The WCCAA and District Negotiations Team met on June 20th - the 4th session of IBB. We reviewed the IBB process, introduced new team members, and acknowledged that there will need to be a revisitation of the ground rules and IBB process for upcoming meetings.

We reached an agreement on Appendix A for the 23-24 school year. The actual document will be reviewed by both parties prior to the next meeting.

We discussed Article 15, Evaluations, and made significant progress. Both parties will research different data points. The superintendent will provide input at or prior to the next meeting.

We began discussing Article 22, Start and Stop Days, which will be continued at the next meeting.

The next collaborative negotiations date is Tuesday, June 27th.
