## EXECUTIVE SUMMARY

In 2013, the California State Legislature changed more than 40 years of schools funding calculations known as the “Revenue Limit.” The change resulted in what is now known as the Local Control Funding Formula (LCFF). The LCFF eliminated most “categorical” programs—restricted funds that could be used only for specific purposes. State funding now comes with a “base grant” that is the same for all school districts as well as supplemental and concentration funding based on the number of students who are English language learners, low income or foster youth. The LCFF will bring a significant increase in funding to the West Contra Unified School District (WCCUSD) over the next few years, but reduced enrollment and additional commitments placed on school districts by the state have tempered expectations.

The new funding that is generated through the LCFF is dedicated to improve the learning outcomes for three groups of students: English learners (EL), low-income (LI) students and foster youth (FY). In addition to the base grant, districts receive additional funding based on the unduplicated count of students who qualify in one of those three groups. For each student in one of those three categories, districts receive what is known in the LCFF as a “supplemental grant.” Districts that have more than 55 percent of their students in one of those three categories also receive a “concentration grant.”

The district serves about 29,145 students from pre-K to Grade 12, three-quarters of which are English language learners, low-income, and/or foster youth (Table 1).

Under the LCFF formula, the district receives supplemental and concentration grants for the unduplicated count of students in those groups. Under the LCFF, the district is scheduled to receive consistent increases in funding until the year 2020-21, when the state expects to fully fund the formula. For 2015-16, the district will receive a base grant of \$204 million (including \$4.7 million of transportation and Targeted Instructional Improvement dollars), plus \$36.3 million in supplemental and concentration grants (Table 2).

Funding generated through the supplemental and concentration grants must be spent to increase or improve services for students who are English learners, low-income or foster youth. Districts have flexibility in determining which services to provide and how they will be implemented. Districts can distribute those funds through:

- Targeted Student Services—one-to-one services that go only to EL, LI or FY students.
- Schoolwide programs—for schools with 100% eligible students or on programs that primarily benefit EL, LI, and FY students.
- Districtwide Programs—initiatives for all that have achievement gap closing benefits to EL, LI and FY students.

Many of the programs and instructional methodologies that have proven effective in improving outcomes for the targeted student groups have been demonstrated to benefit all students.

The LCFF brings new resources and new accountability measures to WCCUSD. In enacting the LCFF, the Legislature also approved the Local Control Accountability Plan (LCAP), which mandates that districts describe how they intend to meet annual goals for all students and address state and local priorities. The accountability plan must align goals to the defined priorities, set targets for improvement based on data and link expenditures to the District’s goals.

In creating the LCAP requirement, the California legislature established priorities that must be included in the plan. These include:

- *Conditions of Learning*
  - Basic: Williams Settlement Criteria
  - Implementation of Common Core State Standards
  - Course Access
- *Pupil Outcomes*
  - Pupil Achievement
  - Other Student Outcomes
- \* *Engagement*
  - Parent Involvement
  - Pupil Engagement
  - School Climate

The Legislature also established requirements for stakeholder engagement in the process, including specific review by parents. The district's stakeholder engagement is detailed in Section I of the LCAP. In order to comply with the parental involvement mandate and to ensure the plan aligns with the community's goals and priorities, the WCCUSD Board of Education in January 2014 approved the formation of the District Local Control Accountability Parent Committee. The purpose of the committee is to advise the Board on the Local Control Accountability Plan. The committee is composed of parents or guardians of elementary and secondary WCCUSD students representing each high school attendance area, representatives from stakeholder groups who are parents or guardians of District students and students from each high school.

In addition to the committee meetings and regular updates to the Board of Education, the District has hosted five town hall meetings that brought together members of the community to offer their feedback. Three meetings were held for the general community, one for partner organizations and one for students.

### **MAJOR CHANGES FOR 2015-2016**

The LCAP has a different look due to significant changes mandated by the State Board of Education, encouraged by county officials and prompted by feedback received from District stakeholders. The changes include:

- \* Modifications to the LCAP template that were mandated by the State Board of Education
- \* Consolidation of the 14 goals to 5, which was encouraged by county office of education officials
- \* Inclusion of only the supplemental and concentration grant funds, which was prompted by stakeholder feedback regarding the complexity of the document

It is hoped these changes give our stakeholders a more focused and less fractured look at the LCAP. Due to the changes ordered by the state Board of Education, the LCAP template now combines the Annual Measurable Outcomes with Actions, Services and Budget (Figure 1) and requires an annual review to compare plans with actual services, actions and expenditures (Figure 2).

The consolidation from 14 goals in 2014-2015 to five in 2015-2016 will provide more focus, improve the link between goals and services and allow the District and its stakeholders to better prioritize the work outlined in the LCAP.

The final change to the LCAP is the inclusion of only supplemental and concentration funds. The plan for 2014-2015 includes elements from some state and federal grants, capital improvement and general fund resources, which caused confusion for stakeholders and staff alike. With this change, it is hoped that stakeholders will have a better understanding of the funding that is covered by the LCAP and will be able to better identify the expenditures that should be prioritized.

LCAP Year: 2015-16

***Local Control and Accountability Plan and Annual Update Template***

*The Local Control and Accountability Plan (LCAP) and Annual Update Template shall be used to provide details regarding local educational agencies' (LEAs) actions and expenditures to support pupil outcomes and overall performance pursuant to Education Code sections 52060, 52066, 47605, 47605.5, and 47606.5. The LCAP and Annual Update Template must be completed by all LEAs each year.*

*For school districts, pursuant to Education Code section 52060, the LCAP must describe, for the school district and each school within the district, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities and any locally identified priorities.*

*For county offices of education, pursuant to Education Code section 52066, the LCAP must describe, for each county office of education-operated school and program, goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, who are funded through the county office of education Local Control Funding Formula as identified in Education Code section 2574 (pupils attending juvenile court schools, on probation or parole, or mandatorily expelled) for each of the state priorities and any locally identified priorities. School districts and county offices of education may additionally coordinate and describe in their LCAPs services provided to pupils funded by a school district but attending county-operated schools and programs, including special education programs.*

*Charter schools, pursuant to Education Code sections 47605, 47605.5, and 47606.5, must describe goals and specific actions to achieve those goals for all pupils and each subgroup of pupils identified in Education Code section 52052, including pupils with disabilities, for each of the state priorities as applicable and any locally identified priorities. For charter schools, the inclusion and description of goals for state priorities in the LCAP may be modified to meet the grade levels served and the nature of the programs provided, including modifications to reflect only the statutory requirements explicitly applicable to charter schools in the Education Code.*

*The LCAP is intended to be a comprehensive planning tool. Accordingly, in developing goals, specific actions, and expenditures, LEAs should carefully consider how to reflect the services and related expenses for their basic instructional program in relationship to the state priorities. LEAs may reference and describe actions and expenditures in other plans and funded by a variety of other fund sources when detailing goals, actions, and expenditures related to the state and local priorities. LCAPs must be consistent with school plans submitted pursuant to Education Code section 64001. The information contained in the LCAP, or annual update, may be supplemented by information contained in other plans (including the LEA plan pursuant to Section 1112 of Subpart 1 of Part A of Title I of Public Law 107-110) that are incorporated or referenced as relevant in this document.*

*For each section of the template, LEAs shall comply with instructions and should use the guiding questions as prompts (but not limits) for completing the information as required by statute. Guiding questions do not require separate narrative responses. However, the narrative response and goals and actions should demonstrate each guiding question was considered during the development of the plan. Data referenced in the LCAP must be consistent with the school accountability report card where appropriate. LEAs may resize pages or attach additional pages as necessary to facilitate completion of the LCAP.*

## **State Priorities**

*The state priorities listed in Education Code sections 52060 and 52066 can be categorized as specified below for planning purposes, however, school districts and county offices of education must address each of the state priorities in their LCAP. Charter schools must address the priorities in Education Code section 52060(d) that apply to the grade levels served, or the nature of the program operated, by the charter school.*

### **A. Conditions of Learning:**

**Basic:** *degree to which teachers are appropriately assigned pursuant to Education Code section 44258.9, and fully credentialed in the subject areas and for the pupils they are teaching; pupils have access to standards-aligned instructional materials pursuant to Education Code section 60119; and school facilities are maintained in good repair pursuant to Education Code section 17002(d). (Priority 1)*

**Implementation of State Standards:** *implementation of academic content and performance standards and English language development standards adopted by the state board for all pupils, including English learners. (Priority 2)*

**Course access:** *pupil enrollment in a broad course of study that includes all of the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Section 51220, as applicable. (Priority 7)*

**Expelled pupils (for county offices of education only):** *coordination of instruction of expelled pupils pursuant to Education Code section 48926. (Priority 9)*

**Foster youth (for county offices of education only):** *coordination of services, including working with the county child welfare agency to share information, responding to the needs of the juvenile court system, and ensuring transfer of health and education records. (Priority 10)*

### **B. Pupil Outcomes:**

**Pupil achievement:** *performance on standardized tests, score on Academic Performance Index, share of pupils that are college and career ready, share of English learners that become English proficient, English learner reclassification rate, share of pupils that pass Advanced Placement exams with 3 or higher, share of pupils determined prepared for college by the Early Assessment Program. (Priority 4)*

**Other pupil outcomes:** *pupil outcomes in the subject areas described in Education Code section 51210 and subdivisions (a) to (i), inclusive, of Education Code section 51220, as applicable. (Priority 8)*

### **C. Engagement:**

**Parental involvement:** *efforts to seek parent input in decision making at the district and each schoolsite, promotion of parent participation in programs for unduplicated pupils and special need subgroups. (Priority 3)*

**Pupil engagement:** *school attendance rates, chronic absenteeism rates, middle school dropout rates, high school dropout rates, high school graduations rates. (Priority 5)*

**School climate:** *pupil suspension rates, pupil expulsion rates, other local measures including surveys of pupils, parents and teachers on the sense of safety and school connectedness. (Priority 6)*

## Section 1: Stakeholder Engagement

*Meaningful engagement of parents, pupils, and other stakeholders, including those representing the subgroups identified in Education Code section 52052, is critical to the LCAP and budget process. Education Code sections 52060(g), 52062 and 52063 specify the minimum requirements for school districts; Education Code sections 52066(g), 52068 and 52069 specify the minimum requirements for county offices of education, and Education Code section 47606.5 specifies the minimum requirements for charter schools. In addition, Education Code section 48985 specifies the requirements for translation of documents.*

**Instructions:** Describe the process used to consult with parents, pupils, school personnel, local bargaining units as applicable, and the community and how this consultation contributed to development of the LCAP or annual update. Note that the LEA's goals, actions, services and expenditures related to the state priority of parental involvement are to be described separately in Section 2. In the annual update boxes, describe the stakeholder involvement process for the review, and describe its impact on, the development of the annual update to LCAP goals, actions, services, and expenditures.

### Guiding Questions:

- 1) How have applicable stakeholders (e.g., parents and pupils, including parents of unduplicated pupils and unduplicated pupils identified in Education Code section 42238.01; community members; local bargaining units; LEA personnel; county child welfare agencies; county office of education foster youth services programs, court-appointed special advocates, and other foster youth stakeholders; community organizations representing English learners; and others as appropriate) been engaged and involved in developing, reviewing, and supporting implementation of the LCAP?
- 2) How have stakeholders been included in the LEA's process in a timely manner to allow for engagement in the development of the LCAP?
- 3) What information (e.g., quantitative and qualitative data/metrics) was made available to stakeholders related to the state priorities and used by the LEA to inform the LCAP goal setting process? How was the information made available?
- 4) What changes, if any, were made in the LCAP prior to adoption as a result of written comments or other feedback received by the LEA through any of the LEA's engagement processes?
- 5) What specific actions were taken to meet statutory requirements for stakeholder engagement pursuant to Education Code sections 52062, 52068, and 47606.5, including engagement with representatives of parents and guardians of pupils identified in Education Code section 42238.01?
- 6) What specific actions were taken to consult with pupils to meet the requirements 5 CCR 15495(a)?
- 7) How has stakeholder involvement been continued and supported? How has the involvement of these stakeholders supported improved outcomes for pupils, including unduplicated pupils, related to the state priorities?

Involvement Process	Impact on LCAP
<b>Details of Meeting Dates and Stakeholder group:</b>	<p>A variety of over 30 district-wide and site-based meetings were organized to reach parents, students, community organizations, central office personnel, local bargaining units, and the community at large. Tools and materials were created, translated, and shared to better engage all stakeholders. LCAP progress updates were presented at the board meetings and DLCAP meetings to inform the community about progress toward our indicator goals and major activities completed.</p> <p>The stakeholder engagement process informed the development and refinement of the LCAP and served as an example of how the District includes and involves parents, community organizations, and the community at large in the decision-making of the district. The stakeholder engagement process was highly focused on informing stakeholders about the LCAP, reporting district and site-level strategies for LCAP funds, and collecting input and feedback.</p>
<p>September 30, 2014 – District LCAP Parent Committee (DLCAP) Meeting  November 13, 2014 – DLCAP Meeting  January 15, 2015 – DLCAP Meeting</p>	<p>The District LCAP Committee is ethnically diverse and includes equal representation across all six feeder families. The committee includes parents of English Learners, Special Education, and Low Income, and is actively seeking to recruit foster parents. Committee members include representatives from 14 community organizations. Based on DLCAP participant feedbacks for more meetings, additional meetings were scheduled in November and January. During the meetings, parent participants received LCAP progress updates, budget updates, and more in-depth training about the LCAP. Participants also drafted a stakeholder engagement plan. In addition, Based on DLCAP feedback, LCAP Infographics (Overall District and Site Based) were developed and used as a training tool at subsequent LCAP meetings. All materials were provided in English and Spanish and are available online: <a href="http://www.wccusd.net/Page/5246">http://www.wccusd.net/Page/5246</a>. Parents provided feedback that the LCAP 2014-15 template was too long and complicated with too many goals. In response, the district developed the 2015-16 template to consolidate the goals from 14 to 5 and remove actions and services that were coming out of base funds so that the LCAP could focus on outcomes specific to supplemental and concentration funds of the LCFF.</p>
<p>January 20, 2015 – Solutions Team Meeting  February 5, 2015 – Solutions Team Meeting  March 5, 2015 – Solutions Team Meeting  March 25, 2015 – Solutions Team Meeting  May 1, 2015 – Solutions Team Meeting</p>	<p>The Solution Team provides a forum for communication and collaboration and is comprised of representatives from bargaining units (Local 1, SSA, WCCAA, UTR), School Board, and the district. Solution Team members received LCAP updates, reviewed and provided feedback on LCAP documents, and the community engagement plan. During these meetings, the district received valuable feedback on tools including district and site infographics. As a result, the district developed a more comprehensive infographic (<a href="http://www.wccusd.net/Page/5246">http://www.wccusd.net/Page/5246</a>) so that all stakeholders could better understand the process and the LCAP. LCAP measures surrounding professional development for teachers were further developed.</p>
<p>January 28, 2015 – School Board Study Session  February 25, 2015 – School Board Study Session  March 5, 2015 – School Board Study Session</p>	<p>The School Board Study Sessions focused on creating parameters for the development of the 2015-16 LCAP. The Board reviewed the LCAP and overall budget for 2015-16 and provided general direction for the staff to incorporate into the LCAP and 2015-16 Budget. During preparation meetings, Youth Commission members received training about the LCFF and the LCAP. They were also trained as group facilitators, which enabled them to lead groups during the Student Town Hall Meeting. Commission members gained leadership skills and developed a method to receive feedback from students representing each high school. Since few of the committee members were seniors, training this year's Youth Commission also built the capacity to increase student engagement in the upcoming years as members continue to participate.</p>
<p>February 10, 2015 – Academic Subcommittee Town Hall Meeting  February 12, 2015 – Community Town Hall Meeting  February 28, 2015 – Community Town Hall Meeting  March 5, 2015 – Community Partner Town Hall Meeting  March 7, 2015 – Community Town Hall Meeting  April 16, 2015 – Student Community Town Hall Meeting</p>	<p>The 2015 Community Town Hall Meetings served as a way to inform, engage, and gather input and feedback from critical stakeholders: Parents, students, teachers, principals, staff, community partners, and community organizations. The Superintendent provided an informative LCFF/LCAP presentation and then participants rotated through group presentations on 16 support services. At the end of the meetings, participants voted for their top 3 priorities, which had been slated for addition or expansion in the 2015-16 LCAP. All materials were provided in English and Spanish. This information was used to revise 2015-16 priorities in the LCAP. In addition, other needs were identified; staff took note and incorporated these needs into the LCAP. For example, based on feedback, the District developed the African- American Achievement Task Force, which will meet quarterly to discuss the status of our students. In addition, the need for an online, interactive LCAP was identified; the District developed this tool and it is now available online at <a href="http://www.wccusd.net/Page/5292">http://www.wccusd.net/Page/5292</a>.</p>

<p>January 29-30 - Multilingual District Advisory Committee (MDAC) Meeting  April 23-24 - Multilingual District Advisory Committee (MDAC) Meeting</p>	<p>After an extensive community engagement process the WCCUSD Board of Education adopted a new Master Plan for English language learners in August 2014. As a result of feedback from this committee, specific LCAP actions were aligned with the District's English Learner Master Plan.</p>
<p>April 15, 2015 – LCAP Community Partner meeting  June 16, 2015 – LCAP Community Partner meeting</p>	<p>Met with coalition of community partners to discuss LCAP draft, respond to questions, and gather feedback on stakeholder engagement process.</p>
<p>March 31, 2015 – DLCAP Meeting  April 23, 2015 – DLCAP Meeting  May 11, 2015 – DLCAP Meeting</p>	<p>The draft LCAP presentation and updated iterations were posted on the district website for public review and feedback. The feedback and questions from stakeholders about the draft LCAP were responded to in writing, posted on the District website, and used to build the final LCAP. Stakeholders expressed a need for more tools to understand and visualize the LCAP measures, actions and service. In response to this feedback, the district developed an interactive LCAP and an online data dashboard located at <a href="http://www.wccusd.net/dashboard">http://www.wccusd.net/dashboard</a>. These tools serve to simplify the LCAP and provide more transparency.</p>

<p>May 20, 2015 – LCAP First Reading                  June 10, 2015 – LCAP Public Hearing                  June 24, 2015 – LCAP Adoption</p>	<p>Board meetings which focused on LCFF/LCAP were served as additional opportunities for the community to give feedback on the LCAP plan. During these meetings, the need to improve school climate at middle schools was identified as one that could benefit from LCAP funds. As a direct result, Goal 4, Actions &amp; Services Item 4 was updated to specify that middle school extracurricular programs will focus on school climate.</p>

**Section 2: Goals, Actions, Expenditures, and Progress Indicators**

**Instructions:**

All LEAs must complete the LCAP and Annual Update Template each year. The LCAP is a three-year plan for the upcoming school year and the two years that follow. In this way, the program and goals contained in the LCAP align with the term of a school district and county office of education budget and multiyear budget projections. The Annual Update section of the template reviews progress made for each stated goal in the school year that is coming to a close, assesses the effectiveness of actions and services provided, and describes the changes made in the LCAP for the next three years that are based on this review and assessment.

Charter schools may adjust the table below to align with the term of the charter school’s budget that is submitted to the school’s authorizer pursuant to Education Code section 47604.33.

For school districts, Education Code sections 52060 and 52061, for county offices of education, Education Code sections 52066 and 52067, and for charter schools, Education Code section 47606.5 require(s) the LCAP to include a description of the annual goals, for all pupils and each subgroup of pupils, to be achieved for each state priority as defined in 5 CCR 15495(i) and any local priorities; a description of the specific actions an LEA will take to meet the identified goals; a description of the expenditures required to implement the specific actions; and an annual update to include a review of progress towards the goals and describe any changes to the goals.

To facilitate alignment between the LCAP and school plans, the LCAP shall identify and incorporate school-specific goals related to the state and local priorities from the school plans submitted pursuant to Education Code section 64001. Furthermore, the LCAP should be shared with, and input requested from, school site-level advisory groups, as applicable (e.g., school site councils, English Learner Advisory Councils, pupil advisory groups, etc.) to facilitate alignment between school-site and district-level goals and actions. An LEA may incorporate or reference actions described in other plans that are being undertaken to meet the goal. Using the following instructions and guiding questions, complete a goal table (see below) for each of the LEA's goals. Duplicate and expand the fields as necessary.

**Goal:** Describe the goal:

When completing the goal tables, include goals for all pupils and specific goals for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and, where applicable, at the school site level. The LEA may identify which school sites and subgroups have the same goals, and group and describe those goals together. The LEA may also indicate those goals that are not applicable to a specific subgroup or school site.

**Related State and/or Local Priorities:** Identify the state and/or local priorities addressed by the goal by placing a check mark next to the applicable priority or priorities. The LCAP must include goals that address each of the state priorities, as defined in 5 CCR 15495(i), and any additional local priorities; however, one goal may address multiple priorities.

**Identified Need:** Describe the need(s) identified by the LEA that this goal addresses, including a description of the supporting data used to identify the need(s).

**Schools:** Identify the school sites to which the goal applies. LEAs may indicate "all" for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5).

**Applicable Pupil Subgroups:** Identify the pupil subgroups as defined in Education Code section 52052 to which the goal applies, or indicate "all" for all pupils.

**Expected Annual Measurable Outcomes:** For each LCAP year, identify and describe specific expected measurable outcomes for all pupils using, at minimum, the applicable required metrics for the related state priorities. Where applicable, include descriptions of specific expected measurable outcomes for school sites and specific subgroups, including pupils with disabilities, both at the LEA level and at the school site level.

The metrics used to describe the expected measurable outcomes may be quantitative or qualitative, although the goal tables must address all required metrics for every state priority in each LCAP year. The required metrics are the specified measures and objectives for each state priority as set forth in Education Code sections 52060(d) and 52066(d). For the pupil engagement priority metrics, LEAs must calculate the rates specified in Education Code

sections 52060(d)(5)(B), (C), (D) and (E) as described in the Local Control Accountability Plan and Annual Update Template Appendix, sections (a) through (d).

**Actions/Services:** For each LCAP year, identify all annual actions to be performed and services provided to meet the described goal. Actions may describe a group of services that are implemented to achieve the identified goal.

**Scope of Service:** Describe the scope of each action/service by identifying the school sites covered. LEAs may indicate “all” for all schools, specify an individual school or a subset of schools, or specify grade spans (e.g., all high schools or grades K-5). If supplemental and concentration funds are used to support the action/service, the LEA must identify if the scope of service is districtwide, schoolwide, countywide, or charterwide.

**Pupils to be served within identified scope of service:** For each action/service, identify the pupils to be served within the identified scope of service. If the action to be performed or the service to be provided is for all pupils, place a check mark next to “ALL.”

For each action and/or service to be provided above what is being provided for all pupils, place a check mark next to the applicable unduplicated pupil subgroup(s) and/or other pupil subgroup(s) that will benefit from the additional action, and/or will receive the additional service. Identify, as applicable, additional actions and services for unduplicated pupil subgroup(s) as defined in Education Code section 42238.01, pupils redesignated fluent English proficient, and/or pupils subgroup(s) as defined in Education Code section 52052.

**Budgeted Expenditures:** For each action/service, list and describe budgeted expenditures for each school year to implement these actions, including where those expenditures can be found in the LEA’s budget. The LEA must reference all fund sources for each proposed expenditure. Expenditures must be classified using the California School Accounting Manual as required by Education Code sections 52061, 52067, and 47606.5.

**Guiding Questions:**

- 1) What are the LEA’s goal(s) to address state priorities related to “Conditions of Learning”?
- 2) What are the LEA’s goal(s) to address state priorities related to “Pupil Outcomes”?
- 3) What are the LEA’s goal(s) to address state priorities related to parent and pupil “Engagement” (e.g., parent involvement, pupil engagement, and school climate)?
- 4) What are the LEA’s goal(s) to address any locally-identified priorities?
- 5) How have the unique needs of individual school sites been evaluated to inform the development of meaningful district and/or individual school site goals (e.g., input from site level advisory groups, staff, parents, community, pupils; review of school level plans; in-depth school level data analysis, etc.)?
- 6) What are the unique goals for unduplicated pupils as defined in Education Code sections 42238.01 and subgroups as defined in section 52052 that are different from the LEA’s goals for all pupils?
- 7) What are the specific expected measurable outcomes associated with each of the goals annually and over the term of the LCAP?
- 8) What information (e.g., quantitative and qualitative data/metrics) was considered/reviewed to develop goals to address each state or local priority?
- 9) What information was considered/reviewed for individual schoolsites?

- 10) What information was considered/reviewed for subgroups identified in Education Code section 52052?
- 11) What actions/services will be provided to all pupils, to subgroups of pupils identified pursuant to Education Code section 52052, to specific schoolsites, to English learners, to low-income pupils, and/or to foster youth to achieve goals identified in the LCAP?
- 12) How do these actions/services link to identified goals and expected measurable outcomes?
- 13) What expenditures support changes to actions/services as a result of the goal identified? Where can these expenditures be found in the LEA’s budget?

### Annual Update

**Annual Update Instructions:** For each goal in the prior year LCAP, review the progress toward the expected annual outcome(s) based on, at a minimum, the required metrics pursuant to Education Code sections 52060 and 52066. The review must include an assessment of the effectiveness of the specific actions. Describe any changes to the actions or goals the LEA will take as a result of the review and assessment. In addition, review the applicability of each goal in the LCAP.

**Guiding Questions:**

- 1) How have the actions/services addressed the needs of all pupils and did the provisions of those services result in the desired outcomes?
- 2) How have the actions/services addressed the needs of all subgroups of pupils identified pursuant to Education Code section 52052, including, but not limited to, English learners, low-income pupils, and foster youth; and did the provision of those actions/services result in the desired outcomes?
- 3) How have the actions/services addressed the identified needs and goals of specific school sites and were these actions/services effective in achieving the desired outcomes?
- 4) What information (e.g., quantitative and qualitative data/metrics) was examined to review progress toward goals in the annual update?
- 5) What progress has been achieved toward the goal and expected measurable outcome(s)? How effective were the actions and services in making progress toward the goal? What changes to goals, actions, services, and expenditures are being made in the LCAP as a result of the review of progress and assessment of the effectiveness of the actions and services?
- 6) What differences are there between budgeted expenditures and estimated actual annual expenditures? What were the reasons for any differences?

**Section 3: Use of Supplemental and Concentration Grant funds and Proportionality**

A. In the box below, identify the amount of funds in the LCAP year calculated on the basis of the number and concentration of low income, foster youth, and English learner pupils as determined pursuant to 5 CCR 15496(a)(5).

Describe how the LEA is expending these funds in the LCAP year. Include a description of, and justification for, the use of any funds in a districtwide, schoolwide, countywide, or charterwide manner as specified in 5 CCR 15496.

For school districts with below 55 percent of enrollment of unduplicated pupils in the district or below 40 percent of enrollment of unduplicated pupils at a schoolsite in the LCAP year, when using supplemental and concentration funds in a districtwide or school wide manner, the school district must additionally describe how the services provided are the most effective use of funds to meet the district’s goals for unduplicated pupils in the state and any local priority areas. (See 5 CCR 15496(b) for guidance.)

Total amount of Supplemental and Concentration grant funds calculated:	<u>\$36,337,066 (2015-16)</u>
<p>As a district with an estimated unduplicated student count 74.37%, WCCUSD will, by necessity, offer a variety of school-wide and district-wide programs and supports designed to accelerate student learning increases. Programs and services offered school wide are predominately targeted to sites that have an unduplicated student count of 70% or higher. Making an impact on the learning environment and the climate of the school as a whole will have a disproportionately positive impact on the targeted groups of students, specifically EL, low income, redesignated fluent English proficient, and foster youth.</p> <p>The LCAP designates supplemental/concentration funds which include:</p> <ol style="list-style-type: none"><li>1) \$11.4 million to improve student achievement for all students and accelerate student learning increases for ELL and low income students</li><li>2) \$6.2 million to improve instructional practice through professional development and professional learning communities at schools and recruiting and retaining high quality teachers and principals</li><li>3) \$1.7 million to increase parent and community engagement, involvement, and satisfaction</li><li>4) \$11.5 million to improve student engagement and climate outcomes, and allocate services to ELL and LI students</li><li>5) \$1 million to provide basic services to all students, including facilities, access to materials and technology</li></ol> <p>It should be noted that supplemental/concentration funding is not the sole source of funding for many of the programs and initiatives iterated in this document.</p> <p>All expenditures are aligned with our LCAP goals and address the needs of our district’s English learners, low income students and foster youth.</p>	

- B. In the box below, identify the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all pupils in the LCAP year as calculated pursuant to 5 CCR 15496(a).

Consistent with the requirements of 5 CCR 15496, demonstrate how the services provided in the LCAP year for low income pupils, foster youth, and English learners provide for increased or improved services for these pupils in proportion to the increase in funding provided for such pupils in that year as calculated pursuant to 5 CCR 15496(a)(7). An LEA shall describe how the proportionality percentage is met using a quantitative and/or qualitative description of the increased and/or improved services for unduplicated pupils as compared to the services provided to all pupils.

18.21	%
-------	---

In order to identify the percentage by which services for unduplicated pupils must be increased or improved, pursuant to 5CCR 15496 (a), the district must first make the calculation of proportionality. The seven step formula for the calculation is a part of the LCFF calculator provided by the State through FCMAT. These figures represent the data and factors available to the District as of the 2015 January Governors Budget and Second Interim Report for the District and are subject to change.

Step 1: Determine total revenue from supplemental and concentration grants at Target LCFF funding -Target Supplemental and Concentration Grants for 2015-16 = \$52.6 million.

Step 2: Estimate prior year expenditures to support unduplicated pupils - Estimated expenditures 2014-15 = \$18 million (based on estimated actuals, figures will not be final until year-end closing)

Step 3: Calculate the gap between prior year expenditures and Target Supplemental Concentration grant funding (Step 1 minus Step 2): \$52.6 million - \$18 million= \$34.6 million (gap).

Step 4: Calculate the increase in estimated Supplemental Concentration grant funding for 2015-16. Multiply the gap number in step 3 by the Dept. of Finance estimate of gap closure funding (estimated at 53.08%): \$34.6 X 53.08% = \$18.3 million.

Step 5: Calculate the total estimated Supplemental Concentration funding for 2015-16: Add the gap reduction number from step 4 to the past year expenditure number in step 2 -\$18.3 million+\$18 million = \$36.3 million.

Step 6: Calculate the Base funding for 2015-16: Estimate the amount attributable to the Base by subtracting the amount calculated in step 5 from the total amount of estimated LCFF funding for 2015-16: \$240.5 million – \$36.3 million = \$204.2 million (the \$204.2 million includes \$4.7 million in Transportation and TIIG grant funding).

Step 7: Calculate the minimum proportionality percentage. - Divide the estimated amount of Supplemental Concentration grant funds by the estimated Base grant funds, less the Transportation and TIIG grant for 2014-15. This calculation will result in the percentage by which services for students must be increase or improved (step 5 divided by step 6): \$36.3 million ÷ (\$204.2 - \$4.7) million = 18.21%.

During the 2015-16 academic year, an estimated 74.95% of WCCUSD students will be unduplicated (English Learner, Foster Youth, and/or Low Income). The District allocated a portion of supplemental and concentration funds to all schools based on each school's percentage of unduplicated students. School sites determine how to best use the funds to serve their unduplicated student population.

District-wide and school-wide programs and services are offered predominately at schools with a 55% or higher unduplicated student count. In addition, schools with more than 70% unduplicated students received higher consideration for new or expanded programs and services.

As detailed in Section 2 above, the following new services were added this year to increase and improve services to unduplicated students:

- Schoolwide Improvement Grant/Quality Education Investment Act (SIG/QEIA) components
- Special education services

As detailed in Section 2 above, the following programs were expanded this year to increase and improve services to unduplicated students:

- College & Career ready programs and services
- Fab Lab
- Full-day kindergarten
- Psychological services
- School community workers
- Restorative Justice, BEST, Toolbox, Mindful Life programs
- Arts and high performing student services
- Extracurricular programs at secondary schools
- Whole school intervention model
- Psychiatric and social work services
- Adaptive curriculum

## **LOCAL CONTROL AND ACCOUNTABILITY PLAN AND ANNUAL UPDATE APPENDIX**

For the purposes of completing the LCAP in reference to the state priorities under Education Code sections 52060 and 52066, the following shall apply:

- (a) "Chronic absenteeism rate" shall be calculated as follows:
- (1) The number of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30) who are chronically absent where "chronic absentee" means a pupil who is absent 10 percent or more of the schooldays in the school year when the total number of days a pupil is absent is divided by the total number of days the pupil is enrolled and school was actually taught in the total number of days the pupil is enrolled and school was actually taught in the regular day schools of the district, exclusive of Saturdays and Sundays.
  - (2) The unduplicated count of pupils with a primary, secondary, or short-term enrollment during the academic year (July 1 – June 30).
  - (3) Divide (1) by (2).
- (b) "Middle School dropout rate" shall be calculated as set forth in California Code of Regulations, title 5, section 1039.1.
- (c) "High school dropout rate" shall be calculated as follows:
- (1) The number of cohort members who dropout by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
  - (2) The total number of cohort members.
  - (3) Divide (1) by (2).

(d) "High school graduation rate" shall be calculated as follows:

- (1) The number of cohort members who earned a regular high school diploma [or earned an adult education high school diploma or passed the California High School Proficiency Exam] by the end of year 4 in the cohort where "cohort" is defined as the number of first-time grade 9 pupils in year 1 (starting cohort) plus pupils who transfer in, minus pupils who transfer out, emigrate, or die during school years 1, 2, 3, and 4.
- (2) The total number of cohort members.
- (3) Divide (1) by (2).

## LCAP Glossary

### STATE PRIORITY: BASIC SERVICES

Teacher Misassignments - The placement of a certificated employee in a teaching or services position for which the employee does not hold a legally recognized certificate or credential or the placement of a certificated employee in a teaching or services position that the employee is not otherwise authorized by statute to hold.

Student Access to Standards Aligned Instructional Materials - Every school is required to provide sufficient textbooks, or other instructional materials, for all students in core subject areas. These instructional materials must be aligned to the content standards. Core subject areas include English language arts (including English Language Development), mathematics, history/social science and science. Students enrolled in a foreign language or health course must also be provided sufficient instructional materials and adequate science laboratory equipment must be available for science courses in grades 9-12.

Facilities in Good Repair – ‘Facilities in Good Repair’ is a rating on the Williams’ report. The facility is maintained in a manner that assures that it is clean, safe, and functional as determined pursuant to an interim evaluation instrument developed by the Office of Public School Construction. The Williams’ case states that all students equal access to instructional materials, quality teachers, and safe schools. School districts must assess the safety, cleanliness, and adequacy of school facilities, including any needed maintenance to ensure good repair.

Williams Act - In 2000, several civil rights groups sued the state, arguing that California was denying thousands of students their fundamental right to an education by failing to provide them with the basic tools necessary for that education. Four years later, the suit was settled and new laws were established to ensure that: All students have textbooks and instructional materials; schools are clean, safe, and functional; and students have qualified teachers.

### STATE PRIORITY: IMPLEMENTATION OF COMMON CORE STATE STANDARDS

Common Core State Standards (CCSS) - In 2010, California’s Board of Education adopted the Common Core State Standards for K-12 schools, joining 44 other states and the District of Columbia. The CCSS are learning goals in math and language arts for every grade level. These standards are aimed at ensuring that every student graduates from high school prepared for college and careers. They are generally more rigorous than the former California Content Standards and require more critical thinking, writing and problem-solving.

### STATE PRIORITY: COURSE ACCESS

Course Access - Student enrollment in a broad course of study that includes, if applicable:

- Grades 1-6: English, Mathematics, Social Sciences, Science, Visual and Performing Arts, Health, Physical Education, and other studies as prescribed by governing board.
- Grades 7-12: English, Social Sciences, Foreign Language, Physical Education, Science, Mathematics, Visual and Performing Arts, Applied Arts, Career Technical Education, Automobile Driver Education, and other studies as prescribed by governing board.

### STATE PRIORITY: STUDENT ACHIEVEMENT

CAHSEE - In their sophomore year, all high schools in the state take the California High School Exit Exams in math and language arts. Students must score a 350 or above to pass; passing the CAHSEE is a graduation requirement. Students who do not pass on the first try have ample opportunities to retake the test before and during senior year. Grade levels tested: 10, 11, 12.

PSAT - The Preliminary SAT/National Merit Scholarship Qualifying Test (PSAT/NMSQT) is a program cosponsored by the College Board and National Merit Scholarship Corporation (NMSC). It's a standardized test that provides firsthand practice for the SAT. It also gives students a chance to enter scholarship programs and gain access to college and career planning tools. Scores are reported on a scale of 20 to 80 for each section. The Selection Index score is the sum of the three scores in each test section (Critical Reading + Math + Writing) and ranges from 60 to 240. Grade levels tested: 9, 10, 11.

UC/CSU Required Courses – The UC/CSU Required Courses or “A-G” Requirements are a sequence of high school courses that students must complete (with a grade of C or better) to be minimally eligible for admission to the University of California (UC) and California State University (CSU). They represent the basic level of academic preparation that high school students should achieve to undertake university work.

ReadiStep, PSAT, SAT 'College and Career Readiness Benchmark' - The College and Career Readiness Benchmarks are the minimum scores that students should meet or exceed to be considered on track to be college ready. A system of three Pathway Benchmarks (ReadiStep, PSAT/ NMSQT, and SAT) helps secondary school educators monitor academic progress and better prepare students to achieve their college and career goals. To reach the benchmark, students must score:

Test	Minimum Benchmark Score
ReadiStep 8 <sup>th</sup> grade	11.8
PSAT 10 <sup>th</sup> grade	133
PSAT 11 <sup>th</sup> grade	142
SAT 12 <sup>th</sup> grade	1550

Career & Technical Education (CTE) – CTE is a program of study that involves a multiyear sequence of courses that integrates core academic knowledge with technical and occupational knowledge to provide students with a pathway to postsecondary education and careers.

English Learners – English learners are those students for whom there is a report of a primary language other than English on the state-approved Home Language Survey AND who, on the basis of the state approved oral language (grades kindergarten through grade twelve) assessment procedures and literacy (grades three through twelve only), have been determined to lack the clearly defined English language skills of listening comprehension, speaking, reading, and writing necessary to succeed in the school's regular instructional programs.

CELDT - The California English Language Development Test (CELDT) is the California state exam of English language proficiency. It is administered each year as an initial assessment (IA) to newly enrolled students whose primary language is not English, as indicated on a home language survey, and as an annual assessment (AA) to monitor the progress of EL students identified previously. The CELDT test assesses Listening, Speaking, Reading and Writing skills using performance-based and multiple choice formats. Grade levels tested: K-12.

English Learner Reclassification – Once an English learner reaches full proficiency in English and attains grade-level academic performance he/she exits the English Learner Program successfully and is identified as a reclassified Fluent English Proficient (R-FEP) student. WCCUSD has developed student reclassification policy and procedures based on criteria set forth by California Department of Education guidelines.

Advanced Placement Exams - AP Exams are rigorous, multiple-component tests that are administered at high schools each May. Students can choose from 34 different exams in English, Math, Science, Social Studies, Foreign Language, and Fine Arts. AP Exam scores are reported on a 5-point scale as follows: 5 (Extremely Well Qualified), 4 (Well Qualified), 3 (Qualified), 2 (Possibly Qualified), and 1 (No Recommendation). Students scoring 3 or above is considered ‘passing.’ Grade levels tested: 9-12.

Early Assessment Program (EAP) - The Early Assessment Program is a project of the California State University system designed to gauge college-readiness among high school students. In their junior year, high school students

have the opportunity to take the Early Assessment Program tests in math and language arts. High scores allow students to skip CSU placement testing. English scores are based on the 15 EAP multiple-choice questions, selected questions from the grade 11 CST test, and the EAP Essay. Math scores are based on the 15 EAP multiple-choice questions, plus selected questions from the Algebra 2 or Summative High School Math CST. Grade level tested: 11.

## **STATE PRIORITY: OTHER STUDENT OUTCOMES**

Physical Fitness Test - The Physical Fitness Test (PFT) for students in California schools is the FITNESSGRAM. The test has six fitness areas including: 1) Aerobic Capacity, 2) Abdominal Strength and Endurance, 3) Upper Body Strength and Endurance, 4) Body Composition, 5) Trunk Extensor Strength and Flexibility, and 6) Flexibility. The PFT provides information that can be used by (1) students to assess and plan personal fitness programs; (2) teachers to design the curriculum for physical education programs; and (3) parents and guardians to understand their children's fitness levels. Grade levels tested: 5, 7, 9.

## **STATE PRIORITY: PARENT INVOLVEMENT**

Efforts to Seek Parent Input - Include families as participants in school and district decisions, governance, and advocacy through ongoing training and meetings that will develop the skills and knowledge parents need to engage with decision-making processes focused on understanding the educational system, tools and skills to organize their actions and planning when participating in district and school advisory and governance committees.

Promotion of Parent Participation – To ensure student success, parents and schools need to work together, to establish asset-based relationships between the home and school. This is critical. Some of our strategies to increase two-way communication to enhance relationships between the home and school include:

- Home Visits: Non-academic home visits designed to enhance the relationship between the teacher/s and family.
- Using technology tools such as smartphone capabilities (texting, e-mail, tablet and mobile friendly district websites) to keep parents informed of student progress, attendance and support ongoing classroom-home communication.
- Training teachers on how to establish asset-based partnerships with the families they serve.
- Developing welcoming school environments that communicate to all parents they are welcomed and recognized as an asset.
- Strengthening the ability of families to support learning at home by understanding how the educational system works, increase awareness of what the grade level expectations are, and what grade level student work should look-like.

Parent Advisory Committees – The following lists district parent committees:

**Multilingual District Advisory Committee:** The MDAC is a district wide committee on English learner education, that advises the district's local governing board (e.g., in person, by letter/reports, or through an administrator) on programs and services for English learners.

**District Advisory Committee:** DACs are required to certify that the LEA's Consolidated Application for specified categorical funds, including, but not limited to school-based coordinated categorical programs, compensatory education programs, and EIA programs, is developed with review and advice from the committee.

**School Site Councils:** A committee made up of parents, classroom teachers, school staff, and the principal that develops, implements and monitors the Single Plan for Student Achievement (SPSA also known as School Plan).

**English Learner Advisory Councils:** a committee made up of parents of English learners that advises the SSC on how to best support the needs of English learners.

**Community Advisory Committee for Special Education (CAC):** A mandated committee whose purpose is to advise the district on the unique requirements of individuals with exceptional needs.

**Local Control Accountability Plan (LCAP) Parent Committee:** Advises the Board on the LCAP.

## **STATE PRIORITY: STUDENT ENGAGEMENT**

Annual Student Attendance Rates – Total days attended / Total days of membership within student group categories using ADA rules (if a student is not marked absent one period, they are considered present for the day).

Chronic Absenteeism – A chronically absent student is defined as one who misses 10% or more of the school year using ADA rules (if a student is not marked absent one period, they are considered present for the day).

Middle School Dropout – A student who was enrolled in grades 7 or 8 at some time during the previous school year AND left school prior to completing the school year AND has not returned to school as of Information Day OR student who did not begin attending the next grade (7, 8) in the school to which they were assigned or in which they had pre-registered or were expected to attend by Information Day.

Adjusted Cohort Dropout Rate - This is the rate of students that leave the 9-12 instructional system without a high school diploma, GED, or special education certificate of completion and do not remain enrolled after the end of the 4<sup>th</sup> year. The formula is similar to the formula listed in 1.2, but the numerator is replaced with the number of students in the 4-year cohort that dropped out by the end of year 4 of the cohort.

Cohort Graduation Rate - The four-year graduation rate is calculated by dividing the number of students in the 4-year adjusted cohort who graduate in four years or less with either a traditional high school diploma, an adult education high school diploma, or have passed the California High School Proficiency Exam (CHSPE) by the number of students who form the adjusted cohort for that graduating class.

## **STATE PRIORITY: SCHOOL CLIMATE**

Suspensions and Expulsions – Suspension and expulsion data is obtained from CALPADS, which starting collecting discipline data in 2011-12. The California Longitudinal Pupil Achievement Data System (CALPADS) is the foundation of California's K-12 education data system that allows for tracking a student's academic performance over time.

CHKS - The California Healthy Kids Survey (CHKS) is a comprehensive youth health risk and resilience data collection service sponsored by the California Department of Education (CDE). The California Healthy Kids Survey (CHKS) is the largest statewide survey of resiliency, protective factors, and risk behaviors in the nation. Grades levels surveyed: 5, 7, 9, 10, 11, 12.
