

# WCCUSD Support for National Board

## History of Support:

A few teachers at Wilson began supporting each other in 2004.

District began formal support program in Summer 2007 and continues through 2017

## Benefits of National Board Certification:

Many teachers describe the process as the best professional development they have ever had. It is based on your teaching, in your certification area, in your classroom, at this point in time. Although National Board Certified Teachers (NBCTs) facilitate you on your journey, the process and effort is yours and yours alone. It is the ultimate in individualized learning for teachers. Teachers around the country can compare their teaching practice to their peers on a National Level.

## What does WCCUSD Support look like?

Each candidate submits four components, each costing \$475. WCCUSD reimburses candidates for up to two components each year, (\$950). It will also reimburse for retake component(s), if needed. Formally trained NBCTs provide facilitated support for candidates one Saturday a month and at informally organized cohorts throughout the district, as needed. In the UTR contract, NBCTs currently receive an extra \$3,000 annually.
