School Site Council (SSC) Recommendations and Assurances

The school site council recommends this school plan and proposed expenditures to the district governing board for approval, and assures the board of the following:

1. The school site council is correctly constituted, and was formed in accordance with district governing board policy and state law.
2. The school site council reviewed its responsibilities under state law and district governing board policies, including those board policies relating to material changes in the school plan requiring board approval.
3. The school site council sought and considered all recommendations from the following groups or committees before adopting this plan:

Instructional Leadership Team, Parent Coffee Club, Teacher Collaborative

4. The school site council reviewed the content requirements for school plans of programs included in this Single Plan for Student Achievement and believes all such content requirements have been met, including those found in district governing board policies and in the Local Control Accountability Plan.
5. This school plan is based on a thorough analysis of student academic performance. The actions proposed herein form a sound, comprehensive, coordinated plan to reach stated school goals to improve student academic performance.
6. This school plan was adopted by the school site council on: May 2, 2018
7. The School Site Council will monitor the implementation and effectiveness of strategies in the plan at least twice during the 2018-2019 school year, using the WCCUSD monitoring process.

SPSA Stakeholder Involvement

The School Site Council (SSC) works effectively with its stakeholders to complete the variety of tasks involved in developing, implementing, and monitoring the effectiveness of the Single Plan for Student Achievement (SPSA). As the lead group, the SSC agrees to the following procedures for completing all work involving the SPSA:

		Choose one task management option for each step		
Task		SSC Actively Involved in Task	or	Task Delegated to
Step 1	Analyze local assessment data	Process:	or	Process:
		ILT will review data and share analysis and data results with SSC. SSC will discuss and analyze school needs.		
Step 2	Gather input from	Process:	or	Process:
		SSC will gather data from ILT, School Climate Team, and School administration to inform decision making.		
Step 3	SPSA strategies development	Process:	or	Process:
		ILT and SSC will review SPSA progress and school data to suggest and adjust SPSA strategies development.		
Step 4	Budget development	Process:	or	Process:
		Budget will be allocated based upon school needs. SSC will review and suggest recommendations for discussion and approval. Budget and expenditures will be reviewed at each SSC meeting.		
Step 5	Finalize and submit SPSA for School Board Approval	Date:		
Step 6	SPSA monitoring	Process:	or	Process:
				ILT will complete monitoring documents based upon SPSA implementation. Progress monitoring will be reviewed by SSC.

Executive Summary

The Single Plan for Student Achievement (SPSA) has traditionally served as a vehicle for communicating information about the school's vision and initiatives to improve academic achievement, as well as describe how supplemental categorical funds are used to support these efforts. WCCUSD's new district Local Control Accountability Plan (LCAP) is designed to improve student achievement, support the whole child socially and emotionally, and involve stakeholders to ensure all WCCUSD students are college and career-ready, able to make life choices that have successful, productive outcomes.

WCCUSD LCAP GOALS **Goal 1: Improve Student Achievement**
Goal 2: Improve Instructional Practice
Goal 3: Increase Parent and Community Engagement and Involvement
Goal 4: Improve Student Engagement and School Climate Outcomes
Goal 5: Provide Basic Services to All Students

Through data metrics and analysis, the LCAP also addresses the State's Priority Areas:

Priority 1 Basic Services Providing all students with access to fully credentialed teachers in their subject areas, as well as instructional materials that align with state standards, and safe, properly maintained school facilities.

Priority 2 Implementation of State Standards Ensuring school programs and services enable all students, including English learners, to access California's academic content and performance standards, including Common Core Standards for English Language Arts and Math, Next Generation Science Standards, and English Language Development Standards.

Priority 3 Parent Involvement Efforts by the school district and schools to seek input from all parents, and to engage parents in decision-making, as well as promoting parent participation in programs that meet the needs of their students and all students.

Priority 4 Pupil Achievement Improving achievement and outcomes for all students, as measured in multiple ways, such as test scores, English proficiency and college and career preparedness.

Priority 5 Pupil Engagement Providing students with engaging programs and course work that keeps them in school, as measured in part by attendance rates, dropout rates and graduation rates.

Priority 6 School Climate Factors both inside and outside the classroom that impact student success such as health, safety, student discipline, and school connectedness, as measured in part by suspension and expulsion rates, and surveys of students, teachers, and parents.

Priority 7 Course Access Ensuring all students have access to a broad course of study in all required subject areas, including math, social science, science, visual and performing arts, health, physical education, career and technical education, and others, that prepares them for college and careers, regardless of what school they attend or where they live.

Priority 8 Other Pupil Outcomes Measuring other important indicators of student performance in all required areas of study.

We are transitioning our school's SPSA to becoming a true companion document to the district LCAP so that it focuses on programs, activities, and actions which are designed to continually address and support the district LCAP goals. As we go deeper into this work, we will continue to connect these two critical plans, driving the academic needle forward for WCCUSD students. Please read on to learn about our specific SPSA plan of action for the 2018-19 school year.

**2018-19 Roadmap Goals:
Nine Key Strategies**

**Achieving
Students**

2017-18 LCAP Goals 1 & 5

1. Effective Leaders

Develop leaders to foster and cultivate a shared vision, a positive school culture, and a cohesive instructional program

2. Great Teachers

Support teachers to know their craft and plan and deliver engaging, personalized, and innovative instruction to all students.

3. Authentic Student Experiences

Provide opportunities and academic supports that inspire and motivate students to reach their full potential.

**Invested
Employees**

2017-18 LCAP Goal 2

4. Competitive Compensation

Offer competitive compensation to attract and retain quality educators.

5. Supportive Conditions

Develop school environments where teachers and staff feel valued and empowered and all basic needs are met.

6. Increased Capacity

Support staff in their growth and development through quality professional learning based on individual needs.

**Engaged
Communities**

2017-18 LCAP Goals 3 & 4

7. Safe and Welcoming Schools

Provide school environments where students, families, and staff feel safe and welcome.

8. Positive School Climates

Strengthen school culture through a tiered system of positive and restorative supports.

9. Socio-Emotional Services

Support the whole child through effective social and emotional supports as part of a Full Service Community Schools approach.

Our Theory of Action

Stege Theory of Action

2018-19 Stege School Theory of Action

<p>Achieving Students: If we Improve the learning experiences (a safe environment that promotes risk-taking) for all students while increasing the creative use of technology...</p>	<p>We will see improved academic results and students will demonstrate an increased ownership of the learning process.</p>
<p>Invested Employees: If we create PLCs and GLCs to promote targeted professional growth and offer on-site PD/trainings for growth in instructional planning and delivery...</p>	<p>We will have a staff that is better able to deliver differentiated instruction, while supporting students at higher levels.</p>
<p>Engaged Communities: If we have shared expectations and consistent activities to support positive climate and morale amongst students, parents, and staff...</p>	<p>We will have a Stege Community which supports all stakeholders better in a positive way.</p>

Agreements

The following critical compliance items are in place throughout WCCUSD:

Highly Qualified Teachers: All teachers and paraprofessionals involved in our academic programs will be highly qualified to teach students in their assigned area of work. Our site coordinates with the WCCUSD Human Resources Department to ensure qualified staff have been assigned to our classrooms.

Strategies to attract and retain high quality teachers: Our site acknowledges the importance of attracting and retaining high quality instructional staff. Our site coordinates with the WCCUSD Human Resources Department to develop programs and strategies to ensure high quality instruction staff want to come to and remain at our site.

Learning Center Collaborative Model: Each WCCUSD school that runs a collaborative model provides a seamless approach to integrating personnel, resources, and teaching strategies to serve at-risk special and general education students. Special education teachers may work with unidentified students and regular education teachers may work with identified students (as long as they are qualified to meet the goals on the students' I.E.P.s).

Professional Development: Staff development, selected strategies to implement or continue, and materials used are focused on meeting the needs of at-risk and general education students. This information is detailed in the SPSA. Any funds spent to support the model are also outlined in the SPSA. Finally, staff is consistently monitoring and evaluating the effectiveness of the collaborative model so that changes can be made where needed.

Early Learning: Develop plans to assist preschool students through the transition from early childhood programs to local elementary school programs.

Schoolwide Plans and Homeless Children and Youth: In accordance with McKinney Vento Federal Homeless Assistance Law, the following actions are taken:

- Flyers are posted in the front office stating the rights of homeless children and services available. These flyers are made readily available to homeless families.
- Staff is trained before the start of each academic year on how to enroll and identify homeless students by the district's homeless liaison.
- Teachers receive yearly training on how to identify warning signs which may indicate homelessness and sensitivity training on the special needs of homeless children and youth.
- Parents without homes are included in outreach efforts by parent involvement outreach workers for inclusion in school site councils.

Title I Centralized Services (Title I Schools Only)

The following programs and activities are provided to students enrolled in a school identified to receive Federal Title I funding:

- Summer Extended Learning Program - Grades K-8,
- Planning and program support from Partners in Innovation,
- Professional development opportunities and coaching support in the areas of ELA, Math, Science, Technology, and Data Analysis.
