School Accountability Report Card

Reported Using Data from the 2015-16 School Year

Published During 2016-17

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2016-17)

Lupine Hills Elementary School is located in Hercules, California and serves approximately 400 West County students in Grades TK through 5.

Lupine Hills Elementary School is a community school environment where we strive to have every child feel safe and willing to learn. Teachers are encouraged to use culturally responsive strategies, and individualized education strategies, including a workshop model of instruction, to engage all students in the California State Standards.

The staff and parents of Lupine Hills Elementary work together to promote a strong and challenging academic program that will produce students rich in self-confidence, self-respect, and caring for others as well as an awareness of the environment. Our mission is to achieve a balanced education for our students.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. The CAAs have replaced the California Alternate Performance Assessment [CAPA] for ELA and mathematics, which were eliminated in 2015. Only eligible students may participate in the administration of the CAAs. CAA items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard on the CAAs divided by the total number of students who participated in both assessments.

Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the Other Pupil Outcomes State Priority (Priority 8):

- Pupil outcomes in the subject areas of physical education.

California Physical Fitness Test Results (School Year 2015-16)

Grade Level	Percent of Students Meeting Fitness Standards

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement (School Year 2016-17)

LUPINE HILLS PARENT-TEACHER ASSOCIATION (PTA): Lupine Hills has an exceptionally active PTA and a very committed group of parent volunteers. The staff truly appreciates our wonderful group of parents. The Lupine Hills PTA works in conjunction as a true partner with the school and aligns with the school's goals and objectives. This partnership has proven to be an added value to our school! This has resulted in a closer relationship between the school and the community, which greatly benefits our students and families. Our PTA plans many community activities throughout the school year. General PTA meetings are generally held monthly. Our PTA works with our teacher liaisons and principal to ensure coordination and alignment.

Parents also participate as classroom volunteers, field trip drivers and/ or chaperones, and campus supervisors (all volunteers secure WCCUSD identification badges and are to follow established district protocol).

School Site Council (SSC) meetings are scheduled monthly. The SSC has five parent member positions who work together with staff and the community in order to plan and monitor goals and budgetary decisions.

ELAC (English Learner Advisory Committee gathers to advise on matters pertaining to students and families of English Learners.

Lupine Hills will host Parent University for the first time this school year.

School Safety Plan (School Year 2016-17)

Approved January 2015 by Elizabeth MontesNation - Coordinator, Disaster Preparedness and Safety

The staff of Lupine Hills Elementary is committed to providing a safe environment so that all of our students can have opportunities to learn. We conduct monthly fire drills on the last Wednesday of the month, as well as periodic shelter in place and other safety drills. The staff most recently reviewed the safety plan and procedures in September 2016. We also work closely with Hercules police and fire departments, for open communication, advisement, and assistance purposes.

Professional Development (Most Recent Three Years)

Lupine Hills Elementary has identified two major areas of professional development for the 2016-2017 school year: positive school climate and the workshop model of instruction. Staff members have collaborated to establish school-wide discipline procedures, norms, and expectations. Roles, zones, and attention signals have been established for the cafeteria, play yard, and other common areas. Teachers have also agreed to adopt Teachers College Writing Program and are committed to a robust series of professional development opportunities in this area beginning this year. These areas of PD focus were determined based on discipline data, ELA student performance, and staff member desire to provide the best educational opportunities for our students.

Additional professional development is provided through regular collaboration between staff members, afternoon and weekend workshops and classes, district and non-district conferences, the Teacher Induction Program, additional mentoring opportunities, and coaching from the principal.
