To the parents of _____

According to our records as of 9/28/14, we have noticed that _____ is currently receiving a “D” or an “F” in _____.

Course Name	Letter Grade	Recommended Intervention Course

We believe at Hercules High School that Failure is not an option and would like to support _____ by enrolling him/her into our Academic Intervention Program (AIP).

The academic intervention program at Hercules High School provides academic support for students who are earning a “D” or an “F” after the first progress report. Intervention classes do not take the place of regularly assigned classes and do not earn core academic credits. The pure intent of the class is to assist each student in successfully completing each class with a “C” or higher, through the assignment of an extra period to their regularly scheduled day.

Academic Goal: 100% of students will receive a grade of “C” or better in the course they receive additional support in by the end of the 1st semester.

Academic Objective: Each intervention teacher will work closely with student and teacher to assure that students are mastering the content and passing current assignments in _____.

In order to assist all students we are offering academic intervention classes in the following areas and at the following times. Please sign up for the class that you will make a commitment to. Class will start _____ and will **December 18th**. **Each class will meet Monday, Tuesday, Thursday and Friday of each week. Attendance will be taken daily.**
