Subject: Public Comment on Forensic Accounting Investigation Final Report
Date: Thursday, October 20, 2016 1:55:55 PM

COMMENT #4

1. ***Please confirm receipt*** of our Comment (in addition to previous Comments #1, #2 and #3, provided earlier on Saturday, October 15th).
2. ***We understand from the Facilities Subcommittee*** Meeting on Tuesday, October 18th, that all Comments received during this 30-day public comment period will in fact be available for review by the public. Thank you for this confirmation.

Comment re "The Seville Group, Inc" (SGI)

Please provide the CURRENT STATUS of SGI's (1) contractual relationship with the WCCUSD and (2) ongoing business activities for the WCCUSD (the "District").

We are aware of the PAST STATUS of SGI within the District (up thru the conclusion of the Forensic Accounting Investigation and its acceptance by the WCCUSD Board).

We understand that the WCCUSD will be determining the FUTURE STATUS of SGI (if any) with the District as you proceed with both the public and the private/confidential Implementation Tasks coming out of the Investigation, so we do NOT NOW request any speculation on what the future might hold.

INSTEAD, at this point in time:

- What, if anything, is SGI doing for the District right now (whether pro bono or under contract)? What are their roles and responsibilities?
- How many SGI managers, supervisors and other employees (and other employees subcontracted to them through other companies) are currently working on District business?
- What job sites are included in these activities by their employees a/o their subcontracted employees?
- And are these activities, roles/responsibilities and mgrs/supes/employees ramping up, holding steady or ramping down from where they stood at the conclusion of the Forensic Accounting Investigation.

Thanks,
Gregg Visineau
