Chess is fun and can be learned quickly and easily! Studies have found that chess helps improve test results in reading, science, and math, and produces growth in critical cognitive skills. Beyond academia, chess influences social behavior including self esteem, respect for others, patience, and good sportsmanship. And did we mention: **it's FUN!**

Chess boards and sets are provided. The minimum class size is 10 and the maximum is 20. Enrollments are accepted in the order received. For siblings, the first child is full price, additional siblings are half price. Some reduced fees are available to low-income families upon request.

We are seeking one parent volunteer, currently in possession of the WCCUSD Security Clearance, to support the class. The parent volunteer will receive free tuition for their child. If you are interested and would like more details, please email us at programs@berkeleychessschool.org.

The Berkeley Chess School is a nonprofit organization offering chess instruction from kindergarten through high school since 1982. Over the years our students have won many state championships and several have gone on to become National Masters, FIDE Masters, International Masters, and International Grandmasters.
