California Department of Education School Accountability Report Card Reported Using Data from the 2016-17 School Year

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at <http://www.cde.ca.gov/fq/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the [CDE DataQuest Web page](#) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

School Facility Conditions and Planned Improvements

WCCUSD takes great efforts to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and
- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

CAASPP Test Results in ELA and Mathematics for All Students

Grades Three through Eight and Grade Eleven (School Year 2016-17)

Subject	Percentage of Students Meeting or Exceeding the State Standards					
	School		District		State	
	2015-16	2016-17	2015-16	2016-17	2015-16	2016-17

Mathematics (grades 3-8 and 11)	4%	10%	25%	25%	36%	37%

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Students with Disabilities	20	20	100.00%	
Students Receiving Migrant Education Services				
Foster Youth	--	--	--	--

Note: ELA test results include the Smarter Balanced Summative Assessment and the CAA. The "Percent Met or Exceeded" is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3--Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Note: Double dashes (--) appear in the table when the number of students is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The number of students tested includes all students who participated in the test whether they received a score or not; however, the number of students tested is not the number that was used to calculate the achievement level percentages. The achievement level percentages are calculated using only students who received scores.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: The 2016-17 data are not available. The California Department of Education is developing a new science assessment based on the Next Generation Science Standards for California Public Schools (CA NGSS). The new California Science Test (CAST) was piloted in spring 2017. The CST and CMA for Science will no longer be administered.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite

Opportunities for Parental Involvement (School Year 2017-18)

Nystrom provides parent-training classes and has the following parent involvement opportunities:

- Family Literacy Night/Reading to our children
- Volunteering in classrooms and school events
- Parent classes by Latina Center
- Parent University

English Language Advisory Committee (ELAC): The ELAC discusses issues relevant to English Language Learners. This committee is an advisory board to the principal and School Site Council. School Site Council (SSC): The role of the SSC is to give parents, faculty and staff the opportunity to collaborate, give input, and make crucial decisions that promote and benefit student learning and achievement school-wide. Every School Site Council must be composed of five parents or community members, the principal, three classroom teachers, and one other staff member (Education Code Section 52852). The SSC's primary responsibility is to develop, implement, revise, and monitor the Single Plan for Student Achievement. The stakeholders above continue to play a significant role in supporting your Nystrom staff, students and community.

School Safety Plan (School Year 2017-18)

Last revised 2/2/2016 by Elizabeth Montes-Nation

Safety Plan Overview: The emergency organizational structure identified in the school site's plan is consistent with the federally mandated National Incident Management System (SIMS), and the State of California's Standardized Emergency Management System (SEMS), and it effectively structures emergency response at all levels in compliance with the Incident Command System. Preparedness efforts include the assignment of Disaster Service Workers and their responsibilities, routine earthquake and fire drills, review of Emergency Response roles/actions, evacuation procedures, as well as bomb threat procedures, reunification procedures, provision of emergency supplies, exercise drills such as lockdowns and shelter-in-place, and WCCUSD's Guidelines for Threat Assessment and Management Process.

Professional Development

During 2017-18 Nystrom's professional development focus is teacher collaboration focused on data driven instruction. Data Driven Instruction is a philosophy predicated on one question: are students learning? Using data, we are able to analyze what our students have learned by looking at ongoing (formative) data sources, and use that to decide our next steps. Instructionally, our focus is on justification, meaning students explain their thinking both when they are correct and incorrect. The answer isn't the end goal - expressing your thinking is ... so that teacher and classmates have insight into what you're thinking - can expand on it, adjust misconceptions. These focus areas were developed with our Instructional Leadership Team (ILT) reviewing student data and progress on both interim and summative assessments.

- Site-based math coach provides ongoing and regular coaching and feedback for targeted grade levels.
- Regular professional development for entire staff on CCSS-best practices, including multiple methods, data analysis training, etc.
- Increased number of professional developments through optional PDs for staff.
- Regular data-analysis meetings with grade level teams to review common assessment data and create action plans.
- Grade level planning days each trimester for grade levels to review data and develop an action plan.

Additionally, teachers have access to a wide range of Professional Developments through the district.
