Teacher:

Grade 4 End-of-Year Expectations

Use Accelerated Reader (AR) data to monitor College and Career Readiness (CCR) by comparing reading practice data with expectations, defined by the Common Core State Standards (CCSS).

% Fiction / Nonfiction: 50 / 50 Remember to consider students' reading that is not tracked with an AR quiz.

Average % Correct: 85 CCSS recommends students read with a high level of comprehension; 85% or above is an AR best practice.

ATOS Book Level (BL): 5.0-6.1 Independent reading is typically done at a level lower than CCR expectations, closer to students' ZPD
