

Illuminate- Finding an Assessment

From your dashboard, click on “Assessments”, then on “List Assessments”.

The assessment search page will come up:

The filters here are like light switches. Click on them to highlight and enable or click to remove the highlight and disable. The more filters you choose, the less results you will get.

Search assessments...

If you still cannot find the assessment you are looking for using the filters, you can type a keyword in the Search assessments box. Be warned- it will search EXACTLY what you typed.

Be sure to have the correct year selected.

Select your grade level.

Select Assessment.

If you are looking for a benchmark, select District Benchmark. If not, select the scope here (teacher created, site assessment, etc.)

Your results.

If your search is not turning out any results, hit the "clear" button and try again.
