- March: next Community Meeting
- June: begin Phase I construction

### Project Facts

- **Project Scope:** The primary purpose of this project is to replace the school campus. Campus will be occupied during the duration of this project. The project will have two main construction phases. The first phase will include new buildings and site work on the East half of the campus and the second phase will include new buildings and remaining site work on the West half of the campus. Project design started in August 2021. This project is an investment in our community through the use of taxpayer bond dollars.
