these efforts.

WCCUSD's new district Local Control Accountability Plan (LCAP) is designed to improve student achievement, support the whole child socially and emotionally, and involve stakeholders to ensure all WCCUSD students are college and career-ready, able to make life choices that have successful, productive outcomes.

Improve Student Achievement: Provide a clear, well-resourced and rigorous student achievement program that addresses the full range of student needs and results in all students being prepared for a successful life.

Support the Whole Child Socially and Emotionally: For students to achieve at high academic levels, schools, families, and communities must focus on the child's social, emotional, physical and behavioral health, as well as the acquisition of academic skills.

Involve All Stakeholders: Engage the community in a process that provides for open, transparent, and inclusive participation of community stakeholders in WCCUSD planning.

Ensure All WCCUSD Students Are College and Career-Ready: Students can demonstrate independence, build strong content knowledge, respond to the varying demands of audience, task, purpose, and discipline, comprehend as well as critique, value evidence, use technology and digital media strategically and capably, and understand other perspectives and cultures.

Through data metrics and analysis, the LCAP also addresses the State's Priority Areas: Student Achievement, Student Engagement, Other Critical Student Outcomes, School Climate, Parental Involvement, Basic Services, Implementation of Common Core State Standards, and Course Access.

We are transitioning our school's SPSA to becoming a true companion document to the district LCAP so that it focuses on programs, activities and actions which are designed to continually address and support the district LCAP goals.

As we go deeper into this work, we will continue to connect these two critical plans, driving the academic needle forward for WCCUSD students.

Please read on to learn about Tara Hills Elementary School's specific SPSA plan of action for the 2017-18 school year.

Theory of Action

Learning and Teaching (ELA Goal)

If we deepen the implementation of our daily literacy practice through Accelerated Reader (STAR) in our classroom; then staff will improve their monitoring of student independent reading and comprehension skills. Students will increase literacy skills while fostering a love of reading that will improve academic achievement in all subject areas.

Adult Learning practices (School climate Goal)

If we build professional learning communities focused on mindfulness and adult self-awareness for certificated and classified staff; we will develop personal relationships with both student and parents which will lead to a higher level of engagement from students and parents.

Student Culture and Climate (School Climate Goal)

If we continue our activities for No Place for Hate and implement Mindfulness and Growth Mindset; classroom management and cultural responsiveness will increase and grow our school's awareness and ability to address our diverse student population. Students will feel respected and grow their self-awareness and regulation skills.

Teoría de Acción

Aprendizaje y Enseñanza (Objetivo del ELA)

Si profundizamos la implementación de nuestra práctica diaria de alfabetización a través de programa STAR Lector Acelerado (Accelerated Reader [STAR]) en nuestro salón de clases; Entonces el personal mejorará su supervisión de las habilidades de lectura y comprensión independiente de los estudiantes. Las destrezas de alfabetización crecerán en los estudiantes mientras se incentiva el amor por la lectura que mejorará el rendimiento académico en todas las materias.

Prácticas de Aprendizaje de Adultos (Objetivo de del ambiente escolar)

Si construimos comunidades profesionales de aprendizaje enfocadas en la atención plena y la auto-conciencia de adultos para el personal certificado y clasificado; Desarrollaremos relaciones personales con ambos los estudiantes y los padres el cual conducirán a un mayor nivel de compromiso de parte de los estudiantes y padres.

Cultura estudiantil y ambiente escolar (Objetivo del ambiente escolar)

Si continuamos con nuestras actividades de “No Hay Lugar para el Odio” e implementamos Atención Plena y el Crecimiento de la Mentalidad; El manejo del aula y la capacidad de respuesta cultural aumentarán y se desarrollara la conciencia y capacidad de nuestra escuela para dirigirse a nuestra diversa población estudiantil. Los estudiantes se sentirán respetados y sus habilidades de auto-conciencia y regulación crecerán.

SPSA Stakeholder Involvement

The School Site Council (SSC) works effectively with its stakeholders to complete the variety of tasks involved in developing, implementing, and monitoring the effectiveness of the Single Plan for Student Achievement (SPSA).

As the lead group, the SSC agrees to the following procedures for completing all work involving the SPSA:

Choose one task management option for each step				
	Task	SSC Actively Involved in Task	or	Task Delegated to
Step 1	Analyze local assessment data	Process: Discuss with Staff and SSC, work with Learning Center to support FBB and BB students in Tier II; Staff development used for tier I interventions.	or	Process: staff meeting, council meetings, community of care, PLC and academic conferencing, principal/teacher meetings, meetings with parents.
Step 2	Gather input from (check all that apply) <input checked="" type="checkbox"/> ELAC <input checked="" type="checkbox"/> Others Special Education	Process: Discuss with SSC and Staff, review with ELAC, Review with ILT	or	Process: Principal discussing with ELAC, members of site council discussing with staff and parents
Step 3	SPSA strategies development	Process: school-wide we developed goals based on our student needs, SPSA, ILT, and ELAC provide input. SPED. worked closely with principal, staff, and community of care to provide Tier II services	or	Process: Weekly meetings with principal and specialist to discuss our Tier II and III students, weekly collaboration, staff meeting, academic conferences.
Step 4	Budget development	Process: Discuss with ILT, SSC, ELAC, and Staff	or	Process: Staff meeting, PLC, ILT, SSC, meetings. Principal and Site Council
Step 5	Finalize and submit SPSA for School Board Approval	Date: December 6, 2015		
Step 6	SPSA monitoring	Process: Provide all staff with an electronic copy of the plan and have a hard copy available for parents and community. In January, 2016, ensure that each committee has a hard copy of the plan and refers to the plan for the committees outcomes. Present to ELAC. At the academic conferences and staff meetings refer to the plan for monitoring	or	Process: Members of Site Council that are on the staff

System-wide Barriers

Agreements

The following critical compliance items are in place throughout WCCUSD:

- **Highly Qualified Teachers:** All teachers and paraprofessional involved in our academic programs will meet NCLB's highly qualified requirements. Our site coordinates with the WCCUSD Human Resources Department to ensure compliance with this item.
- **Strategies to attract and retain high quality teachers:** Our site acknowledges the importance of attracting and retaining high quality instructional staff. Our site coordinates with the WCCUSD Human Resources Department to develop programs and strategies to ensure high quality instruction staff want to come to and remain at our site.
- **Learning Center Collaborative Model:** Each WCCUSD school that runs a collaborative model provides a seamless approach to integrating personnel, resources, and teaching strategies to serve at-risk special and general education students. Special education teachers may work with unidentified students and regular education teachers may work with identified students (as long as they are qualified to meet the goals on the students' I.E.P.s).
- **Staff development,** selected strategies to implement or continue, and materials used are focused on meeting the needs of at-risk and general education students. This information is detailed in the SPSA. Any funds spent to support the model are also outlined in the SPSA. Finally, staff is consistently monitoring and evaluating the effectiveness of the collaborative model so that changes can be made where needed.
- **Early Learning:** Develop plans to assist preschool students through the transition from early childhood programs to local elementary school programs
- **Schoolwide Plans and Homeless Children and Youth:** In accordance with McKinney Vento Federal Homeless Assistance Law, the following actions are taken:
 - Flyers are posted in the front office stating the rights of homeless children and services available. These flyers are made readily available to homeless families.
 - Staff is trained before the start of each academic year on how to enroll and identify homeless students by the district's homeless liaison.
 - Teachers receive yearly training on how to identify warning signs which may indicate homelessness and sensitivity training on the special needs of homeless children and youth.
 - Parents without homes are included in outreach efforts by parent involvement outreach workers for inclusion in school site councils.
