California Department of Education School Accountability Report Card

Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the <u>CDE DataQuest Web page</u> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Description and Mission Statement (School Year 2017-18)

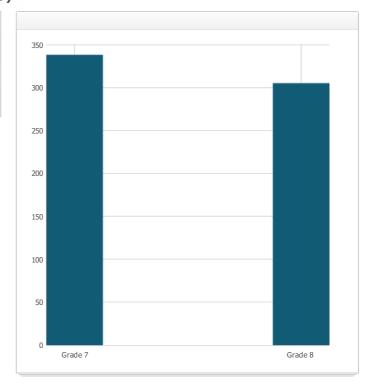

Korematsu Middle School is home to one of the most ethnically and socio-economically diverse student bodies in the Bay Area, a feature we consider a great strength. Korematsu offers rigorous academic programming that is designed to meet the needs of all students. Our standards-based curriculum is geared toward helping every student achieve at or above grade level in all subjects.

We have advanced courses for Gifted and Talented students. We also offer a Dual Immersion Spanish language program to qualified students, with the goal of creating bilingual, bi-literate, global citizens who will be able to navigate and participate in our ever-growing global economy. Students in need of additional support to strengthen their academic skills are enrolled in our intervention program. Our English Learners Department offers English Language Development classes and Specifically Designed Academic Instruction in English (SDAIE) in core subjects to our English Learner students. For students with special needs, we offer special education programs (severely handicapped, non-severely handicapped, resource specialist, hearing impaired and speech) to support specific identified needs of each student. In addition to the core curriculum, students at Korematsu can take advantage of a variety of opportunities including our excellent band program, art, Spanish Language, computers, drama, and leadership.

Korematsu Middle School models a safe, inclusive, student-centered community that actively supports high levels of academic and social success. All members of our community build respectful relationships to collaborate and ensure that all students become responsible, confident and enthusiastic learners who fulfill their individual potential.

School Facility Conditions and Planned Improvements

WCCUSD takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Last updated: 1/23/2018

School Facility Good Repair Status

Year and month of the most recent FIT report: January 2018

System Inspected	Rating	Repair Needed and Action Taken or Planned
Systems: Gas Leaks, Mechanical/HVAC, Sewer	Good	Actions were/will be taken to ensure:
		There is no odor that would indicate a gas leak. Gas pipes are not broken and appear to be in good working order. The HVAC system is operable. There are no obvious signs of flooding caused by sewer line backup in the facilities or on the school grounds.
Interior: Interior Surfaces	Fair	Interior surfaces appear to be clean, safe, and functional.
Cleanliness: Overall Cleanliness, Pest/Vermin Infestation	Good	School grounds, buildings, common areas, and individual rooms appear to have been cleaned regularly. Actions were/will be taken to ensure:
		There is no evidence of a major pest or vermin infestation.
Electrical: Electrical	Good	Lighting appears to be adequate and working properly, including exterior lights. Actions were/will be taken to ensure: There is no evidence that any portion of the school has a power failure. There are no exposed electrical wires. Electrical equipment is properly covered and secured from
		pupil access.
Restrooms/Fountains: Restrooms, Sinks/Fountains	Good	Restrooms in the vicinity of the area being evaluated appear to be accessible during school hours, clean, functional and in compliance with SB 892 (EC Section 35292.5). Drinking fountains appear to be accessible and functioning as intended.
Safety: Fire Safety, Hazardous Materials	Good	Actions were/will be taken to ensure: The fire sprinklers appear to be in

working order (e.g., there are no missing or damaged sprinkler heads). Emergency alarms appear to be functional.

Emergency exit signs function as designed, exits are unobstructed. Hazardous chemicals, chemical waste, and flammable materials are stored properly (e.g. locked and labeled properly).

Structural: Structural Damage, Roofs

Good

Roof systems appear to be functioning properly. Actions were/will be taken to ensure:

Severe cracks are not evident. Ceilings & floors are not sloping or sagging beyond their intended design.

Posts, beams, supports for portable classrooms, ramps, and other structural building members appear to be intact, secure and functional as designed.

There is no visible evidence of severe cracks, dry rot, mold, or damage that undermines the structural components.

External: Playground/School Grounds, Windows/Doors/Gates/Fences Poor

The playground equipment and school grounds in the vicinity of the area being evaluated appear to be clean, safe, and functional. Actions were/will be taken to ensure:

There is no exposed broken glass accessible to pupils and staff.

Exterior doors and gates are functioning and do not pose a security risk.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

- MUSIC PARENT GROUP: The Music Parent Group supports our Jazz Band and Music Program by organizing fundraising events, concerts and other performance trips.
- ENGLISH LEARNER ADVISORY COMMITTEE (ELAC): The ELAC meets once a month to discuss about the needs of our EL students.
- SCHOOL SITE COUNCIL: Every school must have a School Site Council composed equally of school staff and parents or students. Members of the SSC are elected by their peers (e.g., teachers, classified employees, parents, and students). School staff membership must include a majority of classroom teachers and at least one staff member who is neither the principal nor a teacher. The minimum number of SSC members for a middle school is ten. The parent membership at a middle school must equal the total school staff membership. A community member may take the place of a parent if chosen by parents of students currently attending the school (Education Code Section 52852).

School Safety Plan (School Year 2017-18)

Last revised 2/8/2016 by Elizabeth Montes-Nation

Safety Plan Overview: The emergency organizational structure identified in the school site's plan is consistent with the federally mandated National Incident Management System (SIMS), and the State of California's Standardized Emergency Management System (SEMS), and it effectively structures emergency response at all levels in compliance with the Incident Command System.

Preparedness efforts include the assignment of Disaster Service Workers and their responsibilities, routine earthquake and fire drills, review of Emergency Response roles/actions, evacuation procedures, as well as bomb threat procedures, reunification procedures, provision of emergency supplies, exercise drills such as lockdowns and shelter-in-place, and WCCUSD's Guidelines for Threat Assessment and Management Process.

Professional Development

The staff devotes a full hour per week for development and collaboration. Training sessions include Common Core State Standards Implementation, best practices workshops, academic data review, instructional technology, and cultural competence. Quality instruction and instructional leadership are at the heart of the

district's achievement efforts. To ensure this, the Academic Support Division engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all standards based curriculum content areas. Beyond the content areas, professional development is provided in English Language Development, Gifted and Talented Education (GATE), differentiated instruction and educational technology. In addition, training is made available in classroom management and the effective use of assessment data and teacher data teams in meeting the needs of all students. A primary goal of the professional development program is ensuring that all students are served by skilled, highly qualified teachers and that teachers are supported by strong, knowledgeable instructional leaders.
