By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC web page at [https://www.cde.ca.gov/ta/ac/sa/](https://www.cde.ca.gov/ta/ac/sa/).
- For more information about the LCFF or LCAP, see the CDE LCFF web page at [https://www.cde.ca.gov/fg/aa/lc/](https://www.cde.ca.gov/fg/aa/lc/).
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

**DataQuest**

DataQuest is an online data tool located on the CDE DataQuest web page at [https://dq.cde.ca.gov/dataquest/](https://dq.cde.ca.gov/dataquest/) that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

**Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.
De Anza is a rigorous and engaging educational environment in which all students achieve academic and personal success as they become lifelong learners and productive citizens.

De Anza Senior High School Mission Statement:
De Anza provides quality teaching, a caring and safe environment, promotes learning, and prepares all students for graduation and the career path of their choice.

De Anza Expected School Wide Learning Results: De Anza High School Students will:
THINK: Critically and Creatively
COMMUNICATE: Respectfully and Effectively
CONTRIBUTE: Locally and Globally

De Anza is an urban high school nestled in the Richmond hills surrounded by the cities of Pinole, and El Sobrante. The enrollment of approximately 1330 students in grades 9-12. The school population is comprised of 43.5% Latino, 23.2% African American, 10% White, 20.6% Asian, 1.3% Pacific Islander, and 0.2% two or more races. 67% are eligible for and receive free or reduced price meals and 71.1 percent are representative of the LCAP indicators. 15% of De Anza students are in Special Education. At De Anza High School, we strive for excellence in all academic and student support programs. We have three Linked Learning Academies for students to participate within our campus. They feature Health, Information and Technology, and Law. De Anza also has an Air Force ROTC program that provides students with a curriculum focused on leadership, engineering, and civic duty. The DAHS family- students, parents, teachers, administrators, and community collaborate to make our high school a positive place to learn and grow. One of our goals is to maintain a safe learning environment, so that each student may flourish unhindered. Our students will employ strategies to achieve future career goals with success and satisfaction. We are dedicated to supporting our students, and teaching them how to make decisions, set goals, and take the necessary actions to achieve their goals. Our focus is to make sure all of our students are College and Career ready upon graduation.

A. Conditions of Learning

State Priority: Basic

The SARC provides the following information relevant to the State priority: Basic (Priority 1):

- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
- Pupils have access to standards-aligned instructional materials; and
- School facilities are maintained in good repair

Teacher Credentials

WCCUSD takes great effort to ensure that all schools are clean, safe, and functional. To assist in this effort, the school uses the Facility Inspection Tool (FIT) developed by the State of California OPSC. Maintenance staff ensures that the repairs necessary to keep the school in good repair and working order are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority. The school personnel also works daily with the custodial staff to develop cleaning schedules to ensure a clean and safe school.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- **Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System, which includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities); and

- The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

### CAASPP Test Results in ELA and Mathematics for All Students Grades Three through Eight and Grade Eleven Percentage of Students Meeting or Exceeding the State Standard

<table>
<thead>
<tr>

The achievement level percentages are calculated using only students who received scores.

Career Technical Education (CTE) Programs (School Year 2017—18)

Career Technical Education (CTE) courses are designed to bring real-world education and curriculum to our students using project-based learning. Students work with professionals from their fields to learn about the specific subject and career opportunities. Pathway teacher teams, along with industry partners, collaborate to build integrated projects, working on solving real world issues and building skills to prepare them for life beyond high school. Student leadership development, collaboration skills, and critical, creative thinking are emphasized in pathway curriculum and instruction.

College and Career Pathways are the major reform initiative at our secondary schools, designed to increase student achievement and motivation through individualized student support, authentic projects and multiple opportunities to work with career employment partners. Career technical teachers and core academic teachers work collaboratively in support of a cohort of students. Supports include:
- Collaboration on rigorous, standards-based curriculum, partner engagement, and analysis of results.
- Professional development/coaching of teachers to continuously develop career technical expertise
- Study trips, speakers, mentor programs, internships
- Central office support staff

A sustainable broad-based community coalition of business and civic leaders exists and serves on the District and career sector advisory boards to provide support for and monitor college and career pathway implementation, and align them to the local economic and workforce development needs.

CTE programs exist at all of the high schools and all pathways are open to all students. CTE teachers are encouraged to work with Special Ed teachers and ELD...
teachers to ensure student success. Students may transfer schools in order to choose a CTE program that is not available at their home school. All CTE courses satisfy graduation and A-G requirements, and several receive dual college credit. Course progressions are continually updated and follow CDE CTE sequence guidelines.

CTE Courses offered at DeAnza High School:

- MultiMedia P
- Art of Video Production ROP
- Life Skills for Healthcare Student DE
- Introduction to Healthcare Careers DE
- Internet Engineering 1 P
- Internet Engineering 2 P
- Digital Arts Designs the Web1 P
- Web Page Design 1.2 DE

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions for the school district and each school site

Opportunities for Parental Involvement (School Year 2018—19)

Parental involvement is key to student success and welcome at De Anza. Parent Teacher Student Association (PTSA) is a parent led organization for the support of the students and staff of De Anza Senior High School. They meet monthly and advise staff about issues they see on campus, brainstorm fundraisers, and work to support the activities of both the teachers and students on campus. This group is open to all parents, and they welcome new members!

Throughout the year, there are other parent groups that meet regularly. These include: The African American Site Advisory Team, The coffee club, and each athletic team hosts meetings to encourage parental support and participation. Throughout the year, parents are invited to participate in: Open House/Back to School Night, Freshman/New Student orientation, College Fairs, College Night, AP parent meeting, Academy Advisory committees, The Food Bank, Academic Awards Night (quarterly), sports events, and musical/theatrical events.

Each year, a group of parents is elected to serve on the School Site Council (SSC). The role of the SSC is to give parents, faculty and staff more on-site decision making ability. Every secondary school must have a School Site Council composed of three parents or community members, the principal, four classroom teachers, three students, and one other staff member (Education Code Section 52852).

School Safety Plan (School Year 2018–19)

Last revised: Sept. 30, 2018 by Safety & Emergency Preparedness Department staff and site administration.

WCCUSD’S Safety & Emergency Preparedness’ mission is to develop school safety plans and a district-wide disaster preparedness plan focusing on mitigation, preparedness, response and recovery to minimize loss of life and property, which will be achieved through planning, training, exercising and establishing an emergency information system.

The District provides all staff with the basic training for emergency preparedness and safety for school campuses in collaboration with Contra Costa Community Awareness Emergency Response (CAER), Red Cross Bay Area, Ready.gov, and Contra Costa County Community Warning System Alerts.
D. Other SARC Information

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.
**Average Class Size and Class Size Distribution (Secondary) (School Year 2015–16)**

<table>
<thead>
<tr>
<th>Subject</th>
<th>Average Class Size</th>
<th>Number of Classes *1-20</th>
<th>Number of Classes *21-32</th>
<th>Number of Classes *33+</th>
</tr>
</thead>
<tbody>
<tr>
<td>English</td>
<td>32.0</td>
<td>5</td>
<td>14</td>
<td>26</td>

</table>

Note: Cells with N/A values do not require data.

*Where there are student course enrollments of at least one student.

### Professional Development

Quality instruction and instructional leadership are at the heart of the district’s achievement efforts. To ensure this, the Academic Support Division engages teachers, administrators and other personnel in ongoing professional development focused on improving teaching and learning. Training is provided to principals and other administrators to improve their ability to provide strong instructional leadership and guide teaching and learning at school sites. The principals, in turn, provide support to teachers through staff conferences, opportunities for collaborative study and planning, and individual coaching based on ongoing classroom observations. Teachers and other staff are provided with both on and off-site professional development in all Common Core State Standard areas.
