

Middle and High School Hercules Science Building

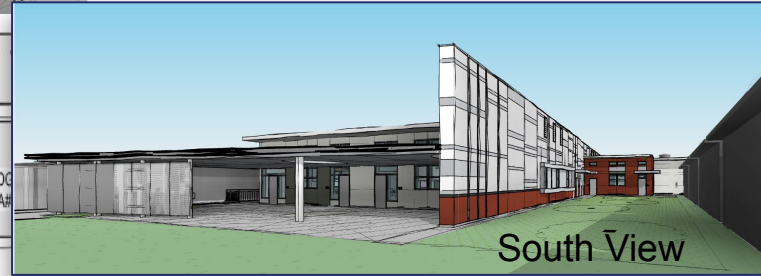

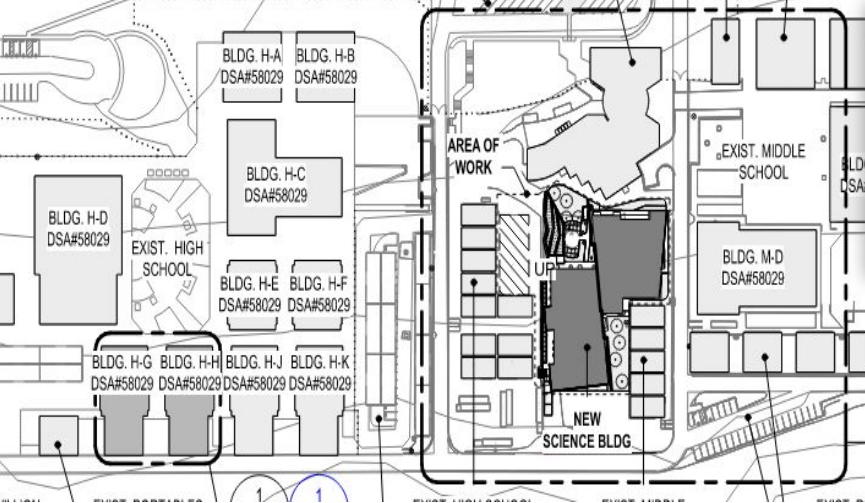

Q2 - 2022

North View

West View

South View

Project Location: The project is located to the South of the Administration/ Library building. 4 Middle School portables will be removed to make room for the project. The building will be placed between the remaining High School and Middle School portables with entrances facing each campus. While this is a single building, each campus has dedicated spaces and entrances.

Project Facts

- **Project Scope:** The primary purpose of this project is to build eight permanent high quality science labs for both the Middle and High School. In addition an existing science room will be renovated. This project was identified in the Facilities Master Plan as Critical Needs Project.
- **Architect:** DSK Architects
- **Anticipated Start of Construction:** Fall/Winter 2022
- **Anticipated Completion:** Summer 2024
