WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT

COORDINATOR OF POSITION CONTROL

PRIMARY FUNCTIONS:

Under the direction of the Assistant Superintendent of Human Resources or designee, this position performs a variety of complex technical and specialized functions in support of the District's position control and financial analysis, including position classification, document tracking and processing, database management, position related budget management, records management, analysis of financial projects, and other functions.

The Coordinator of Position Control reviews and monitors District staffing requests for compliance with authorized budget allocations in conjunction with the Director of District Operations; manages, maintains and acts as a liaison for the personnel position control system and the human resources department regarding approved positions for recruitment; maintains a coordinated relationship with payroll, benefits, and budget in the development of budget projections and budget maintenance in relationship to staffing; provides accurate analysis and projections for negotiations; assists in the development of policies and procedures relating to the improvement of the position control system.

MAJOR DUTIES AND RESPONSIBILITIES:

- Perform a wide variety of specialized and responsible position control functions related to employment processing, status changes and separation; provides information and assistance to District staff regarding a variety of position control policies and procedures.
- Coordinate the maintenance of District staffing allocation sheets and dashboards of staffing by site and department.
- Ensure accurate maintenance of authorized FTE for staffing by site.
- Ensure accurate staffing at all sites by performing audits by site and departments.
- Prepare materials and assists in Classified and Certificated negotiations as related to layoffs, staffing, transfers, and the effects of layoffs.
- Coordinate with the Technology and Business departments to update, modify, and enhance the position control and interface HR modules with the financial system.
- Trains personnel staff, site administrators, managers, and other staff as applicable in operating and generating reports from the position control and HR module of the financial system.
- Assist with salary schedule changes and upgrades
- Document accurate operating procedures for the position control module and related functions.

- Participate in the budget process; ensures that all positions budgeted are also appropriately entered in the position control system; ensures changes made to positions during the budget process are updated in the budget system; generates reports to verify employees and positions are assigned to the appropriate school site or department in the position control system.
- Review and validate all requests for new positions, changes in hours/FTE, and changes in account codes within the position control system and calculate the cost of the change. Ensures all appropriate approvals are received; notifies schools/departments of approvals.
- Monitor vacancies and coordinates with the Business Services department and Human Resources staff to maintain proper staffing ratios and support systems.
- Monitor and review with staff all requests for new positions, changes in hours/FTE and changes in account codes within the position control and ensure that positions have been approved by the Business Services department.
- Design and develop reports to extract data from the position control and HR modules to ensure accuracy of data input and maintenance.
- Import data into the position control as needed
- Perform complex analytical and technical tasks involving the position control system in conjunction with the Budget Development and in the preparation for the annual District budgets (Interim Reports). Reconcile all positions to ensure that the district maintains a 1:1 correlation between approved positions and personnel assigned.
- Work closely with the Budget, Payroll, and Benefit departments to ensure accuracy of position control records, salary, and benefit projections.
- Develop spreadsheets used for projections and analysis and in the preparation of various financial reports.
- Develop and generate reports related to Personnel and Position Control.
- Provide guidance for the maintenance of master tables, salary schedules, and work calendars in coordination with the Human Resources staff for the position control system.
- Audit and ensure that proper and valid account codes are utilized for all prime and extra duty assignments in the position control and payroll modules of the financial system.
- Manage and supervise staff.
- Assist in developing staffing formulas for administrative, certificated, and classified staffing levels and analyzing the fiscal impact of implementing such formulas.
- Analyze data, checking for accuracy, and adjust as necessary.
- Perform related functions as assigned.

QUALIFICATIONS:

Knowledge of:

- Principles and practices of position control management.

- Classified and certificated bargaining agreements.
- Microsoft suite (Excel, Word, PowerPoint, Outlook, etc.) and other software applications
- Applicable sections of State Education Code.
- District administrative procedures and practices.
- Principles & practices of administration, supervision and training.
- Governmental Accounting standards and budgeting functions.
- Principles and practices of sound business communication; correct English usage, grammar, spelling, punctuation and vocabulary.
- Strong planning and organizational skills.
- Interpersonal skills using tact, patience, and courtesy.
- School and district policies, rules and regulations

Ability to:

- Understand and follow oral and written directions.
- Manage and supervise staff.
- Establish and maintain effective working relationships with others.
- Work cooperatively with departments and organizations to validate the integrity of the data and information gathered and reported.
- Meet schedules and timelines.
- Be flexible to plan and organize work to perform with changing priorities.
- Make sound, independent decisions with established policy and procedural guidelines.
- Work confidentially with discretion.
- Use tact and diplomacy in dealing with sensitive situations and concerned people and customers.
- Lift moderately heavy objects.
- Train and supervise business and management personnel.
- Initiate and check records with accuracy and speed.
- Prepare clear, concise and accurate correspondence, reports and other written materials.
- Communicate effectively both orally and in writing.
- Perform the essential functions of the job.

EDUCATION, QUALIFICATIONS AND EXPERIENCE:

Education:

- Bachelor's degree from a recognized four-year college or university with a major in business administration, accounting, finance, public administration or closely related field.
- Coursework in computer science and computer applications is highly desirable.

- Prior experience may be considered in lieu of required degree at District discretion with collaboration from the representative union.

PRIMARY FUNCTIONS:

Under the general guidance of the Associate Superintendent, Chief Academic Officer, plan, direct, organize, supervise, and manage the District Office of English Learner Achievement. The Director of English Learner Achievement is responsible for all operational functions, staffing, budget and data information used for current and future programming to align and improve services provided to English Learners to narrow the equity gap; Manage and supervise all Office of English Learner Achievement personnel, including coordinators, coaches, technicians, clerks, and work closely with designated site and district level administrators, Board, staff, parents, community, and other representative groups; Support and manage the English Learner Achievement responsibilities of the District's site principals and liaison with the Business and Human Resources divisions to provide accurate and timely budget, staffing, and compliance data; and Provide leadership in the administration of the Office of English Learner Achievement, as required by the law.

MAJOR DUTIES AND RESPONSIBILITIES:

- Provide leadership and strategic direction to the District's English learner educational programs.
- Administer, supervise and evaluate the K-12 English learner education instructional program of the district.
- Identify best practices and establish systems for the identification and placement of ELs and standard review of progress.
- Serve as the educational leader in implementing high student performance outcomes for English Learners (ELs).
- Coordinate, identify, and provide staff development and in-service activities for Certificated and Classified support staff in the area of language acquisition and English learner programming.
- Articulate and coordinate a language acquisition/Dual Language/English Language Development curriculum.
- Make recommendations for the acquisition and purchase of appropriate instructional materials and textbooks.
- Assist monolingual staff to work effectively with ELs in all curricular subjects.
- Serve as a parent and community liaison with the school district and involve the parents of English learners in the education of their children.
- Review and analyze student achievement data and make recommendations to the Chief Academic Officer (CAO), District staff and site leaders on key strategies to increase English learner achievement.
- Provide direction for all instructional programs and testing, including state and English Language (EL) programs, within the policies, goals and objectives of the District and in support of the California English Learner Roadmap.
- Prepare and submit reports to Federal and State and make presentations as required by the Superintendent, CAO, and/or parents and interpreters, as needed to the Board and the community, the goals, objectives and educational programs of the EL office.

- Develop controls and manage the budget for the Office of English Learner Achievement, including monitoring the purchase of educational materials to support school sites and allocation of resources to support equity in access for ELs.
- Collaborate with schools to manage their student-based budget to implement a high-quality service model for ELs.
- Facilitate school and district planning sessions as requested (e.g. site improvement plans, strategic planning, goal setting, etc.) for the purpose of meeting district objectives and ensuring the availability of professional development programs related to EL programming.
- Prepare training and hold meetings for district site administrators to ensure they are up to date and proficient in programming requirements for English Learners components.
- Perform other administrative duties and responsibilities as required and assigned.

QUALIFICATIONS:

Knowledge of:

- Applicable sections of the California Education Code, Government Code, and other federal, state, and local laws and language acquisition programming requirements and regulations.
- Accurate and reliable record-keeping procedures.
- Principles of effective management and evaluation practices.
- Conflict management and problem-solving strategies.
- District operations, policies, procedures, and goals related to EL services
- Computer applications and systems, including proficiency in Excel, Power Point, Word, and MUNIS (or current MIS software) experience.
- Categorical program budgeting and reporting requirements.
- Strong oral and written communication skills.
- Diversity in the workplace.

Ability To:

- Communicate (orally and written) in two languages, Spanish and English preferred
- Communicate and function effectively with all levels of management within and across district departments and external stakeholders and work with a wide range of contacts, including administrators, Board members, state and county officials, managers and staff, community members, and peers.
- Effectively present information and respond to questions from groups of managers, district staff, government agency staff, and the general public.
- Write reports and plan documents requiring technical precision, accuracy, readability and editorial correctness.
- Interpret Local, State and Federal policies to serve ELs and provide guidance to comply with legal requirements.
- Prepare complex analyses of systems and write reports that adequately communicate problems and solutions.
- Analyze situations accurately and adopt an effective course of action.
- Plan, organize, and prioritize work to meet rigid schedules and timelines
- Operate a personal computer and other technical office machines.

EDUCATION QUALIFICATIONS AND EXPERIENCE:

Education:

- Bachelor's degree required from an accredited university in educational administration with an emphasis in multilingual/bilingual education, second language acquisition, or equivalent preferred.
- Master's degree highly preferred.

Experience:

- At least seven (7) years of experience in education, reflecting both successful teaching, and successful school or program leadership, preferably in an urban district.
- A minimum of three years of relevant experience in school district management required. Experience as site administrator preferred.
- Commitment to high performance standards and unwavering belief that all students can excel.
- Strong understanding of English Language Development State Standards, pedagogy and proven track record using individual student and school-wide assessment data to drive EL achievement gains in an urban setting.
- Demonstrated success with backward planning and curriculum mapping to drive high levels of student performance that result in the narrowing of opportunity gaps.
- Project management skills and abilities and demonstrated high level of successful customer service with the public.
- Management of staff development programs, knowledge of best EL instructional methodologies and coordination techniques.

Licenses or Certificates Needed:

- Clear California Teaching Credential with CLAD or equivalent.
- California Administrative Credential with an Endorsement in Bilingual/Multicultural and/or ELD preferred.
- Possession of a valid California Driver's License. Candidates must provide (and maintain) an official motor vehicle driving record, and proof of compliance with district safe driving standards.

PHYSICAL EFFORT / WORK ENVIRONMENT:

Environment:

- Typical office/school environment.
- Frequent travel to and between school sites and community Agencies.
- Office setting with phones, computer work, customer contact, drop-ins and other communication

Physical Abilities:

- Observe safe lifting and carrying practices.
- Walk, climb, stand, stoop, lift and carry sufficiently to perform tasks.
- Hearing and speaking accurately to exchange information and make presentations with/without assistive devices.
- Seeing to read a variety of materials and drive a vehicle with/without assistive devices sufficient to communicate effectively with others.
- Sitting or standing for extended periods with intermittent walking.
- Reach overhead, above the shoulders and horizontally; grasp.
- Dexterity of hands and fingers to use keyboard and office equipment.
- Drive and travel to various work and school sites, when necessary.
- Lifting or moving objects, normally not exceeding thirty (30) pounds.

WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT

DIRECTOR OF FACILITIES PLANNING AND CONSTRUCTION

PRIMARY FUNCTION:

Under the direction of the Associate Superintendent of Operations, plan, organize, control and direct operations and activities involved in the work of staff, architects and contractors to renovate, expand and construct district facilities. This position directs the inspection and approval of all construction work and manages the implementation of the Facilities Master Plan and all major restricted maintenance projects. This management position focuses on the long-term operations for the Maintenance and Operations department along with the implementation, planning and funding of major district facilities projects and safety programs.

MAJOR DUTIES AND RESPONSIBILITIES:

- Plan and directs the training and supervision of project management staff for major maintenance and bond programs.
- Direct the District facility planning efforts for building new schools and modernizing existing schools.
- Lead the development, maintenance and implementation of the District's long-range Facilities Master Plan.
- Develop and implement District-wide safety standards and activities to assure proper and timely identification and resolution of fire, safety and health hazards
- Provide district-wide oversight of all construction projects, capital improvement, deferred maintenance, and modernization projects.
- Advise and makes recommendations to the Chief Facilities Officer and other administrators regarding difficult technical administrative problems associated with building construction.
- Develop overall procedures to deliver school construct, renovations and maintenance projects on schedule and with budget. Reviews and revises estimation procedures for the development of project budgets.
- Monitor and be responsible for progress of architects and all projects; prepare and submit regular and timely reports, as directed.
- Participate in the development of meaningful management reports for district managers, Board of Education committees, Citizens' Bond Oversight Committee (CBOC) and other governmental entities.
- Keep current on State legislation affecting all areas of District facilities and operations; make recommendations for proactive District action to alter existing law or introduce new legislation to benefit the District and its programs in facilities.
- Review and revises estimation procedures for the development of project budgets.
- Perform space planning/furniture layouts to assist school equipment requirements.
- Interface with State agencies: OPSC, CDE, DSA, etc.
- Supervise, train and evaluate the performance of assigned personnel; interview and select employees; coordinate subordinate work assignments and review work to assure compliance with established requirements and procedures; assure employee understanding of established requirements.

- Develop and prepare the annual preliminary departmental budget; analyze and review budgetary and financial data; control and authorize expenditures in accordance with established limitations. Prepare budgets for various projects, programs and activities.
- Oversee responsibilities of boundary planning with the Director of District Operations, facility MOUs, energy savings measures, and CALPADs data.
- Coordinate Proposition 39 requests for facilities from Charter Schools.
- Attend Board of Education meetings and other facilities related meetings as required.
- Coordinate with local community groups, municipalities and regulatory agencies to assure compliance with established regulations and responsiveness to community norms that fosters positive working relationships and good neighbor practices.
- Maintain inventory control over all District construction drawings; ensure as built drawings are turned in on each construction project.
- Review and prepare for approval payment applications; review validity of all change order requests for construction projects.
- Perform other administrative duties and responsibilities as required and assigned.

QUALIFICATIONS:

Knowledge of:

- Facilities planning related issues; such as master planning and strategic implementation planning, operations planning and staffing, and hiring and monitoring of consultants as required.
- Building codes, city ordinances, State and local regulations for school construction.
- Applicable building codes, ordinances, requirements, regulations and safety precautions.
- Health and safety regulations and procedures. Safety, liability and risk management programs, practices, standards and requirements related to public facilities.
- Operation of a computer and assigned software.
- Construction estimating, budget planning, and project scheduling
- Industry standards for architecture, engineering and construction.
- Modern building construction methods, materials and operating procedures used in building schools.
- Principles and practices of organizing and coordinating comprehensive facility planning and governmental relations.
- School district organization, operations, policies and objectives.

Ability to:

- Plan, organize, control and direct operations and activities involved in the construction, modernization and repair of district facilities.
- Prepare drawings and specifications and read and interpret plans and specifications.
- Analyze existing and proposed legislation.
- Supervise and evaluate the performance of assigned personnel.
- Communicate effectively both orally and in writing.
- Interpret, apply and explain laws, code, rules, regulations, policies and procedures.
- Establish and maintain cooperative and effective working relationships with others, including architects, contractors, inspectors, and district personnel.
- Operate a computer and assigned office equipment.
- Analyze situations accurately and adopt an effective course of action.

- Meet schedules and timelines.

WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT

**DIRECTOR OF RESEARCH PARTNERSHIPS AND
PERFORMANCE-BASED ASSESSMENT
(Temporary Grant Funded)**

PRIMARY FUNCTIONS:

Under the administrative direction of the Superintendent, the Director of Research Partnerships and Performance-Based Assessment will support the superintendent and district in the continued transition of WCCUSD becoming a learner-centered District. The Director will operationalize the District vision for Deeper Learning, provide innovative leadership, work in partnership with Universities and Deeper Learning networks, research evidence based best practice, and design a performance-based assessment system that supports a system of Learner Centered Design.

This position will help the District rethink and redesign some of our most historically underserved schools. Facilitate work to structure schools to be transformative agents in the lives of students, and is ready to help empower students, teachers, support staff, families, and community members to create learning environments that spark student interest and passion.

MAJOR DUTIES AND RESPONSIBILITIES:

- Operationalize the District vision for Deeper Learning. Champion the vision through consistent communication across the system about effective practices in learner-centered environments with an emphasis on students as the documenters and voices of success.
- Create and maintain one or more robust University-District research practice partnerships that study, document and interrogate the transition of the school district to a learner centered organization.
- Create, support and implement a pilot study of performance-based assessments that can be scaled to support all students in the district.
- Oversee and manage the District's redesign initiative aimed at promoting stronger school models, greater agency, and ownership among practitioners and sustainable success.
- Research best practices, methods and procedures for implementing innovative school programs and practices.
- Facilitate communication and collaboration among campus administrators and district departmental leaders to enhance service delivery, program development and customer satisfaction, particularly around new school development and design.
- Build and maintain strategic partnerships with community, business, philanthropy and education leaders to further strengthen newly redesigned schools.
- Build a deeper learning/learner-centered tool kit to provide our Lab-Sites and network of emerging practices with the resources they need to strengthen and deepen their work.
- Ensure that schools in chronic underperformance have adequate opportunities to see advanced learner-centered models in action (especially those successfully serving those farthest from opportunity) and prime those schools for future participation in the Learner Centered Network.

- Identify the District's high-performing school practices and, as relevant, encourage the implementation of these practices across schools' district-wide. Identify promising and emerging Deeper Learning practices inside of relevant district learning communities and works to find opportunities to network those communities together.
- Assist with creating policies and procedures to ensure that newly redesigned schools comply with federal and state laws; and provides federal and state law updates.
- Assist with development of annual budgets; school board policy development; school board presentations; monitors spending; and reports expenditures.
- Supervise and coach assigned personnel. Provide relevant technical support and professional learning to school and district staff.
- Perform other duties as assigned

QUALIFICATIONS:

Knowledge of:

- Principles, National trends and State trends and development of curriculum and instructional administration and management, including Common Core State Standards, 21st Century learning environments and Future Ready Classrooms.
- Research-based strategies and best-practices in classroom instruction and online blended learning strategies.
- Deeper Learning.
- Learner-Centered Design.
- Inquiry-Based Units of Study.
- Strategies for eliciting Student Voice.
- Strategies and implementation of Peer-to-Peer Learning.
- Methodologies for Community Building.
- Group Facilitation.
- Innovation & Design (prototyping).
- Theories of Emergence.
- Technical vs. Adaptive Change.
- Resource and Partnership Management.
- Performance assessment practices.
- Skill in working with diverse groups and individuals in a manner that achieves district vision for Deeper Learning.

Ability to:

- Exhibit the qualities of leadership essential to be successful at administration of a comprehensive district program of innovation.
- Motivate and initiate continuous learning and growth among professional staff to benefit organizational effectiveness and academic student growth.
- Exercise good judgment and tact.
- Speak and write effectively.

- Work effectively with all segments of the education community and general public.
- Analyze problems, make decisions or recommendations and be responsible for those decisions.
- Lead and work collaboratively with K-12 teachers and administrators with a varying degree of expertise and experience.
- Implement a performance assessment system.
- Act as a public leader for the district where relevant

EDUCATION, QUALIFICATIONS AND EXPERIENCE:

Education:

- Bachelor's degree.
- Post graduate work in program administration, curriculum innovation, or a related field.

Experience:

- Five (5) years of successful classroom teaching experience.
- At least three (3) years of progressively responsible experience in providing instructional leaders.
- Experience as a school site administrator.
- Experience in directing and supervising the work of others.
- Experience in program development and evaluation.

Licenses or Certificates Needed:

- Clear California Teaching Credential with CLAD or equivalent.
- Administrative Credential.
- Possession of a valid California Driver's license and to be able to provide own transportation in conduct of work assignments; willingness to travel as needed.

PHYSICAL EFFORT /WORK ENVIRONMENT:

Environment:

- Primarily indoor office.
- Frequently driving and visiting various district sites.
- Office setting with phones, computer work, customer contact, drop-ins and other communications.

Physical Abilities:

Employees in this position must have/be able to:

- Observe safe lifting and carrying practices.
- Walk, climb, stand, stoop, lift and carry sufficient to perform tasks.

- Hear and understand speech at normal levels and on the telephone with/without assistive devices.
- See, hear and speak with/without assistive devices sufficient to communicate effectively with others.
- Bend at the waist.
- Reach overhead, above the shoulders and horizontally; grasp.
- Sit for extended periods of time with intermittent walking.
- Dexterity of hands and fingers to use keyboard and office equipment.
- Drive and travel to various work and school sites, when necessary.
- Occasionally lift and carry up to thirty (30) pounds for short distances.

WEST CONTRA COSTA UNIFIED SCHOOL DISTRICT

FACILITATOR, DEEPER LEARNING INITIATIVES (Temporary Grant Funded)

PRIMARY FUNCTIONS:

Under the administrative direction of the Superintendent or designee, the Facilitator of Deeper Learning Initiatives will support the superintendent and District in the continued transition of becoming learner-centered. This position will provide direct support to lab schools in design and practice, facilitate the Learner Centered Network, and build district-wide tools needed to operationalize the District vision for Deeper Learning.

MAJOR RESPONSIBILITIES:

Lab School Support:

- Work intensively with Lab-Sites to develop, refine and implement a school-wide set of student-centered learning practices that produce Deeper Learning experiences in the classroom that are Challenging, Engaging, and Empowering.
- Ensure an equity-centered culture through observation and debrief of student learning as well as leverage district and community resources for further support.
- Create and leverage partnerships outside of the school district in order for Lab- Sites to have a multitude of thought partners, resource supports and other school models to use for growth.
- Support district resources working at these school sites to deepen learning and ensure quality supports are being provided.
- Determine whole system changes needed to support Deeper Learning across the District.

Network Facilitation: Lead the Emerging Practices Network through:

- Lead the Emerging Practice Network within the District.
- Create a (Community of Practice (COP) between schools for shared learning, inquiry, problems of practice and networked continuous improvement.
- Support individual schools to fully systematize emerging practice among all classrooms at the site.
- Showcase the emerging practices to other schools and community for continued learning about what learner-centered experiences and Deeper Learning looks like in real time.
- From the learnings of the network, determine whole system changes are needed to support Deeper Learning across the District including any changes needed to be made to Board policy.

Build and source tools and resources (operationalizing the vision):

- Determine tools needed to accelerate the work.
- Build a deeper learning/learner-centered tool kit for Lab-Sites including self-assessments, lesson plans, ideological frameworks and professional development systems.

- Ensure consistent communication across the system about effective practices in all of our learner-centered environments with an emphasis on students as the documenters and voices of success.
- Facilitate opportunities to see advanced learner-centered models in action (especially those successfully serving those farthest from opportunity) and to prime those schools for future participation in the Learner Centered Network in Year 2 and 3.
- Stay connected to emerging models and prototypes throughout the region and nation from which District schools can learn.

School Redesign Support:

- Provide support to schools/departments/teams that are going through any type of “learner-centered” redesign.
- Play an active, public facing role in communicating the work of such redesign.
- Supervise certificated and classified personnel as assigned.
- Perform other educational support duties as assigned by the Superintendent, or designee to further the academic programs and goals of the District.

QUALIFICATIONS:

Knowledge of:

- Principles, National trends and State trends and development of curriculum and instructional administration and management, including Common Core State Standards, 21st Century learning environments and Future Ready Classrooms.
- Research-based strategies and best-practices in classroom instruction and online blended learning strategies.
- Deeper Learning.
- Learner-Centered Design.
- Inquiry-Based Units of Study.
